## **PART 602—RELEASING INFORMATION**

### **Subpart A—Information and Records Generally**

#### **§602.1 Purpose and scope.**

This part contains FCA's rules for disclosing our records or information; processing requests for records under the Freedom of Information Act (5 U.S.C. 552, as amended)(FOIA); FOIA fees; disclosing otherwise exempt information in litigation when FCA is not a party; and getting documents in public rulemaking files. Part 603 of this chapter tells you how to get records about yourself under the Privacy Act of 1974, 5 U.S.C. 552a.

#### **§602.2 Disclosing reports of examination and other non-public information.**

(a) *Disclosure by FCA.* Reports of examination are FCA property. We prepare them for our confidential use and the use of the institution examined. We do not give reports of

examination to the public. Except as provided in this section, only the Chairman or the Chairman's designee may consent to disclosing reports of examination of Farm Credit System institutions and other institutions subject to our examination. You may send a written request to our General Counsel that explains why we should give permission.

(b) *Disclosure by Farm Credit System institutions.* An institution that we have examined may disclose its report of examination to its officers, directors, and agents, such as its attorney or accountant, if they agree to keep the report confidential. In addition, banks may disclose their reports of examination to their affiliated associations, associations may disclose their reports to their supervisory bank, and service corporations may disclose their reports of examination to the institutions that own them. An institution may not disclose these institutions' reports of examination to any other person without our written permission.

(c) *Disclosure to the Farm Credit System Insurance Corporation.* Without waiving any privilege or limiting any of the requirements of section 5.59 of the Farm Credit Act of 1971, as amended, we may disclose reports of examination and other examination and non-public information, including data from reports of System accounts and exposures received pursuant to §621.15 of this chapter, to the Farm Credit System Insurance Corporation pursuant to confidentiality and data security agreements executed between the agencies.

(d) *Disclosure to governmental entities.* Without waiving any privilege, we will disclose reports of examination to other Federal government entities:

(1) In response to a Federal court order;

(2) In response to a request of either House or a Committee or Subcommittee of Congress; or

(3) When requested for confidential use in an official investigation by authorized representatives of other Federal agencies.

[64 FR 41770, Aug. 2, 1999, as amended at 78 FR 77561, Dec. 24, 2013]

## **Subpart B—Availability of Records of the Farm Credit Administration**

### **§602.3 Definitions.**

*Appeal* means a request under the FOIA asking for the reversal of a decision.

*Business information* means trade secrets or other commercial or financial information that is privileged or confidential.

*Business submitter* means any person or entity that gives business information to the Government.

*FOIA request* means a written request for FCA records, made by any person or entity that either directly or indirectly invokes the FOIA or this part.

*Record* means all documentary materials, such as books, papers, maps, photographs, and machine-readable materials, regardless of physical form or characteristics (for example, electronic format) in our possession and control when we receive your FOIA request.

#### **§602.4 How to make a request.**

(a) *How to make and address a request.* Your request for records must be in writing and addressed to the FOIA Officer, Farm Credit Administration. You may send it:

- (1) By mail to 1501 Farm Credit Drive, McLean, Virginia 22102-5090;
- (2) By facsimile to (703) 790-0052; or
- (3) By E-mail to [foiaofficer@fca.gov](mailto:foiaofficer@fca.gov).

(b) *Description of requested records.* You must describe the requested records in enough detail to let us find them with a reasonable effort. If the description is inadequate, we will ask you to provide more information and the 20-day response period under §602.5(a) will not begin until we receive your reply.

(c) *Faster response.* You may ask for a faster response to your FOIA request by giving us a statement, certified to be true, that you have a “compelling need.” The FOIA Officer will tell you within 10 calendar days after receiving the request whether we will respond to it faster. If so, we will respond to your request as soon as we can. A *compelling need* means:

- (1) Someone's life or physical safety may be in danger if we do not respond to the request faster; or
- (2) You urgently need to tell the public about Federal government activity as a representative of the news media.

(d) *Request for personal information.* If you or your representative requests your personal information, we may require you to give us a notarized request, identify yourself under penalty of perjury, or provide other proof of your identity.

(e) *Fees.* When making a request, you must tell us the most you are willing to pay. Our charges are in the fee tables in §§602.11 and 602.12. You may also want to tell us the purpose of your request so we can classify your request for fee purposes.

(f) *Other requests.* To ensure the public has timely information about our activities, the Office of Congressional and Public Affairs will make available copies of public documents, such as the FCA annual report and media advisories.

#### **§602.5 FCA response to requests for records.**

(a) *Response time.* Within 20 business days of receiving your request, the FOIA Officer will tell you whether we have granted or denied it. If you send your request to the wrong address, the 20-day response time will not begin until the FOIA Officer receives your request.

(b) *Extension of response time.* In “unusual circumstances,” the FOIA Officer may extend the 20-day response time for up to 10 more business days by telling you in writing why we

need more time and the date we will mail you our response. As used in this subpart, "unusual circumstances" means our need to:

- (1) Search for and get the requested records from field offices or other locations;
- (2) Search for, get, and review many records identified in a single request;
- (3) Consult with another Federal agency having a substantial interest in the request; or
- (4) Consult with two or more FCA offices having a substantial interest in the request.

(c) *Referrals.* If you ask for records we have that another Federal agency originated, we will refer the request to the originating agency and tell you about the referral. If you should have sent your request to another Federal agency, we will refer the request to that agency and so advise you.

#### **§602.6 FOIA exemptions.**

The FOIA allows agencies to withhold documents in certain categories. For instance, we do not have to give you documents that relate to our examination of institutions or that would violate the personal privacy of an individual. If we do not give you a document because the FOIA does not require us to, we will tell you which FOIA exemption applies to our decision.

#### **§602.7 Confidential business information.**

(a) *FCA disclosure.* FCA may disclose business information from a business submitter only under this section. This section will not apply if:

- (1) We decide the business submitter has no valid basis to object to disclosure;
- (2) The information has been published lawfully or made available to the public; or
- (3) Law (other than the FOIA) requires disclosure of the information.

(b) *Notice by FCA.* When we receive a request for confidential business information, the FOIA Officer will promptly tell the requester and the business submitter in writing that the responsive records may be free from disclosure under the FOIA. We will give the business submitter a reasonable time to object to the proposed disclosure of the responsive records and tell the requester whenever:

- (1) The business submitter has in good faith labeled the information a trade secret or commercial or financial information that is privileged or confidential. We will provide such notice for 10 years after receiving the information unless the business submitter justifies the need for a longer period; or
- (2) We believe that disclosing the information may result in commercial or financial injury to the business submitter.

(c) *Objection to release.* A business submitter who objects to our releasing the requested information should tell us in writing why the information is a trade secret or commercial or financial information that is privileged or confidential.

(d) *FCA response*. (1) We will consider carefully a business submitter's objections. If we decide to disclose business information over the submitter's objection, the FOIA Officer will explain to the submitter in writing why we disagreed with the submitter's objection and describe the business information to be disclosed.

(2) We will tell the requester and the submitter the proposed disclosure date at the same time.

(3) If a submitter sues to prevent release, we will promptly tell the requester and will not disclose the business information until after the court's decision.

(4) If a requester sues to compel disclosure, we will promptly tell the business submitter.

### **§602.8 Appeals.**

(a) *How to appeal*. You may appeal a total or partial denial of your FOIA request within 90 calendar days of the date of the denial letter. Your appeal must be in writing and addressed to the Director, Office of Agency Services (OAS), Farm Credit Administration. You may send it:

(1) By mail to 1501 Farm Credit Drive, McLean, Virginia 22102-5090;

(2) By facsimile to (703) 893-2608; or

(3) By Email to [foiaappeal@fca.gov](mailto:foiaappeal@fca.gov). You also have the right to seek dispute resolution services from FCA's FOIA Public Liaison and the Office of Government Information Services.

(b) *FCA action on appeal*. Within 20 business days of receiving your appeal, the OAS Director will tell you, in writing, whether we have granted or denied it. If you send your appeal to the wrong address, the 20-day response time will not begin until the OAS Director receives your appeal.

(c) *Unusual circumstances*. In unusual circumstances, the OAS Director may extend the 20-day response time by telling you in writing why we need more time and the date we will mail you our response. All extensions, including any extension of the response time for the first request, may not total more than 10 business days.

(d) *How to seek dispute resolution services*. Requesters may seek dispute resolution services from:

(1) FCA's FOIA Public Liaison;

(i) By mail addressed to FOIA Public Liaison, 1501 Farm Credit Drive, McLean, Virginia 22101-5090;

(ii) By facsimile at 703-790-3260; or

(iii) By Email at [FOIAPublicLiaison@fca.gov](mailto:FOIAPublicLiaison@fca.gov).

(2) Office of Government Information Services;

(i) By mail to Office of Government Information Services, National Archives and Records Administration, 8601 Adelphi Road—OGIS, College Park, Maryland, 20740-6001;

## **§602.9 Current FOIA index.**

FCA will make a current index available for public inspection and copying, as required by the FOIA. We will give you an index for the cost of copying it. Because we rarely receive requests for an index, we have not published one in the Federal Register.

## **Subpart C—FOIA Fees**

### **§602.10 Definitions.**

*Commercial use request* means an information request by an individual or entity seeking information for a use or purpose that furthers the commercial, trade, or profit interests of that individual or entity.

*Direct costs* means the costs FCA incurs in searching for and reproducing documents to respond to a FOIA request. For a commercial use request, it also means the costs we incur in reviewing documents to respond to the request. Direct costs include the pro rated cost of the salary of the employee performing the work (based on the basic rate of pay plus 16 percent to cover benefits) and the cost of operating reproduction equipment. They do not include overhead expenses.

*Educational institution* means a preschool, a public or private elementary or secondary school, an institution of undergraduate or graduate higher education, an institution of professional education, or an institution of vocational education that runs a program of scholarly research.

*Noncommercial scientific institution* means a nonprofit institution that conducts scientific research that is not intended to promote any particular product or industry.

*Pages* mean 8-1/2 × 11 inch or 11 × 14 inch paper copies.

*Representative of the news media* means any person actively gathering news for an entity that publishes or broadcasts news to the public. *News* means information about current events or of current interest to the public.

*Reproduce (or reproduction)* means copying a record.

*Review* means looking at documents found in response to a FOIA request to decide whether any portion should be withheld. It does not include the time spent resolving legal or policy issues.

*Search* means all time spent looking for material responsive to a FOIA request, including page-by-page or line-by-line identification of material within documents.

### **§602.11 Fees by type of requester.**

Depending on your identity and the purpose of your request, the FCA may charge you the direct costs of searching for responsive records, reviewing the records, and reproducing them. If necessary, we will seek clarification before classifying the request.

(a) *Educational institutions and noncommercial scientific institutions.* We charge fees for reproduction costs only. The first 100 pages are free. You must show that the request is sanctioned by an educational or noncommercial scientific institution and that you seek the records for scholarly or scientific research, not for a commercial use.

(b) *Representatives of the news media.* We charge fees for reproduction costs only. The first 100 pages are free. You must be a representative of the news media, and the request must not be made for a commercial use. A request for records supporting news distribution is not a request for a commercial use.

(c) *Commercial use.* We charge the direct cost for search, review, and reproduction. Commercial use requesters are not entitled to free search time or free reproduction. We will charge you even if we do not disclose any records.

(d) *All others.* The first 2 hours of search time and the first 100 pages of reproduction are free. After that, we will charge you for search and reproduction costs. We will charge you for a search even if we do not disclose any records.

(e) *Fee table.* The fee information in paragraphs (a) through (d) of this section is presented in the table to this paragraph. You may apply for a waiver if your request is not mostly in your commercial interest and the disclosure is in the public interest. See §602.13.

(a) FCA may charge:

(1) For manual searches for records and for review, the pro rated cost of the salary of the employee doing the work.

(2) For computer searches for records, the direct costs of computer search time and supply or material costs.

(3) For each page made by photocopy or similar method, fifteen cents a page, and for other forms of copying, the direct costs.

Direct costs means the costs FCA incurs in searching for, reviewing, and reproducing documents to respond to a request. Direct costs include pro rated salary and reproduction costs. We will not charge fees when they total less than \$15.00.

### **Fee Amounts Table**

<b>Type of fee</b>	<b>Amount of fee</b>
Manual Search and Review	Pro rated Salary Costs.
Computer Search	Direct Costs.

Photocopy	\$0.15 a page.
Other Reproduction Costs	Direct Costs.
Elective Services	Direct Costs.

(f) We will not assess fees if we fail to comply with any time limit under the FOIA or these regulations, and have not timely notified the requester, in writing, that an unusual circumstance exists. If an unusual circumstance exists, and timely, written notice is given to the requester, we may be excused an additional 10 working days before fees are automatically waived under this paragraph.

(g) If we determine that unusual circumstances apply and more than 5,000 pages are necessary to respond to a request, we may charge fees if we provided a timely, written notice to the requester and discussed with the requester via mail, Email, or telephone (or made at least three good-faith attempts to do so) how the requester could effectively limit the scope of the request.

(h) If a court has determined that exceptional circumstances exist, a failure to comply with time limits imposed by these regulations or FOIA shall be excused for the length of time provided by court order.

[64 FR 41770, Aug. 2, 1999, as amended at 81 FR 63366, Sept. 15, 2016]

### **§602.13 Fee waiver.**

We may waive or reduce fees if disclosure is not mostly in your commercial interest but, instead, is in the public interest because it will advance public understanding of the Federal government's operations or activities.

### **§602.14 Advance payments—notice.**

(a) If fees will be more than \$25.00 and you have not told us in advance that you will pay estimated fees, we will tell you the estimated amount and ask that you agree to pay it. Except as noted in this section, we will begin processing the FOIA request when we receive your agreement to pay.

(b) If estimated fees exceed \$250.00 and you have a history of promptly paying fees charged for information requests, we may respond to your request based on your agreement to pay.

(c) If estimated fees exceed \$250.00 and you have no history of paying fees, we may require you to pay in advance.

(d) If you have previously failed to pay fees for information requests or paid them late, you must pay any fees still owed, plus interest calculated under §602.15, and the estimated fees before we will respond to a new or a pending request.

(e) If we require advance payment or an advance agreement to pay, we will not consider your request to be received and will not respond to it until you meet the requirement.

#### **§602.15 Interest on unpaid fees.**

If you fail to pay fees on time, FCA may charge you interest starting on the 31st calendar day following the date we bill you. We will charge you interest at the rate allowed by law (31 U.S.C. 3717) on the billing date.

#### **§602.16 Combining requests.**

You may not avoid paying fees by filing multiple requests at the same time. When FCA reasonably believes that you, alone or with others, are breaking down one request into a series of requests to avoid fees, we will combine the requests and charge accordingly.

[81 FR 63366, Sept. 15, 2016]

### **Subpart D—Testimony and Production of Documents in Legal Proceedings in Which FCA is Not a Named Party**

#### **§602.17 Policy.**

(a) The rules in this subpart preserve the confidentiality of FCA's documents and information, conserve employees' time for official duties, uphold fairness in litigation, and help the Chairman decide when to allow testimony and to produce documents. This subpart does not affect access to documents under the FOIA or the Privacy Act. See subpart B of this part and part 603 of this chapter.

(b) Generally, we will not produce documents voluntarily and employees will not appear as witnesses voluntarily in any legal proceeding. However, in limited circumstances, the Chairman may allow the production of documents or testimony when the Chairman decides it would be in the best interest of FCA or the public. All privileged documents produced under this subpart remain our property. Any employee having information or privileged documents may disclose them only as allowed by the Chairman.

(c) If the court rules the employee must comply with the demand regardless of the Chairman's instructions not to do so, the employee must respectfully refuse to comply.

### **§603.345 Fees for providing copies of records.**

Fees for providing copies of records shall be charged in accordance with §§602.11 and 602.12 of this chapter.

[40 FR 40454, Sept. 2, 1975, as amended at 56 FR 28479, June 21, 1991; 71 FR 54900, Sept. 20, 2006]

### **§603.350 Criminal penalties.**

Section 552a (i)(3) of the Privacy Act (5 U.S.C. 552a(i)(3)) makes it a misdemeanor, subject to a maximum fine of \$5,000, to knowingly and willfully request or obtain any record concerning any individual from an agency under false pretenses. Sections 552a (i) (1) and (2) of the Act (5 U.S.C. 552a (i) (1), (2)) provide penalties for violation by agency employees of the Act or regulations established thereunder.

[40 FR 40454, Sept. 2, 1975, as amended at 71 FR 54900, Sept. 20, 2006]

### **§603.355 Exemptions.**

(a) *Specific.* Pursuant to 5 U.S.C. 552a(k)(2), the investigatory material compiled for law enforcement purposes in the following systems of records is exempt from subsections (c)(3), (d), (e)(1), (e)(4) (G), (H), and (I) and (f) of 5 U.S.C. 552a and from the provisions of this part:

Farm Credit Bank loans—FCA.

Production Credit Association loans—FCA.

Agricultural Credit Association loans—FCA.

Federal Land Credit Association loans—FCA.

Agricultural Credit Bank loans—FCA.

Office of Inspector General Investigative Files—FCA.

(b) *General.* (1) In addition, pursuant to 5 U.S.C. 552a (j)(2), investigatory materials compiled for criminal law enforcement in the system of records described in (b)(2) are exempt from all subsections of 5 U.S.C. 552a, except (b), (c) (1) and (2), (e)(4) (A) through (F), (e) (6), (7), (9), (10), and (11), and (i). Exemptions from the particular subsections are justified for the following reasons:

(i) From subsection (c)(3) because making available to a record subject the accounting of disclosures from records concerning him/her would reveal investigative interest on the part of the OIG. This would enable record subjects to impede the investigation by, for example, destroying evidence, intimidating potential witnesses, or fleeing the area to avoid inquiries or apprehension by law enforcement personnel.

(ii) From subsection (c)(4) because this system is exempt from the access provisions of subsection (d) pursuant to subsection (j)(2) of the Privacy Act.

(iii) From subsection (d) because the records contained in this system relate to official Federal investigations. Individual access to those records might compromise ongoing investigations, reveal confidential informants or constitute unwarranted invasions of the personal privacy of third parties who are involved in a certain investigation. Amendment of the records would interfere with ongoing criminal law enforcement proceedings and impose an impossible administrative burden by requiring criminal investigations to be continuously reinvestigated.

(iv) From subsections (e) (1) and (5) because in the course of law enforcement investigations, information may occasionally be obtained or introduced the accuracy of which is unclear or which is not strictly relevant or necessary to a specific investigation. In the interests of effective law enforcement, it is appropriate to retain all information that may aid in establishing patterns of criminal activity. Moreover, it would impede the specific investigative process if it were necessary to assure the relevance, accuracy, timeliness and completeness of all information obtained.

(v) From subsection (e)(2) because in a law enforcement investigation the requirement that information be collected to the greatest extent possible from the subject individual would present a serious impediment to law enforcement in that the subject of the investigation would be informed of the existence of the investigation and would therefore be able to avoid detection, apprehension, or legal obligations or duties.

(vi) From subsection (e)(3) because to comply with the requirements of this subsection during the course of an investigation could impede the information gathering process, thus hampering the investigation.

(vii) From subsections (e)(4) (G), and (H), and (I), (e)(8), (f), (g) and (h) because this system is exempt from the access provisions of subsection (d) pursuant to subsection (j) of the Privacy Act.

(2) Office of Inspector General Investigative Files—FCA.

[51 FR 41943, Nov. 20, 1986]

#### **§604.420 Exemptive provisions.**

Except in a case where the Board determines that the public interest requires otherwise, a meeting or portion of a meeting may be closed to public observation where the Board determines that the meeting or portion of the meeting is likely to:

(a) Disclose matters that are:

(1) Specifically authorized under criteria established by an Executive order to be kept secret in the interests of national defense or foreign policy, and

(c) Disclose matters specifically exempted from disclosure by statute (other than 5 U.S.C. 552): *Provided*, That such statute:

(1) Requires that the matters be withheld from the public in such a manner as to leave no discretion on the issue, or

(2) Establishes particular types of matters to be withheld;

(d) Disclose trade secrets and privileged or confidential commercial or financial information obtained from a person;

(e) Involve accusing any person of a crime, or formally censuring any person;

(f) Disclose information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;

(g) Disclose investigator records compiled for law enforcement purposes, or information which if written would be contained in such records, but only to the extent that the production of such records or information would:

(1) Interfere with enforcement proceedings;

(2) Deprive a person of a right to a fair trial or an impartial adjudication;

(3) Constitute an unwarranted invasion of personal privacy;

(4) Disclose the identity of a confidential source and, in the case of a record compiled by a criminal law enforcement authority in the course of a criminal investigation, or by an agency conducting a lawful national security intelligence investigation, confidential information furnished only by the confidential source;

(5) Disclose investigative techniques and procedures; or

(h) Disclose information contained in or related to examination, supervision, operating, or condition reports prepared by, on behalf of, or for the use of the Farm Credit Administration;

(i) Disclose information the premature disclosure of which would:

(1) Significantly endanger the stability of any Farm Credit System institution, including banks, associations, service corporations chartered under the Act, or the Funding Corporation; or

(2) Be likely to significantly frustrate implementation of a proposed action of the Farm Credit Administration: *Provided*, said Administration has not already disclosed to the public the content or nature of its proposed action, or is not required by law to make such disclosure on its own initiative prior to taking final action on such proposal; or

(j) Specifically concern participation by the Farm Credit Administration in a civil action or proceeding otherwise involving a determination on the record before an opportunity for a hearing.

[51 FR 41943, Nov. 20, 1986, as amended at 56 FR 2673, Jan. 24, 1991; 75 FR 35967, June 24, 2010; 78 FR 31831, May 28, 2013]

The public announcement must be made at least 1 week before the meeting, unless a majority of the FCA Board determines by a recorded vote that agency business requires that a meeting be called on lesser notice, in which case the announcement shall be made at the earliest practicable time.

(2) Once a meeting has been announced, the time, place, and subject matter of the meeting and whether it is open or closed to the public may be changed following the requirements of the Government in the Sunshine Act, 5 U.S.C. 552b.

(b) Any minutes so maintained shall fully and clearly describe all matters discussed and shall provide a full and accurate summary of any actions taken, and the reasons therefor, including a description of each of the views expressed on any item and the record of any roll call vote. All documents considered in connection with any action shall be identified in the minutes.

## **§605.502 Program and procedures.**

(a) The Farm Credit Administration has no authority for the original classification of information for national security purposes. Only those agencies described in the Executive order may so classify information.

(b) *Derivative classification.* "Derivative classification" means the incorporating, paraphrasing, restating or generating in new form information that is already classified, and marking the newly developed material consistent with the classification markings that apply to the source information. Derivative classification includes the classification of information based on classification guidance. The duplication or reproduction of existing classified information is not derivative classification.

(c) *Mandatory declassification review.* "Mandatory declassification review" means the review for declassification of classified information in response to a request for declassification that meets the requirements under section 3.5 of the Executive order. All requests for review for declassification under the mandatory review provisions of the Executive order shall be handled by the Information Security Officer or his/her designee.

(d) *Handling of classified documents.* All documents bearing the terms "Top Secret," "Secret," and "Confidential" shall be delivered to the Information Security Officer or his/her designee immediately upon receipt. All potential recipients of such documents shall be advised of the names of such designees. In the event that the Information Security Officer or his/her designee is not available to receive such documents, they shall be sent to the FCA mailroom and stored in the combination safe and secured unopened until the Information Security Officer is available. Under no circumstances shall classified materials that cannot be delivered be stored other than in the designated safe. All materials not immediately deliverable or able to be secured in the designated safe shall be returned to the sender, under appropriate cover, for redelivery to the FCA at the next earliest opportunity.

(e) *Reproduction.* Reproduction of classified materials shall take place only in accordance with section 4.2(g) of the Executive order and any limitations imposed by the originator. Should copies be made, they shall be subject to the same controls as the original document. Records showing the number and distribution of copies shall be maintained by the Information Security Officer or his/her designee, and the log stored with the original documents. These measures shall not restrict reproduction for the purposes of Mandatory Review.

(f) *Storage.* In accordance with 32 CFR 2001.43, all classified documents shall be stored in combination safes located at the primary headquarters and/or a Field Office, Office of Examination, Farm Credit Administration. The combinations shall be changed as required by directives issued by ISOO. The combinations shall be known only to the Information Security Officer and his/her designees who have appropriate security clearances.

(g) *Employee education.* All employees who have been granted a security clearance and who have occasion to handle classified materials shall be advised of handling, reproduction, and storage procedures and shall be required to review the Executive order and appropriate ISOO directives.

(h) *Agency terminology.* No official of the Farm Credit Administration shall use the terms "Top Secret", "Secret", or "Confidential" except in relation to materials classified for national security purposes. As a Federal regulatory agency, the Farm Credit Administration maintains certain internal documents that relate to its examination and supervision of the institutions

of the Farm Credit System. Such documents are limited in use and distribution. Material that is of a sensitive nature to the Farm Credit Administration may be designated "Executive Document."

(i) *Nondisclosure agreement.* In accordance with 32 CFR 2003.20, the Farm Credit Administration requires that any person whose position requires access to classified information must execute a nondisclosure agreement on Standard Form 312—Classified Information Nondisclosure Agreement. Persons not executing such nondisclosure agreements are subject to sanctions of Executive Order 13292. It is the policy of the Farm Credit Administration that any employee authorized access to classified information holds a personal responsibility for safeguarding against unlawful disclosures, and such employees are prohibited from disclosure without consent of the FCA Information Security Officer. Any such unauthorized disclosure will be reported to the Information Security Oversight Office, the Department of Justice, the Department of State, the Federal Emergency Management Agency, and to any other Federal agency for which the Farm Credit Administration has access to classified information, as such reportings are subject to interpretation as required by statute and Executive order. Any employee who knowingly disclosed classified information or who refuses to cooperate with an investigation may be subject to mandatory administrative sanctions, including as a minimum, denial of further access to classified information. Further sanctions could include demotion or dismissal depending on the circumstances of a particular case.

(j) *Freedom of Information request.* All inquiries regarding requests for classified information under the Freedom of Information Act (5 U.S.C. 552), including those from the news media, shall be referred to the FCA FOI Officer, Office of Congressional and Public Affairs, Farm Credit Administration, and shall be handled in accordance with provisions of that statute and applicable regulations.

#### **§§606.631-606.639 [Reserved]**

#### **§606.640 Employment.**

No qualified individual with handicaps shall, on the basis of handicap, be subjected to discrimination in employment under any program or activity conducted by the agency. The definitions, requirements, and procedures of section 501 of the Rehabilitation Act of 1973 (29 U.S.C. 791), as established by the Equal Employment Opportunity Commission in 29 CFR part 1613, shall apply to employment in the agency.

#### **§§606.641-606.648 [Reserved]**

#### **§606.649 Program accessibility: Discrimination prohibited.**

Except as otherwise provided in §606.650, no qualified individual with handicaps shall, because the agency's facilities are inaccessible to or unusable by individuals with handicaps, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity conducted by the agency.

#### **§606.650 Program accessibility: Existing facilities.**

(a) *General.* The agency shall operate each program or activity so that the program or activity, when viewed in its entirety, is readily accessible to and usable by individuals with handicaps. This paragraph does not:

- (1) Necessarily require the agency to make each of its existing facilities accessible to and usable by individuals with handicaps;

(2) Require the agency to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where agency personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the agency has the burden of proving that compliance with paragraph (a) of this section would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the agency head or his or her designee after considering all agency resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. In preparing the report, the agency shall make reasonable efforts to ensure that the person(s) to be accommodated has an opportunity to provide relevant information. If an action would result in such an alteration or such burdens, the agency shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that individuals with handicaps receive the benefits and services of the program or activity.

(b) *Methods.* The agency may comply with the requirements of this section through such means as redesign of equipment, reassignment of services to accessible buildings, assignment of aides to beneficiaries, home visits, delivery of services at alternate accessible sites, alteration of existing facilities and construction of new facilities, or any other methods that result in making its programs or activities readily accessible to and usable by individuals with handicaps. The agency is not required to make structural changes in existing facilities where other methods are effective in achieving compliance with this section. The agency, in making alterations to existing buildings, shall meet accessibility requirements to the extent compelled by the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151 through 4157), and any regulations implementing it. In choosing among available methods for meeting the requirements of this section, the agency shall give priority to those methods that offer programs and activities to qualified individuals with handicaps in the most integrated setting appropriate.

(c) *Time period for compliance.* The agency shall comply with the obligations established under this section within sixty days of the effective date of this part except that where structural changes in facilities are undertaken, such changes shall be made within three years of the effective date of this part, but in any event as expeditiously as possible.

(d) *Transition plan.* In the event that structural changes to facilities will be undertaken to achieve accessibility, the agency shall develop, within six months of the effective date of this part, a transition plan setting forth the steps necessary to complete such changes. The agency shall provide an opportunity to interested persons, including individuals with handicaps or organizations representing individuals with handicaps, to participate in the development of the transition plan by submitting comments (both oral and written). A copy of the transition plan shall be made available for public inspection. The plan shall, at a minimum:

(1) Identify physical obstacles in the agency's facilities that limit the accessibility of its programs or activities to individuals with handicaps;

(2) Describe in detail the methods that will be used to make the facilities accessible;

(3) Specify the schedule for taking the steps necessary to achieve compliance with this section, and if the time period of the transition plan is longer than one year, identify steps that will be taken during each year of the transition period;

- (4) Indicate the official responsible for implementation of the plan; and
- (5) Identify the persons or groups who commented on the plan.

**§606.651 Program accessibility: New construction and alterations.**

Each building or part of a building that is constructed or altered by, on behalf of, or for the use of the agency shall be designed, constructed, or altered so as to be readily accessible to and usable by individuals with handicaps. The definitions, requirements, and standards of the Architectural Barriers Act (42 U.S.C. 4151 through 4157), as established in 41 CFR 101-19.600 to 101-19.607, apply to buildings covered by this section.

**§§606.652-606.659 [Reserved]**

**§606.660 Communications.**

(a) The agency shall take appropriate steps to ensure effective communication with applicants, participants, personnel of other Federal entities, and members of the public.

(1) The agency shall furnish appropriate auxiliary aids where necessary to afford an individual with handicaps an equal opportunity to participate in and enjoy the benefits of a program or activity conducted by the agency.

(i) In determining what type of auxiliary aid is necessary, the agency shall give primary consideration to the requests of the individual with handicaps.

(ii) The agency need not provide individually prescribed devices, readers for personal use or study, or other devices of a personal nature.

(2) Where the agency communicates with applicants and beneficiaries by telephone, telecommunication devices for deaf persons (TDDs) or equally effective telecommunication systems shall be used.

(b) The agency shall ensure that interested persons, including persons with impaired vision or hearing, can obtain information as to the existence and location of accessible services, activities, and facilities.

(c) The agency shall provide signage at a primary entrance to each of its inaccessible facilities directing users to a location at which they can obtain information about accessible facilities. The international symbol for accessibility shall be used at each primary entrance of an accessible facility.

(d) This section does not require the agency to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where agency personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the agency has the burden of proving that compliance with this section would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the agency head or his or her designee after considering all agency resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. In preparing the report, the agency shall make reasonable efforts to ensure that the person(s) to be accommodated has

an opportunity to provide relevant information. If an action required to comply with this section would result in such an alteration or such burdens, the agency shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that, to the maximum extent possible, individuals with handicaps receive the benefits and services of the program or activity.

**§§606.661-606.669 [Reserved]**

**§606.670 Compliance procedures.**

(a) Except as provided in paragraph (b) of this section, this section applies to all allegations of discrimination on the basis of handicap in programs and activities conducted by the agency.

(b) The agency shall process complaints alleging violations of section 504 with respect to employment according to the procedures established by the Equal Employment Opportunity Commission in 29 CFR part 1613 pursuant to section 501 of the Rehabilitation Act of 1973 (29 U.S.C. 791).

(c) Responsibility for implementation and operation of this section shall be vested in the Director, Office of Agency Services, Farm Credit Administration, 1501 Farm Credit Drive, McLean, VA 22102-5090.

(d) The agency shall accept and investigate all complete complaints for which it has jurisdiction. All complete complaints must be filed within 180 days of the alleged act of discrimination. The agency may extend this time period for good cause.

(e) If the agency receives a complaint over which it does not have jurisdiction, it shall promptly notify the complainant and shall make reasonable efforts to refer the complaint to the appropriate Government entity.

(f) The agency shall notify the Architectural and Transportation Barriers Compliance Board upon receipt of any complaint alleging that a building or facility that is subject to the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151 through 4157), is not readily accessible to and usable by individuals with handicaps.

(g) Within 180 days of the receipt of a complete complaint for which it has jurisdiction, the agency shall notify the complainant of the results of the investigation in a letter containing:

- (1) Findings of fact and conclusions of law;
- (2) A description of a remedy for each violation found; and
- (3) A notice of the right to appeal.

(h) Appeals of the findings of fact and conclusions of law or remedies must be filed by the complainant within 90 days of receipt from the agency of the letter required by this paragraph. The agency may extend this time for good cause.

(i) Timely appeals shall be accepted and processed by the Equal Employment Opportunity and Inclusion Director, or his/her designee, Farm Credit Administration, 1501 Farm Credit Drive, McLean, VA 22102-5090.

(j) The head of the agency shall notify the complainant of the results of the appeal within 60 days of the receipt of the request. If the head of the agency determines that additional information is needed from the complainant, he or she shall have 60 days from the date of receipt of the additional information to make his or her determination on the appeal.

(k) The time limits cited in paragraphs (g) and (j) of this section may be extended with the permission of the Assistant Attorney General.

(l) The agency may delegate its authority for conducting complaint investigations to other Federal agencies, except that the authority for making the final determination may not be delegated to another agency.

The regulations prescribe the procedures for the equitable apportionment of FCA annual administrative expenses and necessary reserves among Farm Credit System (System) institutions. Pursuant to section 5.15(a) of the Act, the regulations also provide for the separate assessment of the FCA's costs of supervising and examining the Federal Agricultural Mortgage Corporation (FAMC). The regulations further provide for the reimbursement of expenses incurred in performing statutorily required examinations of non-System entities.

### **§607.2 Definitions.**

For the purpose of this part, the following definitions shall apply:

(2) Except as provided in paragraphs (b)(3) and (b)(4) of this section, for a bank, association, or designated other System entity with less than four quarters of risk-adjusted assets as of June 30 of each year, the sum of the average daily risk-adjusted assets as of the last day of the quarter for the quarters in which it was in existence immediately

preceding September 15, divided by the number of quarters in which it was in existence immediately preceding September 15;

(3) For a bank, association, or designated other System entity that is the continuing institution after a merger of existing institutions or a newly formed institution formed through a consolidation of existing institutions and that has less than four quarters of risk-adjusted assets as of June 30 of each year, the sum of the average daily risk-adjusted assets as of the last day of the quarter for the most recent four quarters immediately preceding September 15 for all the institutions that were merged or consolidated, divided by four;

(c) *Composite Financial Institution Rating System (FIRS) rating* means the composite numerical assessment of the financial condition of an institution assigned to the institution by the FCA based on its most recent examination of the institution. The FIRS factors are generally considered to be important indicators of an institution's financial health. Institutions are rated on each of the factors during an examination. The composite FIRS rating ranges from 1 to 5, with a lower number indicating a better financial condition than a higher number.

(d) *Delinquent amount* means an amount owed to the FCA that has not been paid by the date specified in the FCA's Notice of Assessment or billing.

(a) Banks, associations, and other System entities designated in paragraph (c) of this section will be assessed annually pursuant to this section for funds to cover a portion of the FCA's administrative expenses and for such funds as may be required to maintain a necessary reserve. The total amount of the annual assessment of banks, associations, and designated other System entities shall be based on the FCA budget for each fiscal year plus such amount as may be required to maintain a necessary reserve, excluding amounts to be assessed against other System entities and reimbursements received from non-System entities.

(b) The assessment shall be apportioned among the banks, associations, and designated other System entities as follows:

(1) Thirty (30) percent of the assessment under this section shall be apportioned to each bank, association, and designated other System entity on the basis of each institution's pro rata share of the total average risk-adjusted asset base.

(2) Seventy (70) percent of the assessment under this section shall be apportioned to each bank, association, and designated other System entity based upon the amounts of the institution's average risk-adjusted assets that fall within the graduated risk-adjusted asset tiers contained in the following table. An institution's total assessment under this paragraph is the sum of the amounts assessed for risk-adjusted assets falling into each applicable tier, subject to adjustment for its FIRS rating as required in paragraphs (b)(2)(i) and (b)(2)(ii) of this section. The same assessment rate (designated as  $X_1$  or a declining percentage of  $X_1$  in the following table) will be applied to each dollar value of risk-adjusted assets falling within each tier, increased where applicable, by the amounts prescribed in paragraphs (b)(2)(i) and (b)(2)(ii) of this section. The actual assessment rate under this paragraph shall be determined annually based on relative average risk-adjusted asset bases, the FIRS ratings of individual institutions, and the FCA budget as adjusted pursuant to paragraph (a) of this section, but the relationship between the rates applied to each tier shall remain constant as set forth in the following table.

<b>Average risk-adjusted asset size range (in millions)</b>		<b>Assessment rate</b>
<b>Over</b>	<b>To</b>	
\$0	\$25	$X_1$
25	50	$.85X_1$

50	100	.75X <sub>1</sub>
100	500	.60X <sub>1</sub>
500	1,000	.50X <sub>1</sub>
1,000	7,000	.35X <sub>1</sub>
7,000	10,000	.20X <sub>1</sub>
10,000		.10X <sub>1</sub>

*Example:* XYZ association has a FIRS rating of 2 and average risk-adjusted assets of \$500.4 million. The value of X<sub>1</sub> has been determined to be .000917, based on an FCA budget of \$40.29 million.

X <sub>1</sub> = .000917 therefore \$25,000,000 × .0917%	=	\$22,925
.85X <sub>1</sub> = .000780 therefore \$25,000,000 × .0780%	=	19,500
.75X <sub>1</sub> = .000688 therefore \$50,000,000 × .0688%	=	34,400
.60X <sub>1</sub> = .000550 therefore \$400,000,000 × .0550%	=	220,000
.50X <sub>1</sub> = .000458 therefore \$400,000 × .0458%	=	183
Total Assessment under §607.3(b)(2)	=	297,008

(i) If the FCA assigns a bank, association, or designated other System entity a composite FIRS rating of 3 following its most recent examination of the institution prior to the date of assessment, the assessment provided for in paragraph (b)(2) of this section shall be increased by 20 percent.

(ii) If the FCA assigns a bank, association, or designated other System entity a composite FIRS rating of 4 or 5 following its most recent examination of the institution prior to the date of assessment, the assessment provided for in paragraph (b)(2) of this section shall be increased by 40 percent.

(iii) Banks, associations, and designated other System entities that were formed through mergers or consolidations and have not been examined before their initial assessment under this section shall be deemed to have a composite FIRS rating equivalent to the best composite FIRS rating assigned to the merged or consolidated institutions in the FCA's most recent examination of the individual institutions prior to the date of merger or consolidation. Newly chartered institutions not formed through mergers or consolidations that have not been examined before their initial assessment under this section shall be deemed to have a composite FIRS rating of 2.

(3) Each bank, association, and designated other System entity shall pay a minimum assessment of \$20,000 regardless of the result of the application of the assessment formula established by paragraphs (b)(1) and (b)(2) of this section. If such a minimum assessment is apportioned to an institution, that institution's average risk-adjusted asset base shall be deducted from the total average risk-adjusted asset base, and \$20,000 shall be deducted from the total assessment amount for purposes of determining the assessments of banks, associations, and designated other System entities paying more than the \$20,000 minimum assessment.

(c) Other System entities designated to be assessed in accordance with this section are:

The Farm Credit Services Leasing Corporation.

(d) Assessments may be adjusted periodically to reflect:

(1) Changes in the FCA budget and necessary reserve; and

(2) Any overpayment or underpayment by a bank, association, or designated other System entity in the prior fiscal year.

[58 FR 10942, Feb. 23, 1993, as amended at 63 FR 34268, June 24, 1998]

#### **§607.4 Assessment of other System entities.**

(a)(1) Unless otherwise designated to be assessed under §607.3, and with the exception of FAMC as provided in paragraph (b) of this section, other System entities will be assessed for estimated direct expenses plus an allocated portion of FCA indirect expenses and such amount as may be required to maintain a necessary reserve. The estimate for direct expenses shall take into account the direct expenses incurred in the most recent examination of the entity preceding each September 15 and expected increases or decreases in examination work for the next fiscal year. A proportional amount of FCA indirect expenses will be allocated to each entity based on the estimated direct expenses related to the particular entity as a percentage of the total budgeted direct expenses of the agency (excluding direct expenses under paragraph (b) of this section) for the fiscal year covered by the assessment.

(2) Assessments of other System entities under paragraph (a)(1) of this section may be adjusted periodically to reflect:

- (i) Changes in the FCA budget and necessary reserve; and
- (ii) Any overpayment or underpayment by such other System entity in the prior fiscal year.

(b) *Assessment of Federal Agricultural Mortgage Corporation.* The FCA shall assess FAMC for the estimated cost of FCA's regulation, supervision, and examination of FAMC, including reasonably related administrative and overhead expenses. FAMC's assessment may be adjusted periodically to reflect changes in the FCA budget and to reconcile differences between FAMC's assessment and FCA's actual expenditures for regulation of FAMC in the prior fiscal year.

#### **§607.5 Notice of assessment.**

(a) Except as provided in paragraph (b) of this section, prior to September 15 of each year, the FCA shall determine the amount of assessment to be collected from each System institution for the next fiscal year under §§607.3 and 607.4 and shall provide each System institution with a Notice of Assessment. The total amount assessed each System institution in the Notice of Assessment shall be an obligation of each institution on October 1 of each fiscal year. The total amount assessed each System institution shall be payable not less often than quarterly in equal installments during each fiscal year, subject to adjustment pursuant to §§607.3(d), 607.4(a)(2), 607.4(b), and 607.10.

(b) For banks, associations and designated other System entities chartered during the period July 1 through September 30 of each year, the FCA shall, prior to December 15, determine the amount of assessment to be collected from each such institution for the remainder of the fiscal year and provide the institution with a Notice of Assessment. The total amount of the assessment becomes an obligation of the institution on January 1 and shall be payable in equal installments, subject to adjustment pursuant to §§607.3(d) and 607.10, not less often than quarterly for the remainder of the fiscal year. The first installment shall be due on January 1. This paragraph shall not apply to banks, associations, and designated other System entities formed by merger, consolidation, or transfer of direct lending authority.

(c) In the event of the proposed cancellation of the charter of a System institution, the unpaid installments of the total amount of the institution's assessment shall be provided for prior to the cancellation of the charter.

#### **§607.6 Payment of assessment.**

(a) System institutions shall pay the amounts due as scheduled in the FCA Notice of Assessment. Payment shall be made by electronic funds transfer (EFT) for credit to the FCA's account in the Department of the Treasury, by check to the FCA for deposit, or by such other means as the FCA may authorize.

(b) Payments made by EFT that are not received by the close of business on the due date shall be considered delinquent in accordance with §607.7.

(c) Payments made by check that are not received by the FCA before the close of business on the third workday preceding the due date shall be considered delinquent in accordance with §607.7.

#### **§607.7 Late-payment charges on assessments.**

- (a) If any portion of a scheduled installment of a System institution's total assessment or the reimbursement billed to a non-System entity is not paid by the due date, the overdue amount shall be considered delinquent.
- (b) Delinquent amounts shall be charged late-payment interest at the United States Treasury Department's current value of funds rate published in the Federal Register. Late payment interest shall be expressed as an annual rate of interest and shall accrue on a daily basis starting on the due date of the delinquent amount and continuing through the date payment is received by the FCA.
- (c) The FCA shall waive the collection of interest on the delinquent amounts if such amounts are paid within 30 days of the date interest begins to accrue. The FCA may waive interest due on delinquent amounts upon finding no fault with the performance of the remitter.
- (d) The FCA shall charge an amount necessary to cover the administrative costs incurred as a result of collection of any delinquent amount.
- (e) The FCA shall charge a penalty of 6 percent per annum on any portion of a delinquent amount that is more than 90 days past due. Such penalty shall accrue from the date the amount became delinquent.

#### **§607.8 Reimbursements for services to non-System entities.**

Non-System entities shall be assessed for direct expenses plus an amount for FCA indirect expenses reasonably related to the services rendered to the non-System entity. Such related indirect expenses shall be calculated as a percentage of the FCA's overall indirect expenses based on the extent of FCA activities with respect to the non-System entity during the period since the entity's most recent assessment.

#### **§607.9 Reimbursable billings.**

The FCA shall bill the amounts due for services to non-System entities each year subsequent to the issuance of their respective Reports of Examination. Amounts billed are due in full within 30 days from the date billed. If the billed amount or any portion thereof remains unpaid at close of business on the due date, such amount or portion shall be considered delinquent in accordance with §607.7.

#### **§607.10 Adjustments for overpayment or underpayment of assessments.**

Where adjustments for overpayment or underpayment of assessments are made pursuant to §§607.3(d), 607.4(a)(2), and 607.4(b), credits for overpayments or charges for underpayments shall be based on FCA administrative operating expenses incurred in the applicable fiscal year and on funds required to be maintained pursuant to section 5.15 of the Act. Such credits or charges shall be applied to the next applicable assessment payment due during the current or subsequent fiscal year. Where such adjustments are made, the FCA shall provide the institution with a statement of adjustment at least 15 days prior to the date when the institution's next assessment payment is due. Adjustments in assessments shall be made in principal amount only. Overdue amounts under §607.7 are not underpayments for assessment adjustment purposes.

### **§607.11 Report of assessments and expenses.**

By January 15 of each calendar year, the FCA shall provide each assessed System institution with a report of assessments and expenses for the preceding fiscal year showing total assessments and other income received as applied to expenses incurred by major budget category and amounts set aside for a necessary reserve.

## **PART 608—COLLECTION OF CLAIMS OWED THE UNITED STATES**

### **Subpart A—Administrative Collection of Claims**

#### **§608.801 Authority.**

The regulations of this part are issued under the Federal Claims Collection Act of 1966, as amended by the Debt Collection Act of 1982, 31 U.S.C. 3701-3719 and 5 U.S.C. 5514, and in conformity with the joint regulations issued under that Act by the General Accounting Office and the Department of Justice (joint regulations) prescribing standards for administrative collection, compromise, suspension, and termination of agency collection actions, and referral to the General Accounting Office and to the Department of Justice for litigation of civil claims for money or property owed to the United States (4 CFR parts 101-105).

#### **§608.802 Applicability.**

This part applies to all claims of indebtedness due and owing to the United States and collectible under procedures authorized by the Federal Claims Collection Act of 1966, as amended by the Debt Collection Act of 1982. The joint regulations and this part do not apply to conduct in violation of antitrust laws, tax claims, claims between Federal agencies, or to any claim which appears to involve fraud, presentation of a false claim, or misrepresentation on the part of the debtor or any other party having an interest in the claim, unless the Justice Department authorizes the Farm Credit Administration, pursuant to 4 CFR 101.3, to handle the claim in accordance with the provisions of 4 CFR parts 101-105. Additionally, this part does not apply to Farm Credit Administration assessments under part 607 of this chapter.

#### **§608.803 Definitions.**

In this part (except where the term is defined elsewhere in this part), the following definitions shall apply:

- (a) *Administrative offset* or *offset*, as defined in 31 U.S.C. 3701(a)(1), means withholding money payable by the United States Government to, or held by the Government for, a person to satisfy a debt the person owes the Government.
- (b) *Agency* means a department, agency, or instrumentality in the executive or legislative branch of the Government.
- (c) *Claim* or *debt* means money or property owed by a person or entity to an agency of the Federal Government. A “claim” or “debt” includes amounts due the Government from loans insured by or guaranteed by the United States and all other amounts due from fees, leases,

rents, royalties, services, sales of real or personal property, overpayment, penalties, damages, interest, and fines.

(d) *Claim certification* means a creditor agency's written request to a paying agency to effect an administrative offset.

(e) *Creditor agency* means an agency to which a claim or debt is owed.

(f) *Debtor* means the person or entity owing money to the Federal Government.

(g) *FCA* means the Farm Credit Administration.

(h) *Hearing official* means an individual who is responsible for reviewing a claim under §608.810 of this part.

(i) *Paying agency* means an agency of the Federal Government owing money to a debtor against which an administrative or salary offset can be effected.

(j) *Salary offset* means an administrative offset to collect a debt under 5 U.S.C. 5514 by deductions at one or more officially established pay intervals from the current pay account of a debtor.

#### **§608.804 Delegation of authority.**

The FCA official(s) designated by the Chairman of the Farm Credit Administration are authorized to perform all duties which the Chairman is authorized to perform under these regulations, the Federal Claims Collection Act of 1966, as amended, and the joint regulations issued under that Act.

#### **§608.805 Responsibility for collection.**

(a) The collection of claims shall be aggressively pursued in accordance with the provisions of the Federal Claims Collection Act of 1966, as amended, the joint regulations issued under that Act, and these regulations. Debts owed to the United States, together with charges for interest, penalties, and administrative costs, should be collected in one lump sum unless otherwise provided by law. If a debtor requests installment payments, the debtor, as requested by the FCA, shall provide sufficient information to demonstrate that the debtor is unable to pay the debt in one lump sum. When appropriate, the FCA shall arrange an installment payment schedule. Claims which cannot be collected directly or by administrative offset shall be either written off as administratively uncollectible or referred to the General Counsel for further consideration.

(b) The Chairman, or designee of the Chairman, may compromise claims for money or property arising out of the activities of the FCA, where the claim (exclusive of charges for interest, penalties, and administrative costs) does not exceed \$100,000. When the claim exceeds \$100,000 (exclusive of charges for interest, penalties, and administrative costs), the authority to accept a compromise rests solely with the Department of Justice. The standards governing the compromise of claims are set forth in 4 CFR part 103.

(c) The Chairman, or designee of the Chairman, may suspend or terminate the collection of claims which do not exceed \$100,000 (exclusive of charges for interest, penalties, and administrative costs) after deducting the amount of any partial payments or collections. If, after deducting the amount of any partial payments or collections, a claim exceeds

\$100,000 (exclusive of charges for interest, penalties, and administrative costs), the authority to suspend or terminate rests solely with the Department of Justice. The standards governing the suspension or termination of claim collections are set forth in 4 CFR part 104.

(d) The FCA shall refer claims to the Department of Justice for litigation or to the General Accounting Office (GAO) for claims arising from audit exceptions taken by the GAO to payments made by the FCA in accordance with 4 CFR part 105.

**§608.806 Demand for payment.**

(a) A total of three progressively stronger written demands at not more than 30-day intervals should normally be made upon a debtor, unless a response or other information indicates that additional written demands would either be unnecessary or futile. When necessary to protect the Government's interest, written demands may be preceded by other appropriate actions under Federal law, including immediate referral for litigation and/or administrative offset.

(b) The initial demand for payment shall be in writing and shall inform the debtor of the following:

(1) The amount of the debt, the date it was incurred, and the facts upon which the determination of indebtedness was made;

(2) The payment due date, which shall be 30 calendar days from the date of mailing or hand delivery of the initial demand for payment;

(3) The right of the debtor to inspect and copy the records of the agency related to the claim or to receive copies if personal inspection is impractical. The debtor shall be informed that the debtor may be assessed for the cost of copying the documents in accordance with §608.807;

(4) The right of the debtor to obtain a review of the FCA's determination of indebtedness;

(5) The right of the debtor to offer to enter into a written agreement with the agency to repay the amount of the claim. The debtor shall be informed that the acceptance of such an agreement is discretionary with the agency;

(6) That charges for interest, penalties, and administrative costs will be assessed against the debtor, in accordance with 31 U.S.C. 3717, if payment is not received by the payment due date;

(7) That if the debtor has not entered into an agreement with the FCA to pay the debt, has not requested the FCA to review the debt, or has not paid the debt by the payment due date, the FCA intends to collect the debt by all legally available means, which may include initiating legal action against the debtor, referring the debt to a collection agency for collection, collecting the debt by offset, or asking other Federal agencies for assistance in collecting the debt by offset;

(8) The name and address of the FCA official to whom the debtor shall send all correspondence relating to the debt; and

(9) Other information, as may be appropriate.

(c) If, prior to, during, or after completion of the demand cycle, the FCA determines to collect the debt by either administrative or salary offset, the FCA shall follow, as applicable, the requirements for a Notice of Intent to Collect by Administrative Offset or a Notice of Intent to Collect by Salary Offset set forth in §608.822.

(d) If no response to the initial demand for payment is received by the payment due date, the FCA shall take further action under this part, under the Federal Claims Collection Act of 1966, as amended, under the joint regulations (4 CFR parts 101-105), or under any other applicable State or Federal law. These actions may include reports to credit bureaus, referrals to collection agencies, termination of contracts, debarment, and salary or administrative offset.

#### **§608.807 Right to inspect and copy records.**

The debtor may inspect and copy the FCA records related to the claim. The debtor shall give the FCA reasonable advance notice that it intends to inspect and copy the records involved. The debtor shall pay copying costs unless they are waived by the FCA. Copying costs shall be assessed pursuant to §§602.11 and 602.12 of this chapter.

[59 FR 13187, Mar. 21, 1994, as amended at 71 FR 54900, Sept. 20, 2006]

#### **§608.808 Right to offer to repay claim.**

(a) The debtor may offer to enter into a written agreement with the FCA to repay the amount of the claim. The acceptance of such an offer and the decision to enter into such a written agreement is at the discretion of the FCA.

(b) If the debtor requests a repayment arrangement because payment of the amount due would create a financial hardship, the FCA shall analyze the debtor's financial condition. The FCA may enter into a written agreement with the debtor permitting the debtor to repay the debt in installments if the FCA determines, in its sole discretion, that payment of the amount due would create an undue financial hardship for the debtor. The written agreement shall set forth the amount and frequency of installment payments and shall, in accordance with §608.812, provide for the imposition of charges for interest, penalties, and administrative costs unless waived by the FCA.

(c) The written agreement may require the debtor to execute a confess-judgment note when the total amount of the deferred installments will exceed \$750. The FCA shall provide the debtor with a written explanation of the consequences of signing a confess-judgment note. The debtor shall sign a statement acknowledging receipt of the written explanation. The statement shall recite that the written explanation was read and understood before execution of the note and that the debtor signed the note knowingly and voluntarily. Documentation of these procedures will be maintained in the FCA's file on the debtor.

#### **§608.809 Right to agency review.**

(a) If the debtor disputes the claim, the debtor may request a review of the FCA's determination of the existence of the debt or of the amount of the debt. If only part of the claim is disputed, the undisputed portion should be paid by the payment due date.

(b) To obtain a review, the debtor shall submit a written request for review to the FCA official named in the initial demand letter, within 15 calendar days after receipt of the letter. The debtor's request for review shall state the basis on which the claim is disputed.

(c) The FCA shall promptly notify the debtor, in writing, that the FCA has received the request for review. The FCA shall conduct its review of the claim in accordance with §608.810.

(d) Upon completion of its review of the claim, the FCA shall notify the debtor whether the FCA's determination of the existence or amount of the debt has been sustained, amended, or canceled. The notification shall include a copy of the written decision issued by the hearing official pursuant to §608.810(e). If the FCA's determination is sustained, this notification shall contain a provision which states that the FCA intends to collect the debt by all legally available means, which may include initiating legal action against the debtor, referring the debt to a collection agency for collection, collecting the debt by offset, or asking other Federal agencies for assistance in collecting the debt by offset.

#### **§608.810 Review procedures.**

(a) Unless an oral hearing is required by §608.823(d), the FCA's review shall be a review of the written record of the claim.

(b) If an oral hearing is required under §608.823(d), the FCA shall provide the debtor with a reasonable opportunity for such a hearing. The oral hearing, however, shall not be an adversarial adjudication and need not take the form of a formal evidentiary hearing. All significant matters discussed at the hearing, however, will be carefully documented.

(c) Any review required by this part, whether a review of the written record or an oral hearing, shall be conducted by a hearing official. In the case of a salary offset, the hearing official shall not be under the supervision or control of the Chairman of the Farm Credit Administration.

(d) The FCA may be represented by legal counsel. The debtor may represent himself or herself or may be represented by an individual of the debtor's choice and at the debtor's expense.

(e) The hearing official shall issue a final written decision based on documentary evidence and, if applicable, information developed at an oral hearing. The written decision shall be issued as soon as practicable after the review but not later than 60 days after the date on which the request for review was received by the FCA, unless the debtor requests a delay in the proceedings. A delay in the proceedings shall be granted if the hearing official determines, in his or her sole discretion, that there is good cause to grant the delay. If a delay is granted, the 60-day decision period shall be extended by the number of days by which the review was postponed.

(f) Upon issuance of the written opinion, the FCA shall promptly notify the debtor of the hearing official's decision. Said notification shall include a copy of the written decision issued by the hearing official pursuant to paragraph (e) of this section.

#### **§608.811 Special review.**

(a) An employee subject to salary offset, under subpart C of this part, or a voluntary repayment agreement, may, at any time, request a special review by the FCA of the amount of the salary offset or voluntary repayment, based on materially changed circumstances such as, but not limited to, catastrophic illness, divorce, death, or disability.

(b) To determine whether an offset would prevent the employee from meeting essential subsistence expenses (costs incurred for food, housing, clothing, transportation, and medical care), the employee shall submit a detailed statement and supporting documents for the employee, his or her spouse, and dependents indicating:

- (1) Income from all sources;
- (2) Assets;
- (3) Liabilities;
- (4) Number of dependents;
- (5) Expenses for food, housing, clothing, and transportation;
- (6) Medical expenses; and
- (7) Exceptional expenses, if any.

(c) If the employee requests a special review under this section, the employee shall file an alternative proposed offset or payment schedule and a statement, with supporting documents, showing why the current salary offset or payments result in an extreme financial hardship to the employee.

(d) The FCA shall evaluate the statement and supporting documents, and determine whether the original offset or repayment schedule imposes an undue financial hardship on the employee. The FCA shall notify the employee in writing of such determination, including, if appropriate, a revised offset or payment schedule.

#### **§608.812 Charges for interest, administrative costs, and penalties.**

(a) Except as provided in paragraph (d) of this section, the FCA shall:

- (1) Assess interest on unpaid claims;
- (2) Assess administrative costs incurred in processing and handling overdue claims; and
- (3) Assess penalty charges not to exceed 6 percent a year on any part of a debt more than 90 days past due. The imposition of charges for interest, administrative costs, and penalties shall be made in accordance with 31 U.S.C. 3717.

(b)(1) Interest shall accrue from the date of mailing or hand delivery of the initial demand for payment or the Notice of Intent to Collect by either Administrative or Salary Offset if the amount of the claim is not paid within 30 days from the date of mailing or hand delivery of the initial demand or notice.

(2) The 30-day period may be extended on a case-by-case basis if the FCA reasonably determines that such action is appropriate. Interest shall only accrue on the principal of the claim and the interest rate shall remain fixed for the duration of the indebtedness, except, as provided in paragraph (c) of this section, in cases where a debtor has defaulted on a repayment agreement and seeks to enter into a new agreement, or if the FCA reasonably determines that a higher rate is necessary to protect the interests of the United States.

(c) If a debtor defaults on a repayment agreement and seeks to enter into a new agreement, the FCA may assess a new interest rate on the unpaid claim. In addition, charges for interest, administrative costs, and penalties which accrued but were not collected under the original repayment agreement shall be added to the principal of the claim to be paid under the new repayment agreement. Interest shall accrue on the entire principal balance of the claim, as adjusted to reflect any increase resulting from the addition of these charges.

(d) The FCA may waive charges for interest, administrative costs, and/or penalties if it determines that:

(1) The debtor is unable to pay any significant sum toward the claim within a reasonable period of time;

(2) Collection of charges for interest, administrative costs, and/or penalties would jeopardize collection of the principal of the claim;

(3) Collection of charges for interest, administrative costs, or penalties would be against equity and good conscience; or

(4) It is otherwise in the best interest of the United States, including the situation where an installment payment agreement or offset is in effect.

#### **§608.813 Contracting for collection services.**

The Chairman, or designee of the Chairman, may contract for collection services in accordance with 31 U.S.C. 3718 and 4 CFR 102.6 to recover debts.

#### **§608.814 Reporting of credit information.**

The Chairman, or designee of the Chairman, may disclose to a consumer reporting agency information that an individual is responsible for a debt owed to the United States. Information will be disclosed to reporting agencies in accordance with the terms and conditions of agreements entered into between the FCA and the reporting agencies. The terms and conditions of such agreements shall specify that all of the rights and protection afforded to the debtor under 31 U.S.C. 3711(f) have been fulfilled. The FCA shall notify each consumer reporting agency, to which a claim was disclosed, when the debt has been satisfied.

#### **§608.815 Credit report.**

In order to aid the FCA in making appropriate determinations regarding the collection and compromise of claims; the collection of charges for interest, administrative costs, and penalties; the use of administrative offset; the use of other collection methods; and the likelihood of collecting the claim, the FCA may institute, consistent with the provisions of the Fair Credit Reporting Act (15 U.S.C. 1681, *et seq.*), a credit investigation of the debtor immediately following a determination that the claim exists.

## **Subpart B—Administrative Offset**

### **§608.820 Applicability.**

(a) The provisions of this subpart shall apply to the collection of debts by administrative [or salary] offset under 31 U.S.C. 3716, 5 U.S.C. 5514, or other statutory or common law.

(b) Offset shall not be used to collect a debt more than 10 years after the Government's right to collect the debt first accrued, unless facts material to the Government's right to collect the debt were not known and could not reasonably have been known by the official or officials of the Government who were charged with the responsibility of discovering and collecting such debt.

(c) Offset shall not be used with respect to:

(1) Debts owed by other agencies of the United States or by any State or local government;

(2) Debts arising under or payments made under the Social Security Act, the Internal Revenue Code of 1986, as amended, or tariff laws of the United States; or

(3) Any case in which collection by offset of the type of debt involved is explicitly provided for or prohibited by another statute.

(d) Unless otherwise provided by contract or law, debts or payments which are not subject to offset under 31 U.S.C. 3716 or 5 U.S.C. 5514 may be collected by offset if such collection is authorized under common law or other applicable statutory authority.

### **§608.821 Collection by offset.**

(a) Collection of a debt by administrative [or salary] offset shall be accomplished in accordance with the provisions of these regulations, of 4 CFR 102.3, and 5 CFR part 550, subpart K. It is not necessary for the debt to be reduced to judgment or to be undisputed for offset to be used.

(b) The Chairman, or designee of the Chairman, may determine that it is feasible to collect a debt to the United States by offset against funds payable to the debtor.

(c) The feasibility of collecting a debt by offset will be determined on a case-by-case basis. This determination shall be made by considering all relevant factors, including the following:

(1) The degree to which the offset can be accomplished in accordance with law. This determination should take into consideration relevant statutory, regulatory, and contractual requirements;

(2) The degree to which the FCA is certain that its determination of the existence and amount of the debt is correct;

(3) The practicality of collecting the debt by offset. The cost, in time and money, of collecting the debt by offset and the amount of money which can reasonably be expected to be recovered through offset will be relevant to this determination; and

(4) Whether the use of offset will substantially interfere with or defeat the purpose of a program authorizing payments against which the offset is contemplated. For example,

under a grant program in which payments are made in advance of the grantee's performance, the imposition of offset against such a payment may be inappropriate.

(d) The collection of a debt by offset may not be feasible when there are circumstances which would indicate that the likelihood of collection by offset is less than probable.

(e) The offset will be effected 31 days after the debtor receives a Notice of Intent to Collect by Administrative Offset (or Notice of Intent to Collect by Salary Offset if the offset is a salary offset), or upon the expiration of a stay of offset, unless the FCA determines under §608.824 that immediate action is necessary.

(f) If the debtor owes more than one debt, amounts recovered through offset may be applied to them in any order. Applicable statutes of limitation would be considered before applying the amounts recovered to any debts owed.

#### **§608.822 Notice requirements before offset.**

(a) Except as provided in §608.824, the FCA will provide the debtor with 30 calendar days' written notice that unpaid debt amounts shall be collected by administrative [or salary] offset (Notice of Intent to Collect by Administrative [or Salary] Offset) before the FCA imposes offset against any money that is to be paid to the debtor.

(b) The Notice of Intent to Collect by Administrative [or Salary] Offset shall be delivered to the debtor by hand or by mail and shall provide the following information:

(1) The amount of the debt, the date it was incurred, and the facts upon which the determination of indebtedness was made;

(2) In the case of an administrative offset, the payment due date, which shall be 30 calendar days from the date of mailing or hand delivery of the Notice;

(3) In the case of a salary offset: (i) The FCA's intention to collect the debt by means of deduction from the employee's current disposable pay account until the debt and all accumulated interest is paid in full; and

(ii) The amount, frequency, proposed beginning date, and duration of the intended deductions;

(4) The right of the debtor to inspect and copy the records of the FCA related to the claim or to receive copies if personal inspection is impractical. The debtor shall be informed that the debtor shall be assessed for the cost of copying the documents in accordance with §608.807;

(5) The right of the debtor to obtain a review of, and to request a hearing, on the FCA's determination of indebtedness, the propriety of collecting the debt by offset, and, in the case of salary offset, the propriety of the proposed repayment schedule (i.e., the percentage of disposable pay to be deducted each pay period). The debtor shall be informed that to obtain a review, the debtor shall deliver a written request for a review to the FCA official named in the Notice, within 15 calendar days after the debtor's receipt of the Notice. In the case of a salary offset, the debtor shall also be informed that the review shall be conducted by an official arranged for by the FCA who shall be a hearing official not under the control of the Chairman of the Farm Credit Administration, or an administrative law judge;

(6) That the filing of a petition for hearing within 15 calendar days after receipt of the Notice will stay the commencement of collection proceedings;

(7) That a final decision on the hearing (if one is requested) will be issued at the earliest practical date, but not later than 60 days after the filing of the written request for review unless the employee requests, and the hearing official grants, a delay in the proceedings;

(8) The right of the debtor to offer to enter into a written agreement with the FCA to repay the amount of the claim. The debtor shall be informed that the acceptance of such an agreement is discretionary with the FCA;

(9) That charges for interest, penalties, and administrative costs shall be assessed against the debtor, in accordance with 31 U.S.C. 3717, if payment is not received by the payment due date. The debtor shall be informed that such assessments must be made unless excused in accordance with the Federal Claims Collection Standards (4 CFR parts 103 and 104);

(10) The amount of accrued interest and the amount of any other penalties or administrative costs which may have been added to the principal debt;

(11) That if the debtor has not entered into an agreement with the FCA to pay the debt, has not requested the FCA to review the debt, or has not paid the debt prior to the date on which the offset is to be imposed, the FCA intends to collect the debt by administrative [or salary] offset or by requesting other Federal agencies for assistance in collecting the debt by offset. The debtor shall be informed that the offset shall be imposed against any funds that might become available to the debtor, until the principal debt and all accumulated interest and other charges are paid in full;

(12) The date on which the offset will be imposed, which shall be 31 calendar days from the date of mailing or hand delivery of the Notice. The debtor shall be informed that the FCA reserves the right to impose an offset prior to this date if the FCA determines that immediate action is necessary;

(13) That any knowingly false or frivolous statements, representations, or evidence may subject the debtor to:

(i) Penalties under the False Claims Act, sections 3729 through 3731 of title 31, United States Code, or any other applicable statutory authority;

(ii) Criminal penalties under sections 286, 287, 1001, and 1002 of title 18, United States Code, or any other applicable statutory authority; and, with regard to employees,

(iii) Disciplinary procedures appropriate under chapter 75 of title 5, United States Code; part 752 of title 5, Code of Federal Regulations, or any other applicable statute or regulation;

(14) The name and address of the FCA official to whom the debtor shall send all correspondence relating to the debt or the offset;

(15) Any other rights and remedies available to the debtor under statutes or regulations governing the program for which the collection is being made;

(16) That unless there are applicable contractual or statutory provisions to the contrary, amounts paid on or deducted for the debt, which are later waived or found not owed to the United States, will be promptly refunded to the employee; and

(17) Other information, as may be appropriate.

(c) When the procedural requirements of this section have been provided to the debtor in connection with the same debt or under some other statutory or regulatory authority, the FCA is not required to duplicate those requirements before effecting offset.

### **§608.823 Right to review of claim.**

(a) If the debtor disputes the claim, the debtor may request a review of the FCA's determination of the existence of the debt, the amount of the debt, the propriety of collecting the debt by offset, and in the case of salary offset, the propriety of the proposed repayment schedule. If only part of the claim is disputed, the undisputed portion should be paid by the payment due date.

(b) To obtain a review, the debtor shall submit a written request for review to the FCA official named in the Notice of Intent to Collect by Administrative [or Salary] Offset within 15 calendar days after receipt of the notice. The debtor's written request for review shall state the basis on which the claim is disputed and shall specify whether the debtor requests an oral hearing or a review of the written record of the claim. If an oral hearing is requested, the debtor shall explain in the request why the matter cannot be resolved by a review of the documentary evidence alone.

(c) The FCA shall promptly notify the debtor, in writing, that the FCA has received the request for review. The FCA shall conduct its review of the claim in accordance with §608.810.

(d) The FCA's review of the claim, under this section, shall include providing the debtor with a reasonable opportunity for an oral hearing if:

(1) An applicable statute authorizes or requires the FCA to consider waiver of the indebtedness, the debtor requests waiver of the indebtedness, and the waiver determination turns on an issue of credibility or veracity; or

(2) The debtor requests reconsideration of the debt and the FCA determines that the question of the indebtedness cannot be resolved by reviewing the documentary evidence; for example, when the validity of the debt turns on an issue of credibility or veracity.

(e) A debtor waives the right to a hearing and will have his or her debt offset in accordance with the proposed offset schedule if the debtor:

(1) Fails to file a written request for review within the timeframe set forth in paragraph (b) of this section, unless the FCA determines that the delay was the result of circumstances beyond his or her control; or

(2) Fails to appear at an oral hearing of which he or she was notified unless the hearing official determines that the failure to appear was due to circumstances beyond the employee's control.

(f) Upon completion of its review of the claim, the FCA shall notify the debtor whether the FCA's determination of the existence or amount of the debt has been sustained, amended, or canceled. The notification shall include a copy of the written decision issued by the hearing official, pursuant to §608.810(e). If the FCA's determination is sustained, this notification shall contain a provision which states that the FCA intends to collect the debt by offset or by requesting other Federal agencies for assistance in collecting the debt.

(g) When the procedural requirements of this section have been provided to the debtor in connection with the same debt or under some other statutory or regulatory authority, the FCA is not required to duplicate those requirements before effecting offset.

#### **§608.824 Waiver of procedural requirements.**

(a) The FCA may impose offset against a payment to be made to a debtor prior to the completion of the procedures required by this part, if:

(1) Failure to impose the offset would substantially prejudice the Government's ability to collect the debt; and

(2) The timing of the payment against which the offset will be imposed does not reasonably permit the completion of those procedures.

(b) The procedures required by this part shall be complied with promptly after the offset is imposed. Amounts recovered by offset, which are later found not to be owed to the Government, shall be promptly refunded to the debtor.

#### **§608.825 Coordinating offset with other Federal agencies.**

(a)(1) Any creditor agency which requests the FCA to impose an offset against amounts owed to the debtor shall submit to the FCA a claim certification which meets the requirements of this paragraph. The FCA shall submit the same certification to any agency that the FCA requests to effect an offset.

(2) The claim certification shall be in writing. It shall certify the debtor owes the debt and that all of the applicable requirements of 31 U.S.C. 3716 and 4 CFR part 102 have been met. If the intended offset is to be a salary offset, a claim certification shall instead certify that the debtor owes the debt and that the applicable requirements of 5 U.S.C. 5514 and 5 CFR part 550, subpart K, have been met.

(3) A certification that the debtor owes the debt shall state the amount of the debt, the factual basis supporting the determination of indebtedness, and the date on which payment of the debt was due. A certification that the requirements of 31 U.S.C. 3716 and 4 CFR part 102 have been met shall include a statement that the debtor has been sent a notice of Intent to Collect by Administrative Offset at least 31 calendar days prior to the date of the intended offset or a statement that pursuant to 4 CFR 102.3(b)(5) said Notice was not required to be sent. A certification that the requirements of 5 U.S.C. 5514 and 5 CFR part 550, subpart K, have been met shall include a statement that the debtor has been sent a Notice of Intent to Collect by Salary Offset at least 31 calendar days prior to the date of the intended offset or a statement that pursuant to 4 CFR 102.3(b)(5) said Notice was not required to be sent.

(b)(1) The FCA shall not effect an offset requested by another Federal agency without first obtaining the claim certification required by paragraph (a) of this section. If the FCA

receives an incomplete claim certification, the FCA shall return the claim certification with notice that a claim certification which complies with the requirements of paragraph (a) of this section must be submitted to the FCA before the FCA will consider effecting an offset.

(2) The FCA may rely on the information contained in the claim certification provided by a requesting creditor agency. The FCA is not authorized to review a creditor agency's determination of indebtedness.

(c) Only the creditor agency may agree to enter into an agreement with the debtor for the repayment of the claim. Only the creditor agency may agree to compromise, suspend, or terminate collection of the claim.

(d) The FCA may decline, for good cause, a request by another agency to effect an offset. Good cause includes that the offset might disrupt, directly or indirectly, essential FCA operations. The refusal and the reasons shall be sent in writing to the creditor agency.

#### **§608.826 Stay of offset.**

(a)(1) When a creditor agency receives a debtor's request for inspection of agency records, the offset is stayed for 10 calendar days beyond the date set for the record inspection.

(2) When a creditor agency receives a debtor's offer to enter into a repayment agreement, the offset is stayed until the debtor is notified as to whether the proposed agreement is acceptable.

(3) When a review is conducted, the offset is stayed until the creditor agency issues a final written decision.

(b) When offset is stayed, the amount of the debt and the amount of any accrued interest or other charges will be withheld from payments to the debtor. The withheld amounts shall not be applied against the debt until the stay expires. If withheld funds are later determined not to be subject to offset, they will be promptly refunded to the debtor.

(c) If the FCA is the creditor agency and the offset is stayed, the FCA will immediately notify an offsetting agency to withhold the payment pending termination of the stay.

#### **§608.827 Offset against amounts payable from Civil Service Retirement and Disability Fund.**

The FCA may request that monies payable to a debtor from the Civil Service Retirement and Disability Fund be administratively offset to collect debts owed to the FCA by the debtor. The FCA must certify that the debtor owes the debt, the amount of the debt, and that the FCA has complied with the requirements set forth in this part, 4 CFR 102.3, and the Office of Personnel Management regulations. The request shall be submitted to the official designated in the Office of Personnel Management regulations to receive the request.

### **Subpart C—Offset Against Salary**

#### **§608.835 Purpose.**

The purpose of this subpart is to implement section 5 of the Debt Collection Act of 1982 (Pub. L. 97-365)(5 U.S.C. 5514), which authorizes the collection of debts owed by Federal employees to the Federal Government by means of salary offsets. These regulations provide

procedures for the collection of a debt owed to the Government by the imposition of a salary offset against amounts payable to a Federal employee as salary. These regulations are consistent with the regulations on salary offset published by the Office of Personnel Management, codified in 5 CFR part 550, subpart K. Since salary offset is a type of administrative offset, this subpart supplements subpart B.

#### **§608.836 Applicability of regulations.**

(a) These regulations apply to the following cases:

- (1) Where the FCA is owed a debt by an individual currently employed by another agency;
- (2) Where the FCA is owed a debt by an individual who is currently employed by the FCA; or
- (3) Where the FCA currently employs an individual who owes a debt to another Federal agency. Upon receipt of proper certification from the creditor agency, the FCA will offset the debtor-employee's salary in accordance with these regulations.

(b) These regulations do not apply to the following:

- (1) Debts or claims rising under the Internal Revenue Code of 1986, as amended (26 U.S.C. 1 *et seq.*); the Social Security Act (42 U.S.C. 301 *et seq.*); the tariff laws of the United States; or to any case where collection of a debt by salary offset is explicitly provided for or prohibited by another statute (e.g., travel advances in 5 U.S.C. 5705 and employee training expenses in 5 U.S.C. 4108).
- (2) Any adjustment to pay arising from an employee's election of coverage or a change in coverage under a Federal benefits program requiring periodic deductions from pay if the amount to be recovered was accumulated over four pay periods or less.
- (3) A claim which has been outstanding for more than 10 years after the creditor agency's right to collect the debt first accrued, unless facts material to the Government's right to collect were not known and could not reasonably have been known by the official or officials charged with the responsibility for discovery and collection of such debts.

#### **§608.837 Definitions.**

In this subpart, the following definitions shall apply:

(a) *Agency* means:

- (1) An executive agency as defined by 5 U.S.C. 105, including the United States Postal Service and the United States Postal Rate Commission;
- (2) A military department as defined in 5 U.S.C. 102;
- (3) An agency or court of the judicial branch, including a court as defined in 28 U.S.C. 610, the District Court for the Northern Mariana Islands, and the Judicial Panel on Multi-district Litigation;
- (4) An agency of the legislative branch, including the United States Senate and the United States House of Representatives; or

(5) Other independent establishments that are entities of the Federal Government.

(b) *Disposable pay* means, for an officially established pay interval, that part of current basic pay, special pay, incentive pay, retired pay, retainer pay, or, in the case of an employee not entitled to basic pay, other authorized pay, remaining after the deduction of any amount required by law to be withheld. The FCA shall allow the deductions described in 5 CFR 581.105 (b) through (f).

(c) *Employee* means a current employee of the FCA or other agency, including a current member of the Armed Forces or Reserve of the Armed Forces of the United States.

(d) *Waiver* means the cancellation, remission, forgiveness, or nonrecovery of a debt allegedly owed by an employee to the FCA or another agency as permitted or required by 5 U.S.C. 5584 or 8346(b), 10 U.S.C. 2774, 32 U.S.C. 716, or any other law.

#### **§608.838 Waiver requests and claims to the General Accounting Office.**

(a) The regulations contained in this subpart do not preclude an employee from requesting a waiver of an overpayment under 5 U.S.C. 5584 or 8346(b), 10 U.S.C. 2774, 32 U.S.C. 716, or in any way questioning the amount or validity of a debt by submitting a subsequent claim to the General Accounting Office in accordance with the procedures prescribed by the General Accounting Office.

(b) These regulations also do not preclude an employee from requesting a waiver pursuant to other statutory provisions pertaining to the particular debts being collected.

#### **§608.839 Procedures for salary offset.**

(a) The Chairman, or designee of the Chairman, shall determine the amount of an employee's disposable pay and the amount to be deducted from the employee's disposable pay at regular pay intervals.

(b) Deductions shall begin within three official pay periods following the date of mailing or delivery of the Notice of Intent to Collect by Salary Offset.

(c)(1) If the amount of the debt is equal to or is less than 15 percent of the employee's disposable pay, such debt should be collected in one lump-sum deduction.

(2) If the amount of the debt is not collected in one lump-sum deduction, the debt shall be collected in installment deductions over a period of time not greater than the anticipated period of employment. The size and frequency of installment deductions will bear a reasonable relation to the size of the debt and the employee's ability to pay. However, the amount deducted from any pay period will not exceed 15 percent of the employee's disposable pay for that period, unless the employee has agreed in writing to the deduction of a greater amount.

(3) A deduction exceeding the 15-percent disposable pay limitation may be made from any final salary payment pursuant to 31 U.S.C. 3716 in order to liquidate the debt, whether the employee is being separated voluntarily or involuntarily.

(4) Whenever an employee subject to salary offset is separated from the FCA and the balance of the debt cannot be liquidated by offset of the final salary check pursuant to 31

U.S.C. 3716, the FCA may offset any later payments of any kind against the balance of the debt.

(d) In instances where two or more creditor agencies are seeking salary offsets against current employees of the FCA or where two or more debts are owed to a single creditor agency, the FCA, at its discretion, may determine whether one or more debts should be offset simultaneously within the 15-percent limitation. Debts owed to the FCA should generally take precedence over debts owed to other agencies.

#### **§608.840 Refunds.**

(a) In instances where the FCA is the creditor agency, it shall promptly refund any amounts deducted under the authority of 5 U.S.C. 5514 when:

(1) The debt is waived or otherwise found not to be owed to the United States (unless expressly prohibited by statute or regulations); or

(2) An administrative or judicial order directs the FCA to make a refund.

(b) Unless required or permitted by law or contract, refunds under this section shall not bear interest.

#### **§608.841 Requesting current paying agency to offset salary.**

(a) To request a paying agency to impose a salary offset against amounts owed to the debtor, the FCA shall provide the paying agency with a claim certification which meets the requirements set forth in §608.825(a). The FCA shall also provide the paying agency with a repayment schedule determined under the provisions of §608.839 or in accordance with a repayment agreement entered into with the debtor.

(b) If the employee separates from the paying agency before the debt is paid in full, the paying agency shall certify the total amount collected on the debt. A copy of this certification shall be sent to the employee and a copy shall be sent to the FCA. If the paying agency is aware that the employee is entitled to payments from the Civil Service Retirement and Disability Fund, or other similar payments, it must provide written notification to the agency responsible for making such payments that the debtor owes a debt (including the amount) and that the provisions of this section have been fully complied with. However, the FCA must submit a properly certified claim to the agency responsible for making such payments before the collection can be made.

(c) When an employee transfers to another paying agency, the FCA is not required to repeat the due process procedures set forth in 5 U.S.C. 5514 and this part to resume the collection. The FCA shall, however, review the debt upon receiving the former paying agency's notice of the employee's transfer to make sure the collection is resumed by the new paying agency.

(d) If a special review is conducted pursuant to §608.811 and results in a revised offset or repayment schedule, the FCA shall provide a new claim certification to the paying agency.

#### **§608.842 Responsibility of the FCA as the paying agency.**

(a) When the FCA receives a claim certification from a creditor agency, deductions should be scheduled to begin at the next officially established pay interval. The FCA shall send the debtor written notice which provides:

- (1) That the FCA has received a valid claim certification from the creditor agency;
- (2) The date on which salary offset will begin;
- (3) The amount of the debt; and
- (4) The amount of such deductions.

(b) If, after the creditor agency has submitted the claim certification to the FCA, the employee transfers to a different agency before the debt is collected in full, the FCA must certify the total amount collected on the debt. The FCA shall send a copy of this certification to the creditor agency and a copy to the employee. If the FCA is aware that the employee is entitled to payments from the Civil Service Retirement Fund and Disability Fund, or other similar payments, it shall provide written notification to the agency responsible for making such payments that the debtor owes a debt (including the amount).

#### **§608.843 Nonwaiver of rights by payments.**

An employee's involuntary payment of all or any portion of a debt being collected under this subpart shall not be construed as a waiver of any rights the employee may have under 5 U.S.C. 5514 or any other provisions of a written contract or law unless there are statutory or contractual provisions to the contrary.

## **Subchapter B—Farm Credit System**

### **PART 609—ELECTRONIC COMMERCE**

#### **Subpart A—General Rules**

##### **§609.905 Background.**

The Farm Credit Administration (FCA) wants to create a flexible regulatory environment that facilitates electronic commerce (E-commerce) and allows Farm Credit System (System) institutions and their customers to use new technologies. System institutions may use E-commerce but must establish good business practices that ensure safety and soundness while doing so.

##### **§609.910 Compliance with the Electronic Signatures in Global and National Commerce Act (Public Law 106-229) (E-SIGN).**

(a) *General.* E-SIGN makes it easier to conduct E-commerce. With some exceptions, E-SIGN permits the use and establishes the legal validity of electronic contracts, electronic signatures, and records maintained in electronic rather than paper form. It governs transactions relating to the conduct of business, consumer, or commercial affairs between

two or more persons. E-commerce is optional; all parties to a transaction must agree before it can be used.

(b) *Consumer transactions.* E-SIGN contains extensive consumer disclosure provisions that apply whenever another consumer protection law, such as the Equal Credit Opportunity Act, requires the disclosure of information to a consumer in writing. Consumer means an individual who obtains, through a transaction, products or services, including credit, used primarily for personal, family, or household purposes. You must follow E-SIGN's specific procedures to make the required consumer disclosures electronically. E-SIGN's special disclosure rules for consumer transactions do not apply to business transactions. Under E-SIGN, some System loans qualify as consumer transactions, while others are business transactions. You will need to distinguish between the two types of transactions to comply with E-SIGN.

(c) *Specific exceptions.* E-SIGN does not permit electronic notification for notices of default, acceleration, repossession, foreclosure, eviction, or the right to cure, under a credit agreement secured by, or a rental agreement for, a person's primary residence. These notices require paper notification. The law also requires paper notification to cancel or terminate life insurance. Thus, System institutions cannot use electronic notification to deliver some notices that must be provided under part 617, subparts A, D, E, and G of this chapter. In addition, E-SIGN does not apply to the writing or signature requirements imposed under the Uniform Commercial Code, other than sections 1-107 and 1-206 and Articles 2 and 2A.

(d) *Promissory notes.* E-SIGN establishes special technological and business process standards for electronic promissory notes secured by real estate. To treat an electronic version of such a promissory note as the equivalent of a paper promissory note, you must conform to E-SIGN's detailed requirements for transferable records. A transferable record is an electronic record that:

- (1) Would be a note under Article 3 of the Uniform Commercial Code if the electronic record were in writing;
- (2) The issuer of the electronic record has expressly agreed is a transferable record; and
- (3) Relates to a loan secured by real property.

(e) *Effect on State and Federal law.* E-SIGN preempts most State and Federal statutes or regulations, including the Farm Credit Act of 1971, as amended (Act), and its implementing regulations, that require contracts or other business, consumer, or commercial records to be written, signed, or in non-electronic form. Under E-SIGN, an electronic record or signature generally satisfies any provision of the Act, or its implementing regulations that requires such records and signatures to be written, signed, or in paper form. Therefore, unless an exception applies or a necessary condition under E-SIGN has not been met, an electronic record or signature satisfies any applicable provision of the Act or its implementing regulations.

(f) *Document integrity and signature authentication.* Each System institution must verify the legitimacy of an E-commerce communication, transaction, or access request. Document integrity ensures that the same document is provided to all parties. Signature authentication proves the identities of all parties. The parties to the transaction may determine how to ensure document integrity and signature authentication.

(g) *Records retention*. Each System institution may maintain all records electronically even if originally they were paper records. The stored electronic record must accurately reflect the information in the original record. The electronic record must be accessible and capable of being reproduced by all persons entitled by law or regulations to review the original record.

[67 FR 16631, Apr. 8, 2002, as amended at 69 FR 10906, Mar. 9, 2004]

#### **§609.915 Compliance with Federal Reserve Board Regulations B, M, and Z.**

The regulations in this part require fair practices and meaningful disclosures for certain lending and leasing activities. System institutions must comply with Federal Reserve Board Regulations B (Equal Credit Opportunity), M (Consumer Leasing), and Z (Truth in Lending) (12 CFR parts 202, 213, and 226).

## **Subpart B—Interpretations and Definitions**

#### **§609.920 Interpretations.**

(a) E-SIGN preempts most statutes and regulations, including the Act and its implementing regulations that require paper copies and handwritten signatures in business, consumer, or commercial transactions. E-SIGN requires that statutes and regulations be interpreted to allow E-commerce as long as the safeguards of E-SIGN are met and its exceptions recognized. Generally, an electronic record or signature satisfies any provision of the Act or its implementing regulations that require such records and signatures to be written, signed, or in paper form.

(b) System institutions may interpret the Act and its implementing regulations broadly to allow electronic transmissions, communications, records, and submissions, as provided by E-SIGN. This means that the terms address, copy, distribute, document, file, mail, notice, notify, record, provide, send, signature, sent, written, writing, and similar words generally should be interpreted to permit electronic transmissions, communications, records, and submissions in business, consumer, or commercial transactions.

#### **§609.925 Definitions.**

We provide the following definitions that apply to the Act and its implementing regulations:

(a) *Electronic* means relating to technology having electrical, digital, magnetic, wireless, optical, electromagnetic, or similar capabilities.

(b) *Electronic communication* means a message that can be transmitted electronically and displayed on equipment as visual text. An example is a message displayed on a personal computer monitor screen. This does not include audio- and voice-response telephone systems.

(c) *Electronic business (E-business) or electronic commerce (E-commerce)* means buying, selling, producing, or working in an electronic medium.

(d) *Electronic mail (E-mail)* means:

(1) To send or submit information electronically; or

(2) A communication received electronically.

(e) *Electronic signature* means an electronic sound, symbol, or process, attached to or logically associated with a contract or other record and executed or adopted by a person with the intent to sign the record. Electronic signature describes a category of electronic processes that can be substituted for a handwritten signature.

## **Subpart C—Standards for Boards and Management**

### **§609.930 Policies and procedures.**

The FCA supports E-commerce and wants to facilitate it and other new technologies and innovations to enhance the efficient conduct of business and the delivery of safe and sound credit and closely related services. Through E-commerce, System institutions can enhance customer service, access information, and provide alternate communication systems. At the same time, E-commerce presents challenges and risks that your board must carefully consider in advance. Before engaging in E-commerce, you must weigh its business risks against its benefits. You must also adopt E-commerce policies and procedures to ensure your institution's safety and soundness and compliance with law and regulations. Among other concerns, the policies and procedures must address, when applicable:

- (a) Security and integrity of System institution and borrower data;
- (b) The privacy of your customers as well as visitors to your Web site;
- (c) Notices to customers or visitors to your Web site when they link to an affiliate or third party Web site;
- (d) Capability of vendor or application providers;
- (e) Business resumption after disruption;
- (f) Fraud and money laundering;
- (g) Intrusion detection and management;
- (h) Liability insurance; and
- (i) Prompt reporting of known or suspected criminal violations associated with E-commerce to law enforcement authorities and FCA under part 612, subpart B of this chapter.

[67 FR 16631, Apr. 8, 2002; 69 FR 42853, July 19, 2004]

### **§609.935 Business planning.**

When engaging in E-commerce, the business plan required under part 618 of this chapter, subpart J, must describe the E-commerce initiative, including intended objectives, business risks, security issues, relevant markets, and legal compliance.

### **§609.940 Internal systems and controls.**

When applicable, internal systems and controls must provide reasonable assurances that System institutions will:

(a) Follow and achieve business plan objectives and policies and procedures requirements regarding E-commerce; and

(b) Prevent and detect material deficiencies on a timely basis.

#### **§609.945 Records retention.**

Records stored electronically must be accurate, accessible, and reproducible for later reference.

## **Subpart D—General Requirements for Electronic Communications**

#### **§609.950 Electronic communications.**

(a) *Agreement.* In accordance with E-SIGN, System institutions may communicate electronically in business, consumer, or commercial transactions. E-commerce transactions require the agreement of all parties when you do business.

(b) *Communications with consumers.* E-SIGN and Federal Reserve Board Regulations B, M, and Z (12 CFR parts 202, 213, and 226) outline specific disclosure requirements for communications with consumers.

(c) *Communications with parties other than consumers.* The consumer disclosure requirements of E-SIGN and of Federal Reserve Board Regulation B (12 CFR part 202) do not apply to your communications with parties other than consumers. (Federal Reserve Board Regulations M and Z (12 CFR parts 213 and 226) apply to consumers only.) Nonetheless, you must ensure that your communications, including those disclosures required under the Act and the regulations in this part, demonstrate good business practices in the delivery of credit and closely related services and in your obtaining goods and services.

#### **§611.100 Definitions.**

The following definitions apply for the purpose of this part:

(a) *Business day* means a day the institution is open for business, excluding the legal public holidays identified in 5 U.S.C. 6103(a).

(b) *FCA* means the Farm Credit Administration.

(c) *Mail ballot* means a ballot cast by regular or electronic mail.

(d) *Online meeting* means a meeting that is conducted over the Internet through the use of mediating technologies, such as online services, computer hardware and software, etc., where technology is used to generate objects and environments that are presented to users through a number of senses (e.g., vision and hearing). The mediating technologies allow people or objects at remote locations to appear locally present or at least allow them to be treated that way during the course of the meeting.

(e) *Online meeting space* means an online environment where Farm Credit institutions can hold stockholder meetings that allow stockholders to communicate, collaborate, and share information. Any stockholder with the necessary technology requirements and access (e.g., password-protected meetings) must be allowed to connect to his or her institution's online meeting space.

#### **§611.110 Meetings of stockholders.**

(a) *Requirement.* Associations must have annual meetings of stockholders for the purpose of conducting annual director elections. Farm Credit banks are encouraged to hold annual or periodic meetings of stockholders. The bylaws of each Farm Credit bank and association must specify the quorum requirements for stockholder meetings. Associations must elect at least one director at each annual meeting, but the vote on the election of a director or directors by mail ballot may only occur in the period following an annual meeting. An online meeting space may be used in addition to a physical meeting space to conduct a stockholders' meeting or director election. A physical meeting space must always exist for association meetings involving director elections and other stockholders' votes.

(b) *Notice.* Each association, and those Farm Credit banks holding annual meetings, must issue an Annual Meeting Information Statement in accordance with the requirements of §§620.20 and 620.21 of this chapter.

(c) *Online meeting.* Each Farm Credit bank and association using an online meeting space as part of a meeting or election must have policies and procedures in place addressing how the online meeting space will be accessed and used by participants. The policies and procedures must specifically identify any technological adaptations necessary to address the confidentiality and security in voting requirements of §611.340.

## **Subpart B—Bank and Association Board of Directors**

Source: 71 FR 5761, Feb. 2, 2006, unless otherwise noted.

### **§611.210 Director qualifications and training.**

(a) *Qualifications.* (1) Each bank and association board of directors must establish and maintain a policy identifying desirable director qualifications. The policy must explain the type and level of knowledge and experience desired for board members, explaining how the desired qualifications were identified. The policy must be periodically updated and provided to the institution's nominating committee.

(2) Each Farm Credit institution board must have a director who is a financial expert. Boards of directors for associations with \$500 million or less in total assets as of January 1 of each year may satisfy this requirement by retaining an advisor who is a financial expert. The financial advisor must report to the board of directors and be free of any affiliation with the external auditor or institution management. A financial expert is one recognized as having education or experience in: Accounting, internal accounting controls, or preparing or reviewing financial statements for financial institutions or large corporations consistent with the breadth and complexity of accounting and financial reporting issues that can reasonably be expected to be raised by the institution's financial statements.

(b) *Training.* Each bank and association board of directors must establish and maintain a policy for director training that includes appropriate implementing procedures. The policy must identify training areas supporting desired director qualifications. Each Farm Credit bank and association must require newly elected or appointed directors to complete director orientation training within 1 year of assuming their position and require incumbent directors to attend training periodically to advance their skills.

### **§611.220 Outside directors.**

(a) *Eligibility, number and term—*(1) *Eligibility.* No candidate for an outside director position may be a director, officer, employee, agent, or stockholder of an institution in the Farm Credit System. Farm Credit banks and associations must make a reasonable effort to select outside directors possessing some or all of the desired director qualifications identified pursuant to §611.210(a) of this part.

(2) *Number.* Stockholder-elected directors must constitute at least 60 percent of the members of each institution's board.

(i) Each Farm Credit bank must have at least two outside directors.

(ii) Associations with total assets exceeding \$500 million as of January 1 of each year must have no fewer than two outside directors on the board. However, this requirement does not apply if it causes the percent of stockholder-elected directors to be less than 75 percent of the board.

(iii) Associations with \$500 million or less in total assets as of January 1 of each year must have at least one outside director.

(3) *Terms of office.* Banks and associations may not establish a different term of office for outside directors than that established for stockholder-elected directors.

(b) *Removal.* Each institution must establish and maintain procedures for removal of outside directors. When the removal of an outside director is sought before the expiration of the outside director's term, the reason for removal must be documented. An institution's director removal procedures must allow for removal of an outside director by a majority vote of all voting stockholders voting, in person or by proxy, or by a two-thirds majority vote of the full board of directors. The outside director subject to the removal action is prohibited from voting in his or her own removal action.

### **§611.310 Eligibility for membership on bank and association boards and subsequent employment.**

(a) No person shall be eligible for membership on a bank or association board who is or has been, within 1 year preceding the date the term of office begins, a salaried officer or employee of any bank or association in the System.

(b) No bank or association director shall be eligible to continue to serve in that capacity and his or her office shall become vacant if after election as a member of the board, he or she becomes legally incompetent or is convicted of any criminal offense involving dishonesty or breach of trust or held liable in damages for fraud.

(c) No bank director shall, within 1 year after the date when he or she ceases to be a member of the board, serve as a salaried officer or employee of such bank, or any association with which the bank has a discount or agent relationship.

(d) No director of an association shall, within 1 year after he or she ceases to be a member of the board, serve as a salaried officer or employee of such association.

(e) No person shall be eligible for membership on a Farm Credit bank or association board of directors in the same election cycle for which the Farm Credit institution's nominating committee is identifying candidates if that person was elected to serve on that institution's nominating committee and attended any meeting called by the nominating committee.

(f) Out-of-territory borrowers who hold voting stock in the association may serve as association directors unless prohibited by the association's bylaws. If an association's bylaws prohibit it, that association must inform, in writing and at the time of loanmaking, each out-of-territory borrower that out-of-territory borrowers may not serve as directors.

[53 FR 50392, Dec. 15, 1988, as amended at 54 FR 37095, Sept. 7, 1989; 75 FR 18740, Apr. 12, 2010]

**§611.320 Impartiality in the election of directors.**

(a) Each Farm Credit institution shall adopt policies and procedures that are designed to assure that the elections of board members are conducted in an impartial manner.

(b) No employee or agent of a Farm Credit institution shall take any part, directly or indirectly, in the nomination or election of members to the board of directors of a Farm Credit institution, or make any statement, either orally or in writing, which may be construed as intended to influence any vote in such nominations, or elections. This paragraph shall not prohibit employees or agents from providing biographical and other similar information or engaging in other activities pursuant to policies and procedures for nominations and elections. This paragraph does not affect the right of an employee or agent to nominate or vote for stockholder-elected directors of an institution in which the employee or agent is a voting member.

(c) No property, facilities, or resources, including information technology and human or financial resources, of any Farm Credit institution shall be used by any candidate for nomination or election or by any other person for the benefit of any candidate for nomination or election, unless the same property, facilities, or resources are simultaneously available and made known to be available for use by all declared candidates, including floor nominees. For the limited purpose of Farm Credit bank board elections, each Farm Credit bank may allow its stockholder-associations to use stockholder-association property, facilities, or resources in support of bank director candidates. Any Farm Credit bank permitting this activity by its stockholder-associations must have a policy in place approved by its board of directors establishing reasonable standards that stockholder-associations must follow, and those standards must give appropriate consideration to the various sizes of stockholder-associations within a bank's district and include a maximum amount that a stockholder-association may expend in support of a bank director candidate.

(d) No director, employee, or agent of a Farm Credit institution shall, for the purpose of furthering the interests of any candidates for nomination or election, furnish or make use of records that are not made available for use by all declared candidates.

(e) No Farm Credit institution may in any way distribute or mail, whether at the expense of the institution or another, any campaign materials for director candidates. Institutions may request biographical information, as well as the disclosure information required under §611.330, from all declared candidates who certify that they are eligible, restate such information in a standard format, and distribute or mail it with ballots or proxy ballots.

(f) No director of a Farm Credit institution shall, in his or her capacity as a director, make any statement, either orally or in writing, which may be construed as intending to influence any vote in that institution's director nominations or elections. This paragraph shall not prohibit director candidates from engaging in campaign activities on their own behalf.

[53 FR 50392, Dec. 15, 1988, as amended at 71 FR 5761, Feb. 2, 2006; 75 FR 18740, Apr. 12, 2010]

### **§611.325 Bank and association nominating committees.**

Each Farm Credit bank and association may have only one nominating committee in any one election cycle. Each Farm Credit bank and association's board of directors must establish and maintain policies and procedures on its nominating committee, describing the formation, composition, operation, resources, and duties of the committee, consistent with current laws and regulations. Each nominating committee must conduct itself in the impartial manner prescribed by the policies and procedures adopted by its institution under §611.320 and this section.

(a) *Composition.* The voting stockholders of each bank and association must elect a nominating committee of no fewer than three members. Unless prohibited by association bylaws, out-of-territory borrowers who hold voting stock may serve as members of an association's nominating committee. If an association's bylaws prohibit it, that association must inform, in writing and at the time of loanmaking, each out-of-territory borrower that out-of-territory borrowers may not serve on the association's nominating committee.

(b) *Election.* Farm Credit banks and associations may use in-person (including use of an online medium and proxy ballots) or mail balloting procedures to elect a nominating committee.

(1) Farm Credit banks and associations must provide voting stockholders the opportunity to vote on the candidates for each nominating committee position.

(2) Association nominating committee members may only be elected to a 1-year term. Farm Credit Banks must use weighted voting, with no cumulative voting permitted, when electing members to serve on a nominating committee. Farm Credit banks and associations may permit nominating committee members to be re-nominated and stand for re-election to serve successive terms.

(c) *Conflicts of interest.* No individual may serve on a nominating committee who, at the time of election to, or during service on, a nominating committee, is an employee, director, or agent of that bank or association. A nominating committee member may not be a candidate for election to the board in the same election for which the committee is identifying nominees. A nominating committee member may resign from the committee to run for election to the board only if the individual did not attend any nominating committee meeting.

(d) *Responsibilities.* It is the responsibility of each nominating committee to identify, evaluate, and nominate candidates for stockholder election to a Farm Credit bank or association board of directors. A nominating committee's responsibilities are limited to the following:

(1) Nominate individuals who the committee determines meet the eligibility requirements to run for open director positions. The committee must endeavor to ensure representation from all areas of the Farm Credit bank's or association's territory and, as nearly as possible, all types of agriculture practiced within the territory.

(2) Evaluate the qualifications of the director candidates. The evaluation process must consider whether there are any known obstacles preventing a candidate from performing the duties of the position.

(3) Nominate at least two candidates for each director position being voted on by stockholders. If two nominees cannot be identified, the nominating committee must provide written explanation to the existing board of the efforts to locate candidates or the reasons for disqualifying any other candidate that resulted in fewer than two nominees.

(4) Maintain records of its meetings, including a record of attendance at meetings.

(5) Identify, evaluate, and nominate eligible individuals for service on the next nominating committee, if permitted by the institution.

(e) *Resources.* Each Farm Credit bank and association must provide its nominating committee reasonable access to administrative resources in order for the committee to perform its duties. Each Farm Credit bank and association must, at a minimum, provide its nominating committee with FCA regulations and guidance on nominating committees, a current list of stockholders, the most recent bylaws, the current director qualifications policy, and a copy of the policies and procedures that the bank or the association has adopted pursuant to §611.320(a) ensuring impartial elections. On the request of the nominating committee, the institution must also provide a summary of the current board self-evaluation. The bank or association may require a pledge of confidentiality by committee members prior to releasing evaluation documents.

[75 FR 18741, Apr. 12, 2010]

**§611.326 Floor nominations for open Farm Credit bank and association director positions.**

(a) Each floor nominee must be eligible for the director position for which the person has been nominated.

(b)(1) Voting stockholders of associations must be allowed to make floor nominations for every open stockholder-elected director position. Associations using only mail ballots must allow nominations from the floor at every session of an annual meeting. Associations permitting stockholders to cast votes during annual meetings may only allow nominations from the floor at the first session of the annual meeting.

(2) If floor nominations are permitted by a Farm Credit bank's election policies and procedures, voting stockholders must be allowed to make floor nominations for every open stockholder-elected director position and a physical meeting space must exist. Before every director election by a Farm Credit bank, the bank must inform voting stockholders whether floor nominations will be accepted.

(c) Each association's board of directors must adopt policies and procedures for making and accepting floor nominations of candidates to stand for election to its board of directors. Each Farm Credit bank's board of directors allowing nominations from the floor must also adopt policies and procedures for making and accepting floor nominations. Policies and procedures for floor nominations must, at a minimum, provide that:

(1) Floor nominations may only be made after the nominating committee has provided its list of director-nominees.

(2) No more than a second by a voting stockholder to a nomination from the floor is required. After receiving a floor nomination, the floor nominee must state if he or she accepts the nomination.

(3) Floor nominees must make the disclosures required by §611.330 of this part.

[75 FR 18741, Apr. 12, 2010]

**§611.330 Disclosures of Farm Credit bank and association director-nominees.**

(a) Each Farm Credit bank and association's board of directors must adopt policies and procedures that ensure a disclosure statement is prepared by each director-nominee. At a minimum, each disclosure statement for each nominee must:

(1) State the nominee's name, city and state of residence, business address if any, age, and business experience during the last 5 years, including each nominee's principal occupation and employment during the last 5 years.

(2) List all business interests on whose board of directors the nominee serves or is otherwise employed in a position of authority and state the principal business in which the business interest is engaged.

(3) Identify any family relationship of the nominee that would be reportable under part 612 of this chapter if elected to the institution's board.

(b)(1) Floor nominees who are not incumbent directors must provide to the Farm Credit bank or association the information referred to in this section and in §620.6(e) and (f) of this chapter. The information must be provided in either paper or electronic form within the time period prescribed by the institution's bylaws or policies and procedures. If the institution does not have a prescribed time period, each floor nominee must provide this information to the institution within 5 business days of the nomination. If stockholders will not vote solely by mail ballot upon conclusion of the meeting, each floor nominee must provide the information at the first session at which voting is held.

(2) For each nominee who is not an incumbent director or a nominee from the floor, the nominee must provide the information referred to in this section and in §620.6(e) and (f) of this chapter.

(c) Each Farm Credit bank and association must distribute director-nominee disclosure information to all stockholders eligible to vote in the election. Institutions may either restate such information in a standard format or provide complete copies of each nominee's disclosure statement.

(1) Disclosure information for each director-nominee must be provided as part of the Annual Meeting Information Statement (AMIS) issued for director elections in accordance with §620.21(b) of this chapter.

(2) Disclosure information for each director-nominee must be distributed or mailed with ballots or proxy ballots. Farm Credit banks and associations must ensure that the disclosure information on floor nominees is provided to voting stockholders by delivering ballots for the election of directors in the same format as the comparable information contained in the AMIS.

(d) No person may be a nominee for director who does not make the disclosures required by this section.

[75 FR 18742, Apr. 12, 2010, as amended at 77 FR 60596, Oct. 3, 2012]

### **§611.340 Confidentiality and security in voting.**

(a) Each Farm Credit bank and association's board of directors must adopt policies and procedures that:

(1) Ensure the security of all records and materials related to a stockholder vote including, but not limited to, ballots, proxy ballots, and other related materials.

(2) Ensure that ballots and proxy ballots are provided only to stockholders who are eligible to vote as of the record date set for the stockholder vote.

(3) Provide for the establishment of a tellers committee or an independent third party who will be responsible for validating ballots and proxies and tabulating voting results. A tellers committee may only consist of voting stockholders who are not employees, directors, director-nominees, or members of that election cycle's nominating committee.

(4) Ensure that a list of eligible voting stockholders (or identity codes of eligible voting stockholders) as of the voting record date is provided to the tellers committee or independent third party that will be tabulating the vote to ensure the validity of the votes cast. A small number of specifically authorized administrative employees of the institution may assist the tellers committee in such verifications, provided the institution implements procedures to ensure the confidentiality and security of the information made available to the employees. If an institution is using a tellers committee, verification of voter eligibility must be done separate and apart from the opening and tabulating of the actual ballots and may be done in advance of the vote tabulation, any time after the list of eligible voting stockholders has been provided to the tellers committee.

(5) Ensure that all information and materials regarding how or whether an individual stockholder has voted remain confidential, including protecting the information from disclosure to the institution's directors, stockholders, or employees, or any other person except:

(i) A duly appointed tellers committee;

(ii) A small number of specifically authorized administrative employees assisting the tellers committee by validating stockholders' eligibility to vote;

(iii) An independent third party tabulating the vote; or

(iv) The Farm Credit Administration.

(b) No Farm Credit bank or association may use signed ballots in stockholder votes. A bank or association may use balloting procedures, such as an identity code, that can be used to identify whether an individual stockholder is eligible to vote or has previously submitted a vote. In weighted voting, the votes must be tabulated by an independent third party.

(c) An independent third party or each member of the tellers committee that tabulates the votes, and any administrative employees assisting the tellers committee in verifying stockholder eligibility to vote, must sign a certificate declaring that such party, member, or employee will not disclose to any person (including the institution, its directors, stockholders, or employees) any information about how or whether an individual stockholder has voted, except that the information must be disclosed to the Farm Credit Administration, if requested.

(d) Once a Farm Credit bank or association receives a ballot, the vote of that stockholder is final, except that a stockholder may withdraw a proxy ballot before balloting begins at a stockholders' meeting. A Farm Credit bank or association may give a stockholder voting by proxy an opportunity to give voting discretion to the proxy of the stockholder's choice, provided that the proxy is also a stockholder eligible to vote.

(e) Ballots and proxy ballots must be safeguarded before the time of distribution or mailing to voting stockholders and after the time of receipt by the bank or association until disposal. When stockholder meetings are held for the purpose of conducting elections or other votes, only proxy ballots may be accepted prior to any or all sessions of the stockholders' meeting and mail ballots may only be distributed after the conclusion of the meeting. In an election of directors, ballots, proxy ballots, and election records must be retained at least until the end of the term of office of the director. In other stockholder votes, ballots, proxy ballots, and records must be retained for at least 3 years after the vote.

(f) An institution and its officers, directors, and employees may not make any public announcement of the results of a stockholder vote before the tellers committee or independent third party has validated the results of the vote.

[80 FR 30335, May 28, 2015]

#### **§611.350 Application of cooperative principles to the election of directors.**

In the election of directors, each Farm Credit institution shall comply with the following cooperative principles as well as those set forth in §615.5230 of this chapter, unless otherwise required by statute or regulation.

(a) Each voting stockholder of an association or bank for cooperatives has only one vote, regardless of the number of shares owned or the number of loans outstanding. Each voting stockholder-association of a Farm Credit Bank has only one vote that is assigned a weight proportional to the number of that association's voting stockholders. Each voting stockholder of an agricultural credit bank has only one vote, unless another voting scheme has been approved by the Farm Credit Administration.

(b) If an association apportions its territory into geographic regions for director nomination or election purposes, out-of-territory voting stockholders must be assigned to a geographic region.

(c) All voting stockholders of a Farm Credit institution have the right to vote in any stockholder vote to remove any director.

[75 FR 18742, Apr. 12, 2010]

#### **§611.360 [Reserved]**

### **Subpart D—Compensation Practices of Farm Credit Banks and Associations**

#### **§611.400 Compensation of bank board members.**

(a) Farm Credit banks are authorized to pay fair and reasonable compensation to directors for services performed in an official capacity at a rate not to exceed the level established in

section 4.21 of the Farm Credit Act of 1971, as amended, unless the FCA determines that such a level adversely affects the safety and soundness of the institution.

(b) The bank director compensation level established in section 4.21 of the Act shall be adjusted to reflect changes in the Consumer Price Index (CPI) for all urban consumers, as published by the Bureau of Labor Statistics, in the following manner: Current year's maximum compensation = Prior year's maximum compensation adjusted by the prior year's annual average percent change in the CPI for all urban consumers. Adjustments will be made to the bank director statutory compensation limit beginning from October 28, 1992 (the date of enactment of the Farm Credit Banks and Associations Safety and Soundness Act of 1992). Additionally, each year the FCA will communicate the CPI adjusted bank director statutory compensation limit.

(c)(1) A Farm Credit bank is authorized to pay a director up to 30 percent more than the statutory compensation limit in exceptional circumstances where the director contributes extraordinary time and effort in the service of the bank and its shareholders.

(2) Banks must document the exceptional circumstances justifying additional director compensation. The documentation must describe:

(i) The exceptional circumstances justifying the additional director compensation, including the extraordinary time and effort the director devoted to bank business; and

(ii) The amount and the terms and conditions of the additional director compensation.

(d) Each bank board shall adopt a written policy regarding compensation of bank directors. The policy shall address, at a minimum, the following areas:

(1) The activities or functions for which attendance is necessary and appropriate and may be compensated, except that a Farm Credit bank shall not compensate any director for rendering services on behalf of any other Farm Credit System institution or a cooperative of which the director is a member, or for performing other assignments of a non-official nature;

(2) The methodology for determining each director's rate of compensation; and

(3) The exceptional circumstances under which the board would pay additional compensation for any of its directors as authorized by paragraph (c) of this section.

(e) Directors may also be reimbursed for reasonable travel, subsistence, and other related expenses in accordance with the bank's policy.

(e) Upon receipt of preliminary approval by the FCA, each constituent association must, by written notice, and in accordance with its bylaws, call a meeting of its voting stockholders. The affirmative vote of a majority of the voting stockholders of each association present and voting or voting by written proxy at a meeting at which a quorum is present is required for stockholder approval of a territory transfer.

(f) Notice of the meeting to consider and act upon a proposed territory transfer must be accompanied by the following information covering each constituent association:

(1) A statement either on the first page of the materials or on the notice of the stockholders' meeting, in capital letters and bold face type, that:

THE FARM CREDIT ADMINISTRATION HAS NEITHER APPROVED NOR PASSED UPON THE ACCURACY OR ADEQUACY OF THE INFORMATION ACCOMPANYING THE NOTICE OF MEETING OR PRESENTED AT THE MEETING AND NO REPRESENTATION TO THE CONTRARY SHALL BE MADE OR RELIED UPON.

(2) A copy of the Agreement to Transfer Territory and a summary of the major provisions of the Agreement;

(3) The reason the territory transfer is proposed;

(4) A map of the association's territory as it would look after the transfer;

(5) A summary of the differences, if any, between the transferor and transferee associations' interest rates, interest rate policies, collection policies, service fees, bylaws, and any other items of interest that would impact a borrower's lending relationship with the institution;

(6) A statement that all loans of the transferor association that finance operations located in the transferred territory will be transferred to the transferee association except as otherwise provided for in this section or in accordance with agreements between the associations as provided for in §614.4070;

(7) Where proxies are to be solicited, a form of written proxy, together with instructions on the purpose and authority for its use, and the proper method for signature by the stockholders; and

(8) A statement that the associations' bylaws, financial statements for the previous 3 years, and any financial information prepared by the associations concerning the proposed transfer of territory are available on request to the stockholders of any association involved in the transaction.

(g) No Farm Credit institution, or director, officer, employee, agent, or other person participating in the conduct of the affairs thereof, may make any untrue or misleading statement of a material fact, or fail to disclose any material fact necessary under the circumstances to make statements made not misleading, to a stockholder of any Farm Credit institution in connection with a territory transfer.

(h) Upon approval of a proposed territory transfer by the stockholders of the constituent associations, a certified copy of the stockholders' resolution for each constituent association and one executed Agreement to Transfer Territory must be forwarded to the FCA. The territory transfer will be effective when thereafter finally approved and on the date as specified by the FCA. Notice of final approval will be transmitted to the associations and a copy provided to the bank.

(i) No director, officer, employee, agent, or other person participating in the conduct of the affairs of a Farm Credit institution may make an oral or written representation to any person that a preliminary or final approval by the FCA of a territory transfer constitutes, directly or indirectly, a recommendation on the merits of the transaction or an assurance concerning the adequacy or accuracy of any information provided to any association's stockholders in connection therewith.

(j) When a Farm Credit institution, or any of its employees, officers, directors, agents, or other persons participating in the conduct of the affairs thereof, make disclosures or

representations that, in the judgment of the FCA, are incomplete, inaccurate, or misleading in connection with a territory transfer, whether or not such disclosure or representation is made in disclosure statements required by this subpart, such institution must make such additional or corrective disclosure as directed by the FCA and as is necessary to provide stockholders and the general public with full and fair disclosure.

(k) The notice and accompanying information required under paragraph (f) of this section may not be sent to stockholders until preliminary approval of the territory transfer has been granted by the FCA.

(l) Where a territory transfer is proposed simultaneously with a merger or consolidation, both transactions may be voted on by stockholders at the same meeting. Only stockholders of a transferee or transferor association may vote on a territory transfer.

(m) Each borrower whose real estate or operations is located in a territory that will be transferred must be provided with a written Notice of Territory Transfer immediately after the FCA has granted final approval of the territory transfer. The Notice must inform the borrower of the transfer of the borrower's loan to the transferee association and the exchange of related equities for equities of like kinds and amounts in the transferee association. If a like kind of equity is not available in the transferee association, similar equities must be offered that will not adversely affect the interest of the owner. The Notice must give the borrower 60 days from the effective date of the territory transfer to notify the transferor association in writing if the borrower decides to stay with the transferor association for normal servicing until the current loan is paid. Any application by the borrower for renewal or for additional credit must be made to the transferee association, except as otherwise provided for by an agreement between associations in accordance with §614.4070.

(n) This section does not apply to territory transfers initiated by order of the FCA or to territory transfers due to the liquidation of the transferor association.

(o) Where a proposed action involves the transfer of a portion of an association's territory to an association operating in a different district, such proposal must comply with the provisions of this section and section 5.17(a) of the Act.

#### **§611.1125 Treatment of associations not approving districtwide mergers.**

(a) *Issuance of charters.* When issuing charters or certificates of territory for districtwide mergers or consolidations of associations, the FCA will not issue any charters or certificates of territory that include the territory of one or more associations whose stockholders voted to disapprove the merger or consolidation.

(b) A funding bank must not take any of the following actions with respect to an association that has determined to not participate in a districtwide merger or consolidation:

(1) Discriminate in the provision of any financial service and assistance, including, but not limited to, access to loan funds and rates of interest on loans and discounts offered by the funding bank to associations and their member/borrowers;

(2) Discriminate in the provision of any related services that are offered by the funding bank to associations and their member/borrowers;

(3) Discriminate in the provision of any professional assistance that may be normally provided by the funding bank to associations; or

(4) Discriminate in the provision of any technical assistance that may be normally provided by the funding bank to associations.

(c) This regulation does not prohibit a funding bank from taking any action with respect to an association, including, but not limited to, charging different rates of interest or different prices for services, or declining to provide financial assistance; provided that any such action is fully documented and based on an objective analysis of applicable criteria that are uniformly and consistently applied by the funding bank to all associations in the district.

#### **§611.1126 Reconsiderations of mergers and consolidations.**

(a) Voting stockholders have the right to reconsider their approval of a merger or consolidation, provided that a petition is filed with the FCA. The petition must be signed by 15 percent of the stockholders (who were eligible to vote on the merger or consolidation proposal) of one or more of the constituent associations. The reconsideration petition must be filed with the FCA within 35 days after the date when the association mailed the notification of the final results of the stockholder vote pursuant to §611.1122(h).

(b) Voting stockholders that intend to file a reconsideration petition have a right to obtain from the association of which they are a voting stockholder the voting record date list used by that association for the merger or consolidation vote. The association must provide the voting record date list as soon as possible, but not later than 7 days after receipt of the request. The list must be provided pursuant to the provisions of §618.8310(b) of this chapter.

(c) A reconsideration petition must be addressed to the Secretary of the FCA Board and filed with the FCA on or before the deadline described in paragraph (a) of this section. Reconsideration petitions must identify a contact person and provide contact information for that person.

(1) Filing of a reconsideration petition may only be accomplished through in-person delivery during normal business hours to any FCA employee in official duty status or by sending the petition by mail, facsimile, electronic transmission, carrier delivery, or other similar means to an FCA office.

(2) The FCA will use the postmark, ship date, electronic stamp, or similar evidence as the date of filing the reconsideration petition.

(d) The FCA will notify the named contact on the reconsideration petition whether the petition was filed on time. On the timely receipt of a reconsideration petition, the FCA will review the petition to determine whether it complies with the requirements of section 7.9 of the Act. Following a determination that the petition was timely filed and complies with applicable requirements, the FCA will give notice to the associations involved in the merger or consolidation for which the reconsideration petition was filed. The associations are not entitled to either a copy of the petition or the names of the petitioners.

(e) Following FCA notification that a reconsideration petition has been properly filed, a special stockholders meeting must be called by the association(s) to reconsider the merger or consolidation vote. The reconsideration vote must be conducted according to the merger and consolidation voting requirements of §611.1122(d). If a majority of the stockholders voting, in person or by proxy, at a duly authorized stockholders' meeting from any one of the constituent associations vote against the merger or consolidation under the reconsideration vote, the merger or consolidation will not take place. In the event that the merger or consolidation is approved on reconsideration, the constituent associations must use the second effective date developed under §611.1122(g)(1).

## **Subpart H—Rules for Inter-System Fund Transfers**

### **§611.1130 Inter-System transfer of funds and equities.**

(a) Section 5.17(a)(6) of the Act authorizes the FCA to regulate the borrowing, repayment, and transfer of funds and equities between institutions of the System, including banks, associations, and service corporations chartered under the Act. This section sets forth the circumstances and procedures under which the FCA may direct such a transfer of funds and equities based on its determination with respect to the financial condition of one or more institutions of the System. For purposes of this section, the term “bond” refers to long-term notes, bonds, debentures, or other similar obligations, or short-term discount notes issued by one or more banks pursuant to section 4.2 of the Act.

(b) The FCA may direct a transfer of funds or equities by one or more banks of the System to another bank of the System where it determines that:

(1) The receiving institution will not be able to make payments of principal or interest on bonds for which it is primarily liable within the meaning of section 4.4(a) of the Act; or

(2) The common or preferred stock, participation certificates, or allocated equities of the receiving institution have a book value less than their par or stated values; or

(3) The total bonds outstanding for which the receiving institution is primarily liable exceed 20 times the combined capital and surplus accounts of the bank; or

(4) Based on application to it of one or more of the following ratios, the receiving institution is not financially viable in that it will not be able to continue to extend new or additional credit or financial assistance to its eligible borrowers:

(i) The ratio of stock to earned net worth (including legal reserve, unallocated and reserved surplus, undistributed earnings, and allowance for losses) exceeds 2 to 1;

(ii) The ratio of the outstanding bonds to capital and surplus exceeds 15 to 1;

(iii) Nonearning assets (any noninterest-bearing assets, including but not limited to cash, noninterest-earning loans, net fixed assets, other property owned, accrued interest receivable, and accounts receivable) exceed 15 percent of total assets;

(iv) Lendable net worth (interest-earning assets less interest-bearing liabilities) is zero or less.

(c) The FCA may direct a transfer of funds or equities between two or more Federal land bank associations or two or more production credit associations in district where it determines that such transfer:

(1) Is necessary to provide financial support to the district bank in which those associations are stockholders based on application of the criteria to the bank as set forth in paragraph (b) of this section; or

(2) Is necessary to provide financial support to one or more other like associations in the district based on application of the criteria set forth in paragraph (b)(2) or (b)(4) of this section to the associations, provided that in applying paragraph (b)(4)(ii) of this section the ratio of outstanding indebtedness to capital and surplus of the receiving association(s) shall not exceed 9 to 1; or

(3) Is an integral part of a plan that has been adopted by other institutions of the System, and approved by the FCA, under which those institutions will extend financial assistance to the district bank in which those associations are stockholders.

(d) A direction by the FCA for a transfer of funds or equities pursuant to this section shall be signed by the Chairman and shall establish the amount, timing, duration, repayment, and other terms of assessments necessary to accomplish such transfer, taking into consideration the financial condition of each institution to be assessed. Where the FCA directs a transfer of funds or equities between associations under paragraph (c) (1) or (2) of this section, it may authorize the district bank in which such associations are stockholders to accomplish the necessary assessments through debits and credits to the accounts of the bank.

(6) Any agreements between the organizing banks and associations relating to the organization or the operation of the corporation; and

(7) Any other supporting documentation that we may request.

(d) *What will we do with your application?* If we approve your completed application, we will issue a charter for your service corporation as a corporate body and a federally chartered instrumentality. We may condition the issuance of a charter, including imposing minimum capital requirements, as we deem appropriate. For good cause, we may deny your application.

(e) *Once your service corporation is formed, how are its articles of incorporation amended?* Your service corporation's articles of incorporation may be amended in either of two ways:

(1) The board of directors of the corporation may request that we amend the articles of incorporation by sending us a certified resolution of the board of directors of the service corporation that states the:

(i) Section(s) to be amended;

(ii) Reason(s) for the amendment;

(iii) Language of the articles of incorporation provision, as amended; and

(iv) Requisite shareholder approval has been obtained. The request will be subject to our approval as stated in paragraphs (a) and (c) of this section.

(2) We may at any time make any changes in the articles of incorporation of your service corporation that are necessary and appropriate for the accomplishment of the purposes of the Act.

(f) *When your service corporation issues equities, what are the disclosure requirements?* Your service corporation must provide the disclosures described in §615.5255 of this chapter.

## **Subpart J—Unincorporated Business Entities**

Source: 78 FR 31831, May 28, 2013, unless otherwise noted.

### **§611.1150 Purpose and scope.**

(a) *Purpose.* This subpart sets forth the parameters for one or more Farm Credit System (System) institutions to organize or invest in an Unincorporated Business Entity (UBE) in accordance with the Farm Credit Act of 1971, as amended (Act).

(b) *Scope.* Except as authorized under these regulations, no System institution may manage, control, become a member or partner, or invest in a State-organized or chartered business entity. This subpart applies to each System institution that organizes or invests in a UBE, including a UBE organized for the express purpose of investing in a Rural Business Investment Company. This subpart does not apply to UBEs that one or more System institutions have the authority to establish as Rural Business Investment Companies pursuant to the provisions of title VI of the Farm Security and Rural Investment Act of 2002, as amended (FSRIA) and United States Department of Agriculture regulations implementing FSRIA.

### **§611.1151 Definitions.**

For purposes of this subpart, the following definitions apply:

*Articles of formation* means registration certificates, charters, articles of organization, partnership agreements, membership or trust agreements, operating, administration or management agreements, fee agreements or any other documentation on the establishment, ownership, or operation of a UBE.

*Control* means that one System institution, directly or indirectly, owns more than 50 percent of the UBE's equity *or* serves as the general partner of an LLLP, or constitutes the sole manager or the managing member of a UBE. However, under generally accepted accounting principles (GAAP), the power to control may also exist with a lesser percentage of ownership, for example, if a System institution is the UBE's primary beneficiary, exercises significant influence over the UBE or establishes control under other facts and circumstances in accordance with GAAP. Under this definition, a System institution also will be deemed to have control over the UBE if it exercises decision-making authority in a principal capacity of the UBE as defined under GAAP.

*Equity investment* means a System institution's contribution of money or assets to the operating capital of a UBE that provides ownership rights in return.

*System institution* means each System bank under titles I or III of the Act, each System association under title II of the Act, and each service corporation chartered under section 4.25 of the Act.

*Third-party UBE* means a UBE that is owned or controlled by one or more non-System persons or entities as the term "control" is defined under GAAP.

*UBE* means a Limited Partnership (LP), Limited Liability Partnership (LLP), Limited Liability Limited Partnership (LLLLP), Limited Liability Company (LLC), Business or other Trust Entity (TE), or other business entity established and maintained under State law that is not incorporated under any law or chartered under Federal law.

*UBE business activity* means the services and functions delivered by a UBE for one or more System institutions.

*Unusual and complex collateral* means acquired property that may expose the owner to risks beyond those commonly associated with loans, including, but not limited to, acquired industrial or manufacturing properties where there is increased risk of incurring potential environmental or other liabilities that may accrue to the owners of such properties.

#### **§611.1152 Authority over equity investments in UBEs for business activity.**

(a) *Regulation, supervisory, oversight, examination and enforcement authority.* FCA has regulatory, supervisory, oversight, examination and enforcement authority over each System institution's equity investment in or control of a UBE and the services and functions that a UBE performs for the System institution. This includes FCA's authority to require a System institution's dissolution of, disassociation from, or divestiture of an equity investment in a UBE, or to otherwise condition the approval of equity investments in UBEs.

(b) *Assessing UBE investments and business activity.* In accordance with section 5.15 of the Act, the cost of regulating and examining System institutions' activities involving UBEs will be taken into account when assessing a System institution for the cost of administering the Act.

#### **§611.1153 General restrictions and prohibitions on the use of UBEs.**

(a) *Authorized UBE business activity.* All UBE business activity must be:

(1) Necessary or expedient to the business of one or more System institutions owning the UBE; and

(2) In no instance greater than the functions and services that one or more System institutions owning the UBE are authorized to perform under the Act and as determined by the FCA.

(b) *Circumvention of cooperative principles.* System institutions are prohibited from using UBEs to engage in direct lending activities or any other activity that would circumvent the application of cooperative principles, including borrower rights as described in section 4.14A of the Act, or stock ownership, voting rights or patronage as described in section 4.3A of the Act.

(c) *Transparency and the avoidance of conflicts of interest.* Each System institution must ensure that:

- (1) The UBE is held out to the public as a separate or subsidiary entity;
  - (2) The business transactions, accounts, and records of the UBE are not commingled with those of the System institution; and
  - (3) All transactions between the UBE and System institution directors, officers, employees, and agents are conducted at arm's length, in the interest of the System institution, and in compliance with standards of conduct rules in §§612.2130 through 612.2270.
- (d) *Limit on one-member UBEs.* A UBE owned solely by a single System institution (including between and among a parent agricultural credit association and its production credit association and Federal land credit association subsidiaries and between a parent agricultural credit bank and its subsidiary Farm Credit Bank) as a one-member UBE is limited to the following special purposes:
- (1) Acquiring and managing the unusual or complex collateral associated with loans; and
  - (2) Providing limited services such as electronic transaction, fixed asset, trustee or other services that are integral to the daily internal operations of a System institution.
- (e) *Limit on UBE partnerships.* A System institution operating through a parent-subsidiary structure may not create a UBE partnership between or among the parent agricultural credit association and its production credit association and Federal land credit association subsidiaries or between a parent Agricultural Credit Bank and its Farm Credit Bank subsidiary.
- (f) *Prohibition on UBE subsidiaries.* Except as provided in this paragraph, a System institution may not create a subsidiary of a UBE that it has organized or invested in under this subpart or enable the UBE itself to create a subsidiary or any other type of affiliated entity. A System institution may establish a UBE as a subsidiary of a UBE formed pursuant to paragraph (d)(1) of this section to hold each investor's pro-rata interest in acquired property provided that the loan collateral at issue involves a multi-lender transaction that includes System and non-System lenders.
- (g) *Limit on potential liability.* (1) Each System institution's equity investment in a UBE must be established in a manner that will limit potential exposure of the System institution to no more than the amount of its investment in the UBE.
- (2) A System institution cannot become a general partner of any partnership other than an LLLP.
- (h) *Limit on amount of equity investment in UBEs.* The aggregate amount of equity investments that a single System institution is authorized to hold in UBEs must not exceed one percent of the institution's total outstanding loans, calculated at the time of each investment. On a case-by-case basis, FCA may approve an exception to this limitation that would exceed the one-percent aggregate limit. Conversely, FCA may impose a percentage limit lower than the one-percent aggregate limit based on safety or soundness and other relevant concerns. This one-percent aggregate limit does not apply to equity investments in one-member UBEs formed for acquired property as permitted in paragraph (d)(1) of this section. Any equity investment made in a UBE by a service corporation must be attributed to its System institution owners based on the ownership percentage of each bank or association.

(i) *Prohibition on relationship with a third-party UBE.* A System institution is prohibited from:

(1) Making any equity investment in a third-party UBE except as may be authorized on a case-by-case basis under §615.5140(e) of this chapter for de minimis and passive investments. Such requests would be considered outside of this rule.

(2) Serving as the general partner or manager of a third-party UBE; or

(3) Being designated as the primary beneficiary of a third-party UBE, either alone or with other System institutions.

(j) *Limitation on non-System equity investments.* Non-System persons or entities may not invest in a UBE that is controlled by a System institution except that non-System persons or entities may own 20 percent or less of the equity of a System-controlled UBE organized to deliver services integral to the daily internal operations of a System institution.

(k) *UBEs formed for acquiring and managing collateral.* The provisions of paragraphs (i) and (j) of this section do not apply to UBEs formed for the purpose of acquiring and managing unusual or complex collateral associated with multiple-lender loan transactions in which non-System persons or entities are participants.

#### **§611.1154 Notice of equity investments in UBEs.**

(a) *Applicability.* This notice provision is applicable only to System institutions that wish to make an equity investment in UBEs whose activities are limited to the following purposes:

(1) Acquiring and managing unusual or complex collateral associated with loans;

(2) Providing hail or multi-peril crop insurance services in collaboration with another System institution in accordance with §618.8040 of this chapter; and

(3) Any other UBE business activity that FCA determines to be appropriate for this notice provision.

(b) *Notice requirements.* System institutions must provide written notice to FCA so that the notice is received by FCA no later than 10 business days in advance of making an equity investment in a UBE for authorized UBE business activity described in paragraph (a) of this section. The notice must include:

(1) The UBE's articles of formation, including its name and the State in which it is organized, length of time it will exist, its partners or members, and its management structure;

(2) The dollar amount of the System institution's equity investment in the UBE;

(3) A certified resolution of the System institution's board of directors authorizing the equity investment in, and business activity of, the UBE and the board's approval to submit the notice to the FCA. For UBEs organized to acquire and manage unusual or complex collateral associated with loans as identified in paragraph (a)(1) of this section, the board of directors may adopt a blanket board resolution to cover all such UBEs that the System institution will organize.

(4) Except for those UBEs identified in paragraph (a)(1) of this section, a board statement included with the certified board resolution affirming that the UBE:

- (i) Is needed to achieve operating efficiencies and benefits;
- (ii) Is necessary or expedient to the System institution's business;
- (iii) Will operate with transparency;
- (iv) Will conduct its business activity in a manner designed to prevent conflicts of interest between its purpose and operations and the mission and operations of the System institution(s);
- (v) Will otherwise be in compliance with applicable Federal, State, and local laws; and
- (vi) Will not be used by the System institution to make direct loans; perform any functions or provide any services that the System institution is not authorized to perform or provide under the Act and FCA regulations; or to exceed the stated purpose of the UBE as set forth in its articles of formation.

(5) A letter from the funding bank that it has approved the institution's equity investment in the UBE. For those UBEs organized to acquire and manage unusual or complex collateral associated with loans as identified in paragraph (a)(1) of this section, the funding bank may provide a blanket approval letter to cover all such UBEs that its district associations may invest in or organize.

(6) Any additional information the System institution wishes to submit.

(c) *Supplementation or omission of information.* FCA may require the supplementation or allow the omission of any information required under paragraph (b) of this section.

(d) *Other requirements.* A System institution may not organize or invest in those UBEs identified in paragraph (a) of this section if the FCA notifies the institution before the end of the 10 business day advance notice period that such investment requires FCA approval under the provisions of §611.1155.

#### **§611.1155 Approval of equity investments in UBEs.**

(a) *Request.* System institutions must receive FCA approval before organizing or investing in any UBE that does not qualify for the notice provision set forth in §611.1154(a). A request for approval under this section must include the following information:

- (1) A detailed statement of the risk characteristics of the investment, as required by §615.5140(e) of this chapter and the initial amount of equity investment;
- (2) A detailed statement on the purpose and objectives of the UBE; the need for the UBE and the operating efficiencies and benefits that will be achieved by using the UBE;
- (3) The proposed articles of formation addressing, at a minimum, the following:
  - (i) The UBE's name, the State in which it is organized, the city and State in which its principal office is to be located, and its partners or members and management structure;

- (ii) Specific business activities that the UBE will conduct;
- (iii) General powers of the UBE;
- (iv) Ownership, voting, partnership, membership and operating agreements for the UBE;
- (v) Procedures to adopt and amend the partnership, membership or operating agreement of the UBE;
- (vi) The standards and procedures for the application and distribution of the UBE's earnings; and
- (vii) Length of time the UBE will exist.

(4) A certified resolution of the System institution's board of directors authorizing the equity investment in the UBE and the UBE business activity and the board's approval to submit the request to the FCA. The certified board resolution must include a board statement affirming that the UBE:

- (i) Is necessary or expedient to the System institution's business;
- (ii) Will operate with transparency;
- (iii) Will conduct its business activity in a manner designed to prevent conflicts of interest between its purpose and operations and the mission and operations of the System institution(s);
- (iv) Will comply with applicable Federal, State, and local laws; and
- (v) Will not be used by the System institution to make direct loans; perform any functions or provide any services that the System institution is not authorized to perform or provide under the Act and FCA regulations; or exceed the purpose of the UBE as stated in its articles of formation.

(5) A letter from the funding bank that it has approved the institution's equity investment in the UBE;

(6) Any additional information the System institution wishes to submit.

(b) *Supplementation or omission of information.* FCA may require the supplementation or allow the omission of any information required under paragraph (a) of this section based on the complex or noncomplex nature of the proposed UBE.

(c) *Denial of a request.* The FCA will specify in writing to the submitting System institutions the reasons for denial of any request to organize or invest in a UBE.

### **§611.1156 Ongoing requirements.**

A System institution that organizes or invests in a UBE must also comply with the following requirements:

(a) Maintain and ensure FCA's access to all books, papers, records, agreements, reports and other documents of each UBE necessary to document and protect the institution's interest in each entity;

(b) Divest, as soon as practicable, the institution's equity or beneficial interest in, and sever any relationship with a UBE:

(1) That conducts activities beyond those authorized to carry out its limited purpose or that are contrary to the Act or FCA regulations, or as otherwise directed to do so by FCA; or

(2) Where non-System persons or entities obtain control as defined under GAAP. This paragraph does not apply to UBEs formed for the purpose of acquiring and managing unusual or complex collateral associated with multiple-lender loan transactions in which non-System persons or entities are participants.

#### **§611.1157 Disclosure and reporting requirements.**

(a) *Annual report to shareholders.* In its annual report to shareholders, as set forth in §620.5(a)(12) of this chapter, a System institution must provide information on its UBE investment and business activity.

(b) *Periodic reports as directed.* As directed by FCA, a System institution must submit periodic reports to FCA on any equity investment in a UBE or UBE status as provided under §621.12 of this chapter, and in accordance with §§621.13 and 621.14 of this chapter.

(c) *Dissolution of a UBE.* A System institution must submit a timely report to FCA on the dissolution of a UBE that it controls.

#### **§611.1158 Grandfather provision.**

(a) *Scope.* The following equity investments in UBEs are grandfathered from the Notice and Approval provisions under §§611.1154 and 611.1155, respectively.

(1) Those UBE formations or equity investments that received specific, written approval by FCA prior to the effective date of this regulation; and

(2) Those UBE formations or equity investments that occurred prior to the effective date of this regulation to acquire or manage unusual or complex collateral associated with loans.

(b) *System institutions' obligations.* All System institutions with grandfathered UBEs:

(1) Remain subject to their conditions of approval;

(2) Are subject to the ongoing requirements of §611.1156 and the disclosure and reporting requirements of §611.1157; and

(3) May not change or expand the authorized business activity, service, or function of the UBE as approved by FCA, add or increase the level of non-System ownership in the UBE to the extent such ownership is authorized under §611.1153(j), or change control of the UBE as control is defined in §611.1151 without giving written notice of such changes to FCA at least 10 business days in advance of any such change or expansion.

(4) A System institution may not proceed with any change or expansion as defined in paragraph (b)(3) of this section if the FCA notifies the institution before the end of the 10 business day advance notice period that the proposed change or expansion is material and must be submitted for FCA approval under the provisions of §611.1155.

(c) *System institution investments or reinvestments in grandfathered UBEs.* System institutions investing for the first time in grandfathered UBEs or reinvesting after having previously divested their equity investment must provide notice to FCA or obtain FCA approval under either the notice provision in §611.1154 or the approval provision in §611.1155 depending on the function, service, or activity of the grandfathered UBE in which the institution seeks to invest or reinvest.

#### **§611.1210 Advance notices—commencement resolution and notice to equity holders.**

(a) *Adoption of commencement resolution.* Your board of directors must begin the termination process by adopting a commencement resolution stating your intention to

terminate Farm Credit status under section 7.10 of the Act. Immediately after you adopt the commencement resolution, send a certified copy by overnight mail to us and to the Farm Credit System Insurance Corporation (FCSIC). If your institution is an association, also send a copy to your affiliated bank. If your institution is a bank, also send a copy to your affiliated associations, the other Farm Credit banks, and the Federal Farm Credit Banks Funding Corporation (Funding Corporation).

(b) *Advance notice.* Within 5 business days after adopting the commencement resolution, you must:

(1) Send us copies of all contracts and agreements related to the termination.

(2) Subject to paragraph (b)(2)(ii) of this section:

(i) Send an advance notice to all equity holders stating you are taking steps to terminate System status. Immediately upon mailing the notice to equity holders, you must also place it in a prominent location on your Web site. The advance notice must describe the following:

(A) The process of termination;

(B) The expected effect of termination on borrowers and other equity holders, including the effect on borrower rights and the consequences of any stock retirements before termination;

(C) The type of charter the successor institution will have; and

(D) Any bylaw creating a special class of borrower stock and participation certificates under paragraph (f) of this section.

(ii) Send us a draft of the advance notice by facsimile or electronic mail before mailing it to your equity holders. If we have not contacted you within 2 business days of our receipt of the draft notice regarding modifications, you may mail the notice to your equity holders.

(c) *Bank negotiations on joint and several liability.* If your institution is a terminating bank, within 10 days of adopting the commencement resolution, your bank and the other Farm Credit banks must begin negotiations to provide for your satisfaction of liabilities (other than your primary liability) under section 4.4 of the Act. The Funding Corporation may, at its option, be a party to the negotiations to the extent necessary to fulfill its duties with respect to financing and disclosure. The agreement must comply with the requirements in §611.1270(c).

(d) *Disclosure to loan applicants and equity holders after commencement resolution.* Between the date your board of directors adopts the commencement resolution and the termination date, you must give the following information to your loan applicants and equity holders:

(1) For each loan applicant who is not a current stockholder, describe at the time of loan application:

(i) The effect of the proposed termination on the prospective loan; and

(ii) Whether, after the proposed termination, the borrower will continue to have any of the borrower rights provided under the Act and regulations.

(2) For any equity holders who ask to have their equities retired, explain that the retirement would extinguish the holder's right to exchange those equities for an interest in the successor institution. In addition, inform holders of equities entitled to your residual assets in liquidation that retirement before termination would extinguish their right to dissent from the termination and have their equities retired.

(e) *Terminating bank's right to continue issuing debt.* Through the termination date, a terminating bank may continue to participate in the issuance of consolidated and System-wide obligations to the same extent it would be able to participate if it were not terminating.

(f) *Special class of stock.* Notwithstanding any requirements to the contrary in §615.5230(c) of this chapter, you may adopt bylaws providing for the issuance of a special class of stock and participation certificates between the date of adoption of a commencement resolution and the termination date. Your voting stockholders must approve the special class before you adopt the commencement resolution. The equities must comply with section 4.3A of the Act and be identical in all respects to existing classes of equities that are entitled to the residual assets of the institution in a liquidation, except for the value a holder will receive in a termination. In a termination, the holder of the special class of stock receives value equal to the lower of either par (or face) value, or the value calculated under §611.1280(c) and (d). A holder must have the same right to vote (if the equity is held on the voting record date) and to dissent as holders of similar equities issued before the commencement resolution. If the termination does not occur, the special classes of stock and participation certificates must automatically convert into shares of the otherwise identical equities.

[71 FR 44420, Aug. 4, 2006, as amended at 75 FR 18743, Apr. 12, 2010]

#### **§611.1211 Special requirements.**

(a) *Special assessments, analyses, studies, and rulings.* At any time after we receive your commencement resolution, and as we deem necessary or useful to evaluate your proposal, we may require you to engage independent experts, acceptable to us, to conduct assessments, analyses, or studies, or to request rulings, including, but not limited to:

(1) Assessments of fair value;

(2) Analyses and rulings on tax implications; and

(3) Studies of the effect of your proposal on equity holders (including the effect on holders in their capacity as borrowers), the System, and other parties.

(b) *Informational meetings.* After the advance notice, but before the stockholder vote, we may require you to hold regional or local informational meetings in convenient locations, at convenient times, and in a manner conducive to accommodating all equity holders that wish to attend, to discuss equity holder issues and answer questions. These meetings are subject to the plain language requirements of §611.1217(b) regarding balanced statements.

#### **§611.1215 Communications with the public and equity holders.**

(a) *Communications after commencement resolution and before termination.* The terminating institution may communicate with equity holders and the public regarding the proposed termination, as long as written communications (other than non-public communications among participants, *i.e.*, persons or entities that are parties to a proposed corporate restructuring involving the successor institution, or their agents) made in

connection with or relating to the proposed termination and any related transactions are filed in accordance with paragraph (c) of this section and the conditions in this section are satisfied.

(b) To rely on this section, you must include the following legend in each communication in a prominent location:

*Equity holders should read the plan of termination that they have received or will receive (as appropriate) because it contains important information, including an enumerated statement of the anticipated benefits and potential disadvantages of the proposal.*

(c) All your written communications and all written communications by your directors, employees, and agents in connection with or relating to the proposed termination or any related transactions must be filed with us under this section on or before the date of first use.

(d) We will require you to correct communications that we deem are misleading or inaccurate.

(e) In addition to the filings we require under paragraph (c) of this section, we may require you to file timely any written communications you have knowledge of that are made by any other participants or their agents in connection with or related to the proposed termination or to any transaction related to the proposed termination.

(f) An immaterial or unintentional failure to file or a delay in filing a written communication described in this section will not result in a violation of this section, as long as:

- (1) A good faith and reasonable effort was made to comply with the filing requirement; and
- (2) The written communication is filed as soon as practicable after discovery of the failure to file.

(g) Communications that exist in electronic form must be filed electronically with the FCA as we direct. For communications that do not exist in electronic form, you must timely notify us by electronic mail and send us a copy by regular mail.

(h) You do not need to file a written communication that does not contain new or different information from that which you have previously publicly disclosed and filed under this section.

#### **§611.1216 Public availability of documents related to the termination.**

(a) We may post on our Web site, or require you to post on your Web site:

- (1) Results of any special assessments, analyses, studies, and rulings required under §611.1211;
- (2) Documents you submit to us or file with us under §611.1215; and
- (3) Documents you submit to us under section 7.11 of the Act that are related directly or indirectly to the proposed termination, including but not limited to contracts entered into in connection with or relating to the proposed termination and any related transactions.

(b) We will not post confidential information on our Web site and will not require you to post it on your Web site.

(c) You may request that we treat specific information as confidential under the Freedom of Information Act, 5 U.S.C. 552 (see 12 CFR part, 602 subpart B). You should draft your request for confidential treatment narrowly to extend only to those portions of a document you consider to be confidential. If you request confidential treatment for information that we do not consider to be confidential, we may post that information on our Web site after providing notice to you. On our own initiative, we may determine that certain information should be treated as confidential and, if so, we will not make that information public.

#### **§611.1217 Plain language requirements.**

(a) *Plain language presentation.* All communications to equity holders required under §§611.1210, 611.1223, 611.1240, and 611.1280 must be clear, concise, and understandable. You must:

- (1) Use short, explanatory sentences, bullet lists or charts where helpful, and descriptive headings and subheadings;
- (2) Minimize the use of glossaries or defined terms;
- (3) Write in the active voice when possible; and
- (4) Avoid legal and highly technical business terminology.

(b) *Balanced statements.* Communications to equity holders that describe or enumerate anticipated benefits of the proposed termination should also describe or enumerate the potential disadvantages to the same degree of detail.

#### **§611.1218 Role of directors.**

(a) *Statements by directors.* Directors may not be prohibited by confidentiality agreements or otherwise from publicly or privately commenting orally or in writing on the termination proposal and related matters.

(b) *Directors' right to obtain independent advice.* One or more directors of a terminating institution or an institution that is considering terminating have the right to obtain independent legal and financial advice regarding the proposed termination and related transactions. The institution must pay for such advice and related expenses as are reasonable in light of the circumstances. A request by a director or directors for the institution to pay such expenses cannot be denied unless the board of directors, by at least a two-thirds vote of the full board (the total number of current directors), denies the request. The institution must act on any request in a timely manner. For any denial of payment, the board must provide notice to the FCA within 1 business day of the denial, fully document the reasons for such a denial, and ensure that the institution discloses the nature of the request and the reasons for any denial to the terminating institution's equity holders in the plan of termination.

#### **§611.1219 Prohibited acts.**

(a) *Statements about termination.* Neither the institution nor any director, officer, employee, or agent may make any untrue or misleading statement of a material fact, or fail

to disclose any material fact, to the FCA or a current or prospective equity holder about the proposed termination and any related transactions.

(b) *Representations regarding FCA approval.* Neither the institution nor any director, officer, employee, or agent may make an oral or written representation to anyone that our approval of the plan of termination or the termination is, directly or indirectly, either a recommendation on the merits of the proposal or an assurance that the information you give to your equity holders is adequate or accurate.

#### **§611.1220 Termination resolution.**

No more than 1 week before you submit your plan of termination to us, your board of directors must adopt a termination resolution stating its support for terminating your status as a System institution and authorizing:

(a) Submission to us of a plan of termination and other required submissions that comply with §611.1223; and

(b) Submission of the plan of termination to the voting stockholders if we approve the plan of termination under §611.1230 or, if we take no action, after the end of our approval period.

#### **§611.1221 Submission to FCA of plan of termination and disclosure information; other required submissions.**

(a) *Filing.* Send us an original and five copies of the plan of termination, including the disclosure information, and other required submissions. You may not file the plan of termination until at least 30 days after you mail the equity holder notice under §611.1210(b). If you send us the plan of termination in electronic form, you must send us at least one hard copy with original signatures.

(b) *Plan contents.* The plan of termination must include your equity holder disclosure information that complies with §611.1223.

(c) *Other submissions.* You must also submit the following:

(1) A statement of how you will transfer assets to, and have your liabilities assumed by, the successor institution;

(2) A copy of the charter application for the successor institution, with any exhibits or other supporting information; and

(3) A statement, if applicable, whether the successor institution will continue to borrow from a Farm Credit bank and how such a relationship will affect your provision for payment of debts. You must also provide evidence of any agreement and plan for satisfaction of outstanding debts.

#### **§611.1223 Plan of termination—contents.**

(a) *Disclaimer.* Place the following statement in boldface type in the material to be sent to equity holders, either on the notice of meeting or the first page of the plan of termination:

**§611.1230 FCA review and approval—plan of termination.**

(a) *FCA review period.* No later than 60 days after we receive the plan of termination, we will review it and either approve or disapprove the plan for submission to your equity holders. If we take no action on the plan of termination within the 60 days, you may submit the plan to your equity holders. (b) *Voting record date.* The voting record date may not be more than 70 days before the stockholders' meeting.

(c) *Quorum requirement for termination vote.* At least 30 percent, unless your bylaws provide for a higher quorum, of the voting stockholders of the institution must be present at the meeting either in person or by proxy in order to hold the vote on the termination.

(e) *Voting procedures.* The voting procedures must comply with §611.340. You must have an independent third party count the ballots. If a voting stockholder notifies you of the stockholder's intent to exercise dissenters' rights, the tabulator must be able to verify to

you that the stockholder voted against the termination. Otherwise, the votes of stockholders must remain confidential.

(f) *Notice to FCA and equity holders of voting results.* Within 10 days of the termination vote, you must send us a certified record of the results of the vote. (a) *Right to reconsider termination.* Voting stockholders have the right to reconsider their approval of the termination if a petition signed by at least 15 percent of the voting stockholders is filed with us within 35 days after you mail notices to stockholders that the termination was approved. If we determine that the petition complies with the requirements of section 7.9 of the Act, you must call a special stockholders' meeting to reconsider the vote. The meeting must occur within 60 days after the date on which you mailed to stockholders the results of the termination vote.

(b) *Quorum requirement for termination reconsideration vote.* At least 30 percent, unless your bylaws provide for a higher quorum, of the voting stockholders of the institution must be present at the stockholders' meeting either in person or by proxy in order to hold the reconsideration vote. If a majority of the voting stockholders voting in person or by proxy vote against the termination, the termination may not take place.

(c) *Stockholder list and expenses.* You must, at your expense, timely give stockholders who request it a list of the names and addresses of stockholders eligible to vote in the reconsideration vote. The petitioners must pay all other expenses for the petition. You must pay expenses that you incur for the reconsideration vote.

#### **§611.1246 Filing of termination application and its contents.**

(a) *Filing of termination application.* Send us your termination application no later than 90 days after you send us notice of the stockholder vote approving the termination. Please send us an original and five copies of the termination application for review and approval. If you send us the termination application in electronic form, you must send us at least one hard copy with original signatures.

(b) *Contents of termination application.* The application must contain:

- (1) A certified copy of the termination and reaffirmation resolutions;
- (2) A certification signed by the board of directors that the board continues to support the termination, there has been no material change to any of the information contained in the plan of termination or information statement after the FCA approved the plan of termination, and there have not been any subsequent events that could have a material impact on any of the information in the plan of termination or the termination; and
- (3) Any additional information that is required under this subpart, that we request or that your board of directors wishes to submit in support of the application.

**§611.1247 FCA review and approval—termination.**

(a) *FCA action on application.* After we receive the termination application, we will review it and either approve or disapprove the termination.

(b) *Basis for disapproval.* We will disapprove the termination if we determine that there are one or more appropriate reasons for disapproval consistent with our authorities under the Act and our regulations. We will inform you of our reason(s) for disapproval in writing.

(c) *Conditions of FCA approval.* We will approve your termination application only if:

- (1) Your stockholders have voted in favor of termination in the termination vote and in any reconsideration vote;
- (2) You have given us executed copies of all contracts, agreements, and other documents submitted under §§611.1221 and 611.1223;
- (3) You have paid or made adequate provision for payment of debts, including responsibility for any contingent liabilities, and for retirement of equities;
- (4) A Federal or State chartering authority has granted a new charter to the successor institution;
- (5) You deposit into escrow an amount equal to 110 percent of the estimated exit fee plus 110 percent of the estimated amount you must pay to retire equities of dissenting stockholders and Farm Credit institutions, as described in §611.1255(c); and
- (6) You have fulfilled any condition of termination we impose.

(d) *Effective date of termination.* If we approve the termination, we will revoke your charter, and the termination will be effective on the date that we provide, but no earlier than the last to occur of:

- (1) Fulfillment of all conditions listed in or imposed under paragraph (c) of this section;
- (2) Your proposed termination date;
- (3) Ninety (90) days after we receive your termination application described in §611.1246; or
- (4) Fifteen (15) days after any reconsideration vote.

## **§611.1250 Preliminary exit fee estimate.**

(a) *Preliminary exit fee estimate—terminating association.* You must provide a preliminary exit fee estimate to us when you submit the plan of termination under §611.1221. Calculate the preliminary exit fee estimate in the following order:

(1) Base your exit fee calculation on the average daily balances of assets and liabilities for the 12-month period as of the quarter end immediately before the date you send us your plan of termination.

(2) Any amounts we refer to in this section are average daily balances unless we specify that they are not. Amounts that are not average daily balances will be referred to as “dollar amount.”

(3) Compute the average daily balances based on financial statements that comply with GAAP. The financial statements, as of the quarter end immediately before the date you send us your plan of termination, must be independently audited by a qualified public accountant. We may, in our discretion, waive the audit requirement if an independent audit was performed as of a date less than 6 months before you submit the plan of termination.

(4) Make adjustments to assets as follows:

(i) Add back expenses you have incurred related to termination. Related expenses include, but are not limited to, legal services, accounting services, tax services, studies, auditing, business planning, equity holder meetings, and application fees for the termination and reorganization. Do not add back to assets expenses related to a requirement by the FCA to engage independent experts to conduct assessments, analyses, or studies, or to request rulings that solely address the impact of the termination on the System or parties other than the terminating institution and its stockholders.

(ii) Subtract the dollar amount of estimated current and deferred tax expenses, if any, due to the termination.

(iii) Add the dollar amount of estimated current and deferred tax benefits, if any, due to the termination.

(iv) Adjust for the dollar amount of significant transactions you reasonably expect to occur between the quarter end before you file your plan of termination and date of termination. Examples of these transactions include, but are not limited to, gains or losses on the sale of assets, retirements of equity, loan repayments, and patronage distributions. Do not make adjustments for future expenses related to termination, such as severance or special retirement payments, or stock retirements to dissenting stockholders and Farm Credit institutions.

(5) Subtract from liabilities any liability that we treat as regulatory capital under the capital or collateral requirements in subparts H and K of part 615 of this chapter.

(6) Make any adjustments we require under paragraph (c) of this section.

(7) After making these adjustments to assets and liabilities, subtract liabilities from assets. This is your preliminary total capital for purposes of termination.

(8) Multiply assets as adjusted above by 6 percent, and subtract this amount from preliminary total capital. This is your preliminary exit fee estimate.

(b) *Preliminary exit fee estimate—terminating bank.* (1) Affiliated associations that are terminating with you must calculate their individual preliminary exit fee estimates as described in paragraph (a) of this section.

(2) Base your exit fee calculation on the average daily balances of assets and liabilities for the 12-month period as of the quarter end immediately before the date you send us your plan of termination.

(3) Any amounts we refer to in this section are average daily balances unless we specify that they are not. Amounts that are not average daily balances will be referred to as “dollar amount.”

(4) Compute the average daily balances based on bank-only financial statements that comply with GAAP. The financial statements, as of the quarter end immediately before the date you send us your plan of termination, must be independently audited by a qualified public accountant. We may, in our discretion, waive this requirement if an independent audit was performed as of a date less than 6 months before you submit the plan of termination.

(5) Make adjustments to assets and liabilities as follows:

(i) Add back to assets the following:

(A) Expenses you have incurred related to termination. Related expenses include, but are not limited to, legal services, accounting services, tax services, studies, auditing, business planning, equity holder meetings, and application fees for the termination and reorganization. Do not add back to assets expenses related to a requirement by the FCA to engage independent experts to conduct assessments, analyses, or studies, or to request rulings that solely address the impact of the termination on the System or parties other than the terminating institution and its stockholders.

(B) Any specific allowance for losses, and a pro rata portion of any general allowance for loan losses, on direct loans to associations that you do not expect to incur before or at termination.

(ii) Subtract from your assets and liabilities an amount equal to your direct loans to your affiliated associations that are not terminating.

(iii) Subtract the following from assets:

(A) Equity investments in your institution that are held by nonterminating associations and that you expect to transfer to another System bank before or at termination. A nonterminating association's investment consists of purchased equities, allocated equities, and a share of the bank's unallocated surplus calculated in accordance with the bank's bylaw provisions on liquidation. We may require a different calculation method for the unallocated surplus if we determine that using the liquidation provision would be inequitable to stockholders; and

(B) The dollar amount of estimated current and deferred tax expenses, if any, due to the termination.

(iv) Add the dollar amount of current and deferred estimated tax benefits, if any, due to the termination.

(v) Subtract from liabilities any liability that we treat as regulatory capital under the capital or collateral requirements in subparts H and K of part 615 of this chapter.

(vi) Adjust for the dollar amount of significant transactions you reasonably expect to occur between the quarter end before you file your plan of termination and date of termination. Examples of these transactions include, but are not limited to, retirements of equity, loan repayments, and patronage distributions. Do not make adjustments for future expenses related to termination, such as severance or special retirement payments, or stock retirements to dissenting stockholders and Farm Credit institutions.

(6) Make any adjustments we require under paragraph (c) of this section.

(7) After the above adjustments, combine your balance sheet with the balance sheets of your terminating associations after they have made the adjustments required in paragraph (a) of this section. Subtract liabilities from assets. This is your preliminary total capital estimate for purposes of termination.

(8) Multiply the assets of the combined balance sheet after the above adjustments by 6 percent. Subtract this amount from the preliminary total capital estimate of the combined balance sheet. The remainder is the preliminary exit fee estimate of the bank and terminating affiliated associations.

(9) Your preliminary exit fee estimate is the amount by which the preliminary exit fee estimate for the combined entity exceeds the total of the individual preliminary exit fee estimates of your affiliated terminating associations.

(c) *Adjustments.* (1) We will review your account balances, transactions over the 3 years before the date of the termination resolution under §611.1220, and any subsequent transactions. Our review will include, but not be limited to, the following:

(i) Additions to or subtractions from any allowance for losses;

(ii) Additions to assets or liabilities, or subtractions from assets or liabilities, due to transactions that are outside your ordinary course of business;

(iii) Dividends or patronage refunds exceeding your usual practices;

(iv) Changes in the institution's capital plan, or in implementing the plan, that increased or decreased the level of borrower investment;

(v) Contingent liabilities, such as loss-sharing obligations, that can be reasonably quantified; and

(vi) Assets, including real property and servicing rights, that may be overvalued, undervalued, or not recorded on your books.

(2) If we determine the account balances do not accurately show the value of your assets and liabilities (whether the assets and liabilities were booked before or during the 3-year look-back adjustment period), we will make any adjustments we deem necessary.

(3) We may require you to reverse the effect of a transaction if we determine that:

(i) You have retired capital outside the ordinary course of business;

(ii) You have taken any other actions unrelated to your core business that have the effect of changing the exit fee; or

(iii) You incurred expenses related to termination prior to the 12-month average daily balance period on which the exit fee calculation is based.

(4) We may require you to make these adjustments to the preliminary exit fee estimate that is disclosed in the information statement, the final exit fee calculation, and the calculations of the value of equities held by dissenting stockholders, Farm Credit institutions that choose to have their equities retired at termination, and reaffiliating associations.

[67 FR 17909, Apr. 12, 2002, as amended at 71 FR 76118, Dec. 20, 2006]

**§611.1255 Exit fee calculation.**

(a) *Final exit fee calculation—terminating association.* Calculate the final exit fee in the following order:

(1) Base your exit fee calculation on the average daily balances of assets and liabilities for the 12-month period preceding the termination date. Assume for this calculation that you have not paid or accrued the items described in paragraph (a)(4)(ii) and (iii) of this section.

(2) Any amounts we refer to in this section are average daily balances unless we specify that they are not. Amounts that are not average daily balances will be referred to as “dollar amount.”

(3) Compute the average daily balances based on financial statements that comply with GAAP. The financial statements, as of the termination date, must be independently audited by a qualified public accountant.

(4) Make adjustments to assets and liabilities as follows:

(i) Add back expenses related to the termination. Related expenses include, but are not limited to, legal services, accounting services, tax services, studies, auditing, business planning, payments of severance and special retirements, equity holder meetings, and application fees for the termination and reorganization. Do not add back to assets expenses related to a requirement by the FCA to engage independent experts to conduct assessments, analyses, or studies, or to request rulings that solely address the impact of the termination on the System or parties other than the terminating institution and its stockholders.

(ii) Subtract from assets the dollar amount of current and deferred tax expenses, if any, due to the termination.

(iii) Add to assets the dollar amount of current and deferred tax benefits, if any, due to the termination.

(iv) Subtract from liabilities any liability that we treat as regulatory capital under the capital or collateral requirements in subparts H and K of part 615 of this chapter.

(v) Make the adjustments that we require under §611.1250(c). For the final exit fee, we will review and may require additional adjustments for transactions between the date you adopted the termination resolution and the termination date.

(5) After making these adjustments to assets and liabilities, subtract liabilities from assets. This is your total capital for purposes of termination.

(6) Multiply assets by 6 percent, and subtract this amount from total capital. This is your final exit fee.

(b) *Final exit fee calculation—terminating bank.* (1) The individual exit fees of affiliated associations that are terminating with you must be calculated as described in paragraph (a) of this section.

(2) Base your exit fee calculation on the average daily balances of assets and liabilities for the 12-month period preceding the termination date. Assume for this calculation that you have not paid or accrued the items described in paragraph (b)(5)(iii)(B) and (b)(5)(iv) of this section.

(3) Any amounts we refer to in this section are average daily balances unless we specify that they are not. Amounts that are not average daily balances will be referred to as “dollar amount.”

(4) Compute the average daily balances based on bank-only financial statements that comply with GAAP. The financial statements, as of the termination date, must be independently audited by a qualified public accountant.

(5) Make adjustments to assets and liabilities as follows:

(i) Add back the following to your assets:

(A) Expenses you have incurred related to termination. Related expenses include, but are not limited to, legal services, accounting services, tax services, studies, auditing, business planning, payments of severance and special retirements, equity holder meetings, and application fees for the termination and reorganization. Do not add back to assets expenses related to a requirement by the FCA to engage independent experts to conduct assessments, analyses, or studies, or to request rulings that solely address the impact of the termination on the System or parties other than the terminating institution and its stockholders.

(B) Any specific allowance for losses, and a pro rata share of any general allowance for losses, on direct loans to associations that are paid off or transferred before or at termination.

(ii) Subtract from your assets and liabilities your direct loans to affiliated associations that were paid off or transferred in the 12-month period before termination or at termination.

(iii) Subtract from your assets the following:

(A) Equity investments held in your institution by affiliated associations that you transferred at termination or during the 12 months before termination; and

(B) The dollar amount of current and deferred tax expenses, if any, due to the termination;

(iv) Add to assets, the dollar amount of estimated current and deferred tax benefits, if any, due to the termination.

(v) Subtract from liabilities any liability that we treat as regulatory capital (or that we do not treat as a liability) under the capital or collateral requirements in subparts H and K of part 615 of this chapter.

(vi) Make the adjustments that we require under §611.1250(c). For the final exit fee, we will review and may require additional adjustments for transactions between the date you adopted the termination resolution and the termination date.

(6) After the above adjustments, combine your balance sheet with the balance sheets of terminating associations after making the adjustments required in paragraph (a) of this section.

(7) Subtract combined liabilities from combined assets. This is the total capital of the combined balance sheet.

(8) Multiply the assets of the combined balance sheet after the above adjustments by 6 percent. Subtract this amount from the total capital of the combined balance sheet. This amount is the combined final exit fee for your institution and the terminating affiliated associations.

(9) Your final exit fee is the amount by which the combined final exit fee exceeds the total of the individual final exit fees of your affiliated terminating associations.

(c) *Payment of exit fee.* On the termination date, you must:

(1) Deposit into an escrow account acceptable to us and the FCSIC an amount equal to 110 percent of the preliminary exit fee estimate, adjusted to account for stock retirements to dissenting stockholders and Farm Credit institutions, and any other adjustments we require.

(2) Deposit into an escrow account acceptable to us an amount equal to 110 percent of the equity you must retire for dissenting stockholders and System institutions holding stock that would be entitled to a share of the remaining assets in a liquidation.

(d) *Pay-out of escrow.* Following the independent audit of the institution's account balances as of the termination date, we will determine the amount of the final exit fee and the amounts owed to stockholders to retire their equities. We will then direct the escrow agent to:

(1) Pay the exit fee to the Farm Credit Insurance Fund;

(2) Pay the amounts owed to dissenting stockholders and Farm Credit institutions; and

(3) Return any remaining amounts to the successor institution.

(e) *Additional payment.* If the amount held in escrow is not enough to pay the amounts under paragraph (d)(1) and (d)(2) of this section, the successor institution must pay any remaining liability to the escrow agent for distribution to the appropriate parties. The termination application must include evidence that, after termination, the successor institution will pay any remaining amounts owed.

[67 FR 17909, Apr. 12, 2002, as amended at 71 FR 76118, Dec. 20, 2006]

**§611.1260 Payment of debts and assessments—terminating association.**

(a) *General rule.* If your institution is a terminating association, you must pay or make adequate provision for the payment of all outstanding debt obligations and assessments.

(b) *No OFI relationship.* If the successor institution will not become an OFI, you must either:

(1) Pay debts and assessments owed to your affiliated Farm Credit bank at termination; or

(2) With your affiliated Farm Credit bank's concurrence, arrange to pay any obligations or assessments to the bank after termination.

(c) *Obligations to other Farm Credit institutions.* You must pay or make adequate provision for payment of obligations to any Farm Credit institution (other than your affiliated bank) under any loss-sharing or other agreement.

**§611.1265 Retirement of a terminating association's investment in its affiliated bank.**

(a) *Safety and soundness restrictions.* Notwithstanding anything in this subpart to the contrary, we may prohibit a bank from retiring the equities you hold in the bank if the retirement would cause the bank to fall below its regulatory capital requirements after retirement, or if we determine that the bank would be in an unsafe or unsound condition after retirement.

(b) *Retirement agreement.* Your affiliated bank may retire the purchased and allocated equities held by your institution in the bank according to the terms of the bank's capital revolvment plan or an agreement between you and the bank.

(c) *Retirement in absence of agreement.* Your affiliated bank must retire any equities not subject to an agreement or revolvment plan no later than when you or the successor institution pays off your loan from the bank.

(d) *No retirement of unallocated surplus.* When your bank retires equities you own in the bank, the bank must pay par or face value for purchased and allocated equities, less any impairment. The bank may not pay you any portion of its unallocated surplus.

(e) *Exclusion of equities from capital ratios.* If another Farm Credit institution makes an agreement to retire equities you hold in that institution after termination, we may require that institution to exclude part or all of those equities from assets and capital when the institution calculates its regulatory capital under parts 615 and 628 of this chapter.

[71 FR 44420, Aug. 4, 2006, as amended at 81 FR 49772, July 28, 2016]

**§611.1270 Repayment of obligations—terminating bank.**

(a) *General rule.* If your institution is a terminating bank, you must pay or make adequate provision for the payment of all outstanding debt obligations, and provide for your responsibility for any probable contingent liabilities identified.

(b) *Satisfaction of primary liability on consolidated or System-wide obligations.* After consulting with the other Farm Credit banks, the Funding Corporation, and the FCSIC, you must pay or make adequate provision for payment of your primary liability on consolidated or System-wide obligations in a method that we deem acceptable. Before we make a final decision on your proposal and as we deem necessary, we may consult with the other Farm Credit banks, the Funding Corporation, and the FCSIC.

(c) *Satisfaction of joint and several liability and liability for interest on individual obligations.* (1) You and the other Farm Credit banks must enter into an agreement, which is subject to our approval, covering obligations issued under section 4.2 of the Act and outstanding on the termination date. The agreement must specify how you and your successor institution will make adequate provision for the payment of your joint and several liability to holders of obligations other than those obligations on which you are primarily liable, in the event we make calls for payment under section 4.4 of the Act. You and your successor institution must also provide for your liability under section 4.4(a)(1) of the Act to pay interest on the individual obligations issued by other System banks. As a part of the agreement, you must also agree that your successor institution will provide ongoing information to the Funding Corporation to enable it to fulfill its funding and disclosure duties. The Funding Corporation may, at its option, be a party to the agreement to the extent necessary to fulfill its duties with respect to financing and disclosure.

(2) If you and the other Farm Credit banks are unable to reach agreement within 90 days before the proposed termination date, we will specify the manner in which you will make adequate provision for the payment of the liabilities in question and how we will make joint and several calls for those obligations outstanding on the termination date.

(3) Notwithstanding any other provision in these regulations, the successor institution will be jointly and severally liable for consolidated and System-wide debt outstanding on the termination date (other than the obligations on which you are primarily liable). The successor institution will also be liable for interest on other banks' individual obligations as described in section 4.4(a)(1) of the Act and outstanding on the termination date. The termination application must include evidence that the successor institution will continue to be liable for consolidated and System-wide debt and for interest on other banks' individual obligations.

#### **§611.1275 Retirement of equities held by other System institutions.**

(a) *Retirement at option of equity holder.* If your institution is a terminating institution, System institutions that own your equities have the right to require you to retire the equities on the termination date.

(b) *Value of equity holders' interests.* You must retire the equities in accordance with the liquidation provisions in your bylaws unless we determine that the liquidation provisions would result in an inequitable distribution to stockholders. If we make such a determination, we will require you to distribute the equity in accordance with another method that we deem equitable to stockholders. Before you retire any equity, you must make the following adjustments to the amount of stockholder equity as stated in the financial statements on the termination date:

(1) Make deductions for any taxes due to the termination that have not yet been recorded;

(2) Deduct the amount of the exit fee; and

(3) Make any adjustments described under §611.1250(c) that we may require as we deem appropriate.

(c) *Transfer of affiliated association's investment.* As an alternative to equity retirement, an affiliated association that reaffiliates with another Farm Credit bank instead of terminating with its bank has the right to require the terminating bank to transfer its investment to its new affiliated bank when it reaffiliates. If your institution is a terminating bank, at the time of reaffiliation you must transfer the purchased and allocated equities held by the association, as well as its share of unallocated surplus, to the new affiliated bank. Calculate the association's share before deduction of the exit fee as of the month end preceding the reaffiliation date (or the termination date if it is the same as the reaffiliation date) in accordance with the liquidation provisions of your bylaws, unless we determine that the liquidation provisions would result in an inequitable distribution. If we make such a determination, we will require you to distribute the association's share of your unallocated surplus in accordance with another method that we deem equitable to stockholders. Before you distribute any unallocated surplus, you must make the following adjustments to stockholder equity as stated in the financial statements as of the month end preceding the reaffiliation date (or the termination date if it is the same as the reaffiliation date):

(1) Add back any taxes due to the termination, and the exit fee; and

(2) Make any adjustments described under §611.1250(c) that we may require as we deem appropriate.

(d) *Prohibition on certain affiliations.* No Farm Credit institution may retain an equity interest otherwise prohibited by law in a successor institution

#### **§611.1280 Dissenting stockholders' rights.**

(a) *Definition.* A dissenting stockholder is an equity holder (other than a System institution) in a terminating institution on the termination date who either:

(1) Was eligible to vote on the termination resolution and voted against termination;

(2) Was an equity holder on the voting record date but was not eligible to vote; or

(3) Became an equity holder after the voting record date.

(b) *Retirement at option of a dissenting stockholder.* A dissenting stockholder may require a terminating institution to retire the stockholder's equity interest in the terminating institution.

(c) *Value of a dissenting stockholder's interest.* You must pay a dissenting stockholder according to the liquidation provision in your bylaws, except that you must pay at least par or face value for eligible borrower stock (as defined in section 4.9A(d)(2) of the Act). If we determine that the liquidation provision is inequitable to stockholders, we will require you to calculate their share in accordance with another formula that we deem equitable.

(d) *Calculation of interest of a dissenting stockholder.* Before you retire any equity, you must make the following adjustments to the amount of stockholder equity as stated in the financial statements on the termination date:

(1) Deduct any taxes due to the termination that you have not yet recorded;

(2) Deduct the amount of the exit fee; and

(3) Make any adjustments described under §611.1250(c) that we may require as we deem appropriate.

(e) *Form of payment to a dissenting stockholder.* You must pay dissenting stockholders for their equities as follows:

(1) Pay cash for the par or face value of purchased stock, less any impairment;

(2) For equities other than purchased equities, you may:

(i) Pay cash;

(ii) Cause or otherwise provide for the successor institution to issue, on the date of termination, subordinated debt to the stockholder with a face value equal to the value of the remaining equities. This subordinated debt must have a maturity date of 7 years or less, must have priority in liquidation ahead of all equity, and must carry a rate of interest not less than the rate (at the time of termination) for debt of comparable maturity issued by the U.S. Treasury plus 1 percent; or

(iii) Provide for a combination of cash and subordinated debt as described above.

(f) *Payment to holders of special class of stock.* If you have adopted bylaws under §611.1210(f), you must pay a dissenting stockholder who owns shares of the special class of stock an amount equal to the lower of the par (or face) value or the value of such stock as determined under §611.1280(c) and (d).

(g) *Notice to equity holders.* The notice to equity holders required in §611.1240(f) must include a form for stockholders to send back to you, stating their intention to exercise dissenters' rights. The notice must contain the following information:

(1) A description of the rights of dissenting stockholders set forth in this section and the approximate value per share that a dissenting stockholder can expect to receive. State whether the successor institution will require borrowers to be stockholders or whether it will require stockholders to be borrowers.

(2) A description of the current book and par value per share of each class of equities, and the expected book and market value of the stockholder's interest in the successor institution.

(3) A statement that a stockholder must return the enclosed form to you within 30 days if the stockholder chooses to exercise dissenters' rights.

(h) *Notice to subsequent equity holders.* Equity holders that acquire their equities after the termination vote must also receive the notice described in paragraph (g) of this section. You must give them at least 5 business days to decide whether to request retirement of their stock.

(i) *Reconsideration.* If a reconsideration vote is held and the termination is disapproved, the right of stockholders to exercise dissenters' rights is rescinded. If a reconsideration vote is held and the termination is approved, you must retire the equities of dissenting stockholders as if there had been no reconsideration vote.

### **§611.1285 Loan refinancing by borrowers.**

(a) *Disclosure of credit and loan information.* At the request of a borrower seeking refinancing with another System institution before you terminate, you must give credit and loan information about the borrower to such institution.

(b) *No reassignment of territory.* If, at the termination date, we have not assigned your territory to another System institution, any System institution may lend in your territory, to the extent otherwise permitted by the Act and the regulations in this chapter.

### **§611.1290 Continuation of borrower rights.**

You may not require a waiver of contractual borrower rights provisions as a condition of borrowing from and owning equity in the successor institution. Institutions that become other financing institutions on termination must comply with the applicable borrower rights provisions in the Act and part 617 of this chapter.

(a) Directors and employees of all System institutions shall maintain high standards of industry, honesty, integrity, impartiality, and conduct in order to ensure the proper performance of System business and continued public confidence in the System and each of its institutions. The avoidance of misconduct and conflicts of interest is indispensable to the maintenance of these standards.

(b) To achieve these high standards of conduct, directors and employees shall observe, to the best of their abilities, the letter and intent of all applicable local, state, and Federal laws and regulations and policy statements, instructions, and procedures of the Farm Credit Administration and System institutions and shall exercise diligence and good judgment in carrying out their duties, obligations, and responsibilities.

#### **§612.2140 Directors—prohibited conduct.**

A director of a System institution shall not:

(a) Participate, directly or indirectly, in deliberations on, or the determination of, any matter affecting, directly or indirectly, the financial interest of the director, any relative of the director, any person residing in the director's household, any business partner of the director, or any entity controlled by the director or such persons (alone or in concert), except those matters of general applicability that affect all shareholders/borrowers in a nondiscriminatory way, e.g., a determination of interest rates.

(b) Divulge or make use of, except in the performance of official duties, any fact, information, or document not generally available to the public that is acquired by virtue of serving on the board of a System institution.

(c) Use the director's position to obtain or attempt to obtain special advantage or favoritism for the director, any relative of the director, any person residing in the director's household, any business partner of the director, any entity controlled by the director or such persons (alone or in concert), any other System institution, or any person transacting business with the institution, including borrowers and loan applicants.

(d) Use the director's position or information acquired in connection with the director's position to solicit or obtain, directly or indirectly, any gift, fee, or other present or deferred compensation or for any other personal benefit on behalf of the director, any relative of the director, any person residing in the director's household, any business partner of the director, any entity controlled by the director or such persons (alone or in concert), any other System institution, or any person transacting business with the institution, including borrowers and loan applicants.

(1) The transaction is with a relative or any person residing in the director's household;

(2) The transaction is undertaken in an official capacity in connection with the institution's discounting, lending, or participation relationships with OFIs and other lenders; or

(3) The Standards of Conduct Official determines, pursuant to policies and procedures adopted by the board, that the potential for conflict is insignificant because the transaction is in the ordinary course of business or is not material in amount and the director does not participate in the determination of any matter affecting the financial interests of the other party to the transaction except those matters affecting all shareholders/borrowers in a nondiscriminatory way.

(h) Violate an institution's policies and procedures governing standards of conduct.

At a minimum, these requirements shall include:

(ii) A borrower of the director's institution or any institution supervised by the director's institution.

(c) Any director who becomes or plans to become involved in any relationship, transaction, or activity that is required to be reported under this section or could constitute a conflict of interest shall promptly report such involvement in writing to the Standards of Conduct Official for a determination of whether the relationship, transaction, or activity is, in fact, a conflict of interest.

(d) Unless a disclosure as a director candidate under part 620 of this chapter has been made within the preceding 180 days, a newly elected or appointed director shall report matters required to be reported in paragraphs (a), (b), and (c) of this section to the Standards of Conduct Official within 30 days after the election or appointment and thereafter shall comply with the requirements of this section.

(1) The transaction is with a relative or any person residing in the employee's household;

(2) The transaction is undertaken in an official capacity in connection with the institution's discounting, lending, or participation relationships with OFIs and other lenders; or

(3) The Standards of Conduct Official determines, pursuant to policies and procedures adopted by the board, that the potential for conflict is insignificant because the transaction is in the ordinary course of business or is not material in amount and the employee does not participate in the determination of any matter affecting the financial interests of the other party to the transaction except those matters affecting all shareholders/borrowers in a nondiscriminatory way.

- (i) Violate an institution's policies and procedures governing standards of conduct.

(3) Any additional information the institution may require to make the disclosures required by part 620 of this chapter.

(b) Each employee shall, at such intervals as the Board shall determine necessary to effectively enforce this regulation and the institution's standards-of-conduct policy adopted pursuant to §612.2165, file a written and signed statement with the Standards of Conduct Official that contains those disclosures required by the regulation and such policy. At a minimum, these requirements shall include:

(1) The name of any relative or any person residing in the employee's household, any business partner, or any entity controlled by the employee or such persons (alone or in concert) if the employee knows or has reason to know that such individual or entity transacts business with the employing institution or any institution supervised by the employing institution; and

(2) The name and the nature of the business of any entity in which the employee has a material financial interest or on whose board the employee sits if the employee knows or has reason to know that such entity transacts business with:

In developing such requirements and prohibitions, the institution shall address such issues as the hiring of relatives, political activity, devotion of time to duty, the exchange of gifts and favors among directors and employees of the employing, supervising,

#### **§612.2300 Purpose and scope.**

(a) This part applies to all institutions of the Farm Credit System as defined in section 1.2(a) of the Farm Credit Act of 1971, as amended, (Act) (12 U.S.C. 2002(a)) including, but not limited to, associations, banks, service corporations chartered under section 4.25 of the Act, the Federal Farm Credit Banks Funding Corporation, the Farm Credit Leasing Services Corporation, and the Federal Agricultural Mortgage Corporation (hereinafter, institutions). The purposes of this part are to ensure public confidence in the Farm Credit System, to

ensure the reporting of known or suspected criminal activity, to reduce potential losses to institutions, and to ensure the safety and soundness of institutions. This part requires that institutions use the Farm Credit Administration Criminal Referral Form (hereinafter FCA Referral Form) to notify the appropriate Federal authorities when any known or suspected Federal criminal violations of the type described in §612.2301 are discovered by institutions.

(b) The specific referral requirements of this part apply to known or suspected criminal violations of the United States Code involving the assets, operations, or affairs of an institution. This part prescribes procedures for referring those violations to the proper Federal authorities and the Farm Credit Administration. No specific procedural requirements apply to the referral of violations of State or local laws.

(c) Nothing in this part should be construed as reducing in any way an institution's ability to report known or suspected criminal activities to the appropriate investigatory or prosecuting authorities, whether Federal, State, or local, even when the circumstances in which a report is required under §612.2301 are not present.

(d) It shall be the responsibility of each System institution to determine whether there appears to be a reasonable basis to conclude that a criminal violation has been committed and, if so, to report the matter to the proper law enforcement authorities for consideration of prosecution.

(e) Each referral required by §612.2301(a) shall be made on the FCA Referral Form in accordance with the FCA Referral Form instructions relating to its filing and distribution.

#### **§612.2301 Referrals.**

(a) Each institution and its board of directors shall exercise due diligence to ensure the discovery, appropriate investigation, and reporting of criminal activity. Within 30 calendar days of determining that there is a known or suspected criminal violation of the United States Code involving or affecting its assets, operations, or affairs, the institution shall refer such criminal violation to the appropriate regional offices of the United States Attorney, and the Federal Bureau of Investigation or the United States Secret Service or both, using the FCA Referral Form. A copy of the completed FCA Referral Form, accompanied by any relevant documentation, shall be provided at the same time to the Farm Credit Administration's Office of General Counsel. In the event that a Farm Credit bank makes a loan through a Federal land bank association which services the loan, the Federal land bank association must inform the Farm Credit bank of any known or suspected violation involving that loan and the Farm Credit bank shall refer the violation to Federal law enforcement authorities under this section. A report is required in circumstances where there is:

(1) Any known or suspected criminal activity (e.g., theft, embezzlement), mysterious disappearance, unexplained shortage, misapplication, or other defalcation of property and/or funds, regardless of amount, where an institution employee, officer, director, agent, or other person participating in the conduct of the affairs of such an institution is suspected;

(2) Any known or suspected criminal activity involving an actual or potential loss of \$5,000 or more, through false statements or other fraudulent means, where the institution has a substantial basis for identifying a possible suspect or group of suspects and the suspect(s) is

not an institution employee, officer, director, agent, or other person participating in the conduct of the affairs of such an institution;

(3) Any known or suspected criminal activity involving an actual or potential loss of \$25,000 or more, through false statements or other fraudulent means, where the institution has no substantial basis for identifying a possible suspect or group of suspects; or

(4) Any known or suspected criminal activity involving a financial transaction in which the institution was used as a conduit for such criminal activity (such as money laundering/structuring schemes).

(b) In circumstances where there is a known or suspected violation of State or local criminal law, the institution shall notify the appropriate State or local law enforcement authorities.

(c) In addition to the requirements of paragraph (a) of this section, the institution shall immediately notify by telephone the appropriate Federal law enforcement authorities and FCA offices specified on the FCA Referral Form upon determining that a known or suspected criminal violation of Federal law requiring urgent attention has occurred or is ongoing. Such cases include, but are not limited to, those where:

(1) There is a likelihood that the suspect(s) will flee;

(2) The magnitude or the continuation of the known or suspected criminal violation may imperil the institution's continued operation; or

(3) Key institution personnel are involved.

#### **§612.2302 Notification of board of directors and bonding company.**

(a) The institution's board of directors shall be promptly notified of any criminal referral by the institution, except that if the criminal referral involves a member of the board of directors, discretion may be exercised in notifying such member of the referral.

(b) The institution involved shall promptly make all required notifications under any applicable surety bond or other contract for protection.

#### **§612.2303 Institution responsibilities.**

Each institution shall establish effective policies and procedures designed to ensure compliance with this part, including, but not limited to, adequate internal controls.

## **PART 613—ELIGIBILITY AND SCOPE OF FINANCING**

### **Subpart A—Financing Under Titles I and II of the Farm Credit Act**

Source: 62 FR 4441, Jan. 30, 1997, unless otherwise noted.

#### **§613.3000 Financing for farmers, ranchers, and aquatic producers or harvesters.**

(a) *Definitions.* For purposes of this subpart, the following definitions apply:

(1) *Bona fide farmer or rancher* means a person owning agricultural land or engaged in the production of agricultural products, including aquatic products under controlled conditions.

(2) *Legal entity* means any partnership, corporation, estate, trust, or other legal entity that is established pursuant to the laws of the United States, any State thereof, the Commonwealth of Puerto Rico, the District of Columbia, or any tribal authority and is legally authorized to conduct a business.

(3) *Person* means a legal entity or an individual who is a citizen of the United States or a foreign national who has been lawfully admitted into the United States either for permanent residency pursuant to 8 U.S.C. 1101(a)(20) or on a visa pursuant to a provision in 8 U.S.C. 1101(a)(15) that authorizes such individual to own property or operate or manage a business or a legal entity.

(4) *Producer or harvester of aquatic products* means a person engaged in producing or harvesting aquatic products for economic gain in open waters under uncontrolled conditions.

(b) *Eligible borrower.* Farm Credit institutions that operate under titles I or II of the Act may provide financing to a bona fide farmer or rancher, or producer or harvester of aquatic products for any agricultural or aquatic purpose and for other credit needs.

[62 FR 4441, Jan. 30, 1997, as amended at 73 FR 30475, May 28, 2008]

#### **§613.3005 Lending objective.**

It is the objective of each bank and association, except for banks for cooperatives, to provide full credit, to the extent of creditworthiness, to the full-time bona fide farmer (one whose primary business and vocation is farming, ranching, or producing or harvesting aquatic products); and conservative credit to less than full-time farmers for agricultural enterprises, and more restricted credit for other credit requirements as needed to ensure a sound credit package or to accommodate a borrower's needs as long as the total credit results in being primarily an agricultural loan. However, the part-time farmer who needs to seek off-farm employment to supplement farm income or who desires to supplement off-farm income by living in a rural area and is carrying on a valid agricultural operation, shall have availability of credit for mortgages, other agricultural purposes, and family needs in the preferred position along with full-time farmers. Loans to farmers shall be on an increasingly conservative basis as the emphasis moves away from the full-time bona fide farmer to the point where agricultural needs only will be financed for the applicant whose business is essentially other than farming. Credit shall not be extended where investment in agricultural assets for speculative appreciation is a primary factor.

#### **§613.3010 Financing for processing or marketing operations.**

(a) *Eligible borrowers.* A borrower is eligible for financing for a processing or marketing operation under titles I and II of the Act only if the borrower:

(1) Is a bona fide farmer, rancher, or producer or harvester of aquatic products who regularly produces some portion of the throughput used in the processing or marketing operation; or

(2) Is a legal entity not eligible under paragraph (a)(1) of this section in which eligible borrowers under §613.3000(b) own more than 50 percent of the voting stock or equity and

regularly produce some portion of the throughput used in the processing or marketing operation; or

(3) Is a legal entity not eligible under paragraph (a)(1) of this section in which eligible borrowers under §613.3000(b) own 50 percent or less of the voting stock or equity, regularly produce some portion of the throughput used in the processing or marketing operation and:

(i) Exercise majority voting control over the legal entity; or

(ii) Constitute a majority of the directors of a corporation, general partners of a limited partnership, or managing members of a limited liability company who exercise control over the legal entity by determining and overseeing the policies, business practices, management, and decision-making process of the legal entity; or

However, the funding bank's review and approval is limited to a determination that the YBS program contains all required components as set forth in paragraph (c) of this section. Any conclusion by the bank that a YBS program is incomplete must be communicated to the direct lender association in writing.

(e) *YBS program and the operational and strategic business plan.* Targets and goals outlined in paragraphs (c)(2) and (c)(3) of this section must be included in each direct lender association's operational and strategic business plan for at least the succeeding 3 years (as set forth in §618.8440 of this chapter).

(f) *YBS program internal controls.* Each direct lender association must have internal controls that establish clear lines of responsibility for YBS program implementation, YBS performance results, and YBS quarterly reporting to the association's board of directors.

#### **§614.4170 General.**

Direct lenders shall be responsible for the servicing of the loans that they make. However, loan participation agreements may designate specific loan servicing efforts to be accomplished by a participating institution. Each direct lender shall adopt loan servicing policies and procedures to assure that loans will be serviced fairly and equitably for the borrower while minimizing the risk for the lender. Procedures shall include specific plans that help preserve the quality of sound loans and that help correct credit deficiencies as they develop.

(a) The Farm Credit Bank shall provide guidelines for the servicing of loans by the Federal land bank associations. The servicing may be accomplished either under the direct supervision of the bank or under delegated authority.

(b) The servicing of loans which are participated in by Farm Credit System institutions shall be in accordance with §614.4325.

(c) In the development of loan servicing policies and procedures, the following criteria shall be included:

(1) *Term loans.* The objective shall be to provide borrowers with prompt and efficient service with respect to actions in such areas as personal liability, partial release of security, insurance requirements or adjustments, loan divisions or transfers, or conditional payments.

Procedures shall provide for adequate inspections, reanalyses, reappraisals, controls on payment of insurance and taxes (and for payment when necessary), and prompt exercise of legal options to preserve the lender's collateral position or guard against loss. Loan servicing policies for rural home loans shall recognize the inherent differences between agricultural and rural home lending.

(2) *Operating loans.* The objective shall be to service such loans to assure disbursement in accordance with the basis of approval, repayment from the sources obligated or pledged, and to minimize risk exposure to the lender. Procedures shall require:

(i) The procurement of periodic operating data essential for maintaining control, for the proper analysis of such data, and prompt action as needed;

(ii) Inspections, reappraisals, and borrower visits appropriate to the nature and quality of the loan; and

(iii) Controls on insurance, margin requirements, warehousing, and the prompt exercise of legal options to preserve the lender's collateral position and guard against loss.

(3) *Legal entity loans.* In addition to the foregoing servicing objectives for term and operating loans, procedures for servicing these loans shall require procurement of data on changes in ownership, control, and management; review of business objectives, financing programs, organizational structure, and operating methods, and appropriate analysis of such changes with provision for action as needed.

#### **§614.4175 Uninsured voluntary and involuntary accounts.**

(a) Borrowers may make voluntary advance payments on their loans or, under agreement with a System institution, may make voluntary advance conditional payments intended to be applied to future maturities. The monies in the advance conditional payment accounts may be available for return to the borrower in lieu of increasing his loan. System institutions may pay interest on advance conditional payments for the time the funds are held unapplied at a rate not to exceed the rate charged on the related loan(s). System institutions shall hold any advance conditional payments received in accordance with this section in voluntary advance payment accounts.

(b) System institutions may establish involuntary payment accounts including, but not limited to, funds held for the borrower, such as loan proceeds to be disbursed for which the borrower is obligated; the unapplied insurance proceeds arising from any insured loss; and total insurance premiums and applicable taxes collected in advance in connection with any loan.

## Subpart E—Loan Terms and Conditions

Source: 55 FR 24884, June 19, 1990, unless otherwise noted.

### **§614.4200 General requirements.**

(a) *Terms and conditions.* (1) The terms and conditions of each loan made by a Farm Credit bank or association shall be set forth in a written document or documents, such as a loan agreement, promissory note, or other instrument(s) appropriate to the type and amount of the credit extension, in order to establish loan conditions and performance requirements. Copies of all documents executed by the borrower in connection with the closing of a loan made under titles I or II of the Act shall be provided to the borrower at the time of execution and at any time thereafter that the borrower requests additional copies.

(2) The terms and conditions of all loans shall be adequately disclosed in writing to the borrower not later than loan closing. For loans made under titles I and II of the Act, the institution shall provide prompt written notice of the approval of the loan.

(3) Applicants shall be provided notification of the action taken on each credit application in compliance with the requirements of 12 CFR 202.9.

(b) *Security.* (1) Long-term real estate mortgage loans must be secured by a first lien interest in real estate, except that the loans may be secured by a second lien interest if the institution also holds the first lien on the property. No funds shall be advanced, under a legally binding commitment or otherwise, if the outstanding loan balance after the advance would exceed 85 percent (or 97 percent as provided in section 1.10(a) of the Act) of the appraised value of the real estate, except that a loan on which private mortgage insurance is obtained may exceed 85 percent of the appraised value of the real estate to the extent that the loan amount in excess of 85 percent is covered by such insurance. The real estate that is used to satisfy the loan-to-value limitation must be comprised primarily of agricultural or rural property, including agricultural land and improvements thereto, a farm-related business, a marketing or processing operation, a rural residence, or real estate used as an integral part of an aquatic operation.

(2) Notwithstanding the requirements of paragraph (b)(1) of this section, the lending institution may advance funds for the payment of taxes or insurance premiums with respect to the real estate, reschedule loan payments, grant partial releases of security interests in the real estate, and take other actions necessary to protect the lender's collateral position. Any action taken that results in exceeding the loan-to-value limitation shall be in accordance with a policy of the institution's board of directors and adequately documented in the loan file.

(3) Short- and intermediate-term loans may be secured or unsecured as the documented creditworthiness of the borrower warrants.

(4) In addition to the requirements in paragraph (b)(1) of this section, a long-term, non-farm rural home loan, including a revolving line of credit, shall be secured by a first lien on the property, except that it may be secured by a second lien if the institution also holds the first lien on the property. A short- or intermediate-term loan on a rural home, including a revolving line of credit, must be secured by a lien on the property unless the financing is provided exclusively for repairs, remodeling, or other improvements to the rural home, in which case the loan may be secured by other property or unsecured if warranted by the documented creditworthiness of the borrower.

(5) Except as provided in §614.4231, loans made under title III of the Act may be secured or unsecured, as appropriate for the purpose of the loan and the documented creditworthiness of the borrower.

(c) *Loan amortization.* If a direct lender amortizes a loan over a period of time that is longer than the term to maturity under §614.4000(a), §614.4010(a), §614.4030(a), §614.41040(a), or §614.4050(a)(1) or (2), it must establish a loan amortization schedule that is:

(1) Consistent with its loan underwriting standards adopted pursuant to §614.4150; and

(2) Appropriate to the type and purpose of the loan, expected useful life of the asset being financed, and the repayment capacity of the borrower.

#### **§614.4231 Certain seasonal commodity loans to cooperatives.**

Loans on certain commodities that are part of government programs shall comply with the criteria established for those programs. Security taken on program commodities shall be consistent with prudent lending practices and ensure compliance with the government program. The bank shall provide for periodic review by bank officials of any custodial activities and shall provide notice to the custodians that their activities are subject to review and examination by the Farm Credit Administration.

[62 FR 51015, Sept. 30, 1997]

#### **§614.4232 Loans to domestic lessors.**

Loans and financial assistance extended by banks for cooperatives and agricultural credit banks to domestic lessors to finance equipment or facilities leased by a stockholder of the bank shall be subject to the following terms and conditions:

(a) The term of the loan shall not be longer than the total period of the lease;

(b) The contract between the lessor and lessee shall establish that the leased assets are effectively under the control of the lessee and that such control shall continue in effect for essentially all of the term of the lease;

(c) The lessee must hold at least one share of stock or one participation certificate; and

(d) The leased equipment and facilities must be primarily for use in the lessee's operations in the United States.

[55 FR 24884, June 19, 1990, as amended at 64 FR 34517, June 28, 1999]

#### **§614.4233 International loans.**

Term loans made by banks for cooperatives and agricultural credit banks under the authority of section 3.7(b) of the Act and §613.3200 of this chapter to foreign or domestic parties who are not shareholders of the bank shall be subject to the following conditions:

(a) The loan shall be denominated in a currency to eliminate foreign exchange risk on repayment.

(b) The borrower's obligations shall be guaranteed or insured against default under such policies as are available in the United States and other countries. Exceptions may be made where a prospective borrower has had a longstanding successful business relationship with an eligible cooperative borrower or an eligible cooperative which is not a borrower if the prospective borrower has a high credit rating as determined by the bank.

(c) For a borrower in which a voting stockholder of the bank has a majority ownership interest, financing may be extended for the full value of the transaction; otherwise, financing may be extended only to approximate the percent of ownership.

## **Subpart F—Collateral Evaluation Requirements**

Source: 59 FR 46730, Sept. 12, 1994, unless otherwise noted.

### **§614.4240 Collateral definitions.**

For the purposes of this part, the following definitions shall apply:

(a) *Abundance of caution*, when used to describe decisions to require collateral, means that the collateral is taken in circumstances in which:

(1) It is not required by statute, regulation, or the institution's policies; and

(2) A prudent lender would extend credit based on a borrower's income and/or other collateral, absent the real estate, and the decision to extend credit was, in fact, based on other sources of revenue or collateral.

(b) *Appraisal* means a written statement independently and impartially prepared by a qualified appraiser setting forth an opinion as to the market value of an adequately described property as of a specific date(s), supported by the presentation and analysis of relevant market information.

(c) *Appraisal Foundation* means the Appraisal Foundation established on November 30, 1987, by professional appraisal organizations, as a not-for-profit corporation under the laws of Illinois, in order to enhance the quality of professional appraisals.

(d) *Appraisal Subcommittee* means the Appraisal Subcommittee of the Federal Financial Institutions Examination Council.

(e) *Business loan* means a loan or other extension of credit to any corporation, general or limited partnership, business trust, joint venture, sole proprietorship, or other business entity (including entities and individuals engaged in farming enterprises).

(f) *Cost approach* means the process by which an evaluator establishes an indicated value by measuring the current market cost to construct a reproduction of or replacement for the improvements, minus the amount of depreciation (physical deterioration, or functional

and/or external obsolescence) evident in the structure from all causes, plus the market value of the land.

(g) *Evaluation* means a study of the nature, quality, or utility of, interest in, or aspects of, an asset. An evaluation may take the form of a valuation or an appraisal.

(h) *Fee appraiser* means a qualified evaluator who is not an employee of the party contracting for the completion of the evaluation and who performs an evaluation on a fee basis. For purposes of this subpart, a fee appraiser may include a staff evaluator from another Farm Credit System institution only if the employing institution is not operating under joint management with the contracting institution. In addition, for purposes of personal and intangible collateral evaluations, the term "fee appraiser" includes, but is not limited to, certified public accountants, equipment dealers, grain buyers, livestock buyers, and auctioneers.

(i) *FIRREA* means the Financial Institutions Recovery, Reform, and Enforcement Act of 1989.

(j) *Highest and best use* means the reasonable and most probable use of the property that would result in the highest market value of vacant land or improved property, as of the date of valuation; or that use, from among reasonably probable and legally alternative uses, found to be physically possible, appropriately supported, financially feasible, and which results in the highest land value.

(k) *Income capitalization approach* means the procedure that values property by measuring the present value of the expected future benefits of property ownership. This value is derived from either:

(1) Capitalizing a single year's income expectancy or an annual average of several years' income expectancies at a market-derived capitalization rate that reflects a specific income pattern, return on investment, and change in the value of the investment; or

(2) Discounting the annual cashflows for the holding period and the reversion at a specified yield rate or specified yield rates which reflect market behavior.

(l) *Market value* means the most probable price that a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently, knowledgeably, and assuming neither is under duress. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

(1) Buyer and seller are typically motivated;

(2) Both parties are well informed or well advised, and acting in what they consider their best interests;

(3) A reasonable time is allowed for exposure in the open market;

(4) Payment is made in terms of cash in United States dollars or in terms of financial arrangements comparable thereto; and

(5) The price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.

(m) *Personal property*, for purposes of this subpart, means all tangible and movable property not considered real property or fixtures.

(n) *Qualified evaluator* means an individual who is competent, reputable, impartial, and has demonstrated sufficient training and experience to properly evaluate property of the type that is the subject of the evaluation. For the purposes of this definition, the term "qualified evaluator" includes an appraiser or valuator.

(o) *Real estate* means an identified parcel or tract of land, including improvements, if any.

(p) *Real estate-related financial transactions* means any transaction involving:

(1) The sale, lease, purchase, investment in, or exchange of real property, including interests in property or the financing thereof; or

(2) The refinancing of real property or interests in real property; or

(3) The use of real property or interests in real property as security for a loan or investment, including mortgage-backed securities.

(q) *Real property* means all interests, benefits, and rights inherent in the ownership of real estate.

(r) *Sales comparison approach* means the procedure that values property by comparing the subject property to similar properties located in relatively close proximity, having similar size and utility, and having been recently sold in arm's-length transactions (comparable sales). The sales comparison approach requires the evaluator to estimate the degree of similarity and difference between the subject property and comparable sales. Such comparison shall be made on the basis of conditions of sale, financing terms, market conditions, location, physical characteristics, and income characteristics. Appropriate adjustments shall be made to the sales price of the comparable property based on the identified deficiencies or superiorities of the subject property to arrive at a probable price for which the subject property could be sold on the date of the collateral evaluation.

(s) *State certified appraiser* means any individual who has satisfied the requirements for and has been certified as a real estate appraiser by a State or territory whose requirements for certification currently meet or exceed the minimum criteria for certification issued by the Appraiser Qualification Board of the Appraisal Foundation. No individual shall be a State certified appraiser unless such individual has achieved a passing grade on a suitable examination administered by a State or territory that is consistent with and equivalent to the Uniform State Certification Examination issued or endorsed by the Appraiser Qualification Board of the Appraisal Foundation. In addition, the Appraisal Subcommittee must not have issued a finding that the policies, practices, or procedures of the State or territory are inconsistent with title XI of FIRREA.

(t) *State licensed appraiser* means any individual who has satisfied the requirements for licensing and has been licensed as a real estate appraiser by a State or territory in which the licensing procedures comply with title XI of FIRREA and in which the Appraisal

Subcommittee has not issued a finding that the policies, practices, or procedures of the State or territory are inconsistent with title XI of FIRREA.

(u) *Transaction value* means:

(1) For loans or other extensions of credit, the amount of the loan, loan commitment, or other extensions of credit;

(2) For sales, leases, purchases, investments in, or exchanges of real property, the market value of the property interest involved; and

(3) For the pools of loans or interests in real property, the transaction value of the individual loans or the market value of the real property interests comprising the pool.

(v) *USPAP* means the Uniform Standards of Professional Appraisal Practice adopted by the Appraisal Foundation.

(w) *Valuation* means the process of estimating a defined value of an identified interest or interests in a specific asset or assets as of a given date. A valuation results from the completion of a collateral evaluation that does not require an appraisal.

#### **§614.4245 Collateral evaluation policies.**

(a) The board of directors of each Farm Credit System institution that engages in lending or leasing secured by collateral shall adopt well-defined and effective collateral evaluation policies and standards, that comply with the regulations in this subpart, to ensure that collateral evaluations are:

(1) Sufficiently descriptive and detailed to provide ample support to the institution's related credit decisions;

(2) Performed based on criteria established for the purpose of determining the circumstances under which collateral evaluations will be required and when they will be required. Such criteria must, at a minimum:

(i) Establish when an institution will require a collateral appraisal completed under the USPAP rather than a collateral valuation; and

(ii) Take into account such factors as market trends, market volatility, and various types of credit, loan servicing, collection, and liquidation actions; and

(3) Completed by a qualified evaluator in an unbiased manner.

(b) The policies and standards required by this section shall, at a minimum, address the criteria outlined in §§614.4250 through 614.4267 of this subpart.

(c) A Federal land bank association shall, with the approval of its respective Farm Credit bank, adopt collateral evaluation policies that are consistent with the bank's policies and standards.

(d) An institution's board of directors may adopt specific collateral evaluation requirements, consistent with the regulations in this subpart, for loans designated as part of a minimum information program.

[59 FR 46730, Sept. 12, 1994, as amended at 62 FR 51015, Sept. 30, 1997]

**§614.4250 Collateral evaluation standards.**

(a) When real, personal, or intangible property is taken as security for a loan or is the subject of a lease, an evaluation of such property shall be performed in accordance with §614.4260 and the institutions' policies and procedures. Such a collateral evaluation shall be identified as either a collateral valuation or a collateral appraisal. Specifically, all collateral evaluations must:

- (1) Value the subject property based upon market value as defined in §614.4240(I);
  - (2) Be presented in a written format;
  - (3) Consider the purpose for which the property will be used and the property's highest and best use, if different from the intended use;
  - (4) Be sufficiently descriptive to enable the reader to ascertain the reasonableness of the estimated market value and the rationale for the estimate;
  - (5) Provide sufficient detail (including an identification and description of the property) and depth of analysis to reflect the relevant characteristics and complexity of the subject property;
  - (6) Analyze and report, as appropriate, for real, intangible, and/or personal property, on:
    - (i) The current income producing capacity of the property;
    - (ii) A reasonable marketing period for the property;
    - (iii) The current market conditions and trends that will affect projected income, to the extent such conditions will affect the value of the property;
    - (iv) The appropriate deductions and discounts as they would apply to the property, including but not limited to, those based on the condition of the property, as well as the specialization of the operation and property; and
    - (v) Potential liabilities, including those associated with any hazardous waste or other environmental concerns; and
  - (7) Include in the evaluation report a certification that the evaluation was not based on a requested minimum valuation or specific valuation or approval of a loan.
- (b) For purposes of determining appraisal value as required in section 1.10(a) of the Act, the definition of market value and the requirements of this subpart shall apply.

**§614.4255 Independence requirements.**

(a) *Prohibitions.* For all personal and intangible property, and for all real property exempted under §614.4260(c) of this subpart, no person may:

- (1) Perform evaluations in connection with transactions in which such person has a direct or indirect interest, financial or otherwise, in the loan or subject property;

(2) As a director, vote on or approve a loan decision on which such person performed a collateral evaluation; or

(3) As a director, perform a collateral evaluation in connection with any transaction on which such person made or will be required to make a credit decision.

(b) *Officers and employees.* If the institution's internal control procedures required by §618.8430 of this chapter include requirements for either a prior approval or post-review of credit decisions, officers and employees may:

(1) Participate in a vote or approval involving assets on which they performed a collateral evaluation; or

(2) Perform a collateral evaluation in connection with a transaction on which they have made or will be required to make a credit decision.

(c) *Real estate appraiser.* Except as provided in §614.4260(c) of this subpart, all evaluations of real property that serve as the primary security for a loan shall be performed by a qualified real estate appraiser who has no direct or indirect interest, financial or otherwise, in the loan or subject property and is not engaged in the marketing, lending, collection, or credit decision processes of any of the following:

(1) A Farm Credit System institution making or originating the loan;

(2) A Farm Credit System institution operating under common management with the institution making or originating the loan; or

(3) A Farm Credit System institution purchasing an interest in the loan.

(d) *Fee appraisers.* Fee appraisers shall be engaged directly by the Farm Credit System institution or its agent, and shall have no direct or indirect interest, financial or otherwise, in the property or transaction. A Farm Credit System institution may accept a real estate appraisal that was prepared by an appraiser engaged directly by another Farm Credit System institution, by a United States Government agency, a Government-Sponsored Enterprise or by a financial institution subject to title XI of FIRREA.

(e) *Loan purchases.* No employee who, acting as a State licensed or State certified appraiser, performed a real estate appraisal on any collateral supporting a loan shall subsequently participate in any decision related to the loan purchase.

#### **§614.4260 Evaluation requirements.**

(a) *Valuation.* Valuations of personal and intangible property, as well as real property exempted under paragraph (c) of this section, shall be performed by qualified individuals who meet the established standards of this subpart and the Farm Credit System institution obtaining the collateral valuation.

(b) *Appraisal.* (1) Appraisals for real estate-related financial transactions with transaction values of more than \$250,000 shall be performed by a qualified appraiser who is a State licensed or a State certified real estate appraiser.

(2) Appraisals for real estate-related financial transactions with transaction values of more than \$1,000,000 shall be performed by a qualified appraiser who is a State certified real estate appraiser.

(c) *Appraisals not required.* An appraisal performed by a State certified or State licensed appraiser is not required for any real estate-related financial transaction in which any of the following conditions are met:

(1) The transaction value is \$250,000 or less;

(2) The transaction is a "business loan" as defined in §614.4240(e) that:

(i) Has a transaction value of \$1,000,000 or less; and

(ii) Is not dependent on income derived from the sale or cash rental of real estate as the primary source of repayment;

(3) A lien on real property has been taken as collateral in an abundance of caution, and the application, when evaluated on the five basic credit factors, without considering the subject real estate, would support the credit decision that was based on other sources of repayment or collateral;

(4) A lien on real estate is not statutorily required and has been taken for purposes other than the real estate's value;

(5) Subsequent loan transactions (which include but are not limited to loan servicing actions, reamortizations, modifications of loan terms, and partial releases), provided that either:

(i) The transaction does not involve the advancement of new loan funds other than funds necessary to cover reasonable closing costs; or

(ii) There has been no obvious and material change in market conditions or physical aspects of the property that threatens the adequacy of the Farm Credit System institution's real estate collateral protection, even with the advancement of new loan funds;

(6) A Farm Credit System institution purchases a loan or an interest in a loan, pool of loans, or interests in real property, including mortgage-backed securities, provided that:

(i) The appraisal prepared for each loan, pooled loan, or real property interest, when originated, met the standards of this subpart, other Federal regulations adopted pursuant to FIRREA, or the requirements of the government-sponsored secondary market intermediaries under whose auspices the interest is sold; and

(ii) There has been no obvious and material change in market conditions or physical aspects of the property that would threaten the Farm Credit System institution's collateral position, or

(7) A Farm Credit System institution makes or purchases a loan secured by real estate, which loan is guaranteed by an agency of the United States Government and is supported by an appraisal that conforms to the requirements of the guaranteeing agency.

To qualify for exceptions in paragraphs (c)(1) through (c)(7) of this section from the requirements of this subpart, the institution must have documentation justifying the use of such exceptions in the applicable loan file(s). In addition, the institution must document that the repayment of a "business loan" is not dependent on income derived from the sale or cash rental of real estate.

(d) *FCA-required appraisals.* The FCA reserves the right to require an appraisal under this subpart whenever it believes it is necessary to address safety and soundness issues.

(e) *Reciprocity.* The requirements of this subpart are satisfied by the use of State certified or State licensed appraisers from any State provided that:

- (1) The appraiser is qualified to perform such appraisals;
- (2) The applicable Farm Credit System institution has established policies providing for such interstate appraisals; and
- (3) The applicable State appraiser licensing and certification agency recognizes the certification or license of the appraiser's State of permanent certification or licensure.

#### **§614.4265 Real property evaluations.**

(a) Real estate shall be valued on the basis of market value.

(b) Market value shall be determined by a reasonable valuation method that:

(1) Considers the income capitalization approach, the sales comparison approach, and/or the cost approach, as appropriate, to determine market value;

(2) Explains and documents the elimination of any approach not used.

(3) Reconciles the market values of the applicable approaches; and

(c) At a minimum, the institution shall develop and document the evaluation of the income and debt servicing capacity for the property and operation where the transaction value exceeds \$250,000 and the real estate taken as collateral:

(1) Is an integral part of and supports the principal source of loan repayment; or

(2) Is not an integral part of and does not support the principal source of loan repayment, but has demonstrable rental market appeal, is statutorily required, and fully or partially constitutes an integral part of an agricultural or aquatic operation.

(d) The income-earning and debt-servicing capacity established under paragraph (c) of this section on such properties shall be documented as part of the credit analysis for any related loan action, whether or not the income capitalization approach value is used as the basis for the market value conclusion stated in the evaluation report.

(e) Collateral closely aligned with, an integral part of, and normally sold with real estate (fixtures) may be included in the value of the real estate. All other collateral associated with

the real estate, but designated as personal property, shall be evaluated as personal property in accordance with §§614.4250 and 614.4266.

(f) The evaluation shall properly identify all nonagricultural influences, including, but not limited to, urban development, mineral deposits, and commercial building development value, and the reasoning supporting the evaluator's highest and best-use conclusion.

(g) Where an evaluation of real property is completed by a fee appraiser, as defined in §614.4240(g), the institution's standards shall include provisions for periodic collateral inspections performed by the institution's account officer or appropriate designee.

[59 FR 46730, Sept. 12, 1994, as amended at 71 FR 65387, Nov. 8, 2006; 75 FR 35968, June 24, 2010]

#### **§614.4266 Personal and intangible property evaluations.**

(a) Personal property and intangibles shall be valued on the basis of market value in accordance with the institution's evaluation standards and policies.

(b) Personal property evaluations shall include a source of comparisons of value (i.e., equipment dealer listings, Blue Book, market sales reports, etc.) and a description of the property being evaluated, including location of the property and, where applicable, quantity, species/variety, measure/weight, value per unit and in total, type of identification (such as brand, bill of lading, or warehouse receipt), quality, condition, and date.

(c) Evaluations of intangibles shall include a review and description of the documents supporting the property interests and the marketability of the intangible property, including applicable terms, conditions, and restrictions contained in the document that would affect the value of the property.

(d) Where an evaluation of personal or intangible property is completed by a fee appraiser, as defined in §614.4240(g), the institution's standards shall include provisions for periodic collateral inspections and verification by the institution's account officer or appropriate designee.

(e) When a Farm Credit System institution deems an appraisal necessary, personal or intangible property shall be appraised in accordance with procedures and standards established by the institution by individuals deemed qualified by the institution to complete the work under the USPAP Competency and Ethics Provisions.

[59 FR 46730, Sept. 12, 1994, as amended at 59 FR 50964, Oct. 6, 1994]

#### **§614.4267 Professional association membership; competency.**

(a) *Membership in appraisal organizations.* A State certified appraiser or a State licensed appraiser may not be excluded from consideration for an assignment for a real estate-related transaction solely by virtue of membership or lack of membership in any particular appraisal organization.

(b) *Competency.* All staff and fee evaluators, including appraisers, performing evaluations in connection with real, personal, or intangible property taken as collateral in connection with extensions of credit must meet the qualification requirements of this subpart. However, an evaluator (as defined in §614.4240(n)) may not be considered competent solely by virtue of

### **§614.4325 Purchase and sale of interests in loans.**

(a) *Definitions.* For the purposes of this subpart, the following definitions shall apply:

(1) *Interests in loans* means ownership interests in the principal amount, interest payments, or any aspect of a loan transaction and transactions involving a pool of loans, including servicing rights.

(2) *Lead lender* means a lending institution having a direct contractual relationship with a borrower to advance funds, which institution sells or assigns an interest or interests in such loan to one or more other lenders.

(3) *Loan* means any extension of credit or similar financial assistance of the type authorized under the Act, such as guarantees, letters of credit, and other similar transactions.

(4) *Participating institution* means an institution that purchases a participation interest in a loan originated by another lender.

(5) *Sale with recourse* means a sale of a loan or an interest in a loan in which the seller:

(i) Retains some risk of loss from the transferred asset for any cause except the seller's breach of usual and customary warranties or representations designed to protect the purchaser against fraud or misrepresentation; or

(ii) Has an obligation to make payments of principal or interest to any party resulting from:

(A) Default on the payment of principal or interest on the loan by the borrower or guarantor or any other deficiencies in the obligor's performance;

(B) Changes in the market value of the assets after transfer;

(C) Any contractual relationship between the seller and purchaser incident to the transfer that, by its terms, could continue even after final payment, default, or other termination of the assets transferred; or

(D) Any other cause, except the retention at servicing rights alone shall not constitute recourse.

(6) *Subordinated participation interest* means an interest in a loan that bears the first risk of loss, including the retention of such an interest when a loan is sold to a pooler certified by the Federal Agricultural Mortgage Corporation pursuant to title VIII of the Act, or an interest

in a pool of subordinated participation interests purchased to satisfy the requirements of title VIII of the Act with respect to a loan sold to such a certified pooler.

(b) *Authority to purchase and sell interests in loans.* Loans and interests in loans may only be sold in accordance with each institution's lending authorities, as set forth in subpart A of this part. No Farm Credit System institution may purchase any interest in a loan from an institution that is not a Farm Credit System institution, except:

- (1) For the purpose of pooling and securitizing such loans under title VIII of the Act;
- (2) Purchases of a participation interest that qualifies under the institution's lending authority, as set forth in subpart A of this part, and meets the requirements of §614.4330 of this subpart;
- (3) Loans purchased from the Federal Deposit Insurance Corporation, provided that the Farm Credit System institution with direct lending authority under title I, II or III of the Act:
  - (i) Conducts a thorough due diligence prior to purchase to ensure that the loan, or pool of loans, qualifies under the institution's lending authority as set forth in subpart A of this part, and meets scope of financing and eligibility requirements in subpart A or subpart B of part 613;
  - (ii) Obtains funding bank approval if a Farm Credit System association purchases loans or pools of loans that exceed 10 percent of total its capital;
  - (iii) Establishes a program whereby each eligible borrower of the loan purchased is offered an opportunity to acquire the institution's required minimum amount of voting stock;
  - (iv) Determines whether each loan purchased, except for loans purchased that could be financed only by a bank for cooperatives under title III of the Act, is a distressed loan as defined in §617.7000, and provides borrowers of purchased loans who acquire voting stock the rights afforded in §617.7000, subparts A, and D through G if the loan is distressed; and
  - (v) Divests eligible purchased loans when the borrowers elect not to acquire stock under the program offered in paragraph (b)(3)(iii) of this section in the same manner it would divest loans under its current business practices.
  - (vi) Includes information on loans purchased under authority of this section in the Reports of Condition and Performance required under §621.12 of this chapter, in the format prescribed by FCA reporting instructions.
- (c) *Policies.* Each Farm Credit System institution that is authorized to sell or purchase interests in loans under subpart A of this part shall exercise that authority in accordance with a policy adopted by its board of directors that addresses the following matters:
  - (1) The types of purchasers to which the institution is authorized to sell interests in loans;
  - (2) The types of loans in which the institution may purchase or sell an interest and the types of interests which may be purchased or sold;
  - (3) The underwriting standards to be applied in the purchase of interests in loans;

(4) Such limitations on the aggregate principal amount of interests in loans that the institution may purchase from a single institution as are necessary to diversify risk, and such limitations on the aggregate amount the institution may purchase from all institutions as are necessary to assure that service to the territory is not impeded;

(5) Provision for the identification and reporting of loans in which interests are sold or purchased;

(6) Requirements for providing and securing in a timely manner adequate credit and other information needed to make an independent credit judgment; and

(7) Any limitations or conditions to which sales or purchases are subject that the board deems appropriate, including arbitration.

(d) *Purchase and sale agreements.* Agreements to purchase or sell an interest in a loan shall, at a minimum:

(1) Identify the particular loan(s) to be covered by the agreement;

(2) Provide for the transfer of credit and other borrower information on a timely and continuing basis;

(3) Provide for sharing, dividing, or assigning collateral;

(4) Identify the nature of the interest(s) sold or purchased;

(5) Set forth the rights and obligations of the parties and the terms and conditions of the sale; and

(6) Contain any terms necessary for the appropriate administration of the loan and the protection of the interests of the Farm Credit System institution.

(e) *Independent credit judgment.* Each institution that purchases an interest in a loan shall make a judgment on the creditworthiness of the borrower that is independent of the originating or lead lender and any intermediary seller or broker prior to the purchase of the interest and prior to any servicing action that alters the terms of the original agreement, which judgment shall not be delegated to any person(s) not employed by the institution. A Farm Credit System institution that purchases a loan or any interest therein may use information, such as appraisals or collateral inspections, furnished by the originating or lead lender, or any intermediary seller or broker; however, the purchasing Farm Credit System institution shall independently evaluate such information when exercising its independent credit judgment. No employee who performed a real estate appraisal on any collateral supporting a loan shall participate in the decision to purchase that loan. The independent credit judgment shall be documented by a credit analysis that considers factors set forth in the loan underwriting standards adopted pursuant to §614.4150 of this part and is independent of the originating institution and any intermediary seller or broker. The credit analysis shall consider such credit and other borrower information as would be required by a prudent lender and shall include an evaluation of the capacity and reliability of the servicer. Boards of directors of jointly managed institutions shall adopt procedures to ensure that the interests of their respective shareholders are protected in participation between such institutions.

(f) *Limitations.* The aggregate principal amount of interests in loans purchased from a single lead lender and the aggregate principal amount of interests in loans purchased from other institutions shall not exceed the limits set in the institution's policy.

(g) *Sales with recourse.* When a loan or interest in a loan is sold with recourse, it shall be accorded the following treatment:

(1) The loan shall be considered, to the extent of the recourse, an extension of credit by the purchaser to the seller, as well as an extension of credit from the seller to the borrower(s), for the purpose of determining whether credit extensions to a borrower are within the lending limits established in subpart J of this part.

(2) The amount of the loan subject to the recourse agreement shall be considered a loan sold with recourse for the purpose of computing permanent capital ratios.

(h) *Transactions through agents.* Transactions pertaining to purchases of loans, including the judgement on creditworthiness, may be performed through an agent, provided that:

(1) The institution establishes the necessary criteria in a written agency agreement that outlines, at a minimum, the scope of the agency relationship and obligates the agent to comply with the institution's underwriting standards;

(2) The institution periodically reviews the agency relationship to determine if the agent's actions are in the best interest of the institution;

(3) The agent must be independent of the seller or intermediate broker in the transaction; and

(4) If an association's funding bank serves as its agent, the agency agreement must provide that:

(i) The association can terminate the agreement upon no more than 60 days notice to the bank;

(ii) The association may, in its discretion, require the bank to purchase from the association any interest in a loan that the association determines does not comply with the terms of the agency agreement or the association's loan underwriting standards.

- (8) Specify whether the contract is assignable by either party; and

#### **§614.4335 Borrower stock requirements.**

(a) *In general.* Except as provided in paragraph (b) of this section, a borrower shall meet the minimum borrower stock purchase requirements as a condition of obtaining a loan.

(b) *Loans designated for sale into a secondary market.* (1) An institution's bylaws may provide that the institution's minimum borrower stock purchase requirements do not apply if a loan is designated, at the time it is made, for sale into a secondary market.

(2) If a loan designated for sale under paragraph (b)(1) of this section is not sold into a secondary market during the 180-day period that begins on the date of designation, the institution's minimum borrower stock purchase requirements shall apply.

(c) *Retirement of borrower stock—*(1) *In general.* Borrower stock may be retired only if the institution meets the minimum permanent capital requirements imposed by the FCA pursuant to the Act or regulations and, except as provided in paragraph (c)(2) of this section, in accordance with the following:

(i) Borrower stock may be retired if the entire loan is sold without recourse, provided that when the loan is sold without recourse to another Farm Credit System institution, the borrower may elect to hold stock in either the selling or purchasing institution.

(ii) Borrower stock may not be retired when the entire loan is sold with recourse.

(iii) When an interest in a loan is sold without recourse, a proportionate amount of borrower stock may be retired, but in no event may stock be retired below the institution's minimum stock purchase requirements for the interest retained.

(iv) If an institution repurchases a loan on which the stock has been retired, the borrower shall be required to repurchase stock in the amount of the minimum stock purchase requirement.

(2) *Loans sold into a secondary market.* An institution's bylaws may provide that all outstanding voting stock held by a borrower with respect to a loan shall be retired when the loan is sold into a secondary market.

(d) *Applicability.* In the case of a loan sold into a secondary market under title VIII of the Act, paragraphs (b)(1) and (c)(2) of this section apply regardless of whether the institution retains a subordinated participation interest in a loan or pool of loans or contributes to a cash reserve.

[62 FR 63646, Dec. 2, 1997]

(a) The selling institution shall disclose to the borrower at least 10 days prior to the borrower's next payment date;

(1) The name, address, and telephone number of the purchasing institution;

(2) The name and address of the party to whom payment is to be made;

(3) A description of the impact of the sale on statutory borrower rights after the sale;

(4) Any terms in the agreement that would permit a purchaser to change the terms or conditions of the loan.

(b) A Farm Credit System institution that purchases a loan or a non-participation interest therein shall not take any servicing action that adversely affects the borrower until it ensures that disclosure has been made to the borrower of:

(1) The name, address, and telephone number of the purchasing institution; and

(2) The address where the payment should be sent.

### **Subpart I—Loss-Sharing Agreements**

#### **§614.4340 General.**

(a) Upon the approval of the board of directors of the respective Farm Credit System institutions, any System bank, association, or service corporation or service association may enter into an agreement to share loan and other losses with any other institution(s) of the System. As appropriate, a loss-sharing agreement may contain provisions relating to definitions of terms, terms and conditions for activation, determinations of assessment formulas, limitations on assessments, reimbursements, administration, arbitration, and provisions for amendment and termination.

(b) System institutions may agree among themselves to share losses for the purpose of protecting against the impairment of capital stock or participation certificates, or for any other purpose. Agreements may provide for sharing losses that arise in the future or that were recognized by one or more of the signatory institutions before the date of the agreement. Agreements may contain provisions that are not entirely reciprocal among the signatories to the agreement. Loss-sharing agreements can provide for the sharing of loan losses, operating losses, casualty losses, losses on high risk assets, or any other losses.

(a) *Borrower* means an individual, partnership, joint venture, trust, corporation, or other business entity to which an institution has made a loan or a commitment to make a loan either directly or indirectly. Excluded are a Farm Credit System association or other financing institution that comply with the criteria in section 1.7(b) of the Act and the regulations in subpart P of this part. For the purposes of this subpart, the term “borrower” includes any customer to whom an institution has made a lease or a commitment to make a lease.

(b) *Commitment* means a legally binding obligation to extend credit, enter into lease financing, purchase or participate in loans or leases, or pay the obligation of another, which becomes effective at the time such commitment is made.

This includes participation interests. The term “loan” includes loans and leases outstanding, obligated but undisbursed commitments to lend or lease, contracts of sale, notes receivable, other similar obligations, guarantees, and all types of leases. (d) *Primary liability* means an obligation to repay that is not conditioned upon an unsuccessful prior demand on another party.

(e) *Secondary liability* means an obligation to repay that only arises after an unsuccessful demand on another party.

(1) Where one institution invests in another institution in connection with the sale of a loan participation interest, the amount of investment in the institution purchasing this participation interest that is owned by the institution originating the loan shall be counted in the lending and leasing limit base of the originating institution and shall not be counted in the lending and leasing limit base of the purchasing institution.

(2) Any amounts of preferred stock not eligible to be included in total capital as defined in §628.2 of this chapter must be deducted from the lending limit base, except that otherwise eligible third-party capital that is required to be excluded from total capital under §628.23 of this chapter may be included in the lending limit base.

- (b) The bank determines the financial condition, repayment capacity, and other credit factors of the loan to the original maker reasonably justify the credit granted by the endorser; and
- (c) The loans are fully supported by documented loan files, which include, at a minimum:
  - (1) A credit report supporting the bank's finding that the financial condition, repayment capacity, and other factors of the maker of the notes being pledged justify the credit extended by the bank and/or endorser;
  - (2) A certification by a bank officer designated for that purpose by the loan or executive committee that the financial responsibility of the original notemaker has been evaluated by the loan committee and the bank is relying primarily on each such maker for the payment of the obligation; and
  - (3) Other credit information normally required of a borrower when making and administering a loan.

[58 FR 40321, July 28, 1993. Redesignated at 64 FR 34517, June 28, 1999]

#### **§614.4358 Computation of obligations.**

(a) *Inclusions.* The computation of total loans to each borrower for the purpose of computing their lending and leasing limit shall include:

- (1) The total unpaid principal of all loans and lease balances outstanding and the total amount of undisbursed commitments except as excluded by paragraph (b) of this section. This amount shall include loans that have been charged off on the books of the institution in whole or in part but have not been collected, except to the extent that such amounts are not legally collectible;
- (2) Purchased interests in loans, including participation interests, to the extent of the amount of the purchased interest, including any undisbursed commitment;
- (3) Loans attributed to a borrower in accordance with §614.4359.

(b) *Exclusions.* The following loans when adequately documented in the loan file, may be excluded from loans to a borrower subject to the lending and leasing limit:

- (1) Any loan or portion of a loan that carries a full faith and credit performance guaranty or surety of any department, agency, bureau, board, commission, or establishment of the United States government, provided there is no evidence to suggest that the guaranty has become unenforceable and the institution can demonstrate that it is in compliance with the terms and conditions of the guaranty.

(2) Any loan or portion of a loan guaranteed by a Farm Credit System institution, pursuant to the provisions of §614.4345 on guaranty agreements. This exclusion does not apply to the institution providing the guaranty.

(3) Any loan or portion of a loan that is secured by bonds, notes, certificates of indebtedness, or Treasury bills of the United States or by other obligations guaranteed as to principal and interest by the United States government, provided the loans are fully secured by the current market value of such obligations. If the market value of the collateral declines to below the balance of the loan, and the entire loan, individually, or when combined with other loans and undisbursed commitments to or attributed to the borrower, causes the borrower's total indebtedness to exceed the institution's lending limit, the institution shall have 5 business days to bring the loan into conformance before it shall be deemed to be in violation of the lending limit.

(4) Interests in loans sold, including participation interests, when the sale agreement meets the following requirements:

(i) The interest must be sold without recourse; and

(ii) The agreement under which the interest is sold must provide for the sharing of all payments of principal, collection expenses, collateral proceeds, and risk of loss on a pro rata basis according to the percentage interest in the principal amount of the loan. Agreements that provide for the pro rata sharing to commence at the time of default or similar event, as defined in the agreement under which the interest is sold, shall be considered to be pro rata agreements, notwithstanding the fact that advances are made and payments are distributed on a basis other than pro rata prior to that time.

(5) Interests in leases sold when the sale agreement provides that:

(i) The interest sold must be:

(A) An undivided interest in all the lease payments or the residual value of all the leased property; or

(B) A fractional undivided interest in the total lease transaction;

(ii) The interest must be sold without recourse; and

(iii) Sharing of all lease payments must be on a pro rata basis according to the percentage interest in the lease payments.

(6) Loans sold in their entirety to a pooler certified by the Federal Agricultural Mortgage Corporation, if an interest in a pool of subordinated participation interests is purchased to satisfy the requirements of title VIII of the Act.

[58 FR 40321, July 28, 1993. Redesignated and amended at 64 FR 34517, June 28, 1999; 67 FR 1285, Jan. 10, 2002]

#### **§614.4359 Attribution rules.**

(a) For the purpose of applying the lending and leasing limit to the indebtedness of a borrower, loans to a related borrower shall be combined with loans outstanding to the

borrower and attributed to the borrower when any one of the following three conditions exist:

(1) *Liability.* (i) The borrower has primary or secondary liability on a loan made to the related borrower. The amount of such loan attributable to the borrower is limited to the amount of the borrower's liability.

(ii) This section does not require attribution of a guarantee taken out of an abundance of caution. To qualify for the abundance of caution exception to the requirements of this subpart, the institution must document in the loan file that the loan, when evaluated under the loan underwriting standards adopted pursuant to §614.4150 of this part without considering the guarantee, would support the credit decision under the same basic terms and conditions.

(iii) For the banks for cooperatives and agricultural credit banks operating under title III authorities of the Act, look-through notes are exempt from the lending limit provisions provided they meet the criteria of §614.4357.

(2) *Financial interdependence.* The operations of a borrower and related borrower are financially interdependent. Financial interdependence exists if the borrower is the primary source of repayment for a related borrower's loan, or if the operations of the borrower and the related borrower are commingled.

(i) The borrower shall be considered the primary source of repayment on the loan to the related borrower if the borrower is obligated to supply 50 percent or more of the related borrower's annual gross receipts, *and* reliance on the income from one another is such that, regardless of the solvency and liquidity of the borrower's operations, the debt service obligation of the related borrower could not be met if income flow from the borrower is interrupted or terminated. For the purpose of this paragraph, gross receipts include, but are not limited to, revenues, intercompany loans, dividends and capital contributions.

(ii) The assets or operations of the borrower and related borrower are considered to be commingled if they cannot be separated without materially impacting the economic survival of the individual operations and their ability to repay their loans.

(3) *Control.* The borrower directly or indirectly controls the related borrower. A borrower is deemed to control a related borrower if either paragraph (a)(3)(i) or (a)(3)(ii) of this section exist:

(i) The borrower, directly or acting through one or more other persons, owns 50 percent or more of the stock of the related borrower; or

(ii) The borrower, directly or acting through one or more other persons, owns or has the power to vote 25 percent or more of the voting stock of a related borrower, and meets at least one of the following three conditions:

(A) The borrower shares a common directorate or management with a related borrower. A common directorate is deemed to exist when a majority of the directors, trustees, or other persons performing similar functions of one borrower also serves the other borrower in a like capacity. A common management is deemed to exist if any employee of the borrower holds the position of chief executive officer, chief operating officer, chief financial officer, or an equivalent position in the related borrower's organization.

(B) The borrower controls in any manner the election of a majority of directors of a related borrower.

(C) The borrower exercises or has the power to exercise a controlling influence over management of a related borrower's operations through the provisions of management placement or marketing agreements, or providing services such as insurance carrier or bookkeeping.

(b) Each institution shall make provisions for appropriately designating loans to a related borrower that are combined with the borrower's loan and attributed to the borrower to ensure that loans to the borrower are within the lending and leasing limits.

(c) *Attribution rules table.* For the purposes of applying the lending and leasing limit to the indebtedness of a borrower, loans to a related borrower shall be combined with loans outstanding to the borrower and attributed to the borrower when any one of three attribution rules are met as outlined in Table 1.

#### **§614.4360 Lending and leasing limit violations.**

(a) Each loan, except loans that are grandfathered under the provisions of §614.4361, shall be in compliance with the lending and leasing limit on the date the loan is made, and at all times thereafter. Except as provided for in paragraph (b) of this section, loans which are in violation of the lending and leasing limit shall comply with the provisions of §615.5090 of this chapter.

(b) Under the following conditions a loan that violates the lending and leasing limit shall be exempt from the provisions of §615.5090 of this chapter:

(2) Loans on which funds are advanced pursuant to a commitment that was within the lending and leasing limit at the time the commitment was made, even if the lending and leasing limit subsequently declines.

(3) A loan that exceeds the lending and leasing limit as a result of the consolidation of the debt of two or more borrowers as a consequence of a merger or the acquisition of one borrower's operations by another borrower. Such a loan may be extended or renewed, for a

period not to exceed 1 year from the date of such merger or acquisition, during which period the institution may advance and/or readvance funds not to exceed the greater of:

A new loan must conform with the rules set forth in this subpart. A new loan includes but is not limited to:

- (1) Funds advanced in excess of existing commitment;
- (2) A different borrower is substituted for a borrower who is subsequently released; or
- (3) An additional person becomes an obligor on the loan.

#### **§614.4362 Loan and lease concentration risk mitigation policy.**

(2) Clearly defined and consistently used terms;

(3) Quantitative methods to measure and limit identified exposures to significant and reasonably foreseeable loan and lease concentration risks (as set forth in paragraph (b) of this section); and

(4) Internal controls that delineate authorities delegated to management, authorities retained by the board, and a process for addressing exceptions and reporting requirements.

(b) *Quantitative methods.* (1) At a minimum, the quantitative methods included in the policy must measure and limit identified exposures to significant and reasonably foreseeable concentration risks emanating from:

(i) A single borrower;

(ii) A single-industry sector;

(iii) A single counterparty; or

(iv) Other lending activities unique to the institution because of its territory, the nature and scope of its activities and its risk-bearing capacity.

(2) In determining concentration limits, the policy must consider other risk factors that could identify significant and reasonably foreseeable loan and lease losses. Such risk factors could include borrower risk ratings, the institution's relationship with the borrower, the borrower's knowledge and experience, loan structure and purpose, type or location of collateral (including loss given default ratings), loans to emerging industries or industries outside of an institution's area of expertise, out-of-territory loans, counterparties, or weaknesses in due diligence practices.

(a) *Basic criteria for access.* Any national bank, State bank, trust company, agriculture credit corporation, incorporated livestock loan company, savings association, credit union, or any association of agricultural producers engaged in the making of loans to farmers and ranchers, and any corporation engaged in the making of loans to producers or harvesters of

aquatic products may become an other financing institution (OFI) that funds, discounts, and obtains other similar financial assistance from a Farm Credit Bank or agricultural credit bank in order to extend short- and intermediate-term credit to eligible borrowers for authorized purposes pursuant to sections 1.10(b) and 2.4(a) and (b) of the Act. Each OFI shall be duly organized and qualified to make loans and leases under the laws of each jurisdiction in which it operates.

(b) *Assured access.* Each Farm Credit Bank or agricultural credit bank must fund, discount, or provide other similar financial assistance to any creditworthy OFI that:

(1) Maintains at least 15 percent of its loan volume at a seasonal peak in loans and leases to farmers, ranchers, aquatic producers and harvesters. The Farm Credit Bank or agricultural credit bank shall not include the loan assets of the OFI's parent, affiliates, or subsidiaries when determining compliance with the requirement of this paragraph; and

(c) *Underwriting standards.* Each Farm Credit Bank and agricultural credit bank shall establish objective policies, procedures, pricing guidelines, and loan underwriting standards for determining the creditworthiness of each OFI applicant. A copy of such policies, procedures, guidelines, and standards shall be made available, upon request to each OFI and OFI applicant.

(d) *Denial of OFI access.* A Farm Credit Bank or an agricultural credit bank may deny the funding request of any creditworthy OFI that meets the conditions in paragraph (b) of this section only when such request would:

(ii) Raise funds in the money markets; or

(2) Otherwise expose the Farm Credit Bank or agricultural credit bank to safety and soundness risks.

(e) *Notice to applicants.* Each Farm Credit Bank or agricultural credit bank shall render its decision on an OFI application in as expeditious a manner as is practicable. (f) *Reports to the board of directors.* Each Farm Credit Bank and agricultural credit bank shall provide its board of directors with a written annual report regarding the scope of OFI program activities during the preceding fiscal year.

#### **§614.4550 Place of discount.**

A Farm Credit Bank or agricultural credit bank may provide funding, discounting, or other similar financial assistance to any OFI applicant. However, a Farm Credit Bank or agricultural credit bank cannot fund, discount, or extend other similar financial assistance to an OFI that maintains its headquarters, or has more than 50 percent of its outstanding loan volume to eligible borrowers who conduct agricultural or aquatic operations in the chartered territory of another Farm Credit bank unless it notifies such bank in writing within five (5) business days of receiving the OFI's application for financing. Two or more Farm Credit banks cannot simultaneously fund the same OFI.

(2) Purchase non-voting stock in its Farm Credit Bank or agricultural credit bank pursuant to the bank's bylaws.

(b) A Farm Credit Bank or agricultural credit bank shall extend funding, discount and other similar financial assistance to an OFI only for purposes and terms authorized under sections 1.10(b) and 2.4(a) and (b) of the Act.

(c) Rural home loans to borrowers who are not *bona fide* farmers, ranchers, and aquatic producers and harvesters are subject to the restrictions in §613.3030 of this chapter. Loans that an OFI makes to processing and marketing operators who supply less than 20 percent of the throughput shall be included in the calculation that §613.3010(b)(1) of this chapter establishes for Farm Credit Banks and agricultural credit banks.

(d) The borrower rights requirements in part C of title IV of the Act, and the regulations in part 617 of this chapter shall apply to all loans that an OFI funds or discounts through a Farm Credit Bank or agricultural credit bank, unless such loans are subject to the Truth-in-Lending Act, 15 U.S.C. 1601 *et seq.*

(e) As a condition for obtaining funding, discount and other similar financial assistance from a Farm Credit Bank or agricultural credit bank, all State banks, trust companies, or State-chartered savings associations shall execute a written consent that authorizes their State regulators to furnish examination reports to the Farm Credit Administration upon its request. Any OFI that is not a depository institution shall consent in writing to examination by the Farm Credit Administration as a condition precedent for obtaining funding, discount and other similar financial assistance from a Farm Credit Bank or agricultural credit bank, and file such consent with its Farm Credit funding bank.

(b) *General collateral.* (1) Each Farm Credit Bank and agricultural credit bank shall take as collateral all notes, drafts, and other obligations that it funds or discounts for each OFI; and

(2) Each Farm Credit Bank and agricultural credit bank shall perfect, in accordance with State law, a senior security interest in any and all obligations and the proceeds thereunder that the OFI pledges as collateral.

(c) *Supplemental collateral.* (1) Each Farm Credit Bank and agricultural credit bank shall develop policies and loan underwriting standards that establish uniform and objective requirements to determine the need and amount of supplemental collateral or other credit enhancements that each OFI shall provide as a condition for obtaining funding, discount and other similar financial assistance from such Farm Credit bank.

(2) The amount, type, and quality of supplemental collateral or other credit enhancements required for each OFI shall be established in the general financing agreement and shall be proportional to the level of risk that the OFI poses to the Farm Credit Bank or agricultural credit bank.

#### **§614.4580 Limitation on the extension of funding, discount and other similar financial assistance to an OFI.**

(a) No obligation shall be purchased from or discounted for and no loan shall be made or other similar financial assistance extended by a Farm Credit Bank or agricultural credit bank to an OFI if the amount of such obligation added to the aggregate liabilities of such OFI, whether direct or contingent (other than *bona fide* deposit liabilities), exceeds ten times the paid-in and unimpaired capital and surplus of such OFI or the amount of such liabilities permitted under the laws of the jurisdiction creating such OFI, whichever is less.

(b) It shall be unlawful for any national bank that is indebted to any Farm Credit Bank or agricultural credit bank, on paper discounted or purchased, to incur any additional indebtedness, if by virtue of such additional indebtedness its aggregate liabilities, direct or contingent, will exceed the limitation described in paragraph (a) of this section.

#### **§614.4590 Equitable treatment of OFIs and Farm Credit System associations.**

(a) Each Farm Credit Bank and agricultural credit bank shall apply comparable and objective loan underwriting standards and pricing requirements to both OFIs and Farm Credit System direct lender associations.

(b) The total charges that a Farm Credit Bank or agricultural credit bank assesses an OFI through capitalization requirements, interest rates, and fees shall be comparable to the charges that the same Farm Credit Bank or agricultural credit bank imposes on its direct lender associations. Any variation between the overall funding costs that OFIs and direct lender associations are charged by the same funding bank shall result from differences in credit risk and administrative costs to the Farm Credit Bank or agricultural credit bank.

(c) Upon request, each Farm Credit Bank or agricultural credit bank must provide each OFI and OFI applicant, that has or is seeking to establish a funding relationship with the Farm Credit Bank or agricultural credit bank, a copy of its policies, procedures, loan underwriting standards, and pricing guidelines for OFIs. The pricing guidelines must identify the specific components that make up the cost of funds for OFIs, and the amount of these components expressed in basis points.

(d) Upon request of any OFI or OFI applicant, that has or is seeking to establish a funding relationship with the Farm Credit Bank or agricultural credit bank, the bank must explain in writing the reasons for any variation in the overall funding costs it charges to OFIs and affiliated direct lender associations. The written explanation must compare the cost of funds that the Farm Credit Bank or agricultural credit bank charges the OFIs and affiliated direct lender associations. When possible, the written explanation shall compare the costs of funding that the bank charges several OFIs and Farm Credit associations that are similar in size. However, the Farm Credit Bank or agricultural credit bank must not disclose financial or confidential information about any individual Farm Credit association.

[63 FR 36547, July 7, 1998, as amended at 69 FR 29863, May 26, 2004]

[69 FR 29863, May 26, 2004]

#### **§614.4600 Insolvency of an OFI.**

If an OFI that is indebted to a Farm Credit Bank or agricultural credit bank becomes insolvent, is in process of liquidation, or fails to service its loans properly, the Farm Credit Bank or agricultural credit bank may take over such loans and other assets that the OFI pledged as collateral. Once the Farm Credit Bank or agricultural credit bank exercises its remedies, it shall have the authority to make additional advances, to grant renewals and extensions, and to take such other actions as may be necessary to collect and service loans to the OFI's borrower. The funding Farm Credit Bank or agricultural credit bank may also liquidate the OFI's loans and other assets in order to achieve repayment of the debt.

(d) The financing of foreign trade receivables shall be limited by the policies of each bank's board of directors. The policies shall provide a method of determining the maximum amount in dollars, by country, to be financed and establishing a maximum percentage of the amount of a draft drawn on a foreign party against which the bank may advance funds. The banks shall take into consideration the following factors:

(1) The reputation and financial strength of the foreign importer.

(2) The reputation and payment record of the class of importers in the same country as the subject importer in regard to prompt payment of drafts drawn upon them.

(3) The quality of the supporting documents offered with the draft.

(a) Before a bank for cooperatives or an agricultural credit bank may engage in any financial transaction which transports monetary instruments from any place within the United States to or through any place outside the United States or to any place within the United States, the bank must have policies adopted by the bank's board of directors governing such transactions and must have established bank procedures to safeguard the interests of the stockholders of the bank in regard to such transactions.

(b) Under policies adopted by the bank's board of directors, a bank for cooperatives or an agricultural credit bank may engage in currency exchange activities necessary to service individual transactions that may be financed under the regulations authorizing export, import, and other internationally related credit and financial services. These currency exchange activities shall not include any loans or commitments intended to finance speculative futures transactions by eligible borrowers in foreign currencies. The bank may engage, on behalf of the eligible borrowers or on its own behalf, in bona fide hedging transactions and positions, where such transactions or positions normally reduce risks in the conduct and management of international financial activities. The bank's policies should include established guidelines for:

- (1) Net overnight positions, by currency.
- (2) Maturity distribution, by currency, of foreign currency assets, liabilities, and foreign exchange contracts.
- (3) Outstanding contracts with individual customers and banks.
- (4) Credit approval procedures safeguarding against delivery or settlement risk.
- (5) Total value of outstanding contracts—spot and forward.

(c) A bank for cooperatives or an agricultural credit bank is responsible for its compliance with the laws of the United States in regard to reporting requirements of the Department of the Treasury pertaining to currency exchange activities and international transfers of monetary instruments.

(d) A bank for cooperatives or an agricultural credit bank engaged in foreign exchange trading shall have written policies describing the scope of trading activity authorized,

delegation of authority, types of services offered, trading limits, reporting requirements, and internal accounting controls.

(e) The bank's trading guideline policies should provide for reporting procedures adequate to inform management properly of trading activities and to facilitate detection of lack of compliance with policy directives.

(f) The bank's policies shall establish foreign exchange delivery limits for eligible customers with relationship to the customer's financial capability to bear the financial risks assumed. The bank will be expected to maintain documentary evidence that a customer's delivery exposure is reasonable, and that responsible bank officers routinely review outstanding delivery exposure of individual customers.

(g) The bank's personnel policies shall include written standards of conduct for those involved with foreign exchange activities, including the following which should be prohibited:

(1) Trading with entities affiliated with the bank or with members of the board of directors.

(2) Foreign exchange and deposit transactions with other bank employees.

(3) Personal business relationships with foreign exchange and money brokers with whom the bank deals.

(h) The bank's policies should provide detailed instructions regarding the need for bank officers to disclose the limits of responsibility and liability of the bank when it holds positions or executes contracts for the account of eligible parties. The bank's policies regarding the respective procedures should provide reasonable assurance that reports on trading activities are current and complete, and that the opportunity for concealment of unauthorized transactions is kept at the absolute minimum.

(i) The banks for cooperatives and agricultural credit banks shall use the Funding Corporation for purposes of trading foreign exchange. All foreign exchange transactions shall be made by the Funding Corporation on behalf of the banks consistent with instructions received from the respective banks.

(j) Guidelines (b) through (i) of this section will not apply if a bank purchases or sells foreign exchange through a commercial bank and has no foreign exchange risk exposure.

#### **§614.4930 Requirement to purchase flood insurance where available.**

(a) *In general.* A System institution shall not make, increase, extend, or renew any designated loan unless the building or mobile home and any personal property securing the loan is covered by flood insurance for the term of the loan. The amount of insurance must be at least equal to the lesser of the outstanding principal balance of the designated loan or the maximum limit of coverage available for the particular type of property under the 1968 Act. Flood insurance coverage under the 1968 Act is limited to the building or mobile home and any personal property that secures a loan and not the land itself.

(b) *Table funded loans.* A System institution that acquires a loan from a mortgage broker or other entity through table funding shall be considered to be making a loan for the purposes of this subpart.

(c) *Private flood insurance—(1) Mandatory acceptance.* A System institution must accept private flood insurance, as defined in §614.4925, in satisfaction of the flood insurance purchase requirement in paragraph (a) of this section if the policy meets the requirements for coverage in paragraph (a) of this section.

(2) *Compliance aid for mandatory acceptance.* A System institution may determine that a policy meets the definition of private flood insurance in §614.4925, without further review of

the policy, if the following statement is included within the policy or as an endorsement to the policy: "This policy meets the definition of private flood insurance contained in 42 U.S.C. 4012a(b)(7) and the corresponding regulation."

(3) *Discretionary acceptance.* A System institution may accept a flood insurance policy issued by a private insurer that is not issued under the NFIP and that does not meet the definition of private flood insurance in §614.4925 in satisfaction of the flood insurance purchase requirement of this section if the policy:

- (i) Provides coverage in the amount required by paragraph (a) of this section;
- (ii) Is issued by an insurer that is licensed, admitted, or otherwise approved to engage in the business of insurance by the insurance regulator of the State or jurisdiction in which the property to be insured is located; or in the case of a policy of difference in conditions, multiple peril, all risk, or other blanket coverage insuring nonresidential commercial property, is issued by a surplus lines insurer recognized, or not disapproved, by the insurance regulator of the State or jurisdiction where the property to be insured is located;
- (iii) Covers both the mortgagor(s) and the mortgagee(s) as loss payees, except in the case of a policy that is provided by a condominium association, cooperative, homeowners association, or other applicable group and for which the premium is paid by the condominium association, cooperative, homeowners association, or other applicable group as a common expense; and
- (iv) Provides sufficient protection of the designated loan, consistent with general safety and soundness principles, and the System institution documents its conclusion regarding sufficiency of the protection of the loan in writing.

(4) *Mutual aid societies.* Notwithstanding the requirements of paragraph (c)(3) of this section, a System institution may accept a plan issued by a mutual aid society, as defined in §614.4925, in satisfaction of the flood insurance purchase requirement of this section if:

- (i) The FCA has determined that such plans qualify as flood insurance for purposes of the Act;
- (ii) The plan provides coverage in the amount required by paragraph (a) of this section;
- (iii) The plan covers both the mortgagor(s) and the mortgagee(s) as loss payees; and
- (iv) The plan provides sufficient protection of the designated loan, consistent with general safety and soundness principles, and the System institution documents its conclusion regarding sufficiency of the protection of the loan in writing.

[80 FR 43254, July 21, 2015, as amended at 84 FR 4973, Feb. 20, 2019]

#### **§614.4932 Exemptions.**

The flood insurance requirement prescribed by §614.4930 does not apply with respect to:

- (a) Any State-owned property covered under a policy of self-insurance satisfactory to the Administrator of FEMA, who publishes and periodically revises the list of States falling within this exemption;

(b) Property securing any loan with an original principal balance of \$5,000 or less and a repayment term of one year or less; or

(c) Any structure that is a part of any residential property but is detached from the primary residential structure of such property and does not serve as a residence. For purposes of this paragraph (c):

(1) "A structure that is a part of a residential property" is a structure used primarily for personal, family, or household purposes, and not used primarily for agricultural, commercial, industrial, or other business purposes;

(2) A structure is "detached" from the primary residential structure if it is not joined by any structural connection to that structure; and

(3) "Serve as a residence" shall be based upon the good faith determination of the System institution that the structure is intended for use or actually used as a residence, which generally includes sleeping, bathroom, or kitchen facilities.

#### **§614.4935 Escrow requirement.**

(a) *In general*—(1) *Applicability*. Except as provided in paragraph (a)(2) or paragraph (c) of this section, a System institution, or a servicer acting on its behalf, shall require the escrow of all premiums and fees for any flood insurance required under §614.4930 for any designated loan secured by residential improved real estate or a mobile home that is made, increased, extended, or renewed on or after January 1, 2016, payable with the same frequency as payments on the designated loan are required to be made for the duration of the loan.

(2) *Exceptions*. Paragraph (a)(1) of this section does not apply if:

(i) The loan is an extension of credit primarily for business, commercial, or agricultural purposes;

(ii) The loan is in a subordinate position to a senior lien secured by the same residential improved real estate or mobile home for which the borrower has obtained flood insurance coverage that meets the requirements of §614.4930;

(iii) Flood insurance coverage for the residential improved real estate or mobile home is provided by a policy that:

(A) Meets the requirements of §614.4930;

(B) Is provided by a condominium association, cooperative, homeowners association, or other applicable group; and

(C) The premium for which is paid by the condominium association, cooperative, homeowners association, or other applicable group as a common expense;

(iv) The loan is a home equity line of credit;

(v) The loan is a nonperforming loan, which is a loan that is 90 or more days past due and remains nonperforming until it is permanently modified or until the entire amount past due,

including principal, accrued interest, and penalty interest incurred as the result of past due status, is collected or otherwise discharged in full; or

(vi) The loan has a term of no longer than 12 months.

(3) *Duration of exception.* If a System institution, or a servicer acting its behalf, determines at any time during the term of a designated loan secured by residential improved real estate or a mobile home that is made, increased, extended, or renewed on or after January 1, 2016, that an exception under paragraph (a)(2) of this section does not apply, then the System institution, or the servicer acting on its behalf, shall require the escrow of all premiums and fees for any flood insurance required under §614.4930 as soon as reasonably practicable and, if applicable, shall provide any disclosure required under section 10 of the Real Estate Settlement Procedures Act of 1974 (12 U.S.C. 2609) (RESPA).

(4) *Escrow account.* The System institution, or a servicer acting on its behalf, shall deposit the flood insurance premiums and fees on behalf of the borrower in an escrow account. This escrow account will be subject to escrow requirements adopted pursuant to section 10 of RESPA, which generally limits the amount that may be maintained in escrow accounts for certain types of loans and requires escrow account statements for those accounts, only if the loan is otherwise subject to RESPA. Following receipt of a notice from the Administrator of FEMA or other provider of flood insurance that premiums are due, the System institution, or a servicer acting on its behalf, shall pay the amount owed to the insurance provider from the escrow account by the date when such premiums are due.

(b) *Notice.* For any loan for which a System institution is required to escrow under paragraph (a)(1) or paragraph (c)(2) of this section or may be required to escrow under paragraph (a)(3) of this section during the term of the loan, the System institution, or a servicer acting on its behalf, shall mail or deliver a written notice with the notice provided under §614.4955 informing the borrower that the System institution is required to escrow all premiums and fees for required flood insurance, using language that is substantially similar to model clauses on the escrow requirement in appendix A to this subpart.

(c) *Small lender exception—(1) Qualification.* Except as may be required under applicable State law, paragraphs (a), (b), and (d) of this section do not apply to a System institution:

(i) That has total assets of less than \$1 billion as of December 31 of either of the two prior calendar years; and

(ii) On or before July 6, 2012:

(A) Was not required under Federal or State law to deposit taxes, insurance premiums, fees, or any other charges in an escrow account for the entire term of any loan secured by residential improved real estate or a mobile home; and

(B) Did not have a policy of consistently and uniformly requiring the deposit of taxes, insurance premiums, fees, or any other charges in an escrow account for any loans secured by residential improved real estate or a mobile home.

(2) *Change in status.* If a System institution previously qualified for the exception in paragraph (c)(1) of this section, but no longer qualifies for the exception because it had assets of \$1 billion or more for two consecutive calendar year ends, the System institution must escrow premiums and fees for flood insurance pursuant to paragraph (a) of this

section for any designated loan made, increased, extended, or renewed on or after July 1 of the first calendar year of changed status.

(d) *Option to escrow*—(1) *In general.* A System institution, or a servicer acting on its behalf, shall offer and make available to the borrower the option to escrow all premiums and fees for any flood insurance required under §614.4930 for any loan secured by residential improved real estate or a mobile home that is outstanding on January 1, 2016, or July 1 of the first calendar year in which the System institution has had a change in status pursuant to paragraph (c)(2) of this section, unless:

(i) The loan or the System institution qualifies for an exception from the escrow requirement under paragraph (a)(2) or (c) of this section, respectively;

(ii) The borrower is already escrowing all premiums and fees for flood insurance for the loan; or

(iii) The System institution is required to escrow flood insurance premiums and fees pursuant to paragraph (a) of this section.

(2) *Notice.* For any loan subject to paragraph (d) of this section, the System institution, or a servicer acting on its behalf, shall mail or deliver to the borrower no later than June 30, 2016, or September 30 of the first calendar year in which the System institution has had a change in status pursuant to paragraph (c)(2) of this section, a notice in writing, or if the borrower agrees, electronically, informing the borrower of the option to escrow all premiums and fees for any required flood insurance and the method(s) by which the borrower may request the escrow, using language similar to the model clause in appendix B to this subpart.

(3) *Timing.* The System institution, or the servicer acting on its behalf, must begin escrowing premiums and fees for flood insurance as soon as reasonably practicable after the System institution, or servicer, receives the borrower's request to escrow.

[80 FR 43256, July 21, 2015]

#### **§614.4940 Required use of standard flood hazard determination form.**

(a) *Use of form.* A System institution shall use the standard flood hazard determination form developed by the Administrator of FEMA when determining whether the building or mobile home offered as collateral security for a loan is or will be located in a special flood hazard area in which flood insurance is available under the 1968 Act. The standard flood hazard determination form may be used in a printed, computerized, or electronic manner. A System institution may obtain the standard flood hazard determination form from FEMA's Web site at [www.fema.gov](http://www.fema.gov).

(b) *Retention of form.* A System institution shall retain a copy of the completed standard flood hazard determination form, in either hard copy or electronic form, for the period of time the System institution owns the loan.

#### **§614.4945 Force placement of flood insurance.**

(a) *Notice and purchase of coverage.* If a System institution, or a servicer acting on behalf of the System institution, determines at any time during the term of a designated loan, that the building or mobile home and any personal property securing the designated loan is not

covered by flood insurance or is covered by flood insurance in an amount less than the amount required under §614.4930, then the System institution, or a servicer acting on its behalf, shall notify the borrower that the borrower should obtain flood insurance, at the borrower's expense, in an amount at least equal to the amount required under §614.4930, for the remaining term of the loan. If the borrower fails to obtain flood insurance within 45 days after notification, then the System institution, or its servicer, shall purchase insurance on the borrower's behalf. The System institution, or its servicer, may charge the borrower for the cost of premiums and fees incurred in purchasing the insurance, including premiums or fees incurred for coverage beginning on the date on which flood insurance coverage lapsed or did not provide a sufficient coverage amount.

(b) *Termination of force-placed insurance*—(1) *Termination and refund*. Within 30 days of receipt by a System institution, or by a servicer acting on its behalf, of a confirmation of a borrower's existing flood insurance coverage, the System institution, or its servicer, shall:

(i) Notify the insurance provider to terminate any insurance purchased by the System institution, or its servicer, under paragraph (a) of this section; and

(ii) Refund to the borrower all premiums paid by the borrower for any insurance purchased by the System institution, or by its servicer, under paragraph (a) of this section during any period during which the borrower's flood insurance coverage and the insurance coverage purchased by the System institution, or its servicer, were each in effect, and any related fees charged to the borrower with respect to the insurance purchased by the System institution, or its servicer, during such period.

(2) *Sufficiency of demonstration*. For purposes of confirming a borrower's existing flood insurance coverage under paragraph (b) of this section, a System institution, or a servicer acting on its behalf, shall accept from the borrower an insurance policy declarations page that includes the existing flood insurance policy number and the identity of, and contact information for, the insurance company or agent.

#### **§614.4950 Determination fees.**

(a) *General*. Notwithstanding any Federal or State law other than the Flood Disaster Protection Act of 1973, as amended (42 U.S.C. 4001-4129), any System institution, or a servicer acting on behalf of the System institution, may charge a reasonable fee for determining whether the building or mobile home securing the loan is located or will be located in a special flood hazard area. A determination fee may also include, but is not limited to, a fee for life-of-loan monitoring.

(b) *Borrower fee*. The determination fee authorized by paragraph (a) of this section may be charged to the borrower if the determination:

(1) Is made in connection with a making, increasing, extending, or renewing of the loan that is initiated by the borrower;

(2) Reflects the Administrator of FEMA's revision or updating of flood plain areas or flood-risk zones;

(3) Reflects the Administrator of FEMA's publication of a notice or compendium that:

(i) Affects the area in which the building or mobile home securing the loan is located; or

(ii) By determination of the Administrator of FEMA, may reasonably require a determination whether the building or mobile home securing the loan is located in a special flood hazard area; or

(4) Results in the purchase of flood insurance coverage by the lender, or its servicer, on behalf of the borrower under §614.4945.

(c) *Purchaser or transferee fee.* The determination fee authorized by paragraph (a) of this section may be charged to the purchaser or transferee of a loan in the case of the sale or transfer of the loan.

**§614.4955 Notice of special flood hazards and availability of Federal disaster relief assistance.**

(a) *Notice requirement.* When a System institution makes, increases, extends, or renews a loan secured by a building or a mobile home located or to be located in a special flood hazard area, the System institution shall mail or deliver a written notice to the borrower and to the servicer in all cases whether or not flood insurance is available under the 1968 Act for the collateral securing the loan.

(b) *Contents of notice.* The written notice must include the following information:

(1) A warning, in a form approved by the Administrator of FEMA, that the building or the mobile home is or will be located in a special flood hazard area;

(2) A description of the flood insurance purchase requirements set forth in section 102(b) of the Flood Disaster Protection Act of 1973, as amended (42 U.S.C. 4012a(b));

(3) A statement, where applicable, that flood insurance coverage is available from private insurance companies that issue standard flood insurance policies on behalf of the NFIP or directly from the NFIP;

(4) A statement that flood insurance that provides the same level of coverage as a standard flood insurance policy under the NFIP also may be available from a private insurance company that issues policies on behalf of the company;

(5) A statement that the borrower is encouraged to compare the flood insurance coverage, deductibles, exclusions, conditions, and premiums associated with flood insurance policies issued on behalf of the NFIP and policies issued on behalf of private insurance companies and that the borrower should direct inquiries regarding the availability, cost, and comparisons of flood insurance coverage to an insurance agent; and

(6) A statement whether Federal disaster relief assistance may be available in the event of damage to the building or mobile home caused by flooding in a Federally declared disaster.

(c) *Timing of notice.* The System institution shall provide the notice required by paragraph (a) of this section to the borrower within a reasonable time before the completion of the transaction, and to the servicer as promptly as practicable after the System institution provides notice to the borrower and in any event no later than the time the System institution provides other similar notices to the servicer concerning hazard insurance and taxes. Notice to the servicer may be made electronically or may take the form of a copy of the notice to the borrower.

(d) *Record of receipt.* The System institution shall retain a record of the receipt of the notices by the borrower and the servicer for the period of time it owns the loan.

(e) *Alternate method of notice.* Instead of providing the notice to the borrower required by paragraph (a) of this section, a System institution may obtain satisfactory written assurance from a seller or lessor that, within a reasonable time before the completion of the sale or lease transaction, the seller or lessor has provided such notice to the purchaser or lessee. The System institution shall retain a record of the written assurance from the seller or lessor for the period of time it owns the loan.

(f) *Use of sample form of notice.* A System institution will be considered to be in compliance with the requirement for notice to the borrower of this section by providing written notice to the borrower containing the language presented in appendix A to this subpart within a reasonable time before the completion of the transaction. The notice presented in appendix A to this subpart satisfies the borrower notice requirements of the 1968 Act.

[80 FR 43254, July 21, 2015, as amended at 80 FR 43257, July 21, 2015]

#### **§614.4960 Notice of servicer's identity.**

(a) *Notice requirement.* When a System institution makes, increases, extends, renews, sells, or transfers a loan secured by a building or mobile home located or to be located in a special flood hazard area, it shall notify the Administrator of FEMA (or the Administrator's designee) in writing of the identity of the servicer of the loan. The Administrator of FEMA has designated the insurance provider to receive the System institution's notice of the servicer's identity. This notice may be provided electronically if electronic transmission is satisfactory to the Administrator of FEMA's designee.

(b) *Transfer of servicing rights.* The System institution shall notify the Administrator of FEMA (or the Administrator's designee) of any change in the servicer of a loan described in paragraph (a) of this section within 60 days after the effective date of the change. This notice may be provided electronically if electronic transmission is satisfactory to the Administrator of FEMA's designee. Upon any change in the servicing of a loan described in paragraph (a) of this section, the duty to provide notice under this paragraph (b) shall transfer to the transferee servicer.

## **Appendix A to Subpart S of Part 614—Sample Form of Notice of Special Flood Hazards and Availability of Federal Disaster Relief Assistance**

### **Notice of Special Flood Hazards and Availability of Federal Disaster Relief Assistance**

We are giving you this notice to inform you that:

The building or mobile home securing the loan for which you have applied is or will be located in an area with special flood hazards.

The area has been identified by the Administrator of the Federal Emergency Management Agency (FEMA) as a special flood hazard area using FEMA's *Flood Insurance Rate Map* or the *Flood Hazard Boundary Map* for the following community: \_\_\_\_\_. This area has a one percent (1%) chance of a flood equal to or exceeding the base flood elevation (a 100-year

flood) in any given year. During the life of a 30-year mortgage loan, the risk of a 100-year flood in a special flood hazard area is 26 percent (26%).

Federal law allows a lender and borrower jointly to request the Administrator of FEMA to review the determination of whether the property securing the loan is located in a special flood hazard area. If you would like to make such a request, please contact us for further information.

\_\_\_ The community in which the property securing the loan is located participates in the National Flood Insurance Program (NFIP). Federal law will not allow us to make you the loan that you have applied for if you do not purchase flood insurance. The flood insurance must be maintained for the life of the loan. If you fail to purchase or renew flood insurance on the property, Federal law authorizes and requires us to purchase the flood insurance for you at your expense.

- At a minimum, flood insurance purchased must cover *the lesser of*:

(1) The outstanding principal balance of the loan; *or*

(2) the maximum amount of coverage allowed for the type of property under the NFIP.

Flood insurance coverage under the NFIP is limited to the building or mobile home and any personal property that secures your loan and not the land itself.

- Federal disaster relief assistance (usually in the form of a low-interest loan) may be available for damages incurred in excess of your flood insurance if your community's participation in the NFIP is in accordance with NFIP requirements.
- Although you may not be required to maintain flood insurance on all structures, you may still wish to do so, and your mortgage lender may still require you to do so to protect the collateral securing the mortgage. If you choose not to maintain flood insurance on a structure and it floods, you are responsible for all flood losses relating to that structure.

#### Availability of Private Flood Insurance Coverage

Flood insurance coverage under the NFIP may be purchased through an insurance agent who will obtain the policy either directly through the NFIP or through an insurance company that participates in the NFIP. Flood insurance that provides the same level of coverage as a standard flood insurance policy under the NFIP may be available from private insurers that do not participate in the NFIP. You should compare the flood insurance coverage, deductibles, exclusions, conditions, and premiums associated with flood insurance policies issued on behalf of the NFIP and policies issued on behalf of private insurance companies and contact an insurance agent as to the availability, cost, and comparisons of flood insurance coverage.

#### [Escrow Requirement for Residential Loans]

Federal law may require a lender or its servicer to escrow all premiums and fees for flood insurance that covers any residential building or mobile home securing a loan that is located in an area with special flood hazards. If your lender notifies you that an escrow account is required for your loan, then you must pay your flood insurance premiums and fees to the lender or its servicer with the same frequency as you make loan payments for the duration

of your loan. These premiums and fees will be deposited in the escrow account, which will be used to pay the flood insurance provider.]

\_\_\_ Flood insurance coverage under the NFIP is not available for the property securing the loan because the community in which the property is located does not participate in the NFIP. In addition, if the non-participating community has been identified for at least one year as containing a special flood hazard area, properties located in the community will not be eligible for Federal disaster relief assistance in the event of a Federally declared flood disaster.

## **Appendix B to Subpart S of Part 614—Sample Clause for Option to Escrow for Outstanding Loans**

### **Escrow Option Clause**

You have the option to escrow all premiums and fees for the payment on your flood insurance policy that covers any residential building or mobile home that is located in an area with special flood hazards and that secures your loan. If you choose this option:

- Your payments will be deposited in an escrow account to be paid to the flood insurance provider.
- The escrow amount for flood insurance will be added to the regular mortgage payment that you make to your lender or its servicer.
- The payments you make into the escrow account will accumulate over time and the funds will be used to pay your flood insurance policy when your lender or servicer receives a notice from your flood insurance provider that the flood insurance premium is due.

To choose this option, follow the instructions below. If you have any questions about the option, contact [Insert Name of Lender or Servicer] at [Insert Contact Information].

### **Subpart D—Other Funding**

#### **§615.5110 Authority to issue (other funding).**

Any Farm Credit bank may issue Farm Credit Investment Bonds directly to those eligible as set forth in §615.5120(a). The bonds are subject to the limitations contained in the Federal Reserve Board's Regulation Q.

[43 FR 47489, Oct. 16, 1978; 43 FR 55239, Nov. 27, 1978]

## **§615.5120 Purchase eligibility requirement.**

(a) *Limitations.* Eligibility to purchase Farm Credit Investment Bonds shall be limited to members and employees of the Farm Credit banks and associations, except any bank officers, directors, and employees who are involved in setting the term or rate, to retired employees who are beneficiaries of a pension or retirement program of the Farm Credit banks or associations, and to retired employees of the Farm Credit Administration. A member of a Farm Credit association or a bank for cooperatives need not be an active borrower to be eligible. A member of any Farm Credit institution may purchase investment bonds from any of the institutions in the district which offer the purchase program. Patrons, members, employees, or stockholder of other financing institutions discounting loans with a Farm Credit Bank or agricultural credit bank or of any legal entity which is a borrower from any Farm Credit institution as such are ineligible as they are not members of a Farm Credit institution. Stock or participation certificates shall not be sold merely to qualify a party for the purchase of Farm Credit Investment Bonds. For purposes of this section "member" means a stockholder or participation certificate holder who acquired stock or participation certificates to obtain a loan, to purchase stock for investment or to qualify for other services of the association or bank. A person who assumes a loan is not a member unless he becomes a stockholder or participation certificate holder in connection with that loan. Employee means a regular full-time employee of a Farm Credit bank or association. Retired employee means a retiree who is a direct beneficiary of a pension or retirement program of a Farm Credit bank or association or the Farm Credit Administration under civil service retirement.

(b) *Form and ownership.* Farm Credit Investment Bonds are registered bonds issued in definitive or book-entry form depending on investor preference. The registration used must express the actual ownership of an interest in the bond and will be considered by the issuing institution as conclusive of such ownership and interest. No designation of an attorney, agent, or other representative to request or receive payment on behalf of the owner or coowner, nor any restriction on the right of the owner or coowner to receive payment of the bond or interest, except as provided in this section may be made in the registration or otherwise. Registrations requested in applications for the purchase shall be clear, accurate, complete, and conform with one of the registration provisions set forth in this section, and include the appropriate taxpayer identifying number. Registrations requested will be inscribed on the face of the bond if in definitive form or on the confirmation of investment if in book-entry form. The following provisions shall apply for registration of Farm Credit Investment Bonds:

(1) In all cases the member's name (whether a natural person, fiduciary, or legal entity) or employee's name must appear as owner of the bond.

(2) A bond may be registered in the name of a fiduciary only if the fiduciary is in fact the member.

(3) A member or employee may not use a form of registration (such as a gift to a minor, irrevocable trust, etc.) which would divest himself of ownership. However, a minor may be named as coowner or beneficiary.

(4) If a member is a natural person, a second natural person, member or nonmember, may be named as coowner or beneficiary. Coownership may not involve a fiduciary or private organization.

(5) In the coownership form the connective “or” shall serve the same purpose as “joint tenants with right of survivorship.”

[43 FR 47489, Oct. 16, 1978; 43 FR 55239, Nov. 27, 1978, as amended at 56 FR 2675, Jan. 24, 1991; 61 FR 67187, Dec. 20, 1996]

#### **§615.5130 Procedures.**

Procedures relating to issuance, pricing, payment of interest, redemption, replacement of lost or stolen bonds and other matters shall be promulgated under the authority of this regulation as operating instructions to banks and associations.

## **Subpart E—Investment Management**

#### **§615.5131 Definitions.**

For purposes of this subpart, the following definitions apply:

*Asset-backed securities (ABS)* mean investment securities that provide for ownership of a fractional undivided interest or collateral interests in specific assets of a trust that are sold and traded in the capital markets. For the purposes of this subpart, ABS exclude mortgage-backed securities that are defined in this section.

*Asset class* means a group of securities that exhibit similar characteristics and behave similarly in the marketplace. Asset classes include, but are not limited to, money market instruments, municipal securities, corporate bond securities, MBS, ABS, and any other asset class as determined by FCA.

*Loans* are defined by §621.2 of this chapter and they are calculated quarterly (as of the last day of March, June, September, and December) by using the average daily balance of loans during the quarter.

*Market risk* means the risk to the financial condition of your institution because the value of your holdings may decline if interest rates or market prices change. Exposure to market risk is measured by assessing the effect of changing rates and prices on either the earnings or economic value of an individual instrument, a portfolio, or the entire institution.

*Mortgage-backed securities (MBS)* means securities that are either:

(1) Pass-through securities or participation certificates that represent ownership of a fractional undivided interest in a specified pool of residential (excluding home equity loans), multifamily or commercial mortgages; or

#### **§615.5132 Investment purposes.**

(a) Each Farm Credit bank may hold eligible investments, listed under §615.5140, in an amount not to exceed 35 percent of its total outstanding loans, to comply with its liquidity requirements in §615.5134, manage surplus short-term funds, and manage interest rate risk under §615.5180. To comply with this calculation, the 30-day average daily balance of investments is divided by loans. Investments are calculated at amortized cost. Loans are calculated as defined in §615.5131. For the purpose of this calculation, loans include accrued interest and do not include any allowance for loan loss adjustments. Compliance with the calculation is measured on the last day of every month.

(b) The following investments may be excluded when calculating the amount of eligible investments held by the Farm Credit bank pursuant to §615.5132(a):

(1) Eligible investments listed under §615.5140 that are pledged by a Farm Credit bank to meet margin requirements for derivative transactions; and

(2) Any other investments FCA determines are appropriate for exclusion.

[77 FR 66371, Nov. 5, 2012]

#### **§615.5133 Investment management.**

(a) *Responsibilities of board of directors.* The board of directors must adopt written policies for managing the institution's investment activities. The board must also ensure that management complies with these policies and that appropriate internal controls are in place

to prevent loss. At least annually, the board, or a designated committee of the board, must review the sufficiency of these investment policies.

(b) *Investment policies—general requirements.* Investment policies must address the purposes and objectives of investments; risk tolerance; delegations of authority; internal controls; due diligence; and reporting requirements. The investment policies must fully address the extent of pre-purchase analysis that management must perform for various classes of investments. The investment policies must also address the means for reporting, and approvals needed for, exceptions to established policies. A Farm Credit bank's investment policy must address portfolio diversification and obligor limits under paragraphs (f) and (g) of this section. Investment policies must be sufficiently detailed, consistent with, and appropriate for the amounts, types, and risk characteristics of its investments.

(c) *Investment policies—risk tolerance.* Investment policies must establish risk limits for eligible investments and for the entire investment portfolio. The investment policies must include concentration limits to ensure prudent diversification of credit, market, and, as applicable, liquidity risks in the investment portfolio. Risk limits must be based on all relevant factors, including the institution's objectives, capital position, earnings, and quality and reliability of risk management systems and must take into consideration the interest rate risk management program required by §615.5180 or §615.5182, as applicable. Investment policies must identify the types and quantity of investments that the institution will hold to achieve its objectives and control credit risk, market risk, and liquidity risk as applicable. Each association or service corporation that holds significant investments and each Farm Credit bank must establish risk limits in its investment policies, as applicable, for the following types of risk:

(1) *Credit risk.* Investment policies must establish:

(i) *Credit quality standards.* Credit quality standards must be established for single or related obligors, sponsors, secured and unsecured exposures, and asset classes or obligations with similar characteristics.

(ii) *Concentration limits.* Concentration limits must be established for single or related obligors, sponsors, geographical areas, industries, unsecured exposures, asset classes or obligations with similar characteristics.

(iii) *Criteria for selecting brokers and, dealers.* Each institution must buy and sell eligible investments with more than one securities firm. The institution must define its criteria for selecting brokers and dealers used in buying and selling investments.

(iv) *Collateral margin requirements on repurchase agreements.* To the extent the institution engages in repurchase agreements, it must regularly mark the collateral to fair market value and ensure appropriate controls are maintained over collateral held.

(2) *Market risk.* Investment policies must set market risk limits for specific types of investments and for the investment portfolio.

(3) *Liquidity risk—(i) Liquidity at Farm Credit banks.* Investment policies must describe the liquidity characteristics of eligible investments that the bank will hold to meet its liquidity needs and other institutional objectives.

(ii) *Liquidity at associations.* Investment policies must describe the liquid characteristics of eligible investments that the association will hold.

(4) *Operational risk.* Investment policies must address operational risks, including delegations of authority and internal controls under paragraphs (d) and (e) of this section.

(d) *Delegation of authority.* All delegations of authority to specified personnel or committees must state the extent of management's authority and responsibilities for investments.

(e) *Internal controls.* Each institution must:

(1) Establish appropriate internal controls to detect and prevent loss, fraud, embezzlement, conflicts of interest, and unauthorized investments.

(2) Establish and maintain a separation of duties between personnel who supervise or execute investment transactions and personnel who supervise or engage in all other investment-related functions.

(3) Maintain records and management information systems that are appropriate for the level and complexity of the institution's investment activities.

(4) Implement an effective internal audit program to review, at least annually, the investment management practices including internal controls, reporting processes, and compliance with FCA regulations. This annual review's scope must be appropriate for the size, risk and complexity of the investment portfolio.

(f) *Farm Credit bank portfolio diversification—(1) Well-diversified portfolio.* Subject to the exemptions set forth in paragraph (f)(3) of this section, each Farm Credit bank must maintain a well-diversified investment portfolio as set forth in paragraph (f)(2) of this section.

(2) *Investment portfolio diversification requirements.* A well-diversified investment portfolio means that, at a minimum, investments are comprised of different asset classes, maturities, industries, geographic areas, and obligors. These diversification requirements apply to each individual security that the Farm Credit bank holds within a DIF. In addition, except as exempted by paragraph (f)(3) of this section, no more than 15 percent of the investment portfolio may be invested in any one asset class. Securities within each DIF count toward the appropriate asset class. Measurement of this diversification requirement must be based on the portfolio valued at amortized cost.

(3) *Exemptions from investment portfolio diversification requirements.* The following investments are not subject to the 15-percent investment portfolio diversification requirement specified in paragraph (f)(2) of this section:

(i) Investments that are fully guaranteed as to the timely payment of principal and interest by a U.S. Government agency;

(ii) Investments that are fully and explicitly guaranteed as to the timely payment of principal and interest by a GSE, except that no more than 50 percent of the investment portfolio may be comprised of GSE MBS. Investments in Farmer Mac securities are governed by §615.5174 and are not subject to this limitation; and

(iii) Money market instruments identified in §615.5131.

(g) *Farm Credit bank obligor limit.* No more than 10 percent of a Farm Credit bank's total capital (Tier 1 and Tier 2) as defined by §628.2 of this chapter may be invested in any one

obligor. This obligor limit does not apply to investments in obligations that are fully guaranteed as to the timely payment of principal and interest by U.S. Government agencies or fully and explicitly guaranteed as to the timely payment of principal and interest by GSEs. For a DIF, both the DIF itself and the entities obligated to pay the underlying debt are obligors.

(h) *Due diligence*—(1) *Pre-purchase analysis*—(i) *Eligibility and compliance with investment policies*. Before purchasing an investment, the institution must conduct sufficient due diligence to determine whether the investment is eligible under §615.5140 and complies with its board's investment policies. The institution must document its assessment and retain any supporting information used in that assessment. The institution may hold an investment that does not comply with its investment policies only with the prior approval of its board.

(ii) *Valuation*. Prior to purchase, the institution must verify the fair market value of the investment (unless it is a new issue) with a source that is independent of the broker, dealer, counterparty or other intermediary to the transaction.

(iii) *Risk assessment*. At purchase, the institution must at a minimum include an evaluation of the credit risk (including country risk when applicable), liquidity risk, market risk, interest rate risk, and underlying collateral of the investment, as applicable. This assessment must be commensurate with the complexity and type of the investment. The institution must also perform stress testing on any structured investment that has uncertain cash flows, including all MBS and ABS, before purchase. The stress test must be commensurate with the type and complexity of the investment and must enable the institution to determine that the investment does not expose its capital, earnings, or liquidity if applicable, to risks that are greater than those specified in its investment policies. The stress testing must comply with the requirements in paragraph (h)(4)(ii) of this section. The institution must document and retain its risk assessment and stress tests conducted on investments purchased.

(2) *Ongoing value determination*. At least monthly, the institution must determine the fair market value of each investment in its portfolio and the fair market value of its whole investment portfolio.

(3) *Ongoing analysis of credit risk*. The institution must establish and maintain processes to monitor and evaluate changes in the credit quality of each investment in its portfolio and in its whole investment portfolio on an ongoing basis.

(4) *Quarterly stress testing*. (i) The institution must stress test its entire investment portfolio, including stress tests of each investment individually and the whole portfolio, at the end of each quarter. The stress tests must enable the institution to determine that its investment securities, both individually and on a portfolio-wide basis, do not expose its capital, earnings, or liquidity if applicable, to risks that exceed the risk tolerance specified in its investment policies. If the institution's portfolio risk exceeds its investment policy limits, the institution must develop a plan to comply with those limits.

(ii) The institution's stress tests must be defined in a board-approved policy and must include defined parameters for the security types purchased. The stress tests must be comprehensive and appropriate for the institution's risk profile. At a minimum, the stress tests must be able to measure the price sensitivity of investments over a range of possible interest rates and yield curve scenarios. The stress test methodology must be appropriate for the complexity, structure, and cash flows of the investments in the institution's portfolio. The institution must rely to the maximum extent practicable on verifiable information to

support all its stress test assumptions, including prepayment and interest rate volatility assumptions. The institution must document the basis for all assumptions used to evaluate the security and its underlying collateral. The institution must also document all subsequent changes in its assumptions.

(5) *Presale value verification.* Before the institution sells an investment, it must verify its fair market value with an independent source not connected with the sale transaction.

(i) *Reports to the board of directors.* At least quarterly, the institution's management must report on the following to its board of directors or a designated board committee:

(1) Plans and strategies for achieving the board's objectives for the investment portfolio;

(2) Whether the investment portfolio effectively achieves the board's objectives;

(3) The current composition, quality, and the risk and liquidity profiles of the investment portfolio;

(4) The performance of each class of investments and the entire investment portfolio, including all gains and losses realized during the quarter on individual investments that the institution sold before maturity and why they were liquidated;

(5) Potential risk exposure to changes in market interest rates as identified through quarterly stress testing and any other factors that may affect the value of its investment holdings;

(6) How investments affect its capital, earnings, and overall financial condition;

(7) Any deviations from the board's policies (must be specifically identified);

(8) The status and performance of each investment described in §615.5143(a) and (b) or that does not comply with the institution's investment policies; including the expected effect of these investments on its capital, earnings, liquidity, as applicable, and collateral position; and

#### **§615.5134 Liquidity reserve.**

(a) *Liquidity policy*—(1) *Board responsibility.* The board of each Farm Credit bank must adopt a written liquidity policy. The liquidity policy must be compatible with the investment management policies that the bank's board adopts pursuant to §615.5133 of this part. At least once every year, the bank's board must review its liquidity policy, assess the sufficiency of its liquidity policy, and make any revisions it deems necessary. The board of each Farm Credit bank must ensure that adequate internal controls are in place so that management complies with and carries out this liquidity policy.

(2) *Policy content.* At a minimum, the liquidity policy of each Farm Credit bank must address:

(i) The purpose and objectives of the liquidity reserve;

- (ii) Diversification requirements for the liquidity reserve portfolio;
- (iii) The target amount of days of liquidity that the bank needs based on its business model and risk profile;
- (iv) Delegations of authority pertaining to the liquidity reserve; and
- (v) Reporting requirements, which at a minimum must require management to report to the board at least once every quarter about compliance with the bank's liquidity policy and the performance of the liquidity reserve portfolio. However, management must report any deviation from the bank's liquidity policy, or failure to meet the board's liquidity targets to the board before the end of the quarter if such deviation or failure has the potential to cause material loss to the bank.
- (b) *Liquidity reserve requirement.* Each Farm Credit bank must maintain at all times a liquidity reserve sufficient to fund at least 90 days of the principal portion of maturing obligations and other borrowings of the bank. At a minimum, each Farm Credit Bank must hold instruments in its liquidity reserve listed and discounted in the Table below that are sufficient to cover:
- (1) Days 1 through 15 only with Level 1 instruments;
- (2) Days 16 through 30 only with Level 1 and Level 2 instruments; and
- (3) Days 31 through 90 with Level 1, Level 2, and Level 3 instruments.

<b>Liquidity level</b>	<b>Instruments</b>	<b>Discount (multiply by)</b>

		<ul style="list-style-type: none"> <li>• Diversified investment funds comprised exclusively of levels 1, 2, and 3 instruments</li> </ul>	

(c) *Unencumbered.* All investments that a Farm Credit bank holds in its liquidity reserve and supplemental liquidity buffer in accordance with this section must be unencumbered. For the purpose of this section, an investment is unencumbered if it is free of lien, and it is not explicitly or implicitly pledged to secure, collateralize, or enhance the credit of any transaction. Additionally, an unencumbered investment held in the liquidity reserve cannot be used as a hedge against interest rate risk if liquidation of that particular investment would expose the bank to a material risk of loss.

(d) *Marketable.* All investments that a Farm Credit bank holds in its liquidity reserve in accordance with this section must be readily marketable. For the purposes of this section, an investment is marketable if it:

(1) Can be easily and quickly converted into cash with little or no loss in value;

(2) Exhibits low credit and market risks;

(3) Has ease and certainty of valuation; and

(4) Except for money market instruments, can be easily bought and sold in active and sizeable markets without significantly affecting prices.

(e) *Supplemental liquidity buffer.* Each Farm Credit bank must hold supplemental liquid assets in excess of the 90-day minimum liquidity reserve. The supplemental liquidity buffer must be comprised of cash and qualified eligible investments authorized by §615.5140 of this part. A Farm Credit bank must be able to liquidate any qualified eligible investment in its supplemental liquidity buffer within the liquidity policy timeframe established in the bank's liquidity policy at no less than 80 percent of its book value. A Farm Credit bank must remove from its supplemental liquidity buffer any investment that has, at any time, a market value that is less than 80 percent of its book value. Each investment in the supplemental liquidity buffer that has a market value of at least 80 percent of its book value, but does not qualify for Levels 1, 2, or 3 of the liquidity reserve, must be discounted to (multiplied by) 90 percent of its market value. The amount of supplemental liquidity that each Farm Credit bank holds, at minimum, must meet the requirements of its board's liquidity policy, provide excess liquidity beyond the days covered by the liquidity reserve, and satisfy the applicable portions of the bank's CFP in accordance with paragraph (f).

(f) *Contingency Funding Plan (CFP).* The board of each Farm Credit bank must adopt a CFP to ensure sources of liquidity are sufficient to fund normal operations under a variety of stress events. Such stress events include, but are not limited to market disruptions, rapid increase in loan demand, unexpected draws on unfunded commitments, difficulties in renewing or replacing funding with desired terms and structures, requirements to pledge collateral with counterparties, and reduced market access. Each Farm Credit bank must maintain an adequate level of unencumbered and marketable assets in its liquidity reserve that can be converted into cash to meet its net liquidity needs for 30 days based on estimated cash inflows and outflows under an acute stress scenario. The board of directors must review and approve the CFP at least once every year and make adjustments to reflect changes in the bank's risk profile and market conditions. The CFP must:

(1) Be customized to the financial condition and liquidity risk profile of the bank and the board's liquidity risk tolerance policy.

(2) Identify funding alternatives that the Farm Credit bank can implement whenever access to funding is impeded, which must include, at a minimum, arrangements for pledging collateral to secure funding and possible initiatives to raise additional capital.

(3) Require periodic stress testing that analyzes the possible effects on the bank's cash inflows and outflows, liquidity position, profitability and solvency under a variety of stress scenarios.

(4) Establish a process for managing events that imperil the bank's liquidity, and assign appropriate personnel and implement executable action plans that carry out the CFP.

**§615.5136 Emergencies impeding normal access of Farm Credit banks to capital markets.**

An emergency shall be deemed to exist whenever a financial, economic, agricultural, national defense, or other crisis could impede the normal access of Farm Credit banks to the capital markets. Whenever the Farm Credit Administration determines, after consultation with the Federal Farm Credit Banks Funding Corporation to the extent practicable, that such an emergency exists, the Farm Credit Administration Board may, in its sole discretion, adopt a resolution that:

- (a) Modifies the amount, qualities, and types of eligible investments that Farm Credit banks are authorized to hold pursuant to §615.5132 of this subpart;
- (b) Modifies or waives the liquidity requirement(s) in §615.5134 of this subpart; and/or
- (c) Authorizes other actions as deemed appropriate.

[77 FR 66372, Nov. 5, 2012]

**§615.5140 Eligible investments.**

(a) *Farm Credit banks—(1) Investment eligibility criteria.* A Farm Credit bank may purchase an investment only if it satisfies the following investment eligibility criteria:

(ii) The investment must be one of the following:

(A) A non-convertible senior debt security;

(E) The senior-most position of an MBS or ABS that a U.S. Government agency does not fully guarantee as to the timely payment of principal and interest or a GSE does not fully and explicitly guarantee as to the timely payment of principal and interest, provided that the MBS satisfies the definition of "mortgage related security" in 15 U.S.C. 78c(a)(41);

(F) An obligation of an international or multilateral development bank in which the U.S. is a voting member; or

(G) Shares of a diversified investment fund registered under the Investment Company Act of 1940, if its portfolio consists solely of securities that satisfy paragraph (a)(1)(ii)(A), (B), (C), (D), (E), or (F) of this section, or are eligible under §615.5174. The investment company's risk and return objectives and use of derivatives must be consistent with the Farm Credit bank's investment policies.

(iii) At least one obligor of the investment must have very strong capacity to meet its financial commitment for the expected life of the investment. If any obligor whose capacity to meet its financial commitment is being relied upon to satisfy this requirement is located outside the U.S., either:

(iv) The investment must exhibit low credit risk and other risk characteristics consistent with the purpose or purposes for which it is held.

(v) The investment must be denominated in U.S. dollars.

(2) *Resecuritizations.* Notwithstanding any other provision of this section, System banks may *not* purchase resecuritizations (except when both principal and interest are fully and explicitly guaranteed by the U.S. Government or a GSE) without approval under paragraph (e) of this section.

(b) *Farm Credit associations—(1) Risk management investments.* Each Farm Credit System association, with the approval of its funding bank, may purchase and hold investments to manage risks. Each association must identify and evaluate how the investments that it purchases contributes to management of its risks. Only securities that are issued by, or are unconditionally guaranteed or insured as to the timely payment of principal and interest by, the United States Government or its agencies are investments that associations may acquire for risk management purposes under this paragraph (b).

(2) *Secondary market Government-guaranteed loans.* In addition to investing in the securities described in paragraph (b)(1) of this section, each Farm Credit System association may also manage risk by holding those portions of loans that:

(i) Lenders, which are not Farm Credit System institutions, originate and then sell in the secondary market; and

(ii) The United States Department of Agriculture fully and unconditionally guarantees or insures as to both principal and interest.

(3) *Risk management requirements.* Each association that purchases investments pursuant to paragraphs (b)(1) and (2) of this section must document how its investment activities contribute to managing risks as required by paragraph (b)(1) of this section. Such documentation must address and evidence that the association:

(i) Complies with §615.5133(a), (b), (c), (d), (e), (h), and (i). These investment management processes must be appropriate for the size, risk and complexity of the association's investment portfolio.

(ii) Complies with §615.5182 for investments that exhibit interest rate risk that could lead to significant declines in net income or in the market value of capital.

(iii) Assesses how these investments impact the association's overall credit risk profile and how these investment purchases aid in diversifying, hedging, or mitigating overall credit risk.

(iv) Considers and evaluates any other relevant factors unique to the association or to the nature of the investments that could affect the association's overall risk-bearing capacity, including but not limited to management experience and capability to understand and manage unique risks in investments purchased.

(4) *Association investment portfolio limit.* The total amount of investments purchased and held under this section must not exceed 10 percent of the association's total outstanding loans. In computing this limit:

(i) Include in the numerator the daily (point-in-time) balance of all investments purchased and held under this section. Unless otherwise directed by FCA, associations must use the investment balance on the last business day of the quarter when calculating the numerator of the portfolio limit under this paragraph. For this calculation, value investments at amortized cost and accrued interest.

(ii) Include in the denominator the 90-day average daily balance of total outstanding loans as defined in §615.5131. For this calculation, value loans at amortized cost and include accrued interest. The denominator does not include any allowance for loan loss adjustments.

(iii) Exclude from the numerator the following:

(A) Equity investments in unincorporated business entities authorized in §611.1150 of this chapter;

(B) Equity investments in Rural Business Investment Companies organized under 7 U.S.C. 2009cc *et seq.*;

(C) Equity investments in Class B Farmer Mac stock authorized in §615.5173; and

(D) Farmer Mac agricultural mortgage-backed securities under §615.5174.

(5) *Funding bank supervision of association investments.* (i) The association must not purchase and hold investments without the funding bank's prior approval. The bank must review the association's prior approval requests and explain in writing its reasons for approving or denying the request. The prior approval is required before the association engages in investment activities and with any significant change(s) in investment strategy.

(ii) In deciding whether to approve an association's request to purchase and hold investments, the bank must evaluate and document that the association:

(A) Has adequate policies, procedures, and controls, in place for its investment accounting and reporting;

(B) Has capable staff with the necessary expertise to manage the risks in investments; and

(C) Complies with paragraph (b)(3) of this section.

(iii) The bank must review annually the investment portfolio of every association that it funds. This annual review must evaluate whether the association's investments manage risks over time, and the continued adequacy of the associations' risk management practices.

(6) *Transition for association investments.* (i) An association is not required to divest of any investment held on January 1, 2019 that was authorized under §615.5140 as contained in 12 CFR part 615 revised as of January 1, 2018 or otherwise by official written FCA action that allowed the association to continue to hold such investment. Once such investment matures, the association must not renew it unless the investment is authorized pursuant to this section.

(ii) No association is required to divest of investments if a decline in total outstanding loans causes it to exceed the portfolio limit in paragraph (b)(4) of this section. However, the institution must not purchase new investments unless, after they are purchased, the total amount of investments held falls within the portfolio limit.

(c) *Reservation of authority.* FCA may, on a case-by-case basis, determine that a particular investment you are holding poses inappropriate risk, notwithstanding that it satisfies the investment eligibility criteria. If so, we will notify you as to the proper treatment of the investment.

(d) [Reserved]

(e) *Other investments approved by FCA.* You may purchase and hold investments that we approve. Your request for our approval must explain the risk characteristics of the investment and your purpose and objectives for making the investment.

System institutions must not purchase ineligible investments. If the institution determines that it has purchased an ineligible investment, it must notify FCA within 15 calendar days after the determination. The institution must divest of the investment no later than 60 calendar days after determining that the investment is ineligible unless FCA approves, in writing, a plan that authorizes the institution to divest the investment over a longer period. Until the institution divests of the ineligible investment:

(1) A Farm Credit bank must not use the ineligible investment to satisfy its liquidity requirement(s) under §615.5134;

(2) The institution must include the ineligible investment in the portfolio limit calculation defined in §615.5132 or §615.5140(b)(4), as applicable; and

(1) The institution must notify FCA within 15 calendar days after such determination;

(2) A Farm Credit bank must not use the ineligible investment to satisfy its liquidity requirement(s) under §615.5134;

(3) The institution must include the ineligible investment in the portfolio limit calculation defined in §615.5132 or §615.5140(b)(4), as applicable;

(4) A Farm Credit bank may continue to include the investment as collateral under §615.5050 at the lower of cost or market value; and

(5) The institution must develop a plan to reduce the investment's risk to the institution.

(c) *Reservation of authority.* FCA retains the authority to require the institution to divest of any investment at any time for failure to comply with §615.5132(a) or §615.5140(a), (b), or (e), or for safety and soundness reasons. The timeframe set by FCA will consider the expected loss on the transaction (or transactions) and the effect on the institution's financial condition and performance.

- (6) Describe delegations of authority;
- (7) Describe reporting requirements, including exceptions to limits contained in the board's policies;
- (8) Consider the nature and purpose of derivative contracts and establish counterparty risk thresholds and limits for derivatives.

(d) At least quarterly, management of each Farm Credit bank must report to its board of directors, or a designated committee of the board, describing the nature and level of interest rate risk exposure. Any deviations from the board's policy on interest rate risk must be specifically identified in the report and approved by the board or designated committee of the board.

**§615.5182 Interest rate risk management by associations and other Farm Credit System institutions other than banks.**

Any association or other Farm Credit System institution other than Farm Credit banks, excluding the Federal Agricultural Mortgage Corporation, with interest rate risk that could lead to significant declines in net income or in the market value of capital must comply with the requirements of §615.5180. The interest rate risk management program required under §615.5180 must be commensurate with the level of interest rate risk of the institution.

**§615.5200 Capital planning.**

(a) The Board of Directors of each System institution shall determine the amount of regulatory capital needed to assure the System institution's continued financial viability and to provide for growth necessary to meet the needs of its borrowers. The minimum capital standards specified in this part and part 628 of this chapter are not meant to be adopted as the optimal capital level in the System institution's capital adequacy plan. Rather, the standards are intended to serve as minimum levels of capital that each System institution must maintain to protect against the credit and other general risks inherent in its operations.

(b) Each Board of Directors shall establish, adopt, and maintain a formal written capital adequacy plan as a part of the financial plan required by §618.8440 of this chapter. The plan shall include the capital targets that are necessary to achieve the System institution's capital adequacy goals as well as the minimum permanent capital, common equity tier 1 (CET1) capital, tier 1 capital, total capital, and tier 1 leverage ratios (including the unallocated retained earnings (URE) and URE equivalents minimum) standards. The plan shall address any projected dividend payments, patronage payments, equity retirements, or other action that may decrease the System institution's capital or the components thereof for which minimum amounts are required by this part and part 628 of this chapter. The plan shall set forth the circumstances and minimum timeframes in which equities may be redeemed or revolved consistent with the System institution's applicable bylaws or board of directors resolutions. Such bylaws or resolutions must include the information described in paragraph (d) of this section.

(c) In addition to factors that must be considered in meeting the minimum standards, the board of directors shall also consider at least the following factors in developing the capital adequacy plan:

(1) Capability of management and the board of directors (the assessment of which may be a part of the assessments required in paragraphs (b)(2)(ii) and (b)(7)(i) of §618.8440 of this chapter);

(2) Quality of operating policies, procedures, and internal controls;

(3) Quality and quantity of earnings;

(4) Asset quality and the adequacy of the allowance for losses to absorb potential loss within the loan and lease portfolios;

(5) Sufficiency of liquid funds;

(6) Needs of a System institution's customer base; and

(7) Any other risk-oriented activities, such as funding and interest rate risks, potential obligations under joint and several liability, contingent and off-balance-sheet liabilities or other conditions warranting additional capital.

(d) In order to include otherwise eligible purchased and allocated equities in tier 1 capital and tier 2 capital under part 628 of this chapter, a System institution must adopt a capitalization bylaw, or its board of directors must adopt a resolution, which resolution must be re-affirmed by the board on an annual basis in the capital adequacy plan, in which the institution undertakes the following:

(1) The institution shall obtain prior FCA approval under §628.20(f) of this chapter before:

(i) Redeeming or revolving equities included in CET1 capital;

(ii) Redeeming or calling equities included in additional tier 1 capital; and

(iii) Redeeming, revolving, or calling instruments included in tier 2 capital other than limited life preferred stock or subordinated debt on the maturity date.

(2) The institution shall have a minimum redemption or revolvment period of 7 years for equities included in CET1 capital, a minimum no-call or redemption period of 5 years for additional tier 1 capital, and a minimum no-call, redemption, or revolvment period of 5 years for tier 2 capital.

(3) The institution shall obtain prior FCA approval before:

(i) Redesignating URE equivalents as equities that the institution may exercise its discretion to redeem other than upon dissolution or liquidation;

(ii) Removing equities or other instruments from CET1, additional tier 1, or tier 2 capital other than through repurchase, cancellation, redemption or revolvment; and

(iii) Redesignating equities included in one component of regulatory capital (CET1 capital, additional tier 1 capital, or tier 2 capital) for inclusion in another component of regulatory capital.

(4) The institution shall not exercise its discretion to revolve URE equivalents except upon dissolution or liquidation and shall not offset URE equivalents against a loan in default except as required under final order of a court of competent jurisdiction or if required under §615.5290 in connection with a restructuring under part 617 of this chapter.

#### **§615.5201 Definitions.**

For the purpose of this subpart, the following definitions apply:

*Allocated investment* means earnings allocated but not paid in cash by a System bank to an association or other recipient.

*Deferred tax assets (DTAs)* means an amount of income taxes refundable or recoverable in future years as a result of temporary differences and net operating loss or tax credit carryforwards that exist at the reporting date. There are three types of DTAs and they arise from:

- (1) A temporary difference that a System institution could realize through a net loss carryback;
- (2) A temporary difference that a System institution could not realize through net loss carryback; and
- (3) An operating loss and tax credit carryforward.

*Nonagreeing association* means an association that does not have an allotment agreement in effect with a Farm Credit Bank or agricultural credit bank pursuant to §615.5207(b)(2).

*Permanent capital*, subject to adjustments as described in §615.5207, includes:

- (1) Current year earnings;
- (2) Allocated and unallocated earnings (which, in the case of earnings allocated in any form by a System bank to any association or other recipient and retained by the bank, must be considered, in whole or in part, permanent capital of the bank or of any such association or other recipient as provided under an agreement between the bank and each such association or other recipient);
- (3) All surplus;
- (4) Stock issued by a System institution, except:
  - (i) Stock that may be retired by the holder of the stock on repayment of the holder's loan, or otherwise at the option or request of the holder;
  - (ii) Stock that is protected under section 4.9A of the Act or is otherwise not at risk;
  - (iii) Farm Credit Bank equities required to be purchased by Federal land bank associations in connection with stock issued to borrowers that is protected under section 4.9A of the Act;
  - (iv) Capital subject to revolvment, unless:
    - (A) The bylaws of the System institution clearly provide that there is no express or implied right for such capital to be retired at the end of the revolvment cycle or at any other time; and
    - (B) The System institution clearly states in the notice of allocation that such capital may only be retired at the sole discretion of the board of directors in accordance with statutory and regulatory requirements and that the institution does not grant any express or implied right to have such capital retired at the end of the revolvment cycle or at any other time;
- (5) [Reserved]

(6) Financial assistance provided by the Farm Credit System Insurance Corporation that the FCA determines appropriate to be considered permanent capital; and

(7) Any other debt or equity instruments or other accounts the FCA has determined are appropriate to be considered permanent capital. The FCA may permit one or more System institutions to include all or a portion of such instrument, entry, or account as permanent capital, permanently or on a temporary basis, for purposes of this part.

*Preferred stock* means stock that is permanent capital and has dividend and/or liquidation preference over common stock.

*Risk-adjusted asset base* means "standardized total risk-weighted assets" as defined in §628.2 of this chapter, adjusted in accordance with §615.5207 and excluding the deduction in paragraph (2) of that definition for the amount of the System institution's allowance for loan losses that is not included in tier 2 capital.

*Stock* means stock and participation certificates.

*System bank* means a Farm Credit bank as defined in §619.9140 of this chapter, which includes Farm Credit Banks, agricultural credit banks, and banks for cooperatives.

*System institution* means a System bank, an association of the Farm Credit System, Farm Credit Leasing Services Corporation, and their successors, and any other institution chartered by the FCA that the FCA determines should be considered a System institution for the purposes of this subpart.

*Term preferred stock* means preferred stock with an original maturity of at least 5 years and on which, if cumulative, the board of directors has the option to defer dividends, provided that, at the beginning of each of the last 5 years of the term of the stock, the amount that is eligible to be counted as permanent capital is reduced by 20 percent of the original amount of the stock (net of redemptions).

[81 FR 49773, July 28, 2016]

#### **§615.5205 Minimum permanent capital standards.**

Each institution shall at all times maintain permanent capital at a level of at least 7 percent of its risk-adjusted asset base.

[62 FR 4446, Jan. 30, 1997]

#### **§615.5206 Permanent capital ratio computation.**

(a) The System institution's permanent capital ratio is determined on the basis of the financial statements of the System institution prepared in accordance with generally accepted accounting principles.

(b) The System institution's asset base and permanent capital are computed using average daily balances for the most recent 3 months.

(c) The System institution's permanent capital ratio is calculated by dividing the System institution's permanent capital, adjusted in accordance with §615.5207 (the numerator), by

the risk-adjusted asset base (the denominator) as defined in §615.5201, to derive a ratio expressed as a percentage.

[81 FR 49774, July 28, 2016]

**§615.5207 Capital adjustments and associated reductions to assets.**

For the purpose of computing the System institution's permanent capital ratio, the following adjustments must be made prior to assigning assets to risk-weight categories and computing the ratio:

(a) Where two System institutions have stock investments in each other, such reciprocal holdings must be eliminated to the extent of the offset. If the investments are equal in amount, each System institution must deduct from its assets and its permanent capital an amount equal to the investment. If the investments are not equal in amount, each System institution must deduct from its permanent capital and its assets an amount equal to the smaller investment. The elimination of reciprocal holdings required by this paragraph must be made prior to making the other adjustments required by this section.

(b) Where an association has an equity investment in a System bank, the double counting of capital is eliminated in the following manner:

(1) For a purchased investment, each association must deduct its investment in a System bank from its permanent capital. Each System bank will consider all purchased stock investments as its permanent capital.

(2) For an allocated investment, each System bank and each of its affiliated associations may enter into an agreement that specifies, for computing permanent capital only, a dollar amount and/or percentage allotment of the association's allocated investment between the bank and the association. Section 615.5208 provides conditions for allotment agreements or defines allotments in the absence of such agreements.

(c) A Farm Credit Bank or agricultural credit bank and a recipient, other than an affiliated association, of allocated earnings from such bank may enter into an agreement specifying a dollar amount and/or percentage allotment of the recipient's allocated earnings in the bank between the bank and the recipient. Such agreement must comply with §615.5208, except that, in the absence of an agreement, the allocated investment must be allotted 100 percent to the allocating bank and 0 percent to the recipient. All equities of the bank that are purchased by a recipient are considered as permanent capital of the issuing bank.

(d) A bank for cooperatives and a recipient of allocated earnings from such bank may enter into an agreement specifying a dollar amount and/or percentage allotment of the recipient's allocated earnings in the bank between the bank and the recipient. Such agreement must comply with §615.5208, except that, in the absence of an agreement, the allocated investment must be allotted 100 percent to the allocating bank and 0 percent to the recipient. All equities of a bank that are purchased by a recipient shall be considered as permanent capital of the issuing bank.

(e) Where a System institution has an equity investment in another System institution to capitalize a loan participation interest, the investing System institution must deduct from its permanent capital an amount equal to its investment in the participating System institution.

(f) Each System institution must deduct from permanent capital any equity investment in a service corporation chartered under section 4.25 of the Act or the Funding Corporation chartered under section 4.9 of the Act.

(g) Each System institution must deduct from its permanent capital an amount equal to all goodwill, whenever acquired.

(h) Each System institution must deduct from its risk-adjusted asset base any item deducted from permanent capital under this section.

(i) Where a System bank and an association have an enforceable written agreement to share losses on specifically identified assets on a predetermined quantifiable basis, such assets must be counted in each System institution's risk-adjusted asset base in the same proportion as the System institutions have agreed to share the loss.

(j) The permanent capital of a System institution must exclude any accumulated other comprehensive income (loss) as reported under GAAP.

(k) For purposes of calculating capital ratios under this part, deferred-tax assets are subject to the conditions, limitations, and restrictions described in §628.22(a)(3) of this chapter.

(l) [Reserved]

[81 FR 49774, July 28, 2016]

#### **§615.5208 Allotment of allocated investments.**

(a) The following conditions apply to agreements that a System bank enters into with an affiliated association pursuant to §615.5207(b)(2):

(1) The agreement must be for a term of 1 year or longer.

(2) The agreement must be entered into on or before its effective date.

(3) The agreement may be amended according to its terms, but no more frequently than annually except in the event that a party to the agreement is merged or reorganized.

(4) On or before the effective date of the agreement, a certified copy of the agreement, and any amendments thereto, must be sent to the field office of the Farm Credit Administration responsible for examining the System institution. A copy must also be sent within 30 calendar days of adoption to the bank's other affiliated associations.

(5) Unless the parties otherwise agree, if the System bank and the association have not entered into a new agreement on or before the expiration of an existing agreement, the existing agreement will automatically be extended for another 12 months, unless either party notifies the Farm Credit Administration in writing of its objection to the extension prior to the expiration of the existing agreement.

(b) In the absence of an agreement between a System bank and one or more associations, or in the event that an agreement expires and at least one party has timely objected to the continuation of the terms of its agreement, the following formula applies with respect to the allocated investments held by those associations with which there is no agreement

(nonagreeing associations), and does not apply to the allocated investments held by those associations with which the bank has an agreement (agreeing associations):

(1) The allotment formula must be calculated annually.

(2) The permanent capital ratio of the System bank must be computed as of the date that the existing agreement terminates, using a 3-month average daily balance, excluding the allocated investment from nonagreeing associations but including any allocated investments of agreeing associations that are allotted to the bank under applicable allocation agreements. The permanent capital ratio of each nonagreeing association must be computed as of the same date using a 3-month average daily balance, and must be computed excluding its allocated investment in the bank.

(3) If the permanent capital ratio of the System bank calculated in accordance with paragraph (b)(2) of this section is 7 percent or above, the allocated investment of each nonagreeing association whose permanent capital ratio calculated in accordance with paragraph (b)(2) of this section is 7 percent or above must be allotted 50 percent to the bank and 50 percent to the association.

(4) If the permanent capital ratio of the System bank calculated in accordance with paragraph (b)(2) of this section is 7 percent or above, the allocated investment of each nonagreeing association whose capital ratio is below 7 percent must be allotted to the association until the association's capital ratio reaches 7 percent or until all of the investment is allotted to the association, whichever occurs first. Any remaining unallotted allocated investment must be allotted 50 percent to the bank and 50 percent to the association.

(5) If the permanent capital ratio of the System bank calculated in accordance with paragraph (b)(2) of this section is less than 7 percent, the amount of additional capital needed by the bank to reach a permanent capital ratio of 7 percent must be determined, and an amount of the allocated investment of each nonagreeing association must be allotted to the System bank, as follows:

(i) If the total of the allocated investments of all nonagreeing associations is greater than the additional capital needed by the bank, the allocated investment of each nonagreeing association must be multiplied by a fraction whose numerator is the amount of capital needed by the bank and whose denominator is the total amount of allocated investments of the nonagreeing associations, and such amount must be allotted to the bank. Next, if the permanent capital ratio of any nonagreeing association is less than 7 percent, a sufficient amount of unallotted allocated investment must then be allotted to each nonagreeing association, as necessary, to increase its permanent capital ratio to 7 percent, or until all such remaining investment is allotted to the association, whichever occurs first. Any unallotted allocated investment still remaining must be allotted 50 percent to the bank and 50 percent to the nonagreeing association.

(ii) If the additional capital needed by the bank is greater than the total of the allocated investments of the nonagreeing associations, all of the remaining allocated investments of the nonagreeing associations must be allotted to the bank.

## **§§615.5209-615.5212 [Reserved]**

### **§615.5215 Distribution of earnings.**

The boards of directors of System institutions may not reduce the permanent capital of the institution through the payment of patronage refunds or dividends, or the retirement of stock or allocated equities except retirements pursuant to §§615.5280 and 615.5290 if, after or due to the action, the permanent capital of the institution would fail to meet the minimum permanent capital adequacy standard established under §615.5205 for that period. This limitation shall not apply to the payment of noncash patronage refunds by any institution exempt from Federal income tax if the entire refund paid qualifies as permanent capital at the issuing institution. Any System institution subject to Federal income tax may pay patronage refunds partially in cash if the cash portion of the refund is the minimum amount required to qualify the refund as a deductible patronage distribution for Federal income tax purposes and the remaining portion of the refund paid qualifies as permanent capital.

## **Subpart I—Issuance of Equities**

Source: 53 FR 40046, Oct. 13, 1988, unless otherwise noted.

### **§615.5220 Capitalization bylaws.**

(a) The board of directors of each System bank and association shall, pursuant to section 4.3A of the Farm Credit Act of 1971 (Act), adopt capitalization bylaws, subject to the approval of its voting shareholders, that set forth:

(1) Classes of equities and the manner in which they shall be issued, transferred, converted and retired;

(2) For each class of equities, a description of the class(es) of persons to whom such stock may be issued, voting rights, dividend rights and preferences, and priority upon liquidation, including rights, if any, to share in the distribution of the residual estate;

(3) The number of shares and par value of equities authorized to be issued for each class of equities. However, the bylaws need not state a number or value limit for these equities:

(i) Equities that are required to be purchased as a condition of obtaining a loan, lease, or related service.

(ii) Non-voting stock resulting from the conversion of voting stock due to repayment of a loan.

(iii) Non-voting equities that are issued to an association's funding bank in conjunction with any agreement for a transfer of capital between the association and the bank.

(iv) Equities resulting from the distribution of earnings.

(4) For Farm Credit Banks, agricultural credit banks (with respect to loans other than to cooperatives), and associations, the percentage or dollar amount of equity investment (which may be expressed as a range within which the board of directors may from time to time determine the requirement) that will be required to be purchased as a condition for obtaining a loan, which amount shall be not less than 2 percent of the loan amount or \$1,000, whichever is less;

(5) For banks for cooperatives and agricultural credit banks (with respect to loans to cooperatives), the percentage or dollar amount of equity or guaranty fund investment (which may be expressed as a range within which the board may from time to time determine the requirement) that serves as a target level of investment in the bank for patronage-sourced business, which amount shall not be less than, 2 percent of the loan amount or \$1,000, whichever is less;

(6) The manner in which equities will be retired, including a provision stating that equities other than those protected under section 4.9A of the Act are retireable at the sole discretion of the board, provided minimum capital adequacy standards established in subpart H of this part, part 628 of this chapter, and the capital requirements established by the board of directors of the System institution, are met;

(7) The manner in which earnings will be allocated and distributed, including the basis on which patronage will be paid, which shall be in accord with cooperative principles; and

(8) For System banks, the manner in which the capitalization requirements of the Farm Credit bank shall be allocated and equalized from time to time among its owners.

(b) The board of directors of each service corporation (including the Farm Credit Leasing Services Corporation) shall adopt capitalization bylaws, subject to the approval of its voting shareholders, that set forth the requirements of paragraphs (a)(1), (2), and (3) of this section to the extent applicable. Such bylaws shall also set forth the manner in which equities will be retired and the manner in which earnings will be distributed.

[81 FR 49775, July 28, 2016]

#### **§615.5230 Implementation of cooperative principles.**

(a) Voting stockholders of Farm Credit banks and associations shall be accorded full voting rights in accordance with cooperative principles, including those set forth in §611.350 of this chapter. Except as otherwise required by statute or regulation, and except as modified by paragraphs (b) and (c) of this section, the voting rights of each voting shareholder are as follows:

(1) Each voting stockholder of a Farm Credit Bank has only one vote that is assigned a weight proportional to the number of that association's voting stockholders and has the right to vote in the election of each stockholder-elected director and to cumulate such votes and distribute them among the candidates in the stockholder's discretion, except that cumulative voting for directors may be eliminated if 75 percent of the associations that are stockholders of the Farm Credit Bank vote in favor of elimination. In a vote to eliminate cumulative voting, each association shall be accorded one vote.

(2) Each voting stockholder of an agricultural credit bank has only one vote, unless another voting scheme has been approved by the Farm Credit Administration.

(3) Each voting stockholder of an association or bank for cooperatives has only one vote, regardless of the number of shares owned or the number of loans outstanding. Unless regional election of directors is provided for in the bylaws pursuant to §615.5230(b), each voting stockholder of an association or bank for cooperatives has the right to vote in the election of each stockholder-elected director. Unless otherwise provided in the capitalization bylaws, each voting stockholder of an association or bank for cooperatives is allowed to cumulate such votes and distribute them among the candidates in the stockholder's discretion. Cumulative voting is not allowed in the regional election of stockholder-elected directors.

(b) The regional election of stockholder-elected directors is only permitted under the following conditions:

(1) A bylaw establishing regional elections is approved by a majority of voting stockholders, voting in person or by proxy, prior to implementation.

(2) The bylaw provides that the use of regional election of stockholder-elected directors does not prevent all voting stockholders of the institution, regardless of the region where they reside or conduct agricultural or aquatic operations, from voting in any stockholder vote to remove a director.

(3) There are an approximately equal number of voting stockholders in each of the institution's voting regions. Regions will have an approximately equal number of voting stockholders if the number of voting stockholders in any one region does not exceed the number of voting stockholders in any other region by more than 25 percent. At least once every 3 years, the institution must count the number of voting stockholders in each region and, if the regions do not have an approximately equal number of stockholders, the regional boundaries must be adjusted to achieve such result.

(4) An institution may provide for more than one director to represent a region. Institutions providing for more than one director to represent a region will determine the equitability of the regions by dividing the number of voting stockholders in that region by the number of director positions representing that region, and the resulting quotient shall be the number that is compared to the number of voting stockholders in other regions.

(5) Each voting stockholder is accorded the right to vote in the election of each stockholder-elected director for his or her region.

(c) Each equityholder of each institution shall be equitably treated in the operation of the institution.

(1) Each issuance of preferred stock (other than preferred stock outstanding on October 5, 1988, and stock into which such outstanding stock is converted that has substantially similar preferences) shall be approved by a majority of the shares voting of each class of equities adversely affected by the preference, voting as a class, whether or not such classes are otherwise authorized to vote;

(2) Any dividends paid to the holders of common stock and participation certificates shall be on a per share basis and without preference as to rate or priority of payment between classes of common stock, between classes of participation certificates, between classes of common stock and classes of participation certificates, or between holders of the same class of stock or participation certificates, except that any class of common stock or participation

certificates that result from the conversion of allocated surplus may be subordinated to other classes of common stock and participation certificates in the payment of dividends.

(3) Any patronage refunds that are paid shall be paid in accordance with cooperative principles, on an equitable and nondiscriminatory basis determined by the board of directors in accordance with the capitalization bylaws, provided that any earning pools that may be established for the payment of patronage shall be established on a rational and equitable basis that will ensure that each patron of the institution receives its fair share of the earnings of the institution and bears its fair share of the expenses of the institution.

(4) All classes of common stock and participation certificates (except those resulting from a conversion of allocated surplus) must be accorded the same priority with respect to impairment and restoration of impairment and have the same rights and priority upon liquidation.

#### **§615.5240 Regulatory capital requirements.**

(a) The capitalization bylaws shall enable the institution to meet the capital adequacy standards established under subpart H of this part, part 628 of this chapter, and the capital requirements established by the board of directors of the System institution.

(b) In order to qualify as permanent capital, equities issued under the bylaws must meet the following requirements:

(1) Retirement must be solely at the discretion of the board of directors and not upon a date certain (other than the original maturity date of preferred stock) or upon the happening of any event, such as repayment of the loan, and not pursuant to any automatic retirement or revolvment plan;

(2) Retirement must be at not more than book value;

(3) The institution must have made the disclosures required by this subpart;

(4) For common stock and participation certificates, dividends must be noncumulative and payable only at the discretion of the board; and

(5) For cumulative preferred stock, the board of directors must have discretion to defer payment of dividends.

[81 FR 49776, July 28, 2016]

#### **§615.5245 Limitations on association preferred stock.**

(a) The board of directors of each association offering preferred stock must adopt a policy that addresses the association's conditions or limits on the amount of preferred stock that any one holder, or small number of holders may acquire.

(b) Each association offering preferred stock must make the stock available for purchase to each of its members on the same basis.

(c) An association may not extend credit for purchases of preferred stock in the association.

[70 FR 53908, Sept. 13, 2005]

**§615.5250 Disclosure requirements for sales of borrower stock.**

(a) For sales of borrower stock, which for this subpart means equities purchased as a condition for obtaining a loan, a System institution must provide a prospective borrower with the following documents prior to loan closing:

(1) The institution's most recent annual report filed under part 620 of this chapter;

(2) The institution's most recent quarterly report filed under part 620 of this chapter, if more recent than the annual report;

(3) A copy of the institution's capitalization bylaws; and

(4) A written description of the terms and conditions under which the equity is issued. In addition to specific terms and conditions, the description must disclose:

(i) That the equity is an at-risk investment and not a compensating balance;

(ii) That the equity is retireable only at the discretion of the board of directors consistent with the institution's bylaws and only if minimum capital standards established under subpart H of this part and part 628 of this chapter are met and that such retirement may also require the approval of the FCA;

(iii) Whether the institution presently meets its minimum capital standards established under subpart H of this part and part 628 of this chapter;

(iv) Whether the institution knows of any reason the institution may not meet its capital standards on the next earnings distribution date; and

(v) The rights, if any, to share in patronage payments.

(b) Notwithstanding the provisions of paragraph (a) of this section, no materials previously provided to a purchaser (except the disclosures required by paragraph (a)(4) of this section) need be provided again unless the purchaser requests such materials.

[81 FR 49776, July 28, 2016]

**§615.5255 Disclosure and review requirements for sales of other equities.**

(a) A bank, association, or service corporation must submit a proposed disclosure statement to the Farm Credit Administration (FCA) for review and clearance prior to the proposed sale of any other equities, which for this subpart means equities not purchased as a condition for obtaining a loan.

(b) An institution may not offer to sell other equities until a disclosure statement is reviewed and cleared by the FCA.

(c) A disclosure statement must include:

(1) All of the information required by parts 620 and 628 of this chapter in the annual report to shareholders as of a date within 135 days of the proposed sale. An institution may satisfy this requirement by referring to its most recent annual report to shareholders and the most recent quarterly report filed with the FCA, provided such reports contain the required information;

(2) The information required by §615.5250(a)(3) and (4); and

(3) A discussion of the intended use of the sale proceeds.

(d) An institution is not required to provide the materials identified in paragraphs (c)(1) and (2) of this section to a purchaser who previously received them unless the purchaser requests it.

## **Subpart L—Establishment of Minimum Capital Ratios for an Individual Institution**

Source: 62 FR 4448, Jan. 30, 1997, unless otherwise noted.

### **§615.5350 General—Applicability.**

(a) The rules and procedures specified in this subpart are applicable to a proceeding to establish required minimum capital ratios that would otherwise be applicable to an institution under §§615.5205 and 628.10 of this chapter. The Farm Credit Administration is authorized to establish such minimum capital requirements for an institution as the Farm Credit Administration, in its discretion, deems to be necessary or appropriate in light of the particular circumstances of the institution. Proceedings under this subpart also may be initiated to require an institution having capital ratios greater than those set forth in §615.5205 or §628.10 of this chapter to continue to maintain those higher ratios.

(b) The Farm Credit Administration may require higher minimum capital ratios for an individual institution in view of its circumstances. For example, higher capital ratios may be appropriate for:

- (1) An institution receiving special supervisory attention;
- (2) An institution that has, or is expected to have, losses resulting in capital inadequacy;
- (3) An institution with significant exposure due to operational risk, interest rate risk, the risks from concentrations of credit, certain risks arising from other products, services, or related activities, or management's overall inability to monitor and control financial risks presented by concentrations of credit and related services activities;
- (4) An institution exposed to a high volume of, or particularly severe, problem loans;
- (5) An institution that is growing rapidly; or
- (6) An institution that may be adversely affected by the activities or condition of System institutions with which it has significant business relationships or in which it has significant investments.
- (7) An institution with significant exposures to declines in net income or in the market value of its capital due to a change in interest rates and/or the exercising of embedded or explicit options.

[62 FR 4448, Jan. 30, 1997, as amended at 63 FR 39229, July 22, 1998; 81 FR 49777, July 28, 2016]

**§615.5351 Standards for determination of appropriate individual institution minimum capital ratios.**

The appropriate minimum capital ratios for an individual institution cannot be determined solely through the application of a rigid mathematical formula or wholly objective criteria. The decision is necessarily based in part on subjective judgment grounded in Agency expertise. The factors to be considered in the determination will vary in each case and may include, for example:

- (a) The conditions or circumstances leading to the Farm Credit Administration's determination that higher minimum capital ratios are appropriate or necessary for the institution;
- (b) The exigency of those circumstances or potential problems;
- (c) The overall condition, management strength, and future prospects of the institution and, if applicable, affiliated institutions;
- (d) The institution's capital, adverse assets (including nonaccrual and nonperforming loans), allowance for loss, and other ratios compared to the ratios of its peers or industry norms; and
- (e) The views of the institution's directors and senior management.

**§615.5352 Procedures.**

(a) *Notice.* When the Farm Credit Administration determines that minimum capital ratios greater than those set forth in §615.5205 or §628.10 of this chapter are necessary or appropriate for a particular institution, the Farm Credit Administration will notify the institution in writing of the proposed minimum capital ratios and the date by which they should be reached (if applicable) and will provide an explanation of why the ratios proposed are considered necessary or appropriate for the institution.

(b) *Response.* (1) The institution may respond to any or all of the items in the notice. The response should include any matters which the institution would have the Farm Credit Administration consider in deciding whether individual minimum capital ratios should be established for the institution, what those capital ratios should be, and, if applicable, when they should be achieved. The response must be in writing and delivered to the designated Farm Credit Administration official within 30 days after the date on which the institution received the notice. In its discretion, the Farm Credit Administration may extend the time period for good cause. The Farm Credit Administration may shorten the time period with the consent of the institution or when, in the opinion of the Farm Credit Administration, the condition of the institution so requires, provided that the institution is informed promptly of the new time period.

(2) Failure to respond within 30 days or such other time period as may be specified by the Farm Credit Administration shall constitute a waiver of any objections to the proposed minimum capital ratios or the deadline for their achievement.

(c) *Decision.* After the close of the institution's response period, the Farm Credit Administration will decide, based on a review of the institution's response and other information concerning the institution, whether individual minimum capital ratios should be established for the institution and, if so, the ratios and the date the requirements will become effective. The institution will be notified of the decision in writing. The notice will include an explanation of the decision, except for a decision not to establish individual minimum capital requirements for the institution.

(d) *Submission of plan.* The decision may require the institution to develop and submit to the Farm Credit Administration, within a time period specified, an acceptable plan to reach the minimum capital ratios established for the institution by the date required.

(e) *Reconsideration based on change in circumstances.* If, after the Farm Credit Administration's decision in paragraph (c) of this section, there is a change in the circumstances affecting the institution's capital adequacy or its ability to reach the required minimum capital ratios by the specified date, either the institution or the Farm Credit Administration may propose a change in the minimum capital ratios for the institution, the date when the minimums must be achieved, or the institution's plan (if applicable). The Farm Credit Administration may decline to consider proposals that are not based on a significant change in circumstances or are repetitive or frivolous. Pending a decision on reconsideration, the Farm Credit Administration's original decision and any plan required under that decision shall continue in full force and effect.

[62 FR 4448, Jan. 30, 1997, as amended at 81 FR 49778, July 28, 2016]

#### **§615.5353 Relation to other actions.**

In lieu of, or in addition to, the procedures in this subpart, the required minimum capital ratios for an institution may be established or revised through a written agreement or cease and desist proceedings under part C of title V of the Act, or as a condition for approval of an application.

#### **§615.5354 Enforcement.**

An institution that does not have or maintain the minimum capital ratios applicable to it, whether required in subpart H of this part or part 628 of this chapter, in a decision pursuant to this subpart, in a written agreement or temporary or final order under part C of title V of the Act, or in a condition for approval of an application, or an institution that has failed to submit or comply with an acceptable plan to attain those ratios, will be subject to such administrative action or sanctions as the Farm Credit Administration considers appropriate. These sanctions may include the issuance of a capital directive pursuant to subpart M of this part or other enforcement action, assessment of civil money penalties, and/or the denial or condition of applications.

## Subpart M—Issuance of a Capital Directive

Source: 62 FR 4449, Jan. 30, 1997, unless otherwise noted.

### **§615.5355 Purpose and scope.**

(a) This subpart is applicable to proceedings by the Farm Credit Administration to issue a capital directive under sections 4.3(b) and 4.3A(e) of the Act. A capital directive is an order issued to an institution that does not have or maintain capital at or greater than the minimum ratios set forth in §615.5205 or §628.10 of this chapter; or established for the institution under subpart L of this part, by a written agreement under part C of title V of the Act, or as a condition for approval of an application. A capital directive may order the institution to:

- (1) Achieve the minimum capital ratios applicable to it by a specified date;
- (2) Adhere to a previously submitted plan to achieve the applicable capital ratios;
- (3) Submit and adhere to a plan acceptable to the Farm Credit Administration describing the means and time schedule by which the institution shall achieve the applicable capital ratios;
- (4) Take other action, such as reduction of assets or the rate of growth of assets, restrictions on the payment of dividends or patronage, or restrictions on the retirement of stock, to achieve the applicable capital ratios, or reduce levels of interest rate and other risk exposures, or strengthen management expertise, or improve management information and measurement systems; or
- (5) A combination of any of these or similar actions.

(b) A capital directive may also be issued to the board of directors of an institution, requiring such board to comply with the requirements of section 4.3A(d) of the Act prohibiting the reduction of permanent capital.

(c) A capital directive issued under this rule, including a plan submitted under a capital directive, is enforceable in the same manner and to the same extent as an effective and outstanding cease and desist order which has become final as defined in section 5.25 of the Act. Violation of a capital directive may result in assessment of civil money penalties in accordance with section 5.32 of the Act.

[62 FR 4449, Jan. 30, 1997, as amended at 63 FR 39229, July 22, 1998; 81 FR 49778, July 28, 2016]

### **§615.5356 Notice of intent to issue a capital directive.**

The Farm Credit Administration will notify an institution in writing of its intention to issue a capital directive. The notice will state:

- (a) The reasons for issuance of the capital directive;
- (b) The proposed contents of the capital directive, including the proposed date for achieving the minimum capital requirement; and
- (c) Any other relevant information concerning the decision to issue a capital directive.

**§615.5357 Response to notice.**

(a) An institution may respond to the notice by stating why a capital directive should not be issued and/or by proposing alternative contents for the capital directive or seeking other appropriate relief. The response shall include any information, mitigating circumstances, documentation, or other relevant evidence that supports its position. The response may include a plan for achieving the minimum capital ratios applicable to the institution. The response must be in writing and delivered to the Farm Credit Administration within 30 days after the date on which the institution received the notice. In its discretion, the Farm Credit Administration may extend the time period for good cause. The Farm Credit Administration may shorten the 30-day time period:

(1) When, in the opinion of the Farm Credit Administration, the condition of the institution so requires, provided that the institution shall be informed promptly of the new time period;

(2) With the consent of the institution; or

(3) When the institution already has advised the Farm Credit Administration that it cannot or will not achieve its applicable minimum capital ratios.

(b) Failure to respond within 30 days or such other time period as may be specified by the Farm Credit Administration shall constitute a waiver of any objections to the proposed capital directive.

**§615.5358 Decision.**

After the closing date of the institution's response period, or receipt of the institution's response, if earlier, the Farm Credit Administration may seek additional information or clarification of the response. Thereafter, the Farm Credit Administration will determine whether or not to issue a capital directive, and if one is to be issued, whether it should be as originally proposed or in modified form.

**§615.5359 Issuance of a capital directive.**

(a) A capital directive will be served by delivery to the institution. It will include or be accompanied by a statement of reasons for its issuance.

(b) A capital directive is effective immediately upon its receipt by the institution, or upon such later date as may be specified therein, and shall remain effective and enforceable until it is stayed, modified, or terminated by the Farm Credit Administration.

**§615.5360 Reconsideration based on change in circumstances.**

Upon a change in circumstances, an institution may request the Farm Credit Administration to reconsider the terms of its capital directive or may propose changes in the plan to achieve the institution's applicable minimum capital ratios. The Farm Credit Administration also may take such action on its own motion. The Farm Credit Administration may decline to consider requests or proposals that are not based on a significant change in circumstances or are repetitive or frivolous. Pending a decision on reconsideration, the capital directive and plan shall continue in full force and effect.

### **§615.5361 Relation to other administrative actions.**

A capital directive may be issued in addition to, or in lieu of, any other action authorized by law, including cease and desist proceedings, civil money penalties, or the conditioning or denial of applications. The Farm Credit Administration also may, in its discretion, take any action authorized by law, in lieu of a capital directive, in response to an institution's failure to achieve or maintain the applicable minimum capital ratios.

(b) A security interest in a security entitlement that is in favor of a Federal Reserve Bank from a participant and that is not recorded on the books of a Federal Reserve Bank pursuant to §615.5454(c)(1) of this subpart, is governed by the law (not including the conflict-of-law rules) of the jurisdiction where the head office of the Federal Reserve Bank maintaining the participant's securities account is located. A security interest in a security entitlement that is in favor of a Federal Reserve Bank from a person that is not a participant, and that is not recorded on the books of a Federal Reserve Bank pursuant to §615.5454(c)(1) of this subpart, is governed by the law determined in the manner specified in §615.5453 of this subpart.

(c) If the jurisdiction specified in the first sentence of paragraph (b) of this section is a State that has not adopted revised Article 8 (see 31 CFR 357.2) then the law specified in paragraph (b) of this section shall be the law of that State as though revised Article 8 had been adopted by that State.

[61 FR 67192, Dec. 20, 1996, as amended at 62 FR 53229, Oct. 14, 1997]

**§615.5453 Law governing other interests.**

(a) To the extent not inconsistent with these regulations, the law (not including the conflict-of-law rules) of a securities intermediary's jurisdiction governs:

- (1) The acquisition of a security entitlement from the securities intermediary;
- (2) The rights and duties of the securities intermediary and entitlement holder arising out of a security entitlement;
- (3) Whether the securities intermediary owes any duties to an adverse claimant to a security entitlement;
- (4) Whether an adverse claim can be asserted against a person who acquires a security entitlement from the securities intermediary or a person who purchases a security entitlement or interest therein from an entitlement holder; and
- (5) Except as otherwise provided in paragraph (c) of this section, the perfection, effect of perfection or non-perfection and priority of a security interest in a security entitlement.

(b) The following rules determine a "securities intermediary's jurisdiction" for purposes of this section:

- (1) If an agreement between the securities intermediary and its entitlement holder specifies that it is governed by the law of a particular jurisdiction, that jurisdiction is the securities intermediary's jurisdiction.
- (2) If an agreement between the securities intermediary and its entitlement holder does not specify the governing law as provided in paragraph (b)(1) of this section, but expressly specifies that the securities account is maintained at an office in a particular jurisdiction, that jurisdiction is the securities intermediary's jurisdiction.
- (3) If an agreement between the securities intermediary and its entitlement holder does not specify a jurisdiction as provided in paragraph (b)(1) or (b)(2) of this section, the securities intermediary's jurisdiction is the jurisdiction in which is located the office identified in an account statement as the office serving the entitlement holder's account.
- (4) If an agreement between the securities intermediary and its entitlement holder does not specify a jurisdiction as provided in paragraph (b)(1) or (b)(2) of this section and an account statement does not identify an office serving the entitlement holder's account as provided in paragraph (b)(3) of this section, the securities intermediary's jurisdiction is the jurisdiction in which is located the chief executive office of the securities intermediary.

(c) Notwithstanding the general rule in paragraph (a)(5) of this section, the law (but not the conflict-of-law rules) of the jurisdiction in which the person creating a security interest is

located governs whether and how the security interest may be perfected automatically or by filing a financing statement.

(d) If the jurisdiction specified in paragraph (b) of this section is a State that has not adopted revised Article 8 (see 31 CFR 357.2), then the law for the matters specified in paragraph (a) of this section shall be the law of that State as though revised Article 8 had been adopted by that State. For purposes of the application of the matters specified in paragraph (a) of this section, the Federal Reserve Bank maintaining the securities account is a clearing corporation, and the participant's interest in a book-entry security is a security entitlement.

#### **§615.5454 Creation of participant's security entitlement; security interests.**

(a) A participant's security entitlement is created when a Federal Reserve Bank indicates by book entry that a book-entry security has been credited to a participant's securities account.

(b) A security interest in a security entitlement of a participant in favor of the United States to secure deposits of public money, including without limitation deposits to the Treasury tax and loan accounts, or other security interest in favor of the United States that is required by Federal statute, regulation, or agreement, and that is marked on the books of a Federal Reserve Bank is thereby effected and perfected, and has priority over any other interest in the securities. Where a security interest in favor of the United States in a security entitlement of a participant is marked on the books of a Federal Reserve Bank, such Federal Reserve Bank may rely, and is protected in relying, exclusively on the order of an authorized representative of the United States directing the transfer of the security. For purposes of this paragraph, an "authorized representative of the United States" is the official designated in the applicable regulations or agreement to which a Federal Reserve Bank is a party, governing the security interest.

(c)(1) The Farm Credit Banks, the Funding Corporation, and the Federal Reserve Banks have no obligation to agree to act on behalf of any person or to recognize the interest of any transferee of a security interest or other limited interest in favor of any person except to the extent of any specific requirement of Federal law or regulation or to the extent set forth in any specific agreement with the Federal Reserve Bank on whose books the interest of the participant is recorded. To the extent required by such law or regulation or set forth in an agreement with a Federal Reserve Bank, or the Federal Reserve Bank Operating Circular, a security interest in a security entitlement that is in favor of a Federal Reserve Bank, a Farm Credit Bank, the Funding Corporation, or a person may be created and perfected by a Federal Reserve Bank marking its books to record the security interest. Except as provided in paragraph (b) of this section, a security interest in a security entitlement marked on the books of a Federal Reserve Bank shall have priority over any other interest in the securities.

(2) In addition to the method provided in paragraph (c)(1) of this section, a security interest, including a security interest in favor of a Federal Reserve Bank, may be perfected by any method by which a security interest may be perfected under applicable law as described in §615.5452(b) or §615.5453 of this subpart. The perfection, effect of perfection or non-perfection and priority of a security interest are governed by that applicable law. A security interest in favor of a Federal Reserve Bank shall be treated as a security interest in favor of a clearing corporation in all respects under that law, including with respect to the effect of perfection and priority of the security interest. A Federal Reserve Bank Operating Circular shall be treated as a rule adopted by a clearing corporation for such purposes.

[62 FR 67192, Dec. 20, 1996, as amended at 62 FR 53229, Oct. 14, 1997]

**§615.5455 Obligations of the Farm Credit banks and the Funding Corporation; no adverse claims.**

(a) Except in the case of a security interest in favor of the United States or a Federal Reserve Bank or otherwise as provided in §615.5454(c)(1), for the purposes of this subpart O, the Farm Credit banks, the Funding Corporation and the Federal Reserve Banks shall treat the participant to whose securities account an interest in a book-entry security has been credited as the person exclusively entitled to issue a transfer message, to receive interest and other payments with respect thereof and otherwise to exercise all the rights and powers with respect to such security, notwithstanding any information or notice to the contrary. The Federal Reserve Banks, the Farm Credit banks, and the Funding Corporation are not liable to a person asserting or having an adverse claim to a security entitlement or to a book-entry security in a participant's securities account, including any such claim arising as a result of the transfer or disposition of a book-entry security by a Federal Reserve Bank pursuant to a transfer message that the Federal Reserve Bank reasonably believes to be genuine.

(b) The obligation of the Farm Credit banks and the Funding Corporation to make payments (including payments of interest and principal) with respect to book-entry securities is discharged at the time payment in the appropriate amount is made as follows:

(1) Interest or other payments on book-entry securities are either credited by a Federal Reserve Bank to a funds account maintained at the Federal Reserve Bank or otherwise paid as directed by the participant.

(2) Book-entry securities are redeemed in accordance with their terms by a Federal Reserve Bank withdrawing the securities from the participant's securities account in which they are maintained and by either crediting the amount of the redemption proceeds, including both principal and interest, where applicable, to a funds account at the Federal Reserve Bank or otherwise paying such principal and interest as directed by the participant. No action by the participant is required in connection with the redemption of a book-entry security.

[61 FR 67192, Dec. 20, 1996, as amended at 62 FR 53229, Oct. 14, 1997]

**§615.5456 Authority of Federal Reserve Banks.**

(a) Each Federal Reserve Bank is hereby authorized as fiscal agent of the Farm Credit banks and the Funding Corporation to perform functions with respect to the issuance of book-entry securities offered and sold by the Farm Credit banks and the Funding Corporation to which this subpart applies, in accordance with the terms of the securities documentation and the provisions of this subpart:

(1) To service and maintain book-entry securities in accounts established for such purposes;

(2) To make payments of principal and interest, as directed by the Farm Credit banks and the Funding Corporation;

(3) To effect transfer of book-entry securities between participants' securities accounts as directed by the participants;

(4) To effect conversions between book-entry securities and definitive Farm Credit securities with respect to those securities as to which conversion rights are available pursuant to the applicable securities documentation; and

(5) To perform such other duties as fiscal agent as may be requested by the Farm Credit banks and the Funding Corporation.

(b) Each Federal Reserve Bank may issue Operating Circulars not inconsistent with this subpart, governing the details of its handling of book-entry securities, security entitlements, and the operation of the Book-entry System under this subpart.

**§615.5457 Withdrawal of eligible book-entry securities for conversion to definitive form.**

(a) Eligible book-entry securities may be withdrawn from the Book-entry System by requesting delivery of like definitive Farm Credit securities.

(b) A Federal Reserve Bank shall, upon receipt of appropriate instructions to withdraw eligible book-entry securities from book-entry in the Book-entry System, convert such securities into definitive Farm Credit securities and deliver them in accordance with such instructions.

(c) Farm Credit securities which are to be delivered upon withdrawal may be issued in either registered or bearer form, to the extent permitted by the applicable securities documentation.

(d) All requests for withdrawal of eligible book-entry securities must be made prior to the maturity or the applicable date of call of the Farm Credit securities.

[61 FR 67192, Dec. 20, 1996, as amended at 62 FR 53230, Oct. 14, 1997]

**§615.5458 Waiver of regulations.**

The Farm Credit Administration reserves the right, in the Farm Credit Administration's discretion, to waive any provision(s) of the regulations in this subpart in any case or class of cases for the convenience of the Farm Credit banks and the Funding Corporation or in order to relieve any person(s) of unnecessary hardship, if such action is not inconsistent with law, does not adversely affect any substantial existing rights, and the Farm Credit Administration is satisfied that such action will not subject the Farm Credit banks and the Funding Corporation to any substantial expense or liability.

**§615.5459 Liability of Farm Credit banks, Funding Corporation and Federal Reserve Banks.**

The Farm Credit banks, the Funding Corporation, and the Federal Reserve Banks may rely on the information provided in a transfer message or other transaction documentation, and are not required to verify the information. The Farm Credit banks, the Funding Corporation, and the Federal Reserve Banks shall not be liable for any action taken in accordance with the information set out in the transfer message, other transaction documentation, or evidence submitted in support thereof.

**§615.5460 Additional provisions.**

(a) *Additional requirements.* In any case or any class of cases arising under the regulations in this subpart, the Farm Credit banks and the Funding Corporation may require such additional evidence and a bond of indemnity, with or without surety, as may in the judgment of the Farm Credit banks and the Funding Corporation be necessary for the protection of the interests of the Farm Credit banks and the Funding Corporation.

(b) *Notice of attachment for Farm Credit securities in the Book-entry System.* The interest of a debtor in a security entitlement may be reached by a creditor only by legal process upon the securities intermediary with whom the debtor's securities account is maintained, except where a security entitlement is maintained in the name of a secured party, in which case the debtor's interest may be reached by legal process upon the secured party. These regulations do not purport to establish whether a Federal Reserve Bank is required to honor an order or other notice of attachment in any particular case or class of cases.

(c) *Conversion of definitive securities into book-entry securities.* Definitive Farm Credit securities may be converted to book-entry form in accordance with the terms of the applicable securities documentation and Federal Reserve Operating Circular.

[61 FR 67192, Dec. 20, 1996, as amended at 62 FR 53230, Oct. 14, 1997]

**§615.5461 Lost, stolen, destroyed, mutilated or defaced Farm Credit securities, including coupons.**

(a) Relief on the account of the loss, theft, destruction, mutilation, or defacement of any definitive consolidated or Systemwide securities of the Farm Credit banks and coupons of such securities may be granted on the same basis and to the same extent as relief may be granted under the statutes of the United States and the regulations of the Department of the Treasury on the account of the loss, theft, destruction, mutilation, or defacement of United States securities and coupons of such securities.

(b) Applicants for relief under paragraph (a) of this section, shall present claims and proof of loss:

(1) To the Division of Special Investments, Bureau of the Public Debt, P.O. Box 396, Parkersburg, WV 26102-0396, in the case of consolidated or Systemwide securities of the Farm Credit banks issued prior to May 1, 1978; or

(2) To the Federal Farm Credit Banks Funding Corporation, 10 Exchange Place, Suite 1401, Jersey City, NJ 07302, in the case of consolidated or Systemwide securities issued on or after May 1, 1978.

**§615.5462 Restrictive endorsement of bearer securities.**

When consolidated and Systemwide bearer securities of the Farm Credit banks are being presented to Federal Reserve Banks, for redemption, exchange, or conversion to book entry, such securities may be restrictively endorsed. The restrictive endorsement shall be placed thereon in substantially the same manner and with the same effects as prescribed in United States Treasury Department regulations, now or hereafter in force, governing like transactions in United States bonds; and consolidated or Systemwide securities of the Farm Credit banks so endorsed shall be prepared for shipment and shipped in the manner prescribed in such regulations for United States bearer securities. ## PART 616—LEASING

### §616.600 Definitions.

For the purposes of this part, the following definitions apply:

(a) *Interests in leases* means ownership interests in any aspect of a lease transaction, including, but not limited to, servicing rights.

(b) *Lease* means any contractual obligation to own and lease, or lease with the option to purchase, equipment or facilities used in the operations of persons eligible to borrow under part 613 of this chapter.

(c) *Sale with recourse* means a sale of a lease or an interest in a lease in which the seller:

(1) Retains some risk of loss from the transferred asset for any cause except the seller's breach of usual and customary warranties or representations designed to protect the purchaser against fraud or misrepresentation; or

(2) Has an obligation to make payments to any party resulting from:

(i) Default on the lease by the lessee or guarantor or any other deficiencies in the lessee's performance;

(ii) Changes in the market value of the assets after transfer;

(iii) Any contractual relationship between the seller and purchaser incident to the transfer that, by its terms, could continue even after final payment, default, or other termination of the assets transferred; or

(iv) Any other cause, except that the retention of servicing rights alone shall not constitute recourse.

**§616.6100 Purchase and sale of interests in leases.**

(a) *Authority to buy interests in leases.* A Farm Credit System institution may buy leases and interests in leases.

(b) *Policies.* Each Farm Credit System institution that sells or buys interests in leases must do so only under a policy adopted by its board of directors that addresses the following:

(1) The types of leases in which the institution may buy or sell an interest and the types of interests which may be bought or sold;

(2) The underwriting standards for the purchase of interests in leases;

(3) Such limits on the aggregate lease payments and residual amount of interests in leases that the institution may buy from a single institution as are necessary to diversify risk, and such limits on the aggregate amounts the institution may buy from all institutions as are necessary to assure that service to the territory is not impeded;

(4) Identification and reporting of leases in which interests are sold or bought;

(5) Requirements for securing from the selling lessor in a timely manner adequate financial and other information about the lessee needed to make an independent judgment; and

(6) Any limits or conditions to which sales or purchases are subject that the board considers appropriate, including arbitration.

(c) *Purchase and sale agreements.* Each agreement to buy or sell an interest in a lease must, at a minimum:

(1) Identify the particular lease(s) to be covered by the agreement;

(2) Provide for the transfer of lessee information on a timely and continuing basis;

(3) Identify the nature of the interest(s) sold or bought;

(4) Specify the rights and obligations of the parties and the terms and conditions of the sale;

(5) Contain any terms necessary for the appropriate administration of the lease, including lease servicing and monitoring of the servicer and authorization and conditions for action in the event of lessee distress or default;

(6) Provide for a method of resolution of disagreements arising under the agreement;

(7) Specify whether the contract is assignable by either party; and

(8) In the case of lease transactions through agents, comply with §614.4325(h) of this chapter, reading the term "lease" or "leases" in place of the term "loan" or "loans," as applicable.

(d) *Independent judgment.* Each institution that buys an interest in a lease must make a judgment on the payment ability of the lessee that is independent of the originating or lead lessor and any intermediary seller or broker. This must occur before the purchase of the interest and before any servicing action that alters the terms of the original agreement. The institution must not delegate such judgment to any person(s) not employed by the institution. A Farm Credit System institution that buys a lease or any interest in a lease may use information, such as appraisals or inspections, provided by the originating or lead lessor, or any intermediary seller or broker; however, the buying Farm Credit System institution must independently evaluate such information when exercising its judgment. The independent judgment must be documented by a payment analysis that considers factors set forth in §616.6300. The payment analysis must consider such financial and other lessee information as would be required by a prudent lessor and must include an evaluation of the capacity and reliability of the servicer. Boards of directors of jointly managed institutions must adopt procedures to ensure the interests of their respective shareholders are protected in participation between such institutions.

(e) *Sales with recourse.* When a lease or interest in a lease is sold with recourse:

(1) For the purpose of determining the lending and leasing limit in subpart J of part 614 of this chapter, the lease must be considered, to the extent of the recourse or guaranty, a lease by the buyer to the seller, and in addition, the seller must aggregate the lease with other obligations of the lessee; and

(2) The lease subject to the recourse agreement must be considered an asset sold with recourse for the purpose of computing capital ratios.

(f) *Similar entity lease transactions.* The provisions of §613.3300 of this chapter that apply to interests in loans made to similar entities apply to interests in leases made to similar entities. In applying these provisions, the term "loan" shall be read to include the term "lease" and the term "principal amount" shall be read to include the term "lease amount."

#### **§616.6200 Out-of-territory leasing.**

A System institution may make leases outside its chartered territory.

#### **§616.6300 Leasing policies, procedures, and underwriting standards.**

The board of each institution engaged in lease underwriting must adopt a written policy (or policies). Management, at the direction of the board, must develop procedures that reflect lease practices that control risk and comply with all applicable laws and regulations. Any leasing activity must comply with the lending policies and loan underwriting requirements in §614.4150 of this chapter. An institution engaged in the making, buying, or syndicating of leases also must adopt written policies and procedures that address the additional risks associated with leasing. Written policies and procedures must address the following, if applicable:

(a) Appropriateness of the lease amount, purpose, and terms and conditions, including the residual value established at the inception of the lease;

(b) Process for estimating the leased asset's market value during the lease term;

(c) Types of equipment and facilities the institution will lease;

- (d) Remarketing of leased property and associated risks;
- (e) Property tax and sales tax reporting;
- (f) Title and ownership of leased assets;
- (g) Title and licensing for motor vehicles;
- (h) Liability associated with ownership, including any environmental hazards or risks;
- (i) Insurance requirements for both the lessor and lessee;
- (j) Classification of leases in accordance with generally accepted accounting principles; and
- (k) Tax treatment of lease transactions and associated risks.

**§616.6400 Documentation.**

Each institution must document that any asset it leases is within its statutory authority.

**§616.6500 Investment in leased assets.**

An institution may acquire property to be leased that is consistent with current or planned leasing programs.

**§616.6600 Leasing limit.**

All leases made by Farm Credit System institutions shall be subject to the lending and leasing limit in subpart J of part 614 of this chapter.

**§616.6700 Stock purchase requirements.**

(a) Each System institution, except the Farm Credit Leasing Services Corporation, making an equipment lease under titles II or III of the Act must require the lessee to buy or own at least one share of stock or one participation certificate in the institution making the lease, in accordance with its bylaws.

(b) The disclosure requirements of §615.5250(a) and (b) of this chapter apply to stock (or participation certificates) bought as a condition for obtaining a lease.

**§616.6800 Disclosure requirements.**

(a) Each System institution must give to each lessee a copy of all lease documents signed by the lessee within a reasonable time following lease closing.

(b) Each System institution must make its decision on a lease application as soon as possible and provide prompt written notice of its decision to the applicant.

## PART 617—BORROWER RIGHTS

### Subpart A—General

#### §617.7000 Definitions.

For the purposes of this part, the following terms apply:

*Adjustable rate loan* means a loan where the interest rate payable over the term of the loan may change. This includes adjustable rate, variable rate, or other similarly designated loans.

*Adverse credit decision* means a credit decision where a qualified lender:

- (1) Decides not to make a loan to an applicant;
- (2) Approves a loan in an amount less than the applicant requested; or
- (3) Denies an application for restructuring.

*Applicant* means any person who completes and executes a loan application from a qualified lender.

*Application for restructuring* means a written request from a borrower to restructure a distressed loan. The request must be submitted on the appropriate forms prescribed by the qualified lender and accompanied by sufficient financial information and repayment projections, where appropriate, as required by the qualified lender to support a sound credit decision.

*Distressed loan* means a loan that the borrower does not have the financial capacity to pay according to its terms, as determined by the qualified lender, and exhibits one or more of the following characteristics:

- (1) The borrower is demonstrating adverse financial and repayment trends.
- (2) The loan is delinquent or past due under the terms of the loan contract.
- (3) One or both of the factors listed in paragraphs (1) and (2) of this section, together with inadequate collateralization, present a high probability of loss to the qualified lender.

*Effective interest rate* means a measure of the cost of credit, expressed as an annual percentage rate, that shows the effect of the following costs, if any, on the interest rate on a loan charged by a qualified lender to a borrower:

- (1) The amount of any stock or participation certificates that a borrower is required to buy to obtain the loan; and
- (2) Any loan origination charges paid by a borrower to a qualified lender to obtain the loan.

*Foreclosure proceeding* means:

(1) A foreclosure or similar legal proceeding to enforce a lien on property, whether real or personal, that secures a non-interest-earning asset or distressed loan; or

(2) The seizing of and realizing on non-real property collateral, other than collateral subject to a statutory lien arising under titles I and II of the Act, to effect collection of a nonaccrual or distressed loan.

*Independent evaluator* means an individual who is a qualified evaluator and who satisfies the standards of §614.4260, subpart F of this chapter, and the standards set by the qualified lender for the type of property to be evaluated. *Interest rate* means the stated contract rate of interest.

*Loan application* means a complete oral or written request for an extension of credit made in accordance with a qualified lender's procedures for the type of credit requested. This information may include credit reports, supporting information for the credit requested, and reports by governmental agencies or other persons necessary to guarantee, insure, or provide security for the credit or collateral.

*Qualified lender* means:

(1) A System institution, except a bank for cooperatives, that makes loans as defined in this section; and

[69 FR 10907, 10908, Mar. 9, 2004, as amended at 69 FR 16459, Mar. 30, 2004]

### **§617.7005 When may electronic communications be used in the borrower rights process?**

Qualified lenders may use, with the parties' agreement, electronic commerce (E-commerce), including electronic communications for borrower rights disclosures. Part 609 of this chapter addresses when a qualified lender may use E-commerce. Consistent with these rules, a qualified lender should interpret part 617 broadly to allow electronic transmissions, communications, records, and submissions. However, electronic communications may not be used for a notice of default, acceleration, repossession, foreclosure, eviction, or the right

to cure when a borrower's primary residence secures the loan. In these instances, a qualified lender must use paper disclosures.

#### **§617.7010 May borrower rights be waived?**

(a) A qualified lender may not obtain a waiver of borrower rights, except as indicated in paragraphs (b) and (c) of this section.

(b) A borrower may waive rights relating to distressed loan restructuring, credit reviews, and the right of first refusal when a loan is guaranteed by the Small Business Administration or in connection with a loan sale as provided in §617.7015. Waivers obtained pursuant to this paragraph must be voluntary and in writing. The document evidencing the waiver must clearly explain the rights the borrower is being asked to waive.

(c) A borrower may waive all borrower rights provided for in part 617 of these regulations in connection with a loan syndication transaction with non-System lenders that are otherwise not required by section 4.14A(a)(6) of the Act to provide borrower rights. For purposes of this paragraph, a "loan syndication" is a multi-lender transaction in which each member of the lending syndicate has a direct contractual relationship with the borrower, but does not include a transaction created for the primary purpose of avoiding borrower rights. Waivers obtained pursuant to this paragraph must be voluntary and in writing. The document evidencing the waiver must clearly disclose the rights the borrower is waiving. Additionally, the borrower's written waiver must contain a statement that the borrower was represented by legal counsel in connection with execution of the waiver.

[69 FR 10907, 10908, Mar. 9, 2004, as amended at 70 FR 18968, Apr. 12, 2005]

#### **§617.7015 What happens to borrower rights when a loan is sold?**

(a) *What happens when a qualified lender sells a loan to another qualified lender?* A loan made by a qualified lender and subsequently sold, in whole or in part, to another qualified lender is subject to the borrower rights provisions of title IV of the Act.

(b) *What happens when a qualified lender sells a loan into the secondary market?* (1) Except as provided in paragraph (b)(2) of this section, the borrower rights provisions of sections 4.14, 4.14A, 4.14B, 4.14C, 4.14D, and 4.36 of the Act do not apply to a loan made on or after February 10, 1996, and designated for sale into a secondary market at the time the loan was made.

(2) Borrower rights apply to a loan designated for sale under paragraph (b)(1) of this section but not sold into a secondary market during the 180-day period that begins on the date of designation. The provisions of paragraph (b)(1) of this section will subsequently apply on the date of sale if the loan is later sold into a secondary market.

(c) *What happens when a qualified lender sells a loan to a nonqualified lender?* (1) Except for loans sold to another qualified lender or designated for sale into a secondary market, a qualified lender must comply with one of the following requirements before selling a loan or interest in a loan subject to borrower rights:

(i) The qualified lender and borrower must agree to include provisions in the loan contract with the borrower, or a written modification thereto, that ensure that the buyer of the loan will be obligated to provide the borrower the same rights a qualified lender must provide; or

(ii) The qualified lender must obtain from the borrower a signed written consent to the sale, which clearly states the borrower waives statutory borrower rights.

(2) Before the qualified lender obtains the borrower's consent to the sale of the loan and the waiver of borrower rights under paragraph (c)(1)(ii) of this section, the qualified lender must disclose in writing to the borrower:

(i) A complete description of the statutory rights the borrower will waive;

(ii) Any changes in the loan terms or conditions that will occur if the qualified lender does not sell the loan;

(iii) That waiving borrower rights will not become effective unless the qualified lender sells the loan; and

(iv) That borrower rights will become effective again if any qualified lender repurchases the loan or any interest in the loan.

(3) The consent to the loan sale and waiver of borrower rights shall have no effect until the qualified lender sells the loan. Borrower rights become effective again if any qualified lender repurchases the loan or any interest in the loan.

(4) A qualified lender may not make a loan conditioned on the borrower consenting to the loan's sale and a waiver of borrower rights.

## **Subpart B—Disclosure of Effective Interest Rates**

Source: 69 FR 16459, Mar. 30, 2004, unless otherwise noted.

### **§617.7100 Who must make and who is entitled to receive an effective interest rate disclosure?**

(a) A qualified lender must make the disclosures required by subparts B and C of this part to borrowers for all loans not subject to the Truth in Lending Act.

(b) For a single loan involving more than one borrower, a qualified lender is required to provide only one set of disclosures to borrowers. All borrowers may designate, in writing, one person who will receive the effective interest rate disclosure. If the borrowers do not designate a particular recipient, the lender may provide the disclosure to at least one of the borrowers who is primarily liable for repayment of the loan.

### **§617.7105 When must a qualified lender disclose the effective interest rate to a borrower?**

(a) *Disclosure to prospective borrowers.* A qualified lender must provide written effective interest rate disclosure for each loan no later than the time of loan closing.

(b) *Disclosure to existing borrowers.* (1) A qualified lender must provide a new effective interest rate disclosure to an existing borrower on or before the date:

(i) The borrower executes a new promissory note or other comparable evidence of indebtedness;

(ii) The borrower purchases additional stock or participation certificates as a condition of obtaining new funds from the qualified lender; or

(iii) The borrower pays an additional loan origination charge to the qualified lender as a condition of obtaining new funds.

(2) A qualified lender is not required to provide a new effective interest rate disclosure when it advances new funds to an existing borrower if none of the conditions of paragraph (b)(1) of this section apply and the advance is made pursuant to a preexisting contract that specifically provides for future advances.

**§617.7110 How should a qualified lender disclose the cost of borrower stock or participation certificates?**

The cost of borrower stock or participation certificates must be included in the effective interest rate calculation at the time the stock or participation certificate is purchased in connection with a loan transaction. For subsequent loans to existing borrowers, only the cost of new stock or participation certificates, if any, purchased in connection with a new loan or advance of new funds must be included in the effective interest rate calculation for the transaction.

**§617.7115 How should a qualified lender disclose loan origination charges?**

Any one-time charge paid by a borrower to a qualified lender in consideration for making a loan must be included in the effective interest rate as a loan origination charge. These include, but are not limited to, loan origination fees, application fees, and conversion fees. Loan origination charges also include any payments made by a borrower to a qualified lender to reduce the interest rate that would otherwise be charged, including any charges designated as "points."

**§617.7120 How should a qualified lender present the disclosures to a borrower?**

A qualified lender must:

(a) Disclose the effective interest rate and other information required by subparts B and C of this part clearly and conspicuously in writing, in a form that is easy to read and understand and that the borrower may keep; and

(b) Not combine the disclosures with any information not directly related to the information required by §§617.7130 and 617.7135.

**§617.7125 How should a qualified lender determine the effective interest rate?**

(a) A qualified lender must calculate the effective interest rate on a loan using the discounted cash flow method showing the effect of the time value of money.

(b) For all loans, the cash flow stream used for calculating the effective interest rate of a loan must include:

(1) Principal and interest;

(2) The cost of stock or participation certificates that a borrower is required to purchase in connection with the loan; and

(3) Loan origination charges described in §617.7115.

(c) A qualified lender must establish policies and procedures for EIR disclosures that clearly show the effect of the cost of borrower stock (or participation certificates) and loan origination charges on the interest rate of a loan. A qualified lender must also establish policies and procedures for determining major assumptions used in calculating the effective interest rate, *e.g.*, criteria on how the cost of borrower stock (or participation certificates) and loan origination charges are assigned or allocated among multiple loans obtained by a borrower simultaneously.

**§617.7130 What initial disclosures must a qualified lender make to a borrower?**

(a) *Required disclosures—in general.* A qualified lender must disclose in writing:

(1) The interest rate on the loan;

(2) The effective interest rate of the loan;

(3) The amount of stock or participation certificates that a borrower is required to purchase in connection with the loan and included in the calculation of the effective interest rate of the loan;

(4) All loan origination charges included in the effective interest rate;

(5) That stock or participation certificates that borrowers are required to purchase are at risk and may only be retired at the discretion of the board of the institution; and

(6) The various types of loan options available to borrowers, with an explanation of the terms and borrower rights that apply to each type of loan.

(b) *Adjustable rate loans.* A qualified lender must provide the following information for adjustable rate loans in addition to the requirements of paragraph (a) of this section:

(1) The circumstances under which the rate can be adjusted;

(2) How much the rate can be adjusted at any one time and how much the rate can be adjusted during the term of the loan;

(3) How often the rate can be adjusted;

(4) Any limitations on the amount or frequency of adjustments;

(5) The specific factors that the qualified lender may take into account in making adjustments to the interest rate on the loan; and

(6) If the borrower's interest rate is directly tied to a widely publicized external index:

(i) How and where the borrower may obtain information on changes to the index; and

(ii) When the qualified lender will provide written notice of changes to the borrower's interest rate.

[69 FR 16459, Mar. 30, 2004, , as amended at 74 FR 67972, Dec. 22, 2009]

**§617.7135 What subsequent disclosures must a qualified lender make to a borrower?**

(a) *Notice of interest rate change.* (1) A qualified lender must provide written notice to a borrower of any change in interest rate on the borrower's existing loan, containing the following information:

- (i) The new interest rate on the loan;
- (ii) The date on which the new rate is effective; and
- (iii) The factors used to adjust the interest rate on the loan.

(2) If the borrower's interest rate is directly tied to a widely publicized external index, a qualified lender must provide written notice to the borrower of the rate change either:

- (i) Within forty-five (45) days after the effective date of the change; or
- (ii) As part of the borrower's first regularly scheduled billing statement affected by the rate change.

(3) If the borrower's interest rate is not directly tied to a widely publicized external index, a qualified lender must send written notice to the borrower of the rate change within ten (10) days after the effective date of the change.

(b) *Notice to adjustable rate loan borrowers with interest rates directly tied to a widely publicized external index.* A qualified lender must provide the written disclosure required by §617.7130(b)(6) to applicable borrowers who were not previously given the disclosure no later than the qualified lender's next regularly scheduled correspondence to those borrowers occurring after April 1, 2010.

(c) *Notice of increase in stock purchase requirement.* If a qualified lender increases the amount of stock (or participation certificates) a borrower must own during the term of a loan, the lender must send a written notice to the borrower at least ten (10) days prior to the effective date of the increase. The notice must state:

- (1) The new effective interest rate on the outstanding balance for the remaining term of the borrower's loan;
- (2) The date on which the new rate is effective; and
- (3) The reason for the increase in the borrower stock (or participation certificates) purchase requirement.

[69 FR 16459, Mar. 30, 2004, , as amended at 74 FR 67972, Dec. 22, 2009]

## **Subpart C—Disclosure of Differential Interest Rates**

### **§617.7200 What disclosures must a qualified lender make to a borrower on loans offered with more than one rate of interest?**

A qualified lender that offers more than one rate of interest to borrowers must notify each borrower of the right to request a review of the interest rate charged on his or her loan no later than the time of loan closing. At the request of a borrower, the lender must:

- (a) Provide a review of the loan to determine if the proper interest rate has been established;
- (b) Explain to the borrower in writing the basis for the interest rate charged; and
- (c) Explain to the borrower in writing how the credit status of the borrower may be improved to receive a lower interest rate on the loan.

[69 FR 16459, Mar. 30, 2004]

## **Subpart D—Actions on Applications; Review of Credit Decisions**

### **§617.7300 When acting on a loan application, what are the notice requirements and review rights?**

Each qualified lender must make its decision on a loan application as quickly as possible. The qualified lender must provide prompt written notice of its decision to the applicant. The qualified lender is required to notify all primary applicants. If a loan application has more than one primary applicant, the qualified lender may send the original notice to the applicant designated to receive notices and may send copies to all other applicants. If the qualified lender makes an adverse credit decision on a loan application, the notice must include:

- (a) The specific reasons for the qualified lender's decision;
- (b) A statement that the applicant may request a review of the decision;
- (c) A statement that a written request for review must be made within 30 days after the applicant receives the qualified lender's notice; and
- (d) A brief explanation of the process for seeking review of the decision, including the independent collateral evaluation review process, whom to contact for access to information, and the applicant's right to appear in person before the credit review committee (CRC).

### **§617.7305 What is a CRC and who are the members?**

The board of directors of each qualified lender must establish one or more CRCs to review adverse credit decisions made by a qualified lender. The CRC may only review adverse credit decisions at the request of the applicant or borrower. The CRC has the ultimate decision-making authority on the loan or application under review. CRC members are selected by the board of directors of each qualified lender and must include at least one of

the qualified lender's farmer-elected board members. The loan officer involved in the adverse credit decision being reviewed may not serve on the CRC when it reviews that loan.

### **§617.7310 What is the review process of the CRC?**

(a) *How will an applicant or borrower know when the CRC will consider the review request?* The qualified lender must inform the applicant or borrower 15 days in advance of the CRC meeting where the applicant or borrower's request will be reviewed.

(b) *Who may make a personal appearance before the CRC?* Each applicant or borrower who has requested a review may appear in person before the CRC. The applicant or borrower may be accompanied by counsel or other representative when seeking a reversal of a decision on a loan or an application for restructuring.

(c) *What documents may the CRC consider?* An applicant or borrower may submit any documents or other evidence to support the information contained in the loan or application for restructuring. The documents should demonstrate that the application for a loan or restructuring satisfies the credit standards of the qualified lender and is an eligible loan or application for restructuring. Additionally, the applicant or borrower is entitled to a copy of each independent collateral evaluation used by the qualified lender.

(d) *May an applicant obtain a new collateral evaluation even if collateral was not a reason for the adverse credit decision?* As part of a CRC review, an applicant may request an independent collateral evaluation of the agricultural real estate securing the loan or being offered as security, regardless of whether collateral was an identified reason for the adverse credit decision. The independent collateral evaluation may be for any interest(s) in the property securing the loan, except stock or participation certificates issued by the qualified lender and held by the applicant or borrower.

(1) *Who may conduct an independent collateral evaluation?* The independent collateral evaluation must be conducted by an independent evaluator. The CRC must provide the applicant or borrower with a list of three independent evaluators approved by the qualified lender within 30 days of the request for an independent collateral evaluation. The applicant or borrower must select and engage the services of an evaluator from the list. The evaluation must comply with the collateral evaluation requirements of part 614, subpart F, of this chapter. The qualified lender must provide the applicant or borrower a copy of part 614, subpart F, for presentation to the selected independent evaluator. A copy of part 614, subpart F, signed by the evaluator is a required exhibit in the subsequent evaluation report.

(2) *When must an applicant or borrower obtain the independent collateral evaluation and who pays for the evaluation?* The applicant or borrower must enter into a contractual arrangement for evaluation services within 30 days of receiving the names of three approved independent evaluators. The contractual arrangement must be a written contract for services that complies with the lender's appraisal standards. The evaluation must be completed within a reasonable period of time, taking into consideration any extenuating circumstance. The applicant or borrower is responsible for the costs of the independent evaluation.

(3) *How does the CRC use an independent collateral evaluation when making a decision?* The CRC will consider the results of any independent collateral evaluation before making a final determination with respect to the loan or restructuring, except the CRC is not required to consider a collateral evaluation that does not conform to the collateral evaluation standards described in part 614, subpart F, of this chapter.

(e) *When must the CRC issue a decision?* The CRC must reach a decision, and it must be the final decision of the qualified lender, not later than 30 days after the meeting on the request under review. The CRC must make every reasonable effort to conduct reviews and render decisions in as expeditious a manner as possible. After making its decision, the committee must promptly notify the applicant or borrower in writing of the decision and the reasons for the decision.

**§617.7315 What records must the qualified lender maintain on behalf of the CRC?**

A qualified lender must maintain a complete file of all requests for CRC reviews, including participation in state mediation programs, the minutes of each CRC meeting, and the disposition of each review by the CRC.

## **Subpart E—Distressed Loan Restructuring; State Agricultural Loan Mediation Programs**

**§617.7400 What protections exist for borrowers who meet all loan obligations?**

(a) A qualified lender may not foreclose on a loan because the borrower failed to post additional collateral when the borrower has made all accrued payments of principal, interest, and penalties on the loan.

(b) A qualified lender may not require a borrower to reduce the outstanding principal balance of a loan by any amount that exceeds the regularly scheduled principal installment when due and payable, unless:

(1) The borrower sells or otherwise disposes of part, or all, of the collateral without the prior approval of the qualified lender and the proceeds from the sale or disposition are not applied to the loan; or

(2) The parties agree otherwise in writing.

(c) After a borrower has made all accrued payments of principal, interest, and penalties on a loan, the qualified lender may not enforce acceleration of the borrower's repayment schedule due to the borrower's untimely payment of those principal, interest, or penalty payments.

(d) If a qualified lender places a loan in non-interest-earning status and this results in an adverse action being taken against the borrower, such as revoking any undisbursed loan commitment, the lender must document the change of status and promptly notify the borrower in writing of the action and the reasons for taking it. If the borrower was not delinquent on any principal, interest, or penalty payment at the time of such action and the borrower's request to have the loan placed back into accrual status is denied, the borrower may obtain a review of the denial before the CRC pursuant to §617.7310 of this part. The borrower must request this review within 30 days after receiving the lender's notice.

**§617.7405 On what policies are loan restructurings based?**

Loan restructurings must be made in accordance with the policy adopted by the supervising bank board of directors under section 4.14A(g) of the Act.

**§617.7410 When and how does a qualified lender notify a borrower of the right to seek loan restructuring?**

(a) *What are the notice requirements?* When a qualified lender determines that a loan is, or has become, distressed, the lender must provide one of the following written notices to the borrower stating that the loan may be suitable for restructuring.

(1) A notice stating that the loan has been identified as distressed and that the borrower has the right to request a restructuring of the loan (nonforeclosure notice).

(2) A notice that the loan has been identified as distressed, that the borrower has the right to request a restructuring of the loan, and that the alternative to restructuring may be foreclosure (45-day notice). The qualified lender must provide this notice to the borrower no later than 45 days before the qualified lender begins foreclosure proceedings with respect to any loan outstanding to the borrower. This notice must specifically state that if the loan is restructured and the borrower does not perform under the restructure agreement (as described in §617.7410(e)), the qualified lender may initiate foreclosure proceedings without further notice.

(b) *What should each notice include?* (1) A copy of the policy the qualified lender established governing the treatment of distressed loans; and

(2) All materials necessary for the borrower to submit an application for restructuring.

(c) *What notice should a qualified lender send to a borrower who is a debtor in a bankruptcy proceeding?* The qualified lender should send a notice that identifies the loan as distressed and the statutory right to file an application for a restructuring. The notice may also restate the language from the automatic stay provision to emphasize that the notice is not intended as an attempt to collect, assess, or recover a claim.

(d) *Whom should the qualified lender notify?* The qualified lender is required to notify all primary obligors. If the obligors identify one party to receive notices, the qualified lender should send the original notice to that person and send copies to the other obligors. For borrowers in a bankruptcy proceeding, the qualified lender should send the notice to the borrower and, if retained, the borrower's counsel.

(e) *When is a qualified lender required to send another restructure notice to a borrower whose loan was previously restructured?* A qualified lender must notify a borrower of the right to file another application to restructure the loan if the qualified lender sent the nonforeclosure notice to the borrower and the borrower has performed on the previous restructure agreement. Performance means that a borrower has made six consecutive monthly payments, four consecutive quarterly payments, three consecutive semiannual payments, or two consecutive annual payments. However, a qualified lender is not required to send another notice if they previously sent a 45-day notice, as described in §617.7410(a)(2), and a borrower did not perform under a restructure agreement, as described above.

(f) *Does the borrower have the opportunity to meet with the qualified lender after receiving the restructure notice?* The qualified lender must provide any borrower to whom a notice has been sent with a reasonable opportunity to meet personally with a representative of the lender. The borrower and lender may meet to review the status of the loan, the financial condition of the borrower, and the suitability of the loan for restructuring. A meeting to

discuss a loan that is in a non-interest-earning status may also involve developing a plan for restructuring, if the qualified lender determines the loan is suitable for restructuring.

*(g) May the qualified lender voluntarily consider restructuring for a borrower who did not submit a restructuring application?* A qualified lender may, in the absence of an application for restructuring from a borrower, propose restructuring to an individual borrower.

#### **§617.7415 How does a qualified lender decide to restructure a loan?**

(a) What criteria does a qualified lender use to evaluate an application for restructuring? The qualified lender should consider the following:

(1) Whether the cost to the lender of restructuring the loan is equal to or less than the cost of foreclosure, considering all relevant criteria. These criteria include:

(i) The present value of interest and principal foregone by the lender in carrying out the application for restructuring;

(ii) Reasonable and necessary administrative expenses involved in working with the borrower to finalize and implement the application for restructuring;

(iii) Whether the borrower's application for restructuring included a preliminary restructuring plan and cash flow analysis, taking into account income from all sources to be applied to the debt and all assets to be pledged, that show a reasonable probability that orderly debt retirement will occur as a result of the proposed restructuring; and

(iv) Whether the borrower has furnished, or is willing to furnish, complete and current financial statements in a form acceptable to the qualified lender.

(2) Whether the borrower is applying all income over and above necessary and reasonable living and operating expenses to the payment of primary obligations;

(3) Whether the borrower has the financial capacity and the management skills to protect the collateral from diversion, dissipation, or deterioration;

(4) Whether the borrower is capable of working out existing financial difficulties, taking into consideration any prior restructuring of the loan, reestablishing a viable operation, and repaying the loan on a rescheduled basis; and

(5) In the case of a distressed loan that is not delinquent, whether restructuring consistent with sound lending practices may be taken to reasonably ensure that the loan will not have to be placed into non-interest-earning status in the future.

(b) What should be included in determining the cost of foreclosure? (1) The difference between the outstanding balance due, as provided by the loan documents, and the liquidation value of the loan, taking into consideration the borrower's repayment capacity and the liquidation value of the collateral used to secure the loan;

(2) The estimated cost of maintaining a loan classified as a high-risk asset;

(3) The estimated cost of administrative and legal actions necessary to foreclose a loan and dispose of property acquired as the result of the foreclosure, including attorneys' fees and court costs;

(4) The estimated cost of value changes in collateral used to secure a loan during the period beginning on the date of the initiation of an action to foreclose or liquidate the loan and ending on the date of the disposition of the collateral; and

(5) All other costs incurred as the result of the foreclosure or liquidation of a loan.

(c) What should the qualified lender do if the borrower and the qualified lender cannot agree on the financial projections used in the application for restructuring? If the borrower and lender are not able to agree on supportable or realistic financial projections, the lender may use benchmarks to determine the operational input costs and chattel security values. These benchmarks may include, but are not limited to, the borrower's 5-year production average; averages in the county where the farming operation is located, based on data from United States Department of Agriculture, local colleges or universities, or other recognized authority; and other such reasonable sources.

(d) How does the qualified lender decide whether to restructure or foreclose? If a qualified lender determines the potential cost to the lender of restructuring the loan as proposed in the application for restructuring is less than or equal to the potential cost of foreclosure, the qualified lender must restructure the loan. If two or more restructuring alternatives are available, the qualified lender must restructure the loan using the alternative that results in the least cost to the lender.

(e) What documentation should the qualified lender retain? In the event that an application for restructuring is denied, a qualified lender must maintain sufficient documentation to demonstrate compliance with paragraphs (a), (b), and (c) of this section, as applicable.

#### **§617.7420 How will a decision on an application for restructuring be issued?**

(a) *When must a qualified lender make a decision on an application for restructuring?* Each qualified lender must provide a written decision on an application for restructuring and provide this decision to the borrower within 15 days from the conclusion of the negotiations used to develop the application for restructuring.

(b) *How does a qualified lender notify the borrower of the decision?* On reaching a decision on an application for restructuring, the qualified lender must provide written notice in any manner that requires a primary obligor to acknowledge receipt of the lender's decision. In the case of a loan involving one or more primary obligors, the original notice may be provided to the primary obligor identified to receive such notice, with copies provided by regular mail to the other obligors.

(c) *What notice is required if the restructuring request is denied?* When an application for restructuring is denied, the notice must include:

(1) The specific reason(s) for the denial and any critical assumptions and relevant information on which the specific reasons are based, except that any confidential information shall not be disclosed;

(2) A statement that the borrower may request a review of the denial;

(3) A statement that any request for review must be made in writing within 7 days after receiving such notice.

(4) A brief explanation of the process for seeking review of the denial, including the appraisal review process and the right to appear before the CRC, pursuant to §617.7310 of this part, accompanied by counsel or any other representative, if the borrower chooses.

#### **§617.7425 What type of notice should be given to a borrower before foreclosure?**

The qualified lender must send the 45-day notice, as described in §617.7410(a)(2), no later than 45 days before any qualified lender begins foreclosure proceedings. The notice informs the borrower in writing that the loan may be suitable for restructuring and that the qualified lender will review any suitable loan for possible restructuring. The 45-day notice must include a copy of the policy and the materials described in §617.7410(b). The notice must also state that if the loan is restructured, the borrower must perform under this restructure agreement. If the borrower does not perform, the qualified lender may initiate foreclosure.

(a) *Does the notice have to inform the borrower that foreclosure is possible?* The notice must inform the borrower that the alternative to restructuring may be foreclosure. If the notice does not inform the borrower of potential foreclosure, then the qualified lender must send a second notice at least 45 days before foreclosure is initiated.

(b) *How are borrowers who are debtors in a bankruptcy proceeding notified?* A qualified lender must restate the language from the automatic stay provision to emphasize that the notice is not intended to be an attempt to collect, assess, or recover a claim. The qualified lender should send the notice to the borrower and, if retained, the borrower's counsel.

(c) *May a qualified lender foreclose on a loan when there is a restructuring application on file?* No qualified lender may foreclose or continue any foreclosure proceeding with respect to a distressed loan before the lender has completed consideration of any pending application for restructuring and CRC consideration, if applicable. This section does not prevent a lender from taking any action necessary to avoid the dissipation of assets or the diversion, dissipation, or deterioration of collateral if the lender has reasonable grounds to believe that such diversion, dissipation, or deterioration may occur.

#### **§617.7430 Are institutions required to participate in state agricultural loan mediation programs?**

(a) If initiated by a borrower, System institutions must participate in state mediation programs certified under section 501 of the Agricultural Credit Act of 1987 and present and explore debt restructuring proposals advanced in the course of such mediation. If provided in the certified program, System institutions may initiate mediation at any time.

(b) System institutions must cooperate in good faith with requests for information or analysis of information made in the course of mediation under any loan mediation program.

(c) No System institution may make a loan secured by a mortgage or lien on agricultural property to a borrower on the condition that the borrower waive any right under the agricultural loan mediation program of any state.

(d) A state mediation may proceed at the same time as the loan restructuring process of §617.7415 or at any other appropriate time.

## **Subpart F—Distressed Loan Restructuring Directive**

### **§617.7500 What is a directive used for and what may it require?**

(a) A distressed loan restructuring directive is an order issued to a qualified lender when FCA has determined that the lender has violated section 4.14A of the Act.

(b) A distressed loan restructuring directive requires the qualified lender to comply with the specific distressed loan restructuring requirements in the Act.

(c) A distressed loan restructuring directive is enforceable in the same manner and to the same extent as an effective and outstanding cease and desist order that has become final. Any violation of a distressed loan restructuring directive may result in FCA assessing civil money penalties or seeking a court order pursuant to section 5.31 or 5.32 of the Act.

### **§617.7505 How will the qualified lender know when FCA is considering issuing a distressed loan restructuring directive?**

When FCA intends to issue a distressed loan restructuring directive, it will notify the qualified lender in writing. The notice will state:

(a) The reasons FCA intends to issue a distressed loan restructuring directive;

(b) The proposed contents of the distressed loan restructuring directive; and

(c) Any other relevant information.

### **§617.7510 What should the qualified lender do when it receives notice of a distressed loan restructuring directive?**

(a) A qualified lender should respond to the notice by stating why FCA should not issue a distressed loan restructuring directive, by proposing changes to the directive, or by seeking other suitable relief. The response must include any information, documentation, or other relevant evidence that supports the qualified lender's position. The response may include a plan for achieving compliance with the distressed loan restructuring requirements of the Act. The response must be in writing and delivered to FCA within 30 days after the date on which the qualified lender received the notice. In its discretion, FCA may extend the time period for good cause. FCA may shorten the 30-day period with the consent of the qualified lender or when FCA determines that providing the full 30 days would result in a borrower not receiving distressed loan restructuring rights.

(b) If the qualified lender fails to respond within 30 days or such other time period specified by FCA, this failure will constitute a waiver of any objections to the proposed distressed loan restructuring directive.

### **§617.7515 How does the FCA decide whether to issue a directive?**

After the closing date of the qualified lender's response period, or following receipt of the qualified lender's response, FCA must decide if there is sufficient information to support the issuance of a directive or if additional information is necessary. Once FCA has received sufficient information, it must decide whether to issue a directive as originally proposed or as modified.

### **§617.7520 How does the FCA issue a directive and when will it be effective?**

A distressed loan restructuring directive is effective immediately on receipt by the qualified lender, or on such later date as may be specified by FCA, and will remain effective and enforceable until it is stayed, modified, or terminated by FCA.

### **§617.7525 May FCA use other enforcement actions?**

FCA may issue a distressed loan restructuring directive in addition to, or instead of, any other action allowed by law, including cease and desist proceedings, civil money penalties, or the granting or conditioning of any application or other requests by the System institution.

## **Subpart G—Right of First Refusal**

### **§617.7600 What are the definitions used in this subpart?**

In addition to the definitions in §617.7000, the following definitions apply to this subpart.

*Acquired agricultural real estate or property* means agricultural real estate acquired by a System institution as a result of a loan foreclosure or a voluntary conveyance by a borrower who, as determined by the institution, does not have the financial resources to avoid foreclosure.

*Previous owner* means:

- (1) The prior record owner who was a borrower from a System institution and did not have the financial resources, as determined by the institution, to avoid foreclosure on acquired agricultural real estate; or
- (2) The prior record owner who is not a borrower and whose acquired agricultural real estate was used as collateral for a loan to a System borrower.

*System institution* means a Farm Credit System institution, except a bank for cooperatives, which makes loans as defined in §617.7000.

### **§617.7605 How should System institutions document whether the borrower had the financial resources to avoid foreclosure?**

The right of first refusal applies only to borrowers who did not have the financial resources to avoid foreclosure or voluntary conveyance. A System institution must clearly document in its files whether the borrower had the resources to avoid foreclosure or voluntary conveyance.

### **§617.7610 What should the System institution do when it decides to sell acquired agricultural real estate?**

(a) Notify the previous owner,

- (1) Within 15 days of the System institution's decision to sell acquired agricultural real estate, it must notify the previous owner, by certified mail, of the property's appraised fair market value as established by an accredited appraiser and of the previous owner's right to:

- (i) Buy the property at the appraised fair market value, or
  - (ii) Offer to buy the property at a price less than the appraised value.
- (2) That any offer must be received within 30 days of receipt of the notice.
- (b) Act on an offer to buy the acquired agricultural real estate at the appraised value. Within 15 days after the receipt of the previous owner's offer to buy the acquired agricultural real estate at the appraised value, the System institution must accept the offer and sell the property to the previous owner if the offer was received within 30 days of the notice required in paragraph (a)(2) of this section.
- (c) Act on an offer to buy the acquired agricultural real estate at less than the appraised value.
- (1) The System institution must consider the offer if it was received within 30 days of the notice required in paragraph (a)(2) of this section.
- (2) If the System institution accepts this offer, it must notify the previous owner of the decision and sell the acquired agricultural real estate to the previous owner within 15 days of receiving the offer to buy the acquired agricultural real estate at a value less than the appraised value.
- (3) If the System institution rejects this offer, it must notify the previous owner of the decision within 15 days of receiving the offer to buy the acquired agricultural real estate at a value less than the appraised value. The previous owner has 15 days from receipt of the notice to submit an offer to buy at such price or under such terms and conditions. The System institution may not sell the acquired agricultural real estate to any other person:
- (i) At a price equal to, or less than, that offered by the previous owner; or
  - (ii) On different terms or conditions than those extended to the previous owner without first notifying the previous owner by certified mail and providing an opportunity to buy the property at such price or under such terms and conditions.
- (d) For purposes of this section, financing by the System institution is not a term or condition of the sale of acquired agricultural real estate. A System institution is not required to provide financing to the previous owner for purchase of acquired agricultural real estate.

**§617.7615 What should the System institution do when it decides to lease acquired agricultural real estate?**

- (a) Notify the previous owner,
- (1) Within 15 days of the System institution's decision to lease acquired agricultural real estate, it must notify the previous owner, by certified mail, of the property's appraised rental value, as established by an accredited appraiser, and of the previous owner's right to:
- (i) Lease the property at a rate equivalent to the appraised rental value of the property, or
  - (ii) Offer to lease the property at rate that is less than the appraised rental value of the property.

(2) That any offer must be received within 15 days of receipt of the notice.

(b) Act on an offer to lease the acquired agricultural real estate at a rate equivalent to the appraised rental value of the property.

(1) Within 15 days after receipt of such offer, the System institution may accept the offer to lease the property at the appraised rental value and lease the property to the previous owner, or

(2) Within 15 days after receipt of such offer, the System institution may reject the offer to lease the property at the appraised rental value when the institution determines that the previous owner:

(i) Does not have the resources available to conduct a successful farming or ranching operation; or

(ii) Cannot meet all the payments, terms, and conditions of such lease.

(c) Act on an offer to lease the acquired agricultural real estate at a rate that is less than the appraised rental value of the property.

(1) The System institution must consider the offer to lease the property at a rate that is less than the appraised rental value of the property. Notice of the decision to accept or reject such offer must be provided to the previous owner within 15 days of receipt of the offer.

(2) If the System institution accepts the offer to lease the property at less than the appraised rental value, it must notify the previous owner and lease the property to the previous owner.

(3) If the institution rejects the offer, the System institution must notify the previous owner of this decision. The previous owner has 15 days after receipt of the notice in which to agree to lease the property at such rate or under such terms and conditions. The System institution may not lease the property to any other person:

(i) At a rate equal to or less than that offered by the previous owner; or

(ii) On different terms and conditions than those that were extended to the previous owner without first informing the previous owner by certified mail and providing an opportunity to lease the property at such rate or under such terms and conditions.

**§617.7620 What should the System institution do when it decides to sell acquired agricultural real estate at a public auction?**

System institutions electing to sell or lease acquired agricultural real estate or a portion of it through a public auction, competitive bidding process, or other similar public offering must:

(a) Notify the previous owner, by certified mail, of the availability of such property. The notice must contain the minimum amount, if any, required to qualify a bid as acceptable to the institution and any terms or conditions to which such sale or lease will be subject;

(b) Accept the offer by the previous owner if the System institution receives two or more qualified bids in the same amount, the bids are the highest received, and one of the qualified bids is from the previous owner; and

(c) Not discriminate against a previous owner in these proceedings.

**§617.7625 Whom should the System institution notify?**

Each certified mail notice requirement in this section is fully satisfied by mailing one certified mail notice to the last known address of the previous owner or owners.

**§617.7630 Does this Federal requirement affect any state property laws?**

The rights provided under section 4.36 of the Act and this section do not affect any right of first refusal under the law of the state in which the property is located.

**§618.8000 Definitions.**

Such services include, but are not limited to, fee appraisals of agricultural assets provided to any Federal agency, commercial banks, and other lenders.

[60 FR 34099, June 30, 1995, as amended at 62 FR 4450, Jan. 30, 1997; 69 FR 43514, July 21, 2004]

### **§618.8010 Related services authorization process.**

(a) *Authorities.* System banks and associations may only offer related services that meet the criteria specified in this regulation and are authorized by the FCA.

(b) *New service proposals.* (1) A System bank or association that proposes or intends to offer a related service that the FCA has not previously authorized must submit to the FCA, in writing, a proposal that includes a description of the service, a statement of how it meets the regulatory definition of "related services" in §618.8000(b), and the risk analysis cited in §618.8020(b)(3). The FCA will evaluate the proposed service based on the information submitted, and may also consider whether there are extenuating circumstances or other compelling reasons that justify the proposed service or support a determination that the service is not authorized. This evaluation will focus primarily on Systemwide issues rather than on institution or program-specific factors.

(2) When authorizing a proposed related service, at its discretion, the FCA may impose special conditions or limitations on any related service or program to offer a related service.

(3) At its discretion the FCA may, at any time during its evaluation of a proposed related service, publish the proposed related service in the Federal Register for public comment.

(4) Within 60 days of the FCA receiving a completed proposal, including any additional information the FCA may require, the FCA will act on the request to authorize a new service. The FCA shall approve the request, deny the request, or publish the service for public comment in the Federal Register. For good cause and prior to the expiration of the 60 days, the FCA may extend this period for an additional 60 days.

(5) Within the time period established in paragraph (b)(4) of this section, the FCA shall notify the requesting institution of its actions. Following notification of the requesting institution, the FCA will notify all System banks and associations of its determination on the proposed service by bookletter or other means. If a service is not authorized, the reasons for denial will be included in the notifications to the System and the requesting institution.

(c) *Previously authorized services.* (1) For related services that have been authorized by the FCA, any System bank or association may develop a program and subsequently offer the related service to eligible recipients, subject to any special conditions or institutional limits placed by the FCA. These programs will be subject to review and evaluation during the examination and enforcement process.

(2) The FCA shall make available to all System banks and associations a list of such related services ("related services list" or "list") and will update the list in accordance with paragraph (b)(5) of this section. The list will contain the following:

(i) A description of each related service; and

(ii) The types of institutions authorized to offer each type of related service;

(iii) Identification of any special conditions on how the related service may be offered. The special conditions and description of the service will be fully detailed in FCA's notice to System institutions under paragraph (b)(5) of this section.

(3) At least 10 business days prior to implementing a related service program already on the list, the System bank or association must notify the FCA Office of Examination field office responsible for examining that institution in writing and provide it with a description of the proposed related service program.

#### **§618.8015 Policy guidelines.**

(a) The board of directors of each System bank or association providing related services must adopt a policy addressing related services. The policy shall include clearly stated purposes, objectives, and operating parameters for offering related services and a requirement that each service offered be consistent with the institution's business plan and long-term strategic goals. Such policy shall also be subject to review under an appropriate internal control policy.

(b) All related services must be offered to recipients on an optional basis. If the institution requires a related service as a condition to borrow, it must inform the recipient that the related service can be obtained from the institution or from any other person or entity offering the same or similar related services.

(c) All fees for related services must be separately identified from loan interest charges and disclosed to the recipient of the service prior to providing or implementing the service.

#### **§618.8020 Feasibility requirements.**

For every related service program a System bank or association provides, it must document program feasibility. The feasibility analysis shall include the following:

(a) Support for the determination that the related service is authorized; and

(b) An overall cost-benefit analysis that demonstrates program feasibility, taking into consideration the following items:

(1) An analysis of how the program relates to or promotes the institution's business plan and strategic goals, and whether offering the service is consistent with the long-term goals described in its capital plan;

(2) An analysis of the expected financial returns of the program which, at a minimum, must include an evaluation of market, pricing, competition issues, and expected profitability. This analysis should include an explanation of how the program will contribute to the overall financial health of the institution; and

(3) An analysis of the risk in the program, including:

(i) An evaluation of the operational costs and risks involved in offering the program, such as management and personnel requirements, training requirements, and capital outlays;

(ii) An evaluation of the financial liability that may be incurred as a result of offering the program and any insurance or other measures that are necessary to minimize these risks; and

(iii) An evaluation of the conflicts of interest, whether real or perceived, that may arise as a result of offering the program and any steps that are necessary to eliminate or appropriately manage these conflicts.

#### **§618.8025 Feasibility reviews.**

(a) Prior to an association offering a related service program for the first time or offering a service that it did not offer during the most recently completed business cycle (generally 1 year), the board of directors of the funding bank must verify that the association has performed a feasibility analysis pursuant to §618.8020. The bank review is limited to a determination that the feasibility analysis is complete and that the analysis establishes that it is feasible for the association to provide the program. Any conclusion by the bank that the feasibility analysis is incomplete or fails to demonstrate program feasibility must be fully supported and communicated to the association in writing within 60 days of its submission to the bank.

(b) Prior to a service corporation offering a service for the first time or offering a service that it did not offer during the most recently completed business cycle (generally 1 year), the owners of the service corporation must verify that the service corporation has performed a feasibility analysis pursuant to §618.8020. If the owners all agree, one bank with a significant ownership interest can be delegated this responsibility.

[60 FR 34099, June 30, 1995; 60 FR 42029, Aug. 15, 1995]

#### **§618.8030 Out-of-territory related services.**

(a) System banks and associations may offer related services outside their chartered territories subject to the following conditions:

(1) The System bank or association obtains consent from all chartered institutions currently offering the same type of service in the territory in which the service is to be provided; or

(2) If no System bank or association is currently offering the same type of service in the territory, then the out-of-territory institution must obtain the consent of at least one direct lender institution chartered in the territory in which the related service is to be provided.

(3) The consent obtained pursuant to paragraphs (a)(1) and (a)(2) of this section shall be in the form of a written agreement with specific terms and conditions including timeframes.

(b) System banks and associations providing out-of-territory services must fulfill all requirements of subparts A and B of this part 618.

(c) An institution that consents to another bank or association providing a related service in its chartered territory must meet the requirements of this section, but need not comply with

the other requirements of subparts A and B of this part 618, unless the program consented to imposes a financial obligation on the consenting institution. If a financial obligation exists, then the consenting institution must comply with §§618.8015, 618.8020 and 618.8025.

(d) Service corporations must follow the requirements of this section in offering related services out-of-territory. A service corporation cannot consent to an out-of-territory institution providing services in its chartered territory.

## **Subpart B—Member Insurance**

### **§618.8040 Authorized insurance services.**

(a) Farm Credit System banks (excluding banks for cooperatives) (hereinafter banks) and associations may sell to their members and borrowers, on an optional basis, credit or term life and credit disability insurance appropriate to protect the loan commitment in the event of death or disability of the debtors. The sale of other insurance necessary to protect a member's or borrower's farm or aquatic unit is permitted, but limited to hail and multiple-peril crop insurance, title insurance, and insurance necessary to protect the facilities and equipment of aquatic members and borrowers. A member or borrower shall have the option, without coercion from the bank or association, to accept or reject such insurance.

(b) Bank and association board policies governing the provision of member insurance programs shall be established within the following general guidelines:

(1) A System bank or association may provide credit or term-life or credit-disability insurance only to persons who have a loan or lease with any System bank or association, without regard to whether such institution is the provider. Term-life insurance coverage may continue after the loan has been repaid or the lease terminated, provided the member can reasonably be expected to borrow again within 2 years, and provided the continuation of insurance is not contrary to state law.

(2) A debtor-creditor relationship is not required for the sale of other insurance specified in paragraph (a) of this section, as long as purchasers are members of a System bank or association. For the purposes of this section, "member" means someone eligible to borrow who is a stockholder or participation certificate holder and who acquired stock or participation certificates to obtain a loan, for investment purposes, or to qualify for other services of the association or bank.

(3) In making insurance available through private insurers, each bank shall approve the programs of more than two insurers for each type of insurance offered in the bank's chartered territory, provided that more than two insurers for each type of insurance have proposed programs to the bank that will, in all likelihood, have long-term viability, and meet the requirements of §618.8040(b)(4)(i) of this section. The banks shall make a reasonable and good faith effort to attract more than two qualified insurers for each insurance program offered to borrowers in all States of the bank's chartered territory. Where the bank is unable to approve more than two insurers, the bank shall document its efforts to attract additional qualified insurers for the affected insurance program and State. The banks may provide comparative information relating to costs and quality of approved programs and the financial condition of approved companies.

(4) Member insurance services may be offered only if:

(i) The insurance program has been approved by the bank or association from among eligible programs made available to it by insurers—

(A) Meeting reasonable financial and quality of service standards prescribed by the bank; and

(B) Licensed under State law to do business in the State(s) in which the insurance is offered:

(ii) The bank or association has the capacity to render authorized insurance services in an effective and efficient manner;

(iii) There exists the probability that the service will generate sufficient revenue to cover all costs;

(iv) Rendering the insurance service will not have an adverse effect on the credit or other operations of the bank or association; and

(v) In making insurance available through approved insurers, the board of directors of the bank or association shall make a reasonable and good faith effort to select and offer at least two approved insurers for each type of insurance made available to the members and borrowers. In the event that the bank or association has selected less than two insurers for any insurance program, such bank or association shall document the reasons why it is unable to offer members and borrowers additional insurers for the affected insurance program.

(5) All costs to members and borrowers for insurance services provided shall be disclosed separately from interest charges.

(6) Bank and association personnel shall not benefit from insurance sales by receipt of commissions or gifts from underwriting insurance companies. However, employees may participate in an incentive plan under which incentive compensation is provided based on the sale of insurance.

(i) In any single year, for all employees except full-time insurance personnel or full-time supervisors or managers of insurance departments, incentive compensation attributable to sales of all types of insurance cannot exceed an amount equivalent to 5 percent of the recipient's annual base salary.

(ii) In any single year, for full-time insurance personnel and full-time supervisors and managers of insurance departments, incentive compensation for sales of credit life and similar types of insurance (i.e. insurance that pays on a loan or mortgage upon the death or disability of the debtor) cannot exceed an amount equivalent to 5 percent of the recipient's annual base salary.

(iii) No incentive compensation limit applies to sales of other insurance (crop, title, etc.) by full-time insurance personnel or full-time supervisors or managers of insurance departments.

(7) Term insurance may be written for the amount of coverage desired by the member or borrower, but in no case may the amount of term insurance, credit life insurance, or a combination of the two with an institution of the System, be in excess of total loan commitments to the member or borrower by the institution writing the insurance.

(8) The banks may, only by agreement with an insurer, offer services traditionally furnished by insurers to the Farm Credit System. This shall include master marketers when considering the sale of Federal crop insurance. The banks shall not underwrite insurance, adjust claim payments or settlements, or train and school or service adjustors or insurance agents.

(9) No bank or association shall, directly or indirectly, condition the extension of credit or provision of other service on the purchase of insurance sold or endorsed by a bank or association. At the time insurance sold or endorsed by a bank or association is offered to a member or borrower, a bank or association shall present a written notice that the service is optional. The notice shall be in prominent type and separately signed by the member or borrower. The bank or association shall explain to the member or borrower that purchase of insurance from the association is optional and that the member or borrower will not be discriminated against for obtaining the insurance elsewhere.

(10) No bank or association shall, directly or indirectly, discriminate in any manner against any agent, broker, or insurer that is not affiliated with such bank or association, or against any party who purchases insurance through any such nonaffiliated insurance agent, broker, or insurer.

(11) Bank supervision shall ensure that insurance services offered by approved insurers consistently provide members or borrowers with a high quality and cost-effective service as prescribed by policies of the bank's board of directors, but such supervision shall be without any coercion or suasion from any bank in favor of any agent or insurer.

(12) Records must be maintained by banks and associations in sufficient detail to facilitate the review and supervision required herein.

### **Subpart G—Releasing Information**

#### **§618.8300 General regulation.**

Except as necessary in performing official duties or as authorized by Farm Credit Administration regulations (§§618.8300 through 618.8330), no director or employee of a bank, association, or agency thereof shall disclose information of a type not ordinarily contained in published reports or press releases regarding any such banks or associations or their borrowers or members.

[37 FR 11442, June 7, 1972. Redesignated at 47 FR 12151, Mar. 22, 1982; 78 FR 77562, Dec. 24, 2013]

#### **§618.8310 Lists of borrowers and stockholders.**

(a) Any System institution, for the purpose of protecting the security position of the institution, may provide lists of borrowers to buyers, warehousemen, and others who deal in produce or livestock of the kind that secures such loans, except to the extent such actions are prohibited by State laws adopted in accordance with the Food Security Act of 1985, Pub.

L. 99-198, 99 Stat. 1354. Lists of borrowers or stockholders shall not otherwise be released by any bank or association except in accordance with paragraph (b) of this section.

(b)(1) Within 7 days after receipt of a written request by a stockholder, each Farm Credit bank or association must provide a current list of its stockholders' names, addresses, and classes of stock held to such requesting stockholder. As a condition to providing the list, the bank or association may only require that the stockholder agree and certify in writing that the stockholder will:

(i) Utilize the list exclusively for communicating with stockholders for permissible purposes; and

(ii) Not make the list available to any person, other than the stockholder's attorney or accountant, without first obtaining the written consent of the institution.

(2) As an alternative to receiving a list of stockholders, a stockholder may request the institution mail or otherwise furnish to each stockholder a communication for a permissible purpose on behalf of the requesting stockholder. This alternative may be used at the discretion of the requesting stockholder, provided that the requester agrees to defray the reasonable costs of the communication. In the event the requester decides to exercise this option, the institution must provide the requester with a written estimate of the costs of handling and mailing the communication as soon as practicable after receipt of the stockholder's request to furnish a communication. However, a stockholder may not exercise this option when requesting the list to distribute campaign material for election to the institution board or board committees. Farm Credit banks and associations are prohibited from distributing or mailing campaign material under §611.320(e) of this chapter.

(3) For purposes of paragraph (b) of this section "permissible purpose" is defined to mean matters relating to the business operations of the institutions. This includes matters relating to the effectiveness of management, the use of institution assets, the distribution by stockholder candidates of campaign material for election to the institution board or board committees, and the performance of directors and officers. This does not include communications involving commercial, social, political, or charitable causes, communications relating to the enforcement of a personal claim or the redress of a personal grievance, or proposals advocating that the bank or association violate any Federal, State, or local law or regulation.

(c) In connection with preparing and submitting an electronic report of all System accounts and exposures to the Farm Credit Administration in accordance with the requirements of §621.15 of this chapter, each bank and association may provide information from its lists of borrowers and stockholders to the Reporting Entity as defined in §621.2 of this chapter.

(2) Publish a copy of its quarterly report on its Web site when it electronically sends the report to the Farm Credit Administration; and

(3) Ensure the report complies with the applicable provisions of §§620.2 and 620.3.

(b) The report shall contain, at a minimum, the information specified in §620.11 and, in addition, such other material information (including significant events) as is necessary to make the required disclosures, in light of the circumstances under which they are made, not misleading.

(c) Institutions may use the quarterly report to deliver any notice required under §620.15. Notices required under §620.17 must be issued separately from the quarterly report, unless otherwise authorized by the Farm Credit Administration.

[62 FR 15093, Mar. 31, 1997, as amended at 71 FR 76120, Dec. 20, 2006; 74 FR 28600, June 17, 2009; 77 FR 60600, Oct. 3, 2012]

### **§620.11 Content of quarterly report to shareholders.**

(a) *General.* The information required to be included in the quarterly report may be presented in any format deemed suitable by the institution, except as otherwise required by this section. The report must be organized in an easily understandable format and not presented in a manner that is misleading.

(b) *Rules for condensation.* For purposes of this section, major captions to be provided in the financial statements are the same as those provided in the financial statements contained in the institution's annual report to shareholders, except that the financial statements included in the quarterly report may be condensed into major captions in accordance with the rules prescribed under this paragraph. If any amount that would otherwise be required to be shown by this subpart with respect to any item is not material, it need not be separately shown. The combination of insignificant items is permitted.

(1) *Interim balance sheets.* When any major balance sheet caption is less than 10 percent of total assets and the amount in the caption has not increased or decreased by more than 25 percent since the end of the preceding fiscal year, the caption may be combined with others.

(2) *Interim statements of income.* When any major income statement caption is less than 15 percent of average net income for the 3 most recent fiscal years and the amount in the caption has not increased or decreased by more than 20 percent since the corresponding interim period of the preceding fiscal year, the caption may be combined with others. In calculating average net income, loss years should be excluded. If losses were incurred in each of the 3 most recent fiscal years, the average loss shall be used for purposes of this test.

(3) The interim financial information shall include disclosure either on the face of the financial statements or in accompanying footnotes sufficient to make the interim information presented not misleading. Institutions may presume that users of the interim financial information have read or have access to the audited financial statements for the preceding fiscal year and the adequacy of additional disclosure needed for a fair presentation may be determined in that context. Accordingly, footnote disclosure that would substantially duplicate the disclosure contained in the most recent audited financial statements (such as a statement of significant accounting policies and practices), and details of accounts that have not changed significantly in amount or composition since the end of the most recent completed fiscal year may be omitted. However, disclosure shall be provided of events occurring subsequent to the end of the most recent fiscal year that have a material impact on the institution. Disclosures should encompass, for example, significant changes since the end of the most recently completed fiscal year in such items as accounting principles and

practices; estimates inherent in the preparation of financial statements; status of long-term contracts; capitalization, including significant new indebtedness or modification of existing financing agreements; and the reporting entity resulting from business combinations or dispositions.

(4) The interim financial statements furnished shall reflect all adjustments that are, necessary to a fair statement of the results for the interim periods presented. A statement to that effect shall be included. Furnish any material information necessary to make the information called for not misleading, such as a statement that the results for interim periods are not necessarily indicative of results to be expected for the year.

(c) *Required content.* A quarterly report must, at a minimum, contain the following items:

(1) *Management's discussion and analysis of financial condition and results of operations.* Discuss material changes, if any, to the information provided to shareholders pursuant to §620.5(g) that have occurred during the periods specified in paragraphs (c)(2)(i) and (ii) of this section. Such additional information as is needed to enable the reader to assess material changes in financial condition and results of operations between the periods specified in paragraphs (c)(2)(i) and (ii) of this section shall be provided.

(i) *Material changes in financial condition.* Discuss any material changes in financial condition from the end of the preceding fiscal year to the date of the most recent interim balance sheet provided. If the interim financial statements include an interim balance sheet as of the corresponding interim date of the preceding fiscal year, any material changes in financial conditions from that date to the date of the most recent interim balance sheet provided also shall be discussed. If discussions of changes from both the end and the corresponding interim date of the preceding fiscal year are required, the discussions may be combined at the discretion of the institution.

(ii) *Material changes in results of operations.* Discuss any material changes in the institution's results of operations with respect to the most recent fiscal year-to-date period for which an income statement is provided and the corresponding year-to-date period of the preceding fiscal year. Such discussion also shall cover material changes with respect to that fiscal quarter and the corresponding fiscal quarter in the preceding fiscal year. In addition, if the institution has elected to provide an income statement for the 12-month period ended as of the date of the most recent interim balance sheet provided, the discussion also shall cover material changes with respect to that 12-month period and the 12-month period ended as of the corresponding interim balance sheet date of the preceding fiscal year.

(2) *Interim financial statements.* The following financial statements must be provided:

(i) An interim balance sheet as of the end of the most recent fiscal quarter and as of the end of the preceding fiscal year. A balance sheet for the comparable quarter of the preceding fiscal year is optional.

(ii) Interim statements of income for the most recent fiscal quarter, for the period between the end of the preceding fiscal year and the end of the most recent fiscal quarter, and for the comparable periods for the previous fiscal year.

(iii) Interim statements of changes in protected borrower capital and at-risk capital for the period between the end of the preceding fiscal year and the end of the most recent fiscal quarter, and for the comparable period for the preceding fiscal year.

(iv) For banks, interim statements of cash flows for the period between the end of the preceding fiscal year and the end of the most recent fiscal quarter, and for the comparable period for the preceding fiscal year. For associations, interim statements of cash flows are optional.

(3) *Other related financial items.* State that the financial statements were prepared under the oversight of the audit committee. The interim financial information need not be audited or reviewed by a qualified public accountant or external auditor prior to filing. If, however, a review of the data is made in accordance with the established professional standards and procedures for such a review, the institution may state that a qualified public accountant or external auditor has performed such a review under the supervision of the institution's audit committee. If such a statement is made, the report of a qualified public accountant or external auditor on such review must accompany the interim financial information.

(d) *Notices.* Institutions using the quarterly report to deliver any notice required under §620.15 must put the notice information at the beginning of the quarterly report. The notice must be conspicuous and may not be part of any footnotes to the quarterly report.

The policy must identify how the significance or materiality of an event will be determined.

(b) A notice issued under this section must be made as soon as possible, but not later than 90 days after occurrence of the event.

(1) Each institution must electronically provide the notice to the Farm Credit Administration at the same time as distribution of the notice to shareholders.

(2) Delivery of the notice to shareholders may be accomplished by direct communications with the shareholders, posting the notice on the institution's Web site, as part of the quarterly report to shareholders, or by publishing the notice in any publication with circulation wide enough to reasonably assure that all of the institution's shareholders have access to the information in a timely manner. No matter how the notice is distributed, it must comply with all the provisions of this section.

(c) Every notice must be dated and signed in a manner similar to the requirements of §620.3(b).

(d) The information required to be included in a notice issued under this section must be conspicuous, easily understandable, complete, accurate, and not misleading.

(b) When a Farm Credit bank or association determines that it is not in compliance with one or more applicable minimum regulatory capital ratios, that institution must prepare and provide to its shareholders and the FCA a notice stating that the institution has initially determined it is not in compliance with the minimum regulatory capital ratio or ratios. Such notice must be given within 30 days following the month end.

(c) When notice is given under paragraph (b) of this section, the institution must also notify its shareholders and the FCA when the regulatory capital ratio or ratios that are the subject of such notice decrease by one half of 1 percent or more from the level reported in the original notice, or from that reported in a subsequent notice provided under this paragraph (c). This notice must be given within 45 days following the end of every quarter at which the institution's regulatory capital ratio or ratios decrease as specified.

(d) Each institution required to prepare a notice under paragraph (b) or (c) of this section shall provide the notice to shareholders or publish it in any publication with circulation wide enough to be reasonably assured that all of the institution's shareholders have access to the information in a timely manner. The information required to be included in this notice must be conspicuous, easily understandable, and not misleading.

(e) A notice, at a minimum, shall include:

(1) A statement that:

(i) Briefly describes the minimum regulatory capital ratios established by the FCA and the notice requirement of paragraph (b) of this section;

(ii) Indicates the institution's current level of capital; and

(iii) Notifies shareholders that the institution's capital is below the FCA minimum regulatory capital ratio or ratios.

(2) A statement of the effect that noncompliance has had on the institution and its shareholders, including whether the institution is currently prohibited by statute or regulation from retiring stock or distributing earnings or whether the FCA has issued a capital directive or other enforcement action to the institution.

(3) A complete description of any event(s) that may have significantly contributed to the institution's noncompliance with the minimum regulatory capital ratio or ratios.

(4) A statement that the institution is required by regulation to provide another notice to shareholders within 45 days following the end of any subsequent quarter at which the regulatory capital ratio or ratios decrease by one half of 1 percent or more from the level reported in the notice.

(2) Each Farm Credit bank and association must provide the Farm Credit Administration an electronic copy of the AMIS when issued.

(3) In addition to the mailed AMIS, each Farm Credit bank and association may post its AMIS on its Web site. Any AMIS posted on an institution's Web site must remain on the Web site for a reasonable period of time, but not less than 30 calendar days.

(b) Every AMIS must be dated and signed in accordance with the requirements of §620.3(b) of this part.

(c) Every AMIS must be available for public inspection at all offices of the issuing institution pursuant to §620.2(b) of this part.

[75 FR 18744, Apr. 12, 2010]

### **§620.21 Contents of the information statement.**

(a) An AMIS must, at a minimum, address the following items:

(1) *Date, time, and place of the meeting(s)*. Notice of the date, time, and meeting location(s) must be provided at least 10 business days, but no more than 30 business days, before the meeting. If the Farm Credit bank or association will use an online meeting space as part of its meeting, the notice must also specify the date, time, and means of accessing the online meeting space. This information does not need to be part of an AMIS issued by a Farm Credit bank if no meeting is held.

(2) *Voting shareholders*. For each class of stock entitled to vote at the meeting, state the number of shareholders entitled to vote and, when shareholders are asked to vote on preferred stock, the number of shares entitled to vote. State the record date as of which the shareholders entitled to vote will be determined and the voting requirements for each matter to be voted upon. If association directors are nominated or elected by region, describe the regions and state the number of voting shareholders entitled to vote in each region.

(3) *Financial updates.* Each AMIS must reference the most recently issued annual report required by subpart B of this part. The AMIS must also include such other information considered material and necessary to make the required contents of the AMIS, in light of the circumstances under which it is made, not misleading.

(i) If any transactions between the institution and its senior officers and directors of the type required to be disclosed in the annual report to shareholders under §620.6(e), or any of the events required to be disclosed in the annual report to shareholders under §620.6(f) have occurred since the end of the last fiscal year and were not disclosed in the annual report to shareholders, the disclosures required by §620.6(e) and (f) shall be made with respect to such transactions or events in the information statement. If any material change in the matters disclosed in the annual report to shareholders pursuant to §620.6(e) and (f) has occurred since the annual report to shareholders was prepared, disclosure shall be made of such change in the information statement.

(ii) If a Farm Credit institution has had a change or changes in its external auditor(s) since the last annual report to shareholders, or if a disagreement with an external auditor has occurred, the institution shall disclose the information required by §621.4(c) and (d) of this chapter.

(4) *Directors.* State the names and ages of persons currently serving as directors of the institution, their terms of office, and the periods during which such persons have served. Institutions must also state the type or types of agriculture or aquaculture engaged in by each director. No information need be given with respect to any director whose term of office as a director will not continue after any meeting to which the statement relates.

(i) Identify by name any incumbent director who attended fewer than 75 percent of the board meetings or any meetings of board committees on which he or she served during the last fiscal year.

(ii) If any director resigned or declined to stand for reelection since the last annual meeting because of a policy disagreement with the board, and if the director has provided a notice requesting disclosure of the nature of the disagreement, state the date of the director's resignation and summarize the director's description of the disagreement. If the institution holds a different view of the disagreement, the institution's view may be summarized as well.

(b) An AMIS issued for director elections must also include the information required by this paragraph.

(1) Provide the nominating committee's slate of director-nominees. If fewer than two director-nominees for each position are named, describe the efforts of the nominating committee to locate two willing nominees.

(2) Provide, as part of the AMIS, the director-nominee disclosure information collected under §611.330 of this chapter. Institutions may either restate such information in a standard format or provide complete copies of each nominee's disclosure statement.

(3) State whether nominations will be accepted from the floor and explain the procedures for making floor nominations.

(c) When the nominating committee will be elected during director elections, notice to voting shareholders of this event must be included in the AMIS. The AMIS must describe the

balloting procedures that will be used to elect the nominating committee, including whether floor nominations for committee members will be permitted. The AMIS must state the number of committee positions to be filled and the names of the nominees for the committee.

(d) If shareholders are asked to vote on matters not normally required to be submitted to shareholders for approval, the AMIS must describe fully the material circumstances surrounding the matter, the reason shareholders are asked to vote, and the vote required for approval of the proposition. The AMIS must describe any other matter that will be discussed at the meeting upon which shareholder vote is not required.

If an institution hires a financial expert advisor pursuant to §611.210(a)(2), that advisor will also serve as an advisor to the audit committee. Each institution is responsible for providing monetary and nonmonetary resources to enable its audit committee to contract for external auditors, outside advisors, and ordinary administrative expenses. A two-thirds majority vote of the full board of directors is required to deny an audit committee's request for resources.

(d) *Duties.* Each audit committee must report only to the board of directors. In its capacity as a committee of the board, the audit committee is responsible for the following:

(1) *Financial reports.* Each audit committee must oversee management's preparation of the report to shareholders; review the impact of any significant accounting and auditing developments; review accounting policy changes relating to preparation of financial statements; and review annual and quarterly reports prior to release. After the audit

committee reviews a financial policy, procedure, or report, it must record in its minutes its agreement or disagreement with the item(s) under review.

(i) Determine the appointment, compensation, and retention of external auditors issuing audit reports of the institution;

(b) *Responsibilities.* It is the responsibility of each compensation committee to review the compensation policies and plans for senior officers and employees and to approve the overall compensation program for senior officers. In fulfilling its responsibilities, the compensation committee must document that it determined the:

(1) Institution's projected long-term compensation and retirement benefit obligations are appropriate to the services performed and not excessive;

(2) Incentive-based compensation programs and payments are reasonable and proportionate to the services performed and structured so the payout schedule considers the potential for future losses or undue risks to the institution;

(3) Senior officer compensation, incentive, and benefit programs support the institution's long-term business strategy and mission, as well as promote safe and sound business practices; and

(4) Compensation programs designed for specific groups of employees, other than senior officers, pose no imprudent risks to the institution.

(4) Both the institution's final description of the disagreement and the accountant's final response to it shall be included in the institution's annual report to shareholders directly following the accountant's opinion of the institution's financial statements; and

(5) The institution shall immediately notify the Chief Examiner, Farm Credit Administration, of any disagreement with its accountant and shall furnish the Farm Credit Administration with the written documentation required by paragraphs (c) (1) through (4) of this section.

(d) If an institution selects a qualified public accountant to audit its financial statements and provide an opinion thereon for its annual report who is different from the accountant whose opinion appeared in the institution's most recent annual report, the following items shall be sent to the Farm Credit Administration no later than 15 days after the end of the month in which the change took place and shall be included in the institution's annual meeting information statement and annual report to shareholders for the year in which the change of accountants took place:

(1) The name and address of the accountant whose opinion appeared in the institution's most recent annual report to shareholders;

(2) A brief but thorough statement of the reasons the accountant selected for the most recent annual report was not selected for the current annual report. If the change resulted from a disagreement with the accountant, the statement shall describe the institution's disagreement with the accountant's opinion and the accountant's final response to the institution's disagreement prepared pursuant to paragraph (c) of this section; and

(3) The identification of the highest ranking officer, committee of officers, or board of directors, as appropriate, that recommended, approved, or otherwise made the decision to change qualified public accountants.

#### **§621.5 Accounting for the allowance for loan losses and chargeoffs.**

Each institution shall:

(a) Maintain at all times an allowance for loan losses that is determined according to generally accepted accounting principles.

(b) Develop, adopt, and consistently apply policies and procedures governing the establishment and maintenance of the allowance for loan losses which, at a minimum, conform to the rules, definitions, and standards set forth in this part and any other applicable requirements.

(c) Charge-off loans, wholly or partially, as appropriate, at the time they are determined to be uncollectible.

(d) Ensure that when an institution or the Farm Credit Administration determines that the value of a loan or other asset recorded on its books and records exceeds the amount that can reasonably be expected to be collectible, or when the documentation supporting the recorded asset value is inadequate, the institution shall immediately charge off the asset in the amount determined to be uncollectible. If the amount determined to be uncollectible by the institution is different from the amount determined to be uncollectible by the Farm Credit Administration, the institution shall charge off such amount as the Farm Credit Administration shall direct.

[58 FR 48786, Sept. 20, 1993, as amended at 74 FR 28600, June 17, 2009]

### **Subpart C—Loan Performance and Valuation Assessment**

#### **§621.6 Categorizing high-risk loans and other property owned.**

Each institution must employ the practices of this section when categorizing high-risk loans and loan-related assets. A loan must not be put into more than one performance category.

(a) *Nonaccrual loans.* A loan is categorized as nonaccrual if there is a known risk to the continued collection of principal or interest. Once a loan is categorized as nonaccrual, it must remain in that category until reinstated to accrual status pursuant to §621.9. Loans placed into nonaccrual status when current are also subject to the notice and review provisions of part 617 of this chapter. A loan must be categorized as nonaccrual if one or more of the following conditions exist:

(1) The loan may or may not be past due, but the institution has determined collection of the outstanding principal and interest, plus future interest accruals, over the full term of the loan is not expected because of a documented deterioration in the financial condition of the borrower;

(2) The loan is 90 days or more past due and is not otherwise eligible for categorization under paragraph (c) of this section; or

(3) Legal action, including foreclosure or other forms of collateral conveyance, has been initiated to collect the outstanding principal and interest.

(b) *Formally restructured loans (TDR).* A loan is categorized as a formally restructured loan (Troubled Debt Restructure (TDR)) if the restructuring is determined to be a TDR under generally accepted accounting principles and the guidance issued by the Financial Accounting Standards Board.

(c) *Loans 90 days past due still accruing interest.* A loan is categorized as 90 days past due still accruing interest when it is 90 days or more contractually past due, adequately secured, and in the process of collection. If the loan is not adequately secured, it cannot be categorized under this category unless there is evidence to suggest repayment within a reasonable time period of either the past due amount or the remaining principal and interest owed.

(d) *Other property owned.* Any real or personal property, other than an interest-earning asset, that has been acquired as a result of full or partial liquidation of a loan, through foreclosure, deed in lieu of foreclosure, or other legal means.

[85 FR 52253, Aug. 25, 2020]

#### **§621.7 Rule of aggregation.**

(a) When one loan to a borrower is placed in nonaccrual, an institution must immediately evaluate whether its other loans to that borrower, or related borrowers, should also be placed in nonaccrual. All loans on which a borrowing entity, or a component of a borrowing entity, is primarily obligated to the reporting institution shall be considered as one loan unless a review of all pertinent facts supports a reasonable determination that a particular loan constitutes an independent credit risk and such determination is adequately documented in the loan file.

(1) A loan shall be considered an independent credit risk if a substantial portion of the loan is guaranteed as to principal and interest by a government agency.

(2) Other loans shall be considered independent credit risks if and so long as:

(i) The primary sources of repayment are independent for each loan;

(ii) The loans are not cross-collateralized; and

(iii) The principal obligors are different person(s) and/or entity(ies). Related loans will not be considered independent credit risks if the operations of a related borrower are so financially interdependent with the borrower's operations that the economic survival of one will materially affect the economic survival of the other, determined in accordance with §614.4359(a)(2) of this chapter.

(b) If the evaluation required by paragraph (a) of this section results in a determination that the borrower's other loans with the institution do not represent an independent credit risk, and full collection of such loans is not expected, then all of the borrower's loans must be aggregated and classified as nonaccrual. If such other loans represent an independent credit risk and are fully collectible, then they may remain in their current performance category.

(c) When an institution becomes aware that a borrower has a loan that has been classified nonaccrual by any other lender, the institution must re-evaluate the credit risk in its loan to the borrower and then determine whether an independent credit risk exists.

[58 FR 48786, Sept. 20, 1993, as amended at 64 FR 34519, June 28, 1999]

#### **§621.8 Application of payments and income recognition on nonaccrual loans.**

Each institution shall employ the following practices with respect to application of cash payments on nonaccrual loans:

(a) If the ultimate collectibility of the recorded investment, in whole or in part, is in doubt, any payment received on such loan shall be applied to reduce the recorded investment to the extent necessary to eliminate such doubt.

(b) Once the ultimate collectibility of the recorded investment is no longer in doubt, payments received in cash on such loan may qualify for recognition as interest income if all of the following characteristics are met at the time the payment is received:

(1) The loan does not have a remaining unrecovered prior chargeoff associated with it, except in cases where the prior chargeoff was taken as part of a formal restructuring of the loan;

(2) The payment received has come from a source of repayment detailed in the plan of collection;

(3) The loan, after considering the payment, is not contractually past due more than 90 days and is not expected to become 90 days past due, or a repayment pattern has been established that reasonably demonstrates future repayment capacity.

(c) The institution shall employ the following practices with respect to earned but uncollected interest income on loans, leases, contracts, and similar assets that are determined not to be fully collectible:

(1) Earned but uncollected interest income that was accrued in the current fiscal year and is determined to be uncollectible shall be reversed from interest income; and

(2) Earned but uncollected interest income that was accrued in prior fiscal years and is determined to be uncollectible shall be charged off against the allowance for loan losses.

#### **§621.9 Reinstatement to accrual status.**

(a) Before being reinstated to accrual status, a loan must be current on contractual payments and the borrower offered servicing in accordance with the institution's policies maintained under either §614.4170 or part 617 of this chapter, whichever is applicable. Additional reinstatement eligibility requirements are dependent upon certain characteristics of the loan under review.

(1) A loan that was current when placed in nonaccrual status pursuant to §621.6(a)(1) may be reinstated to accrual status if the known risks to the continued collection of principal or interest have been mitigated. If the loan was past due when placed in nonaccrual status, it may only be reinstated under either paragraph (a)(2) or (a)(3) of this section, as applicable.

(2) A loan placed in nonaccrual status when past due and not adequately secured must remain current on contractual payments for a period of sustained performance before it may be reinstated.

(3) A loan placed in nonaccrual status when past due and adequately secured must have a recent repayment pattern demonstrating future repayment capacity to make on-time payments before it may be reinstated. The repayment pattern is established in one of two ways:

(i) Sustained performance in making on-time contractual payments, or

(ii) A recent history of making on-time partial payments in amounts the same or greater than newly restructured payment amounts.

(b) Nothing in this section prevents a current loan from being reinstated to accrual status in response to a Credit Review Committee decision issued under section 4.14D(d) of the Farm Credit Act of 1971, as amended, when that decision was made in compliance with applicable laws, regulations, and in accordance with generally accepted accounting principles.

[85 FR 52254, Aug. 25, 2020]

#### **§621.10 Monitoring of performance categories and other property owned.**

(a) Each institution shall:

(1) Account for, report, and disclose to shareholders, investors, boards of directors, and the Farm Credit Administration all material items with respect to performance categories and other property owned in accordance with the rules and definitions set forth in this part and any other applicable requirements;

(2) In accordance with §620.5(g)(1)(iv)(A) of this chapter, disclose to shareholders, investors, boards of directors, and the Farm Credit Administration the nature and extent of significant potential credit risks within the loan portfolio, or other information that could adversely impact performance of the loan portfolio in the near future;

(3) Develop, adopt, and consistently apply policies and procedures governing performance categories and other property owned, which, at a minimum, conform to the definitions, rules, and standards set forth in this part and such other requirements and procedures as may be required by the Farm Credit Administration;

(4) Review the loan portfolio at least quarterly to ensure that all high-risk loans have been assigned the appropriate performance category; and

(5) Review all high-risk loans in the loan portfolio at least quarterly to determine the collectibility of accrued but uncollected income, if any.

(b) Measures taken to enhance the collectibility of a loan shall not be deemed to relieve an institution of the requirement to monitor and evaluate the loan for the purpose of determining its performance status.

## **Subpart D—Reports of Condition and Performance and Accounts and Exposures**

### **§621.12 Reports of condition and performance.**

(a) Each institution, including the Federal Agricultural Mortgage Corporation, shall prepare and file such reports of condition and performance as may be required by the Farm Credit Administration.

(b) Reports of condition and performance shall be filed four times each year, and at such other times as the Farm Credit Administration may require. The reports shall be prepared on the accrual basis of accounting and shall fairly represent the financial condition and performance of each institution at the end of, and over the period of, each calendar quarter, provided that such additional reports as may be necessary to ensure timely, complete, and accurate monitoring and evaluation of the affairs, condition, and performance of Farm Credit institutions may be required, as determined by the Chief Examiner, Farm Credit Administration.

(c) All reports of condition and performance shall be submitted electronically in accordance with the instructions prescribed by the Farm Credit Administration and located on its Web site.

[58 FR 48786, Sept. 20, 1993, as amended at 74 FR 28600, June 17, 2009]

### **§621.13 Content and standards—general rules.**

Each institution, including the Federal Agricultural Mortgage Corporation, shall prepare reports of condition and performance:

(a) In accordance with all applicable laws, regulations, standards, and such instructions and specifications and on such media as may be prescribed by the Farm Credit Administration;

(b) In accordance with generally accepted accounting principles and such other accounting requirements, standards, and procedures as may be prescribed by the Farm Credit Administration; and

(c) In such manner as to facilitate their reconciliation with the books and records of reporting institutions.

### **§621.14 Certification of correctness.**

Each report of financial condition and performance filed with the Farm Credit Administration shall be certified as having been prepared in accordance with all applicable regulations and instructions and to be a true and accurate representation of the financial condition and performance of the institution to which it applies. The reports shall be certified by the officer of the reporting institution named for that purpose by action of the reporting institution's board of directors. If the board of directors of the institution has not acted to name an officer to certify the correctness of its reports of condition and performance, then the reports shall be certified by the president or chief executive officer of the reporting institution.

## **§621.15 Reports of accounts and exposures.**

*(a) Responsibilities of banks and associations for preparing and submitting reports.* The banks and associations must prepare and submit an accurate and complete report of all bank and association accounts and exposures electronically to the Farm Credit Administration pursuant to the requirements of this part. In order to accomplish such submission, each bank and association must:

(1) Prepare and submit an accurate and complete report of its accounts and exposures electronically to the Reporting Entity:

(i) In accordance with the instructions prescribed by the Farm Credit Administration, or as may be required by the Farm Credit Administration; and

(ii) Within 20 calendar days after each quarter-end date, and at such other times as the Farm Credit Administration may require.

(2) Submit to the Farm Credit Administration and the Reporting Entity a written certification that the information provided in the report of accounts and exposures has been prepared in accordance with all applicable regulations and instructions, and is a true and accurate record of the data maintained by the bank or association, to the best of its knowledge and belief. The reports shall be certified by the officer of the reporting bank or association named for that purpose by action of the reporting bank's or association's board of directors. If the board of directors of the bank or association has not acted to name an officer to certify to the accuracy of its reports of accounts and exposures, then the reports shall be certified by the president or chief executive officer of the reporting bank or association. In the event the bank or association learns of a material error or misstatement in the information submitted to the Reporting Entity, it must notify the Reporting Entity and the Farm Credit Administration immediately of the error or misstatement and prepare and submit corrected information as soon as practicable.

(3) Respond promptly to any questions by the Reporting Entity related to information provided under this section in connection with the preparation of a report of accounts and exposures, including any data required to establish, implement and maintain consistent, accurate, and complete shared asset identification and reporting of shared asset exposures to the Farm Credit Administration.

(4) Develop, implement, and maintain an effective system of internal controls over the data included in the report of accounts and exposures, including controls for maintaining the confidentiality of borrower information. The system of internal controls, at a minimum, must comply with the requirements of applicable Farm Credit Administration regulations, including §618.8430 of this chapter.

*(b) Responsibilities of the Reporting Entity for preparing and submitting reports.* The Reporting Entity must:

(1) Collect, store, and manage the information submitted to it by each bank and association under the requirements of this section in a central data repository in accordance with Farm Credit Administration regulations and prescribed instructions.

(2) Prepare and submit an electronic quarterly report of the accounts and exposures of all banks and associations to the Farm Credit Administration in accordance with the instructions

prescribed by the Farm Credit Administration or as may be required by the Farm Credit Administration.

(3) Establish, implement, and maintain an automated mechanism to ensure the reliable, timely, accurate and consistent identification of the banks' and associations' shared asset exposures, and report these exposures and the shared asset identifiers in the electronic quarterly report of accounts and exposures to the Farm Credit Administration. In connection with establishing and implementing the automated shared asset identification mechanism, the Reporting Entity may provide the banks and associations information from the central data repository to identify and report shared asset exposures.

(4) Submit to the Farm Credit Administration a written certification that the information provided to the Farm Credit Administration in the report of accounts and exposures of all banks and associations accurately represents the information provided to it by the banks and associations and that the Reporting Entity has complied with the requirements of §621.15(b). The reports shall be certified by the president or chief executive officer of the Reporting Entity. In the event the Reporting Entity learns of a material error or misstatement in the information submitted to the Farm Credit Administration, it must notify the Farm Credit Administration immediately of the error or misstatement and prepare and submit corrected information as soon as practicable.

(5) Develop, implement, and maintain an effective system of internal controls over the central data repository, including controls for maintaining the confidentiality of borrower information. The system of internal controls, at a minimum, must comply with the requirements of applicable Farm Credit Administration regulations, including §618.8430 of this chapter and require that the Reporting Entity:

(i) Develop policies and procedures to ensure that the information submitted in the report of accounts and exposures to the Farm Credit Administration is complete and consistent with the information submitted to the Reporting Entity from the banks and associations under §621.15(a); and

(ii) Specify procedures for monitoring any material corrections or adjustments, in a timely manner, and provide timely notification and resubmission of the report of accounts and exposures to the Farm Credit Administration.

(6) Notify the Farm Credit Administration if it is unable to prepare and submit the quarterly report of accounts and exposures in compliance with the requirements of §621.15(b)(1) through (b)(3). The notification:

(i) Must be signed by the chief executive officer, or person in an equivalent position, and submitted to the Farm Credit Administration as soon as the Reporting Entity becomes aware of its inability to comply;

(ii) Must explain the reasons for its inability to prepare and submit the report; and

(iii) May include a request that the Farm Credit Administration extend the due date for the quarterly report of accounts and exposures.

(7) In the event there is a breach of information, immediately provide written notice of the breach to:

(i) The Farm Credit Administration; and

(ii) Each bank and association concerned;

(iii) For the purposes of this section, "breach of information" means any actual or attempted unauthorized access, possession, use, disclosure, disruption, modification, or destruction of information in the central data repository, any reports of accounts and exposures, or any other information received pursuant to §621.15(a)(1).

(8) Notify the Farm Credit Administration in writing of any request for data contained in the reports of accounts and exposures that are not explicitly allowed for in §618.8320(b) of this chapter.

## **Subpart E—Auditor Independence**

Source: 71 FR 76120, Dec. 20, 2006, unless otherwise noted.

### **§621.30 General.**

Each Farm Credit institution must ensure the independence of all qualified public accountants conducting the institution's audit by establishing and maintaining policies and procedures governing the engagement of external auditors. The policies and procedures must incorporate the provisions of this subpart and §612.2260 of this chapter.

### **§621.31 Non-audit services.**

Non-audit services are any professional services provided by a qualified public accountant during the period of an audit engagement which are not connected to an audit or review of an institution's financial statements.

(a) A qualified public accountant engaged to conduct a Farm Credit institution's audit may not perform the following non-audit services for that institution:

(1) Bookkeeping,

(2) Financial information systems design,

(3) Appraisal and valuation services,

(4) Actuarial services,

(5) Internal audit outsourcing services,

(6) Management or human resources functions,

(7) Legal and expert services unrelated to the audit, and

(8) Advocating an institution's interests in litigation, regulatory or administrative investigations and proceedings unrelated to external audit work.

(b) A qualified public accountant engaged to conduct a Farm Credit institution's audit may only perform non-audit services, not otherwise prohibited in this section, if the institution's

audit committee pre-approves the services and the services are fully disclosed in the annual report.

### **§621.32 Conflicts of interest and rotation.**

(a) *Conflicts of interest.* (1) A Farm Credit institution may not engage a qualified public accountant to conduct the institution's audit if the accountant uses a partner, concurring partner, or lead member in the audit engagement team who was a director, officer or employee of the Farm Credit institution within the past year.

(2) A Farm Credit institution may not make an employment offer to a partner, concurring partner, or lead member serving on the institution's audit engagement team during the audit or within 1 year of the conclusion of the audit engagement.

(b) *Rotation.* Each institution may engage the same lead and reviewing audit partners of a qualified public accountant to conduct the institution's audit for no more than 5 consecutive years. The institution must then require the lead and reviewing audit partners assigned to the institution's audit team to rotate out of the audit team for 5 years. At the end of 5 years, the institution may again engage the audit services of those lead and reviewing audit partners.

## **PART 622—RULES OF PRACTICE AND PROCEDURE**

### **Subpart A—Rules Applicable to Formal Hearings**

#### **§622.1 Scope of regulations.**

This subpart prescribes rules of practice and procedure in connection with any formal hearing before the Farm Credit Administration (FCA) that is required by the Farm Credit Act of 1971, as amended (Act) or is ordered for other reasons by the FCA. In connection with any particular matter, reference should also be made to any special requirements of practice and procedure that may be contained in applicable provisions of the Act or the rules adopted by the FCA in subpart B of this part, which special requirements are controlling. The rules in subpart A do not apply to the informal hearings described in subpart C of this part, to any other informal hearing that may be ordered by the FCA, or to formal investigations described in subpart D of this part.

#### **§622.2 Definitions.**

As used in this part:

(a) *Act* means the Farm Credit Act of 1971, as amended. 12 U.S.C. 2001, *et seq.*

(b) *FCA* means the Farm Credit Administration.

(c) *Board* means the Farm Credit Administration Board.

(d) The terms *institution in the System*, *System institution* and *institution* mean all institutions enumerated in section 1.2 of the Act, any institution chartered pursuant to or established by the Act, except for the Farm Credit System Assistance Board and the Farm Credit System Insurance Corporation, and any service corporation chartered under the Act.

(e) *Party* means the FCA or a person or institution named as a party in any notice that commences a proceeding, or any person or institution who is admitted as a party or who has filed a written request and is entitled as of right to be a party.

(f) *Presiding officer* means an administrative law judge or any FCA employee or other person designated by the Board to conduct a hearing.

(g) *Ex parte communication* means an oral or written communication not on the record with respect to which reasonable prior notice to all parties is not given. It does not include requests for status reports.

[51 FR 21139, June 11, 1986, as amended at 53 FR 27284, July 19, 1988; 78 FR 31835, May 28, 2013]

### **§622.3 Appearance and practice.**

(a) *Appearance before the Board or a presiding officer*—(1) *By nonattorneys.* An individual may appear in his or her own behalf; a member of a partnership may represent the partnership; a duly authorized officer or other agent of a corporation, trust association or other entity not specifically listed herein may represent the corporation, trust association, or other entity; and a duly authorized officer or employee of any government unit, agency or authority may represent that unit, agency or authority. Any person appearing in a representative capacity shall file a written notice of appearance with the Board which shall contain evidence of his or her authority to act in such capacity.

(2) *By attorneys.* A party may be represented by an attorney who is a member in good standing of the bar of the highest court of any State, possession, territory, Commonwealth or the District of Columbia, and who has not been suspended or debarred from practice before the FCA in accordance with the provisions of part 623 of this chapter. Prior to appearing, an attorney representing a person in a proceeding shall file a written notice of appearance with the Board, which shall contain a declaration that he or she is currently qualified as provided by paragraph (a)(2) of this section and is authorized to represent the party on whose behalf he or she acts.

(3) *Representation of multiple interests.* A person shall not represent more than one party without informing each party of any actual or potential conflict of interest that may be involved in such representation. Such person shall file a statement with the Board indicating that such disclosure has been made. The presiding officer has authority to take protective measures at any stage of a proceeding, including the authority to prohibit multiple representation when deemed appropriate.

(b) *Summary suspension.* Dilatory, obstructionist, egregious, contemptuous, contumacious, or other unethical or improper conduct at any proceeding before the Board or a presiding officer shall be grounds for exclusion therefrom and suspension for the duration of the proceeding, or other appropriate action by the Board or presiding officer.

### **§622.4 Commencement of proceedings.**

Proceedings under this subpart are commenced by the issuance of a notice by the Board. Such notice shall state the time, place, and nature of the hearing, the name and address of the presiding officer if one has been designated, and a statement of the matters of fact and law constituting the grounds for the hearing. The matters of fact and law alleged in a notice may be amended by the Board at any stage of the proceeding and such amended notice

may require an answer from the party or parties served and may set a new hearing date. A copy of any notice served by the FCA on any System association, director, officer or other person participating in the conduct of the affairs of the association will also be sent to the supervisory bank.

#### **§622.5 Answer.**

(a) *Answer is required.* Unless a different period is specified by the Board, a party who does not wish to consent to a final order must file an answer within 20 days after being served with a notice that commences the proceeding. Any subsequent notice which contains amended allegations and by its terms requires an answer must similarly be answered within 20 days after service.

(b) *Requirements of answer; effect of failure to deny.* An answer filed under this section shall concisely state any defenses and specifically admit or deny each allegation in the notice. A party who lacks information or knowledge sufficient to form a belief as to the truth of any particular allegation shall so state and this shall have the effect of a denial. Any allegation not denied shall be deemed to be admitted. A party who intends in good faith to deny only a part of or to qualify an allegation shall specify so much of it as is true and shall deny only the remainder.

(c) *Admitted allegations.* If a party filing an answer under this section elects not to contest any of the allegations of fact set forth in the notice, the answer shall consist of a statement admitting all of the allegations to be true. Such answer constitutes a waiver of hearing as to the facts alleged in the notice, and together with the notice will provide a record basis on which the presiding officer shall file with the Board a recommended decision in accordance with 5 U.S.C. 557. The recommended decision shall be served on the party, who may file exceptions thereto within the time provided in §622.13.

(d) *Effect of failure to answer.* Failure of a party to file an answer required by this section within the time provided constitutes a waiver of the party's right to appear and contest the allegations in the notice and authorizes the presiding officer, without further notice to the party, to find the facts to be as alleged in the notice and to file with the Board a recommended decision containing such findings and appropriate conclusions. The Board or the presiding officer may, for good cause shown, permit the filing of a delayed answer after the time for filing and the answer has expired.

#### **§622.6 Opportunity for informal settlement.**

Any interested party may at any time submit to the Board for consideration written offers or proposals for settlement of a proceeding, without prejudice to the rights of the parties. No offer or proposal shall be admissible into evidence over the objection of any party in any hearing in connection with such proceeding. The foregoing provisions of this section shall not preclude settlement of any proceeding through the regular adjudicatory process by the filing of an answer as provided in §622.5(c), or by submission of the case to the presiding officer on a stipulation of facts and an agreed order.

#### **§622.7 Conduct of hearings.**

(a) *Authority of presiding officer.* All hearings governed by this subpart shall be conducted in accordance with the provisions of chapter 5 of title 5 of the United States Code. The presiding officer designated by the Board to preside at any such hearing shall have complete charge of the hearing, shall have the duty to conduct it in a fair and impartial manner and

shall take all necessary action to avoid delay in the disposition of the proceeding. Such officer shall have all powers necessary to that end, including the following:

- (1) To administer oaths and affirmations;
  - (2) To issue subpoenas and subpoenas duces tecum, as authorized by law, and to revoke, quash, or modify any such subpoena;
  - (3) To receive relevant evidence and to rule upon the admission of evidence and offers of proof;
  - (4) To take or cause depositions to be taken;
  - (5) To regulate the course of the hearing and the conduct of the parties and their counsel;
  - (6) To hold conferences for the settlement or simplification of issues or for any proper purpose; and
  - (7) To consider and rule upon, as justice may require, all procedural and other motions appropriate in a proceeding under this subpart, except that a presiding officer shall not have power to decide any motion to dismiss the proceeding or other motion which results in a final determination of the merits of the proceeding. This power rests only with the Board. Without limitation on the foregoing, the presiding officer shall, subject to the provisions of this subpart, have all the authority set forth in 5 U.S.C. 556(c).
- (b) *Prehearing conference.* The presiding officer may, on his or her own initiative or at the request of any party, direct counsel for all parties to meet with him or her at a specified time and place prior to the hearing, or to submit suggestions to him or her in writing, for the purpose of considering any or all of the following:

- (1) Simplification and clarification of the issues;
- (2) Stipulations, admissions of fact and of the contents and authenticity of documents;
- (3) Matters of which official notice will be taken; and
- (4) Such other matters as may aid in the orderly disposition of the proceeding.

At the conclusion of such conference(s) the presiding officer shall enter an order which recites the results of the conference. Such order shall include the presiding officer's rulings upon matters considered at the conference, together with appropriate directions, if any, to the parties. Such order shall control the subsequent course of the proceeding, unless modified at the hearing for good cause shown.

(c) *Exchange of information.* Thirty (30) days prior to the hearing, parties shall exchange a list of the names of witnesses with a general description of their expected testimony, and a list and one copy of all documents or other physical exhibits which will be introduced in evidence in the course of the proceeding.

(d) *Attendance at hearings.* All hearings shall be private and shall be attended only by the parties, their counsel or authorized representatives, witnesses while testifying, and other persons having an official interest in the proceeding. However, if the Board, in its discretion, after fully considering the views of the party afforded the hearing, determines that a public

hearing is necessary to protect the public interest, the Board may in its sole discretion order that the hearing be public.

(e) *Transcript of testimony.* Hearings shall be recorded. A copy of the transcript of the testimony taken at any hearing, duly certified by the reporter, together with all exhibits accepted into evidence shall be filed with the presiding officer. The presiding officer shall promptly serve notice upon all parties of such filing. The parties shall make their own arrangements with the person recording the testimony for copies of the testimony and exhibits. The presiding officer shall have authority to correct the record sua sponte with notice to all parties and to rule upon motions to correct the record. In the event the hearing is public, transcripts will be furnished to interested persons upon payment of the cost thereof.

(f) *Continuances and changes or extensions of time and changes of place of hearing.* Except as otherwise provided by law, the presiding officer may extend time limits prescribed by these rules or by any notice or order issued in the proceedings, may change the time for beginning any hearing, continue or adjourn a hearing from time to time, and/or change the location of the hearing. Prior to the appointment of a presiding officer and after the filing of a recommended decision pursuant to §622.12, the Board may grant such extensions or changes. Subject to the approval of the presiding officer, the parties may by stipulation change the time limits specified by these rules or any notice or order issued hereunder.

(g) *Closing of hearing.* The record of the hearing shall be closed by an announcement to that effect by the presiding officer when the taking of evidence has been concluded. In the discretion of the presiding officer, the record may be closed as of a future date in order to permit the admission into the record, under circumstances determined by the presiding officer, of exhibits to be prepared.

(h) *Call for further evidence, oral arguments, briefs, reopening of hearing.* The presiding officer may call for the production of further evidence upon any issue, may permit oral argument and submission of briefs at the hearing and, upon appropriate notice, may reopen any hearing at any time prior to the filing of his or her recommended decision. The Board may reopen the record at anytime permitted by law.

(i) *Order of procedure.* The FCA shall open and close.

(j) *Ex parte communications.* (1) No person shall make or knowingly cause to be made an ex parte communication relevant to the merits of the proceeding to the presiding officer or anyone who is or may reasonably be expected to be involved in the decisional process.

(2) No person who is or may reasonably be expected to be involved in the decisional process shall make or knowingly cause to be made an ex parte communication relevant to the merits of the proceeding to any person.

(3) Except as authorized by law, the presiding officer shall not consult anyone on any fact in issue, unless upon notice and opportunity for all parties to participate. The presiding officer shall not be responsible to, or subject to the supervision or direction of, any officer, employee, or agent of the FCA engaged in the performance of investigative or prosecuting functions. An officer, employee or agent engaged in the performance of such functions in any case shall not, in that case or a factually related case, participate or advise in the decision of the presiding officer, except as a witness or counsel in the proceedings, or as otherwise authorized by law.

(4) If an ex parte communication is made or knowingly caused to be made, all such communications, and any responses, shall be placed in the record.

(5) Upon receipt of a communication knowingly made or caused to be made in violation of paragraph (j) of this section, the responsible party may be required to show cause why such party's claim or interest should not be dismissed, denied, or otherwise adversely affected. To the extent consistent with the interests of justice, a knowing violation of paragraph (j) of this section may be grounds for a decision adverse to a party in violation.

(6) The prohibitions against ex parte communications apply from the time a proceeding is noticed for hearing. However, when the person responsible for the communication has knowledge that the proceeding will be noticed, the prohibitions apply from the time such knowledge is acquired.

#### **§622.8 Rules of evidence.**

(a) *Evidence.* Every party shall have the right to present a case or defense by oral and documentary evidence, to submit rebuttal evidence, and to conduct such cross-examination as may be required for a full and true disclosure of the facts. Irrelevant, immaterial or unduly repetitious evidence shall be excluded.

(b) *Objections.* Objections to the admission or exclusion of evidence shall be in short form, stating the grounds of objection relied upon but no argument thereon shall be permitted, except as ordered, allowed, or requested by the presiding officer. Rulings on such objections and all other matters shall be part of the transcript. Failure to object timely to the admission or exclusion of evidence or to any ruling constitutes a waiver of such objection.

(c) *Stipulations.* Independently of the orders or rulings issued as provided by §622.7(b), the parties may stipulate as to any relevant matters of fact or the authenticity of any relevant documents. Such stipulations may be received in evidence at the hearing, and when so received shall be binding on the parties with respect to the matters therein stipulated.

(d) *Official notice.* All matters officially noticed by the presiding officer shall appear on the record.

#### **§622.9 Subpoenas.**

(a) *Issuance.* The presiding officer or, in the event he or she is unavailable, the Board may issue subpoenas and subpoena duces tecum at the request of any party requiring the attendance of witnesses or the production of documents at a designated place. The person seeking the subpoena may be required, as a condition precedent to the issuance of the subpoena, to show the general relevance and reasonable scope of the testimony or other evidence sought. Where it appears to the presiding officer that a subpoena may be unreasonable, oppressive, excessive in scope, unduly burdensome, or delay the proceeding, the presiding officer has discretion to refuse to issue a subpoena or to issue it only upon such conditions as fairness requires.

(b) *Motions to quash.* Any person to whom a subpoena is directed may, prior to the time specified therein for compliance but in no event more than 10 days after the date the subpoena was served, with notice to the party requesting the subpoena, apply to the presiding officer, or in the event he or she is unavailable to the Board, to quash or modify the subpoena, accompanying such application with a brief statement of the reasons therefor. The presiding officer may deny the application or, upon notice to the party on

whose behalf the subpoena was issued and after affording that party an opportunity to reply, may quash or modify the subpoena or impose reasonable conditions including, in the case of a subpoena duces tecum, a requirement that the party on whose behalf the subpoena was issued pay in advance the reasonable cost of copying and transporting the documentary evidence to the designated place.

(c) *Service of subpoena.* A subpoena may be served upon the person named therein by personal service or certified mail with a return receipt to the last known address of the person. The fees for one day's attendance and mileage as specified in paragraph (d) of this section must be tendered at the time of service unless the subpoena is issued on behalf of the FCA. If personal service is made by a U.S. marshal, a deputy U.S. marshal, or an employee of the FCA, such service shall be evidenced by the return thereon. If personal service is made by any other person, such person shall sign an affidavit describing the manner in which service is made, and return such affidavit with a copy of the subpoena. In case of failure to make service, reasons for the failure shall be stated on the original subpoena. The original or a copy of the subpoena, bearing or accompanied by the required return, affidavit, statement or return receipt, shall be returned without delay to the presiding officer.

(d) *Attendance of witnesses.* The attendance of witnesses at a designated place may be required from any place in any State or territory subject to the jurisdiction of the United States. Witnesses who are subpoenaed shall be paid the same fees and mileage that are paid witnesses in the district courts of the United States. Fees required by this paragraph shall be paid by the party upon whose application the subpoena is issued.

(e) *Production of documents.* The production of documents at a designated place may be required from any place in any State or territory subject to the jurisdiction of the United States. In lieu of an original document, a certified or authenticated copy may be produced. However, any party has the right to inspect the original document.

## **§622.10 Depositions.**

(a) *Application to take deposition.* Any party desiring to take the deposition of any person shall make written application to the presiding officer setting forth the name and address of the witness, the subject matter concerning which the witness is expected to testify, its relevance, the time and place of the deposition, and the reasons why such deposition should be taken. The application may include a request that specified documents be produced at the deposition. A copy of the application shall be served on the other parties at the same time the application is filed with the presiding officer.

(b) *Subpoena; notice to other parties.* Upon a showing that the testimony or other evidence sought will be material, and the taking of the deposition will not result in any undue burden to the witness or any party or undue delay of the proceedings, the presiding officer may issue a subpoena or subpoena duces tecum. Notice of the issuance of such subpoena shall be served upon all parties at least 10 days in advance of the date set for deposition.

(c) *Deposition by notice.* The requirements of paragraphs (a) and (b) of this section may be waived by agreement of the parties and the witness whose testimony or documentary evidence is sought. Such agreement shall be embodied in a stipulation which becomes part of the record and may provide for the taking of depositions upon notice without leave of the presiding officer.

(d) *Procedure on deposition.* Depositions may be taken before any person having the power to administer oaths. Each witness whose testimony is taken by deposition shall be duly sworn before any question is propounded. Examination and cross-examination of deponents may proceed as permitted at the hearing. Objections to questions or documents shall be in short form, stating the grounds relief upon for the objection. Failure to object to questions or evidence is deemed a waiver if the ground of the objection is one which might have been obviated or removed if presented at that time. The questions propounded and the answers thereto, together with all objections made (but not including argument or debate) shall be recorded by or under the direction of the person before whom the deposition is taken. The deposition shall be signed by the witness, unless the parties by stipulation waive the signing or the witness is physically unable to sign, cannot be found, or refuses to sign. The deposition shall also be certified as a true and complete transcript by the person recording the testimony. If the deposition is not signed by the witness, the person recording the testimony shall state this fact and the reason therefor on the record. The person before whom the deposition is taken shall promptly file the transcript and all exhibits with the presiding officer. Interested parties shall make their own arrangements with the person recording the testimony for copies of the testimony and exhibits.

(e) *Introduction as evidence.* Subject to appropriate rulings by the presiding officer on such objections and answers as were noted at the time the deposition was taken or as would be valid were the witness personally present and testifying at the hearing, the deposition or any part thereof may be received in evidence by the presiding officer in his or her discretion. Only such part of a deposition as is received in evidence at a hearing shall constitute a part of the record upon which a decision may be based.

(f) *Payment of fees.* Deponents whose depositions are taken and the reporter taking the same shall be entitled to the same fees as are paid for like services in the district courts of the United States, which fees shall be paid by the party upon whose application the deposition is taken.

#### **§622.11 Motions.**

(a) *How made.* An application or request for an order or ruling not otherwise specifically provided for in this subpart, unless made during a hearing, shall be made by written motion supported by a memorandum which concisely states the grounds therefor.

(b) *Opposition.* Within 10 days after service of any written motion, or within such other period of time as may be fixed by the presiding officer, any party may file a memorandum in opposition thereto. The moving party has no right to reply except as permitted by the presiding officer. The presiding officer has discretion to waive the requirements of this section as to motions for extension of time and may rule upon such motions ex parte.

(c) *Oral argument.* No oral argument will be heard on motions except as otherwise directed by the presiding officer or the Board.

(d) *Rulings and orders.* Except as otherwise provided in this subpart, the presiding officer shall rule on all motions and may issue appropriate orders, except that motions may be referred to the Board if the presiding officer is unavailable or determines that such motion should be referred to the Board. Prior to the appointment of a presiding officer and after a recommended decision is filed pursuant to §622.12, the Board shall rule on motions filed by the parties.

(e) *Appeal from rulings on motions.* All answers, motions, objections and rulings shall become part of the record. Rulings of a presiding officer on any motion may not be appealed to the Board prior to its consideration of the presiding officer's recommended decision, except by special permission of the Board. However, such rulings shall be considered by the Board in reviewing the record. Requests to the Board for special permission to appeal from a ruling of the presiding officer shall be filed in writing within 5 days of the ruling, and shall briefly state the grounds relied on. The moving party shall immediately serve a copy thereof on every other party to the proceeding who may then respond to such request within 5 days after service.

(f) *Continuation of hearing.* Unless otherwise ordered by the presiding officer or the Board, the hearing shall continue pending the determination of any request or motion by the Board.

#### **§622.12 Proposed findings and conclusions; recommended decision.**

(a) *Proposed findings and conclusions by parties.* Within 30 days after the hearing transcript has been filed, any party may file proposed findings of fact and conclusions of law. Such proposals shall be supported by citation of such statutes, decisions, and other authorities, and by specific page references to such portions of the record as may be relevant. All such proposals shall become a part of the record.

(b) *Recommended decision by presiding officer.* Within 30 days after the expiration of time allowed under paragraph (a) of this section, or within such further time as the Board for good cause allows, the presiding officer shall file the entire hearing record, including a recommended decision and findings and conclusions, the transcript, exhibits (including on request of any of the parties any exhibits excluded from evidence or tender of proof), exceptions, rulings and all briefs and memoranda filed in connection with the hearing. Promptly upon such filing, the presiding officer shall serve a copy of the recommended decision, findings and conclusions upon each party to the proceeding.

(c) *Board as presiding officer.* In proceedings in which the Board or one or more of its members has presided at the reception of evidence, the presiding officer's recommended decision, findings of fact, and conclusions of law will be omitted. In such proceedings the proposed findings and conclusions, briefs, and other submissions permitted under paragraph (a) of this section shall be filed with the Board for consideration.

#### **§622.13 Exceptions.**

(a) *Filing.* Within 15 days after service of the recommended decision of the presiding officer, any party may file exceptions thereto or to any portion thereof, or to the failure of the presiding officer to make any recommendation, finding, or conclusion, or to the admission or exclusion of evidence, or to any other ruling of the presiding officer.

(b) *Contents.* Each exception shall be supported by a concise argument and by citation of such statutes, decisions and other authorities, and by page references to such portions of the record as may be relevant. If the exception relates to the admission or exclusion of evidence, the substance of the evidence admitted or excluded shall be set forth in the brief with appropriate references to the transcript.

(c) *Waiver.* Failure of a party to file exceptions to those matters specified in paragraph (a) of this section within the time prescribed shall be a waiver of objection thereto.

#### **§622.14 Briefs.**

(a) *Contents.* Any brief filed in a proceeding shall be confined to the particular matters in issue, citing statutes, decisions, and other authorities, and page references to such portions of the record or the recommended decision of the presiding officer as may be relevant.

(b) *Reply briefs.* Reply briefs may be filed within 10 days after service of original briefs of opposing parties, and shall be confined to matters in such briefs. Further briefs may be filed only with permission of the presiding officer or the Board with respect to a matter before the Board.

(c) *Delayed filing.* Briefs not filed on or before the time fixed in this subpart or by the presiding officer will be received only upon special permission of the Board.

#### **§622.15 Oral argument before the Board.**

Upon its own initiative or upon written request by any party, the Board, in its discretion, may order the matter to be set down for oral argument before the Board or one or more members thereof. Any request for oral argument by a party filing exceptions shall be made within the time prescribed for filing such exceptions, or by any other party, within the time prescribed for the filing of a reply brief. Oral argument before the Board shall be recorded unless otherwise ordered by the Board.

#### **§622.16 Notice of submission to the Board.**

Upon the filing of the record with the Board, and upon the expiration of the time for the filing of exceptions and all briefs, including reply briefs or any further briefs permitted by the presiding officer or the Board, and upon the hearing of oral argument by the Board, if ordered by the Board, the Board shall notify the parties in writing that the case has been submitted for final decision.

#### **§622.17 Decision of the Board.**

Any person who has not engaged in the performance of investigative or prosecuting functions in the case, or in a factually related case, may advise and assist the Board in the consideration of the case. Copies of the decision and order of the Board shall be served upon the parties. A copy of the order will also be sent to the supervisory bank if the order relates to a System association, director, officer, or other person participating in the conduct of the affairs of the association.

#### **§622.18 Filing.**

(a) *Filing.* Papers required or permitted to be filed with the Board shall be filed with the Chairman of the Board, FCA, 1501 Farm Credit Drive, McLean, VA 22102-5090 or with the person designated to receive papers for the agency in a proceeding. Papers sent by mail must be postmarked or received within the prescribed time limit for filing. Papers sent by any other means must be received within the prescribed time limit for filing.

(b) *Formal requirements.* All filed papers shall be printed, typewritten, or otherwise reproduced, and copies shall be clear and legible. The original of all papers filed by a party shall be signed and dated as of the date of execution by the party filing the same, or a duly authorized agent or attorney. The signer's address and telephone number must appear on the original. Counsel for the FCA shall sign the original of all papers filed on behalf of the

FCA. All papers filed must name in the heading or on a title page, the parties, the docket number and the subject of the papers.

(c) *Copies*. Parties shall file an original and three copies of all documents and papers required or permitted to be filed under this subpart (except the transcript of testimony and exhibits), unless otherwise specifically provided by the Board.

#### **§622.19 Service.**

(a) *Service*. Except as otherwise provided in these rules, each party who files papers is responsible for serving a copy thereof upon the presiding officer and upon every other party or the attorney or representative of record of that party. A copy of all papers filed by the presiding officer or the Board, except for the transcript of testimony and exhibits, shall be served upon each of the parties. Service may be by personal service, private delivery service, or by express, certified or regular first-class mail. If a party is not represented, service shall be made at the last known address of the party or an officer thereof as shown on the records of the FCA.

(b) *Proof of service*. Proof of service of papers filed by a party shall be filed before action is to be taken thereon. The proof shall show the date and manner of service, and may be by written acknowledgment of service, by declaration of the person making service, or by certificate of an attorney or other representative of record. Failure to make proof of service shall not affect the validity of service. The presiding officer may allow the proof to be amended or supplied, unless to do so would result in material prejudice to a party.

#### **§622.20 Documents in proceedings confidential.**

Unless otherwise ordered by the Board or required by law, the entire record in any proceeding under this subpart, including the notice of hearing, transcript, exhibits, proposed findings and conclusions, recommended decision of the presiding officer, exceptions thereto, decision and order of the Board, and any other papers which are filed in connection with the proceeding shall not be made public, and shall be for the confidential use only of the FCA and its staff, the presiding officer, the parties, and other appropriate supervisory authorities.

#### **§622.21 Computing time.**

(a) *General rule*. In computing any period of time prescribed or allowed by this subpart, the date of the act or event from which the designated period of time begins to run is not to be included. The last day so computed shall be included, unless it is a Saturday, Sunday or Federal holiday, in which event the period shall run until the end of the next day which is not a Saturday, Sunday, or Federal holiday. When the period of time prescribed or allowed is 10 days or less, intermediate Saturdays, Sundays, and Federal holidays shall not be included in the computation.

(b) *Service by mail*. Whenever any party has the right or is required to do some act within the period of time prescribed in this subpart after the service upon the party of any document or other paper of any kind, and such service is made by mail, three days shall be added to the prescribed period from the date when the matter served is deposited in the United States mail.

- (4) The matter of fact or law constituting the grounds for assessment of the civil money penalty;
- (5) The right of the institution or person being assessed to a formal hearing to challenge the assessment;
- (6) That failure to request a hearing constitutes a waiver of the opportunity for a hearing and the notice of assessment will constitute a final and unappealable order; and

(7) The time limit to request such a formal hearing.

(b) *Service.* The notice of assessment may be served upon the institution or person being assessed by personal service or by certified mail with a return receipt to the institution's or the person's last known address. Such service constitutes issuance of the notice.

[51 FR 21139, June 11, 1986, as amended at 70 FR 12585, Mar. 15, 2005]

#### **§622.56 Request for formal hearing on assessment.**

An institution or person being assessed may request a formal hearing to challenge the assessment of a civil money penalty. #### **§622.57 Waiver of hearing; consent.**

(b) *Consent.* Any party afforded a hearing who does not appear at the hearing personally or by a duly authorized representative is deemed to have consented to the issuance of an assessment order.

#### **§622.59 Assessment order.**

In its assessment order, the Board may reduce the amount of the penalty specified in the notice of assessment.

(b) *Effective date and period.* An assessment order is effective immediately upon issuance, or upon such other date as may be specified therein, and will remain effective and enforceable unless it is stayed, modified, terminated, or set aside by action of the board or a reviewing court.

(a) *Payment date*. Generally, the date designated in the notice of assessment for payment of the civil money penalty will be 60 days from the issuance of the notice. If, however, the Board finds, in a specific case, that the purposes of the relevant statutes would be better served if the 60-day period were changed, the Board may shorten or lengthen the period or make the civil money penalty payable immediately upon receipt of the notice of assessment. If a timely request for a formal hearing to challenge an assessment of a civil money penalty is filed, payment of the penalty will not be required unless and until the Board issues a final order of assessment following the hearing. #### **§§622.62-622.75 [Reserved]**

## **Subpart C—Rules and Procedures Applicable to Suspension or Removal of an Individual Where Certain Crimes Are Charged or Proven**

### **§622.76 Definitions.**

Unless noted otherwise, the definitions set forth in §622.2 of subpart A shall apply to this subpart.

### **§622.77 Purpose and scope.**

The rules and procedures set forth in this subpart apply to informal hearings afforded to any officer, director, or other person participating in the conduct of the affairs of a System institution who has been suspended or removed from office or prohibited from further participation in any manner in the conduct of the institution's affairs by a notice or order issued by the Board upon the grounds set forth in section 5.29 of the Act.

### **§622.78 Suspension, prohibition or removal.**

(a) *Content.* The Board may serve a notice of suspension or prohibition or order of removal upon a director, officer or other person participating in the conduct of the affairs of an institution. A copy of such notice or order shall also be served upon the institution, whereupon the individual concerned shall immediately cease service to the institution or participation in the affairs of the institution. Any notice or order shall indicate the basis for the suspension, prohibition, or removal and shall inform the individual of the right to request in writing, within 30 days of being served with such notice or order, an opportunity to show at an informal hearing that continued service to or participation in the conduct of the affairs of the institution does not, or is not likely to, pose a threat to the interests of the institution's shareholders or the investors in Farm Credit System obligations or threaten to impair public confidence in the institution or the Farm Credit System.

(b) *Service.* A notice or order of suspension, removal or prohibition may be served by personal service or by certified mail with a return receipt to the last known address of the person being served.

### **§622.79 Petition for informal hearing.**

(a) *Filing.* To obtain a hearing, the subject individual must file an original and three copies of a petition with the Board within 30 days of being served with the notice or order.

(b) *Content.* The petition shall:

(1) State whether the petitioner is requesting termination or modification of the notice or order;

(2) State with particularity how the petitioner intends to show that his or her continued service to or participation in the conduct of the affairs of the institution would not, or is not likely to, pose a threat to the interests of the institution's shareholders or the investors in Farm Credit System obligations or threaten to impair public confidence in the institution or the Farm Credit System;

(3) Include a request to present oral testimony or witnesses at the hearing, if the petitioner desires to do so. The request should specify the names of the witnesses and a summary of their expected testimony; and

(4) Indicate whether the petitioner desires oral argument or elects to have the matter determined solely on the basis of written submissions.

#### **§622.80 Informal hearing.**

(a) *Time and place.* Upon receipt of a timely petition for a hearing, the Board shall notify the petitioner of the time and place fixed for the hearing and shall designate one or more Board members or FCA employees to preside ("designated FCA representative"). The hearing shall be scheduled to be held no later than 30 days from the date a petition for hearing is received unless the time is extended at the request of the petitioner. Notice of the hearing shall also be sent to the FCA's Office of General Counsel.

(b) *Appearance.* A petitioner may appear personally or through counsel to submit relevant written materials and oral argument. An attorney is subject to all the requirements and limitations imposed on attorneys in §622.3 of subpart A. A representative(s) of the FCA's Office of General Counsel may participate in the hearing to the extent such representative deems appropriate.

(c) *Written material.* Any written material the petitioner wishes to have considered must be submitted to the designated FCA representative and the FCA's Office of General Counsel at least 10 days prior to the date of the hearing.

(d) *Oral testimony.* Oral testimony may be presented only if expressly permitted by the Board in the notice of hearing. The designated FCA representative may ask questions of any witness.

(e) *Transcripts.* Oral testimony, if any, and oral argument shall be recorded. A copy of the transcript shall be filed with the designated FCA representative, who shall have authority to correct the record sua sponte upon notice, or upon the motion of the petitioner or the representative of the FCA's Office of General Counsel. The designated FCA representative shall promptly serve notice upon the petitioner and the FCA's Office of General Counsel of such filing. Such parties shall make arrangements with the person recording the testimony or argument for copies of the transcript.

(f) *Closing of record.* Upon the request of the petitioner or representative of the FCA's Office of General Counsel, the record shall remain open for a period of 5 business days following the hearing, during which time additional submissions for the record may be made. Thereafter, the record shall be closed.

(g) *Rules of evidence and procedure.* Neither the formal rules of evidence nor the adjudicative procedures of the Administrative Procedure Act (5 U.S.C. 554-557) or subpart A of these rules shall apply to the informal hearing ordered under this subpart unless the Board orders that they apply in whole or in part.

#### **§622.81 Default.**

If the subject individual fails to file a petition for a hearing, or fails to appear at a hearing, either in person or by an attorney, or fails to submit a written argument where oral argument has been waived, the notice shall remain in effect until the information,

indictment, or complaint is finally disposed of and the order shall remain in effect until terminated by the Board.

#### **§622.82 Decision of the Board.**

(a) *Recommended decision.* Within 30 days of the hearing, the designated FCA representative shall make a recommendation with findings and conclusions to the Board concerning the notice or order of suspension, removal, or prohibition.

(b) *Final decision.* Within 60 days of the hearing, the Board shall notify the subject individual and the FCA's Office of General Counsel whether the suspension or removal from office, or prohibition from participation in any manner in the affairs of the institution, will be continued, terminated, or otherwise modified. The Board's final decision, if adverse to the individual, shall contain a statement of the basis thereof. The Board may satisfy this requirement where it adopts the recommended decision of the designated FCA representative.

(c) *Guilt not an issue.* In deciding upon any suspension or prohibition by notice, the ultimate question of the guilt or innocence of the individual with respect to the criminal charge that is outstanding will not be considered. A finding of not guilty or other disposition of the charge shall not preclude the Board from thereafter instituting removal proceedings pursuant to section 5.28 of the Act.

(d) *Effective period.* A removal or prohibition by order remains in effect until terminated by the Board. A suspension or prohibition by notice remains in effect until the criminal charge is finally disposed of or until terminated by the Board.

(e) *Reconsideration.* A suspended or removed individual may petition the Board to reconsider the decision any time after the expiration of a 12-month period from the date of the decision, but no petition for reconsideration may be made within 12 months of a previous petition. A petition shall state with particularity the relief sought and the grounds therefor and may be accompanied by a supporting memorandum and any other documentation the petitioner wishes to have considered. No hearing need be granted on the petition for reconsideration.

(b) *Right to counsel.* Any person who, in a formal investigation, is compelled to appear and testify or who appears and testifies by request or permission of the Board may be accompanied, represented, and advised by counsel. #### **§623.4 Suspension and debarment.**

(a) *Grounds.* The Board may censure any person practicing before the FCA or may deny, temporarily or permanently, the privilege of any person to practice before the FCA if such person is found by the Board, after notice of and opportunity for hearing in the matter:

- (1) Not to possess the requisite qualifications to represent others;

(b) *Automatic suspension.* (1) Any person who, after being licensed as a professional or expert by any competent authority, has been convicted by a Federal or State court of a felony, or of a misdemeanor involving moral turpitude, personal dishonesty or breach of trust, shall be suspended automatically from practicing before the FCA without a hearing.

(2) Any accountant, appraiser or licensed expert whose license to practice has been revoked in any State, possession, territory, Commonwealth or the District of Columbia, or who has been suspended or otherwise barred from practice before any Federal or State regulatory authority, shall be suspended automatically from practicing before the FCA without a hearing.

(3) Any attorney who has been suspended or disbarred by a court of the United States or in any State, possession, territory, Commonwealth or the District of Columbia, shall be suspended automatically from practicing before the FCA without a hearing.

(4) A conviction (including a judgment or order on a plea of nolo contendere), revocation, suspension or disbarment under paragraphs (b)(1), (2) and (3) of this section shall be deemed to have occurred when the convicting, revoking, suspending or disbarring agency or tribunal enters its judgment or order, regardless of whether an appeal is pending or could be taken.

(5) For purposes of this section, it shall be irrelevant that any attorney, accountant, appraiser or licensed expert who has been suspended, disbarred or otherwise disqualified from practice before a court, regulatory authority, or in a jurisdiction continues in professional good standing before other courts, regulatory authorities, or in other jurisdictions.

(c) *Temporary suspension.* (1) The Board, with due regard to the public interest and without preliminary hearing, by order, may temporarily suspend any person from appearing or practicing before it who by name, has been:

(i) Permanently enjoined (whether by consent, default or summary judgment or after trial) by any court of competent jurisdiction or by the Board in a final administrative order, by

reason of his or her misconduct in any action brought by the FCA based upon violations of, or aiding and abetting the violation of any provision of any law that is administered by the FCA or of any rule or regulation promulgated thereunder; or

(ii) Found by any court of competent jurisdiction (whether by consent, default, upon summary judgment or after hearing) or in any administrative proceeding in which the FCA is a complainant and he or she is a party, to have willfully committed, caused, aided or abetted a violation of any provision of any law that is administered by the FCA, or of any rule or regulation promulgated thereunder.

(2) An order of temporary suspension shall become effective when served by certified mail with a return receipt directed to the last known business or residential address of the person involved. No order of temporary suspension shall be entered by the Board pursuant to paragraph (c)(1) of this section more than 3 months after the final judgment or order entered in a judicial or administrative proceeding described in paragraph (c)(1) (i) or (ii) of this section has become effective and all review or appeal procedures have been completed or are no longer available.

(3) Any person temporarily suspended from appearing and practicing before the FCA in accordance with paragraph (c)(1) of this section may, within 30 days after service of the order of temporary suspension, petition the Board to lift such suspension. If no petition is received by the Board within 30 days, the suspension shall become permanent.

(4) Within 30 days after the filing of a petition in accordance with paragraph (c)(3) of this section, the Board shall either lift the temporary suspension or set the matter down for hearing at a time and place to be designated by the Board, or both. After opportunity for hearing, the Board may censure the petitioner or may suspend the petitioner from appearing or practicing before the FCA temporarily or permanently. In any case in which the temporary suspension has not been lifted, the hearing and any other action taken pursuant to this paragraph shall be expedited by the Board in order to ensure the petitioner's right to address the allegations.

(5) In any hearing held on a petition filed in accordance with paragraph (c)(3) of this section, a showing that the petitioner has been enjoined or has been found to have committed, caused, aided or abetted violations as described in paragraph (c)(1) of this section, without more, may be a basis for suspension or debarment; that showing having been made, the burden shall then be on the petitioner to show why the petitioner should not be censured or be temporarily or permanently suspended or debarred. A petitioner will not be permitted to contest any findings against the petitioner or any admissions made by the petitioner in the judicial or administrative proceedings upon which the proposed censure, suspension or debarment is based. A petitioner who has consented to the entry of a permanent injunction or order as described in paragraph (c)(1)(i) of this section, without admitting the facts set forth in the complaint, shall nevertheless be presumed for all purposes under this section to have been enjoined or ordered by reason of the misconduct alleged in the complaint.

#### **§623.5 Reinstatement.**

(a) Any person who is suspended from practicing before the FCA under §623.4 (a) or (c) of this part may file an application for reinstatement at any time. Denial of the privilege of practicing before the FCA shall continue unless and until the applicant has been reinstated by order of the Board for good cause shown.

(b) Any person suspended under §623.4(b) shall be reinstated by the Board, upon appropriate application, if all of the grounds for application of the provisions of that paragraph are removed subsequently by a reversal of the conviction or termination of the suspension, disbarment or revocation. An application for reinstatement on any other grounds by any person suspended under §623.4(b) may be filed at any time. Such application shall state with particularity the relief requested and the grounds therefor and shall include supporting evidence, when available. The applicant shall be accorded an opportunity for an informal hearing in the matter, unless the applicant has waived a hearing in the application and, instead, has elected to have the matter determined on the basis of written submissions. Such hearing shall utilize the procedures established in part 622, subpart C. However, such suspension shall continue unless and until the applicant has been reinstated by order of the Board for good cause shown.

#### **§623.6 Duty to file information concerning adverse judicial or administrative action.**

Any person appearing or practicing before the FCA who has been or is the subject of a conviction, suspension, debarment, license revocation, injunction or other finding of the kind described in §623.4 (b) or (c) of this part is an action not instituted by the FCA shall promptly file a copy of the relevant order, judgment or decree with the Board together with any related opinion or statement of the agency or tribunal involved. Any person who fails to file a copy of such an order, judgment or decree within 30 days after the later of the entry of the order, judgment or decree, or the date such person initiates practice before the FCA, for that reason alone may be disqualified from practicing before the FCA until such time as the appropriate filing shall be made, but neither the filing of these documents nor the failure of a person to file them shall in any way impair the operation of any other provision of this part.

#### **§623.7 Proceeding under this part.**

(a) *Rules.* All hearings required or permitted to be held under paragraphs (a) and (c) of §623.4 of this part shall be held before a presiding officer utilizing the procedures established in the rules of practice and procedure under part 622, subpart A.

(b) *Closed hearings.* All hearings held under this part shall be closed to the public unless the Board directs otherwise on its own motion or upon the request of a party.

(c) *Collateral proceedings.* Any proceeding brought under any section of this part shall not preclude a proceeding under any other section of this part or any other part of the FCA's regulations.

## **PART 624—MARGIN AND CAPITAL REQUIREMENTS FOR COVERED SWAP ENTITIES**

#### **§624.1 Authority, purpose, scope, exemptions and compliance dates.**

(a) *Authority.* This part is issued by the Farm Credit Administration (FCA) under section 4s(e) of the Commodity Exchange Act (7 U.S.C. 6s(e)), section 15F(e) of the Securities Exchange Act of 1934 (15 U.S.C. 78o-10(e)), and sections 4.3, 5.9, 5.17, and 8.32 of the Farm Credit Act (12 U.S.C. 2154, 12 U.S.C. 2243, 12 U.S.C. 2252, and 12 U.S.C. 2279bb-1).

(b) *Purpose.* Section 4s of the Commodity Exchange Act (7 U.S.C. 6s) and section 15F of the Securities Exchange Act of 1934 (15 U.S.C. 78o-10) require the FCA to establish capital and margin requirements for any System institution, including the Federal Agricultural Mortgage Corporation, chartered under the Farm Credit Act of 1971, as amended (12 U.S.C. 2001 *et seq.*) that is registered as a swap dealer, major swap participant, security-based swap dealer, or major security-based swap participant with respect to all non-cleared swaps and non-cleared security-based swaps. This regulation implements section 4s of the Commodity Exchange Act and section 15F of the Securities Exchange Act of 1934 by defining terms used in the statute and related terms, establishing capital and margin requirements, and explaining the statutes' requirements.

(c) *Scope.* This part establishes minimum capital and margin requirements for each covered swap entity subject to this part with respect to all non-cleared swaps and non-cleared security-based swaps. This part applies to any non-cleared swap or non-cleared security-based swap entered into by a covered swap entity on or after the relevant compliance date set forth in paragraph (e) of this section. Nothing in this part is intended to prevent a covered swap entity from collecting margin in amounts greater than are required under this part.

(d) *Exemptions—(1) Swaps.* The requirements of this part (except for §624.12) shall not apply to a non-cleared swap if the counterparty:

(i) Qualifies for an exception from clearing under section 2(h)(7)(A) of the Commodity Exchange Act of 1936 (7 U.S.C. 2(h)(7)(A)) and implementing regulations;

(ii) Qualifies for an exemption from clearing under a rule, regulation, or order that the Commodity Futures Trading Commission issued pursuant to its authority under section 4(c)(1) of the Commodity Exchange Act of 1936 (7 U.S.C. 6(c)(1)) concerning cooperative entities that would otherwise be subject to the requirements of section 2(h)(1)(A) of the Commodity Exchange Act of 1936 (7 U.S.C. 2(h)(1)(A)); or

(iii) Satisfies the criteria in section 2(h)(7)(D) of the Commodity Exchange Act of 1936 (7 U.S.C. 2(h)(7)(D)) and implementing regulations.

(2) *Security-based swaps.* The requirements of this part (except for §624.12) shall not apply to a non-cleared security-based swap if the counterparty:

(i) Qualifies for an exception from clearing under section 3C(g)(1) of the Securities Exchange Act of 1934 (15 U.S.C. 78c-3(g)(1)) and implementing regulations; or

(ii) Satisfies the criteria in section 3C(g)(4) of the Securities Exchange Act of 1934 (15 U.S.C. 78c-3(g)(4)) and implementing regulations.

(e) *Compliance dates.* Covered swap entities shall comply with the minimum margin requirements of this part on or before the following dates for non-cleared swaps and non-cleared security-based swaps entered into on or after the following dates:

(1) September 1, 2016 with respect to the requirements in §624.3 for initial margin and §624.4 for variation margin for any non-cleared swaps and non-cleared security-based swaps, where both:

(i) The covered swap entity combined with all its affiliates; and

(ii) Its counterparty combined with all its affiliates, have an average daily aggregate notional amount of non-cleared swaps, non-cleared security-based swaps, foreign exchange forwards and foreign exchange swaps for March, April and May 2016 that exceeds \$3 trillion, where such amounts are calculated only for business days; and

(iii) In calculating the amounts in paragraphs (e)(1)(i) and (ii) of this section, an entity shall count the average daily aggregate notional amount of a non-cleared swap, a non-cleared security-based swap, a foreign exchange forward or a foreign exchange swap between the entity and an affiliate only one time, and shall not count a swap or security-based swap that is exempt pursuant to paragraph (d) of this section.

(2) March 1, 2017 with respect to the requirements in §624.4 for variation margin for any other covered swap entity with respect to non-cleared swaps and non-cleared security-based swaps entered into with any other counterparty.

(3) September 1, 2017 with respect to the requirements in §624.3 for initial margin for any non-cleared swaps and non-cleared security-based swaps, where both:

(i) The covered swap entity combined with all its affiliates; and

(ii) Its counterparty combined with all its affiliates, have an average daily aggregate notional amount of non-cleared swaps, non-cleared security-based swaps, foreign exchange forwards and foreign exchange swaps for March, April and May 2017 that exceeds \$2.25 trillion, where such amounts are calculated only for business days; and

(iii) In calculating the amounts in paragraphs (e)(3)(i) and (ii) of this section, an entity shall count the average daily aggregate notional amount of a non-cleared swap, a non-cleared security-based swap, a foreign exchange forward or a foreign exchange swap between the entity and an affiliate only one time, and shall not count a swap or security-based swap that is exempt pursuant to paragraph (d) of this section.

(4) September 1, 2018 with respect to the requirements in §624.3 for initial margin for any non-cleared swaps and non-cleared security-based swaps, where both:

(i) The covered swap entity combined with all its affiliates; and

(ii) Its counterparty combined with all its affiliates, have an average daily aggregate notional amount of non-cleared swaps, non-cleared security-based swaps, foreign exchange forwards and foreign exchange swaps for March, April and May 2018 that exceeds \$1.5 trillion, where such amounts are calculated only for business days; and

(iii) In calculating the amounts in paragraphs (e)(4)(i) and (ii) of this section, an entity shall count the average daily aggregate notional amount of a non-cleared swap, a non-cleared security-based swap, a foreign exchange forward or a foreign exchange swap between the entity and an affiliate only one time, and shall not count a swap or security-based swap that is exempt pursuant to paragraph (d) of this section.

(5) September 1, 2019 with respect to the requirements in §624.3 for initial margin for any non-cleared swaps and non-cleared security-based swaps, where both:

(i) The covered swap entity combined with all its affiliates; and

(ii) Its counterparty combined with all its affiliates, have an average daily aggregate notional amount of non-cleared swaps, non-cleared security-based swaps, foreign exchange forwards and foreign exchange swaps for March, April and May 2019 that exceeds \$0.75 trillion, where such amounts are calculated only for business days; and

(iii) In calculating the amounts in paragraphs (e)(5)(i) and (ii) of this section, an entity shall count the average daily aggregate notional amount of a non-cleared swap, a non-cleared security-based swap, a foreign exchange forward or a foreign exchange swap between the entity and an affiliate only one time, and shall not count a swap or security-based swap that is exempt pursuant to paragraph (d) of this section.

(6) September 1, 2021 with respect to requirements in §624.3 for initial margin for any non-cleared swaps and non-cleared security-based swaps, where both:

(i) The covered swap entity combined with all its affiliates; and

(ii) Its counterparty combined with all its affiliates, have an average daily aggregate notional amount of non-cleared swaps, foreign exchange forwards and foreign exchange swaps for March, April and May 2021 that exceeds \$50 billion, where such amounts are calculated only for business days; and

(iii) In calculating the amounts in paragraphs (e)(6)(i) and (ii) of this section, an entity shall count the average daily aggregate notional amount of a non-cleared swap, a non-cleared security-based swap, a foreign exchange forward or a foreign exchange swap between the entity and an affiliate only one time, and shall not count a swap or security-based swap that is exempt pursuant to paragraph (d) of this section.

(7) September 1, 2022 with respect to requirements in §624.3 for initial margin for any other covered swap entity with respect to non-cleared swaps and non-cleared security-based swaps entered into with any other counterparty.

(f) Once a covered swap entity must comply with the margin requirements for non-cleared swaps and non-cleared security-based swaps with respect to a particular counterparty based on the compliance dates in paragraph (e) of this section, the covered swap entity shall remain subject to the requirements of this part with respect to that counterparty.

(g)(1) If a covered swap entity's counterparty changes its status such that a non-cleared swap or non-cleared security-based swap with that counterparty becomes subject to stricter margin requirements under this part (such as if the counterparty's status changes from a financial end user without material swaps exposure to a financial end user with material swaps exposure), then the covered swap entity shall comply with the stricter margin requirements for any non-cleared swap or non-cleared security-based swap entered into with that counterparty after the counterparty changes its status.

(2) If a covered swap entity's counterparty changes its status such that a non-cleared swap or non-cleared security-based swap with that counterparty becomes subject to less strict margin requirements under this part (such as if the counterparty's status changes from a financial end user with material swaps exposure to a financial end user without material swaps exposure), then the covered swap entity may comply with the less strict margin requirements for any non-cleared swap or non-cleared security-based swap entered into with that counterparty after the counterparty changes its status as well as for any outstanding non-cleared swap or non-cleared security-based swap entered into after the

applicable compliance date in paragraph (e) of this section and before the counterparty changed its status.

(h) *Legacy swaps.* Covered swaps entities are required to comply with the requirements of this subpart for non-cleared swaps and non-cleared security-based swaps entered into on or after the relevant compliance dates for variation margin and for initial margin established in paragraph (e) of this section. Any non-cleared swap or non-cleared security-based swap entered into before such relevant date shall remain outside the scope of this subpart if amendments are made to the non-cleared swap or non-cleared security-based swap by method of adherence to a protocol, other amendment of a contract or confirmation, or execution of a new contract or confirmation in replacement of and immediately upon termination of an existing contract or confirmation, as follows:

(1) Amendments to the non-cleared swap or non-cleared security-based swap solely to comply with the requirements of 12 CFR part 47, 12 CFR part 252 subpart I, or 12 CFR part 382, as applicable;

(2) The non-cleared swap or non-cleared security-based swap was amended under the following conditions:

(i) The swap was originally entered into before the relevant compliance date established in paragraph (e) of this section and one party to the swap booked it at, or otherwise held it at, an entity (including a branch or other authorized form of establishment) located in the United Kingdom;

(ii) The entity in the United Kingdom subsequently arranged to amend the swap, solely for the purpose of transferring it to an affiliate, or a branch or other authorized form of establishment, located in any European Union member state or the United States, in connection with the entity's planning for or response to the event described in paragraph (h)(2)(iii) of this section, and the transferee is:

(A) A covered swap entity, or

(B) A covered swap entity's counterparty to the swap, and the counterparty represents to the covered swap entity that the counterparty performed the transfer in compliance with the requirements of paragraphs (h)(2)(i) and (ii) of this section;

(iii) The law of the European Union ceases to apply to the United Kingdom pursuant to Article 50(3) of the Treaty on European Union, without conclusion of a Withdrawal Agreement between the United Kingdom and the European Union pursuant to Article 50(2);

(iv) The amendments do not modify any of the following: The payment amount calculation methods, the maturity date, or the notional amount of the swap;

(v) The amendments cause the transfer to take effect on or after the date of the event described in paragraph (h)(2)(iii) of this section transpires; and

(vi) The amendments cause the transfer to take effect by the later of:

(A) The date that is one year after the date of the event described in paragraph (h)(2)(iii) of this section; or

(B) Such other date permitted by transitional provisions under Article 35 of Commission Delegated Regulation (E.U.) No. 2016/2251, as amended.

(3)(i) Amendments to the non-cleared swap or non-cleared security-based swap that are made solely to accommodate the replacement of:

(A) An interbank offered rate (IBOR) including, but not limited to, the London Interbank Offered Rate (LIBOR), the Tokyo Interbank Offered Rate (TIBOR), the Bank Bill Swap Rate (BBSW), the Singapore Interbank Offered Rate (SIBOR), the Canadian Dollar Offered Rate (CDOR), Euro Interbank Offered Rate (EURIBOR), and the Hong Kong Interbank Offered Rate (HIBOR);

(B) Any other interest rate that a covered swap entity reasonably expects to be replaced or discontinued or reasonably determines has lost its relevance as a reliable benchmark due to a significant impairment; or

(C) Any other interest rate that succeeds a rate referenced in paragraph (h)(3)(i)(A) or (B) of this section. An amendment made under this paragraph (h)(3)(i)(C) could be one of multiple amendments made under this paragraph (h)(3)(i)(C). For example, an amendment could replace an IBOR with a temporary interest rate and later replace the temporary interest rate with a permanent interest rate.

(ii) Amendments to accommodate replacement of an interest rate described in paragraph (h)(3)(i) of this section may also incorporate spreads or other adjustments to the replacement interest rate and make other necessary technical changes to operationalize the determination of payments or other exchanges of economic value using the replacement interest rate, including changes to determination dates, calculation agents, and payment dates. The changes may not extend the maturity or increase the total effective notional amount of the non-cleared swap or non-cleared security-based swap beyond what is necessary to accommodate the differences between market conventions for an outgoing interest rate and its replacement.

(iii) Amendments to accommodate replacement of an interest rate described in paragraph (h)(3)(i) of this section may also be effectuated through portfolio compression between or among covered swap entities and their counterparties. Portfolio compression under this paragraph is not subject to the limitations in paragraph (h)(4) of this section, but any non-cleared swap[s] or non-cleared security-based swaps resulting from the portfolio compression may not extend the maturity or increase the total effective notional amount more than what is necessary to accommodate the differences between market conventions for an outgoing interest rate and its replacement.

(4) Amendments solely to reduce risk or remain risk-neutral through portfolio compression between or among covered swap entities and their counterparties, as long as any non-cleared swaps or non-cleared security-based swaps resulting from the portfolio compression do not:

(i) Exceed the sum of the total effective notional amounts of all of the swaps that were submitted to the compression exercise that had the same or longer remaining maturity as the resulting swap; or

(ii) Exceed the longest remaining maturity of all the swaps submitted to the compression exercise.

(5) The non-cleared swap or non-cleared security-based swap was amended solely for one of the following reasons:

(i) To reflect technical changes, such as addresses, identities of parties for delivery of formal notices, and other administrative or operational provisions as long as they do not alter the non-cleared swap's or non-cleared security-based swap's underlying asset or reference, the remaining maturity, or the total effective notional amount; or

(ii) To reduce the notional amount, so long as:

(A) All payment obligations attached to the total effective notional amount being eliminated as a result of the amendment are fully terminated; or

(B) All payment obligations attached to the total effective notional amount being eliminated as a result of the amendment are fully novated to a third party, who complies with applicable margin rules for the novated portion upon the transfer.

### **§624.3 Initial margin.**

(a) *Collection of margin.* A covered swap entity shall collect initial margin with respect to any non-cleared swap or non-cleared security-based swap from a counterparty that is a financial end user with material swaps exposure or that is a swap entity in an amount that is no less than the greater of:

(1) Zero; or

(2) The initial margin collection amount for such non-cleared swap or non-cleared security-based swap *less* the initial margin threshold amount (not including any portion of the initial margin threshold amount already applied by the covered swap entity or its affiliates to other non-cleared swaps or non-cleared security-based swaps with the counterparty or its affiliates), as applicable.

(b) *Posting of margin.* A covered swap entity shall post initial margin with respect to any non-cleared swap or non-cleared security-based swap to a counterparty that is a financial end user with material swaps exposure. Such initial margin shall be in an amount at least as large as the covered swap entity would be required to collect under paragraph (a) of this section if it were in the place of the counterparty.

(c) *Timing.* A covered swap entity shall comply with the initial margin requirements described in paragraphs (a) and (b) of this section on each business day, for a period beginning on or before the business day following the day of execution and ending on the date the non-cleared swap or non-cleared security-based swap terminates or expires.

(d) *Other counterparties.* A covered swap entity is not required to collect or post initial margin with respect to any non-cleared swap or non-cleared security-based swap described in §624.1(d). For any other non-cleared swap or non-cleared security-based swap between a covered swap entity and a counterparty that is neither a financial end user with a material swaps exposure nor a swap entity, the covered swap entity shall collect initial margin at such times and in such forms and such amounts (if any), that the covered swap entity determines appropriately addresses the credit risk posed by the counterparty and the risks of such non-cleared swap or non-cleared security-based swap.

### **§624.4 Variation margin.**

(a) *General.* After the date on which a covered swap entity enters into a non-cleared swap or non-cleared security-based swap with a swap entity or financial end user, the covered swap entity shall collect variation margin equal to the variation margin amount from the counterparty to such non-cleared swap or non-cleared security-based swap when the amount is positive and post variation margin equal to the variation margin amount to the counterparty to such non-cleared swap or non-cleared security-based swap when the amount is negative.

(b) *Timing.* A covered swap entity shall comply with the variation margin requirements described in paragraph (a) of this section on each business day, for a period beginning on or before the business day following the day of execution and ending on the date the non-cleared swap or non-cleared security based swap terminates or expires.

(c) *Other counterparties.* A covered swap entity is not required to collect or post variation margin with respect to any non-cleared swap or non-cleared security-based swap described in §624.1(d). For any other non-cleared swap or non-cleared security-based swap between

a covered swap entity and a counterparty that is neither a financial end user nor a swap entity, the covered swap entity shall collect variation margin at such times and in such forms and such amounts (if any), that the covered swap entity determines appropriately addresses the credit risk posed by the counterparty and the risks of such non-cleared swap or non-cleared security-based swap.

**§624.5 Netting arrangements, minimum transfer amount and satisfaction of collecting and posting requirements.**

(a) *Netting arrangements.* (1) For purposes of calculating and complying with the initial margin requirements of §624.3 using an initial margin model as described in §624.8, or with the variation margin requirements of §624.4, a covered swap entity may net non-cleared swaps or non-cleared security-based swaps in accordance with this subsection.

(2) To the extent that one or more non-cleared swaps or non-cleared security-based swaps are executed pursuant to an eligible master netting agreement between a covered swap entity and its counterparty that is a swap entity or financial end user, a covered swap entity may calculate and comply with the applicable requirements of this part on an aggregate net basis with respect to all non-cleared swaps and non-cleared security-based swaps governed by such agreement, subject to paragraph (a)(3) of this section.

(3)(i) Except as permitted in paragraph (a)(3)(ii) of this section, if an eligible master netting agreement covers non-cleared swaps and non-cleared security-based swaps entered into on or after the applicable compliance date set forth in §624.1(e) or (g), all the non-cleared swaps and non-cleared security-based swaps covered by that agreement are subject to the requirements of this part and included in the aggregate netting portfolio for the purposes of calculating and complying with the margin requirements of this part.

(ii) An eligible master netting agreement may identify one or more separate netting portfolios that independently meet the requirements in paragraph (1) of the definition of “Eligible master netting agreement” in §624.2 and to which collection and posting of margin applies on an aggregate net basis separate from and exclusive of any other non-cleared swaps or non-cleared security-based swaps covered by the eligible master netting agreement. Any such netting portfolio that contains any non-cleared swap or non-cleared security-based swap entered into on or after the applicable compliance date set forth in §624.1(e) or (g) is subject to the requirements of this part. Any such netting portfolio that contains only non-cleared swaps or non-cleared security-based swaps entered into before the applicable compliance date is not subject to the requirements of this part.

(4) If a covered swap entity cannot conclude after sufficient legal review with a well-founded basis that the netting agreement described in this section meets the definition of eligible master netting agreement set forth in §624.2, the covered swap entity must treat the non-cleared swaps and non-cleared security based swaps covered by the agreement on a gross basis for the purposes of calculating and complying with the requirements of this part to collect margin, but the covered swap entity may net those non-cleared swaps and non-cleared security-based swaps in accordance with paragraphs (a)(1) through (3) of this section for the purposes of calculating and complying with the requirements of this part to post margin.

(b) *Minimum transfer amount.* Notwithstanding §624.3 or §624.4, a covered swap entity is not required to collect or post margin pursuant to this part with respect to a particular counterparty unless and until the combined amount of initial margin and variation margin

that is required pursuant to this part to be collected or posted and that has not yet been collected or posted with respect to the counterparty is greater than \$500,000.

(c) *Satisfaction of collecting and posting requirements.* A covered swap entity shall not be deemed to have violated its obligation to collect or post margin from or to a counterparty under §624.3, §624.4, or §624.6(e) if:

(1) The counterparty has refused or otherwise failed to provide or accept the required margin to or from the covered swap entity; and

(2) The covered swap entity has:

(i) Made the necessary efforts to collect or post the required margin, including the timely initiation and continued pursuit of formal dispute resolution mechanisms, or has otherwise demonstrated upon request to the satisfaction of the FCA that it has made appropriate efforts to collect or post the required margin; or

(ii) Commenced termination of the non-cleared swap or non-cleared security-based swap with the counterparty promptly following the applicable cure period and notification requirements.

#### **§624.6 Eligible collateral.**

(a) *Non-cleared swaps and non-cleared security-based swaps with a swap entity.* For a non-cleared swap or non-cleared security-based swap with a swap entity, a covered swap entity shall collect initial margin and variation margin required pursuant to this part solely in the form of the following types of collateral:

(1) Immediately available cash funds that are denominated in:

(i) U.S. dollars or another major currency; or

(ii) The currency of settlement for the non-cleared swap or non-cleared security-based swap;

(viii) Securities in the form of redeemable securities in a pooled investment fund representing the security-holder's proportional interest in the fund's net assets and that are issued and redeemed only on the basis of the market value of the fund's net assets prepared each business day after the security-holder makes its investment commitment or redemption request to the fund, if:

(A) The fund's investments are limited to the following:

(1) Securities that are issued by, or unconditionally guaranteed as to the timely payment of principal and interest by, the U.S. Department of the Treasury, and immediately-available cash funds denominated in U.S. dollars; or

(2) Securities denominated in a common currency and issued by, or fully guaranteed as to the payment of principal and interest by, the European Central Bank or a sovereign entity that is assigned no higher than a 20 percent risk weight under the capital rules applicable to the covered swap entity as set forth in §624.12, and immediately-available cash funds denominated in the same currency; and

(ix) Gold.

(b) *Non-cleared swaps and non-cleared security-based swaps with a financial end user.* For a non-cleared swap or non-cleared security-based swap with a financial end user, a covered

swap entity shall collect and post initial margin and variation margin required pursuant to this part solely in the form of the following types of collateral:

(1) Immediately available cash funds that are denominated in:

(i) U.S. dollars or another major currency; or

(4) A security that is issued by, or fully guaranteed as to the payment of principal and interest by, the European Central Bank or a sovereign entity that is assigned no higher than a 20 percent risk weight under the capital rules applicable to the covered swap entity as set forth in §624.12;

(5) A publicly traded debt security issued by, or an asset-backed security fully guaranteed as to the payment of principal and interest by, a U.S. Government-sponsored enterprise that is operating with capital support or another form of direct financial assistance received from the U.S. government that enables the repayments of the U.S. Government-sponsored enterprise's eligible securities;

(6) A publicly traded debt security that meets the terms of investment grade as defined in §624.2 and is issued by a U.S. Government-sponsored enterprise not operating with capital support or another form of direct financial assistance from the U.S. government, and is not an asset-backed security;

(ii) Publicly traded common equity that is included in:

(A) The Standard & Poor's Composite 1500 Index or any other similar index of liquid and readily marketable equity securities as determined by the FCA; or

(9) Securities in the form of redeemable securities in a pooled investment fund representing the security-holder's proportional interest in the fund's net assets and that are issued and redeemed only on the basis of the market value of the fund's net assets prepared each business day after the security-holder makes its investment commitment or redemption request to the fund, if:

(i) The fund's investments are limited to the following:

(A) Securities that are issued by, or unconditionally guaranteed as to the timely payment of principal and interest by, the U.S. Department of the Treasury, and immediately-available cash funds denominated in U.S. dollars; or

(B) Securities denominated in a common currency and issued by, or fully guaranteed as to the payment of principal and interest by, the European Central Bank or a sovereign entity that is assigned no higher than a 20 percent risk weight under the capital rules applicable to the covered swap entity as set forth in §624.12, and immediately-available cash funds denominated in the same currency; and

(ii) Assets of the fund may not be transferred through securities lending, securities borrowing, repurchase agreements, reverse repurchase agreements, or other means that involve the fund having rights to acquire the same or similar assets from the transferee; or

(10) Gold.

(c)(1) The value of any eligible collateral collected or posted to satisfy margin requirements pursuant to this part is subject to the sum of the following discounts, as applicable:

(i) An 8 percent discount for variation margin collateral denominated in a currency that is not the currency of settlement for the non-cleared swap or non-cleared security-based swap, except for immediately available cash funds denominated in U.S. dollars or another major currency;

(ii) An 8 percent discount for initial margin collateral denominated in a currency that is not the currency of settlement for the non-cleared swap or non-cleared security-based swap, except for eligible types of collateral denominated in a single termination currency designated as payable to the non-posting counterparty as part of the eligible master netting agreement; and

(iii) For variation and initial margin non-cash collateral, the discounts described in appendix B of this part.

(2) The value of variation margin or initial margin collateral is computed as the product of the cash or market value of the eligible collateral asset times one minus the applicable discounts pursuant to paragraph (c)(1) of this section expressed in percentage terms. The total value of all variation margin or initial margin collateral is calculated as the sum of those values for each eligible collateral asset.

(d) Notwithstanding paragraphs (a) and (b) of this section, eligible collateral for initial margin and variation margin required by this part does not include a security issued by:

(1) The party or an affiliate of the party pledging such collateral;

(2) A bank holding company, a savings and loan holding company, a U.S. intermediate holding company established or designated for purposes of compliance with 12 CFR 252.153, a foreign bank, a depository institution, a market intermediary, a company that would be any of the foregoing if it were organized under the laws of the United States or any State, or an affiliate of any of the foregoing institutions; or

(3) A nonbank financial institution supervised by the Board of Governors of the Federal Reserve System under Title I of the Dodd-Frank Wall Street Reform and Consumer Protection Act (12 U.S.C. 5323).

(e) A covered swap entity shall monitor the market value and eligibility of all collateral collected and posted to satisfy the minimum initial margin and minimum variation margin requirements of this part. To the extent that the market value of such collateral has declined, the covered swap entity shall promptly collect or post such additional eligible collateral as is necessary to maintain compliance with the margin requirements of this part. To the extent that the collateral is no longer eligible, the covered swap entity shall promptly collect or post sufficient eligible replacement collateral to comply with the margin requirements of this part.

(f) A covered swap entity may collect or post initial margin and variation margin that is required by §624.3(d) or §624.4(c) or that is not required pursuant to this part in any form of collateral.

[80 FR 74898, 74913, Nov. 30, 2015, as amended at 80 FR 74913, Nov. 30, 2015]

#### **§624.7 Segregation of collateral.**

(a) A covered swap entity that posts any collateral other than for variation margin with respect to a non-cleared swap or a non-cleared security-based swap shall require that all funds or other property other than variation margin provided by the covered swap entity be held by one or more custodians that are not the covered swap entity or counterparty and not affiliates of the covered swap entity or the counterparty.

(b) A covered swap entity that collects initial margin required by §624.3(a) with respect to a non-cleared swap or a non-cleared security-based swap shall require that such initial margin be held by one or more custodians that are not the covered swap entity or counterparty and not affiliates of the covered swap entity or the counterparty.

(c) For purposes of paragraphs (a) and (b) of this section, the custodian must act pursuant to a custody agreement that:

(1) Prohibits the custodian from rehypothecating, repledging, reusing, or otherwise transferring (through securities lending, securities borrowing, repurchase agreement, reverse repurchase agreement or other means) the collateral held by the custodian, except that cash collateral may be held in a general deposit account with the custodian if the funds in the account are used to purchase an asset described in §624.6(a)(2) or (b), such asset is held in compliance with this §624.7, and such purchase takes place within a time period reasonably necessary to consummate such purchase after the cash collateral is posted as initial margin; and

(2) Is a legal, valid, binding, and enforceable agreement under the laws of all relevant jurisdictions, including in the event of bankruptcy, insolvency, or a similar proceeding.

(d) Notwithstanding paragraph (c)(1) of this section, a custody agreement may permit the posting party to substitute or direct any reinvestment of posted collateral held by the custodian, provided that, with respect to collateral collected by a covered swap entity pursuant to §624.3(a) or posted by a covered swap entity pursuant to §624.3(b), the agreement requires the posting party to:

(1) Substitute only funds or other property that would qualify as eligible collateral under §624.6, and for which the amount net of applicable discounts described in appendix B of this part would be sufficient to meet the requirements of §624.3; and

(2) Direct reinvestment of funds only in assets that would qualify as eligible collateral under §624.6, and for which the amount net of applicable discounts described in appendix B of this part would be sufficient to meet the requirements of §624.3.

#### **§624.8 Initial margin models and standardized amounts.**

(a) *Standardized amounts.* Unless a covered swap entity's initial margin model conforms to the requirements of this section, the covered swap entity shall calculate the amount of initial margin required to be collected or posted for one or more non-cleared swaps or non-cleared security-based swaps with a given counterparty pursuant to §624.3 on a daily basis pursuant to appendix A of this part.

(b) *Use of initial margin models.* A covered swap entity may calculate the amount of initial margin required to be collected or posted for one or more non-cleared swaps or non-cleared security-based swaps with a given counterparty pursuant to §624.3 on a daily basis using an initial margin model only if the initial margin model meets the requirements of this section.

(c) *Requirements for initial margin model.* (1) A covered swap entity must obtain the prior written approval of the FCA before using any initial margin model to calculate the initial margin required in this part.

(2) A covered swap entity must demonstrate that the initial margin model satisfies all of the requirements of this section on an ongoing basis.

(3) A covered swap entity must notify the FCA in writing 60 days prior to:

(i) Extending the use of an initial margin model that the FCA has approved under this section to an additional product type;

(ii) Making any change to any initial margin model approved by the FCA under this section that would result in a material change in the covered swap entity's assessment of initial margin requirements; or

(iii) Making any material change to modeling assumptions used by the initial margin model.

(4) The FCA may rescind its approval of the use of any initial margin model, in whole or in part, or may impose additional conditions or requirements if the FCA determines, in its sole discretion, that the initial margin model no longer complies with this section.

(d) *Quantitative requirements.* (1) The covered swap entity's initial margin model must calculate an amount of initial margin that is equal to the potential future exposure of the non-cleared swap, non-cleared security-based swap or netting portfolio of non-cleared

swaps or non-cleared security-based swaps covered by an eligible master netting agreement. Potential future exposure is an estimate of the one-tailed 99 percent confidence interval for an increase in the value of the non-cleared swap, non-cleared security-based swap or netting portfolio of non-cleared swaps or non-cleared security-based swaps due to an instantaneous price shock that is equivalent to a movement in all material underlying risk factors, including prices, rates, and spreads, over a holding period equal to the shorter of ten business days or the maturity of the non-cleared swap, non-cleared security-based swap or netting portfolio.

(2) All data used to calibrate the initial margin model must be based on an equally weighted historical observation period of at least one year and not more than five years and must incorporate a period of significant financial stress for each broad asset class that is appropriate to the non-cleared swaps and non-cleared security-based swaps to which the initial margin model is applied.

(3) The covered swap entity's initial margin model must use risk factors sufficient to measure all material price risks inherent in the transactions for which initial margin is being calculated. The risk categories must include, but should not be limited to, foreign exchange or interest rate risk, credit risk, equity risk, and commodity risk, as appropriate. For material exposures in significant currencies and markets, modeling techniques must capture spread and basis risk and must incorporate a sufficient number of segments of the yield curve to capture differences in volatility and imperfect correlation of rates along the yield curve.

(4) In the case of a non-cleared cross-currency swap, the covered swap entity's initial margin model need not recognize any risks or risk factors associated with the fixed, physically-settled foreign exchange transaction associated with the exchange of principal embedded in the non-cleared cross-currency swap. The initial margin model must recognize all material risks and risk factors associated with all other payments and cash flows that occur during the life of the non-cleared cross-currency swap.

(5) The initial margin model may calculate initial margin for a non-cleared swap or non-cleared security-based swap or a netting portfolio of non-cleared swaps or non-cleared security-based swaps covered by an eligible master netting agreement. It may reflect offsetting exposures, diversification, and other hedging benefits for non-cleared swaps and non-cleared security-based swaps that are governed by the same eligible master netting agreement by incorporating empirical correlations within the following broad risk categories, provided the covered swap entity validates and demonstrates the reasonableness of its process for modeling and measuring hedging benefits: Commodity, credit, equity, and foreign exchange or interest rate. Empirical correlations under an eligible master netting agreement may be recognized by the initial margin model within each broad risk category, but not across broad risk categories.

(6) If the initial margin model does not explicitly reflect offsetting exposures, diversification, and hedging benefits between subsets of non-cleared swaps or non-cleared security-based swaps within a broad risk category, the covered swap entity must calculate an amount of initial margin separately for each subset within which such relationships are explicitly recognized by the initial margin model. The sum of the initial margin amounts calculated for each subset of non-cleared swaps and non-cleared security-based swaps within a broad risk category will be used to determine the aggregate initial margin due from the counterparty for the portfolio of non-cleared swaps and non-cleared security-based swaps within the broad risk category.

(7) The sum of the initial margin amounts calculated for each broad risk category will be used to determine the aggregate initial margin due from the counterparty.

(8) The initial margin model may not permit the calculation of any initial margin collection amount to be offset by, or otherwise take into account, any initial margin that may be owed or otherwise payable by the covered swap entity to the counterparty.

(9) The initial margin model must include all material risks arising from the nonlinear price characteristics of option positions or positions with embedded optionality and the sensitivity of the market value of the positions to changes in the volatility of the underlying rates, prices, or other material risk factors.

(10) The covered swap entity may not omit any risk factor from the calculation of its initial margin that the covered swap entity uses in its initial margin model unless it has first demonstrated to the satisfaction of the FCA that such omission is appropriate.

(11) The covered swap entity may not incorporate any proxy or approximation used to capture the risks of the covered swap entity's non-cleared swaps or non-cleared security-based swaps unless it has first demonstrated to the satisfaction of the FCA that such proxy or approximation is appropriate.

(12) The covered swap entity must have a rigorous and well-defined process for re-estimating, re-evaluating, and updating its internal margin model to ensure continued applicability and relevance.

(13) The covered swap entity must review and, as necessary, revise the data used to calibrate the initial margin model at least annually, and more frequently as market conditions warrant, to ensure that the data incorporate a period of significant financial stress appropriate to the non-cleared swaps and non-cleared security-based swaps to which the initial margin model is applied.

(14) The level of sophistication of the initial margin model must be commensurate with the complexity of the non-cleared swaps and non-cleared security-based swaps to which it is applied. In calculating an initial margin collection amount, the initial margin model may make use of any of the generally accepted approaches for modeling the risk of a single instrument or portfolio of instruments.

(15) The FCA may in its sole discretion require a covered swap entity using an initial margin model to collect a greater amount of initial margin than that determined by the covered swap entity's initial margin model if the FCA determines that the additional collateral is appropriate due to the nature, structure, or characteristics of the covered swap entity's transaction(s), or is commensurate with the risks associated with the transaction(s).

(e) *Periodic review.* A covered swap entity must periodically, but no less frequently than annually, review its initial margin model in light of developments in financial markets and modeling technologies, and enhance the initial margin model as appropriate to ensure that the initial margin model continues to meet the requirements for approval in this section.

(f) *Control, oversight, and validation mechanisms.* (1) The covered swap entity must maintain a risk control unit that reports directly to senior management and is independent from the business trading units.

(2) The covered swap entity's risk control unit must validate its initial margin model prior to implementation and on an ongoing basis. The covered swap entity's validation process must be independent of the development, implementation, and operation of the initial margin model, or the validation process must be subject to an independent review of its adequacy and effectiveness. The validation process must include:

(i) An evaluation of the conceptual soundness of (including developmental evidence supporting) the initial margin model;

(ii) An ongoing monitoring process that includes verification of processes and benchmarking by comparing the covered swap entity's initial margin model outputs (estimation of initial margin) with relevant alternative internal and external data sources or estimation techniques. The benchmark(s) must address the chosen model's limitations. When applicable, the covered swap entity should consider benchmarks that allow for non-normal distributions such as historical and Monte Carlo simulations. When applicable, validation shall include benchmarking against observable margin standards to ensure that the initial margin required is not less than what a derivatives clearing organization or a clearing agency would require for similar cleared transactions; and

(iii) An outcomes analysis process that includes backtesting the initial margin model. This analysis must recognize and compensate for the challenges inherent in back-testing over periods that do not contain significant financial stress.

(3) If the validation process reveals any material problems with the initial margin model, the covered swap entity must promptly notify the FCA of the problems, describe to the FCA any remedial actions being taken, and adjust the initial margin model to ensure an appropriately conservative amount of required initial margin is being calculated.

(4) The covered swap entity must have an internal audit function independent of business-line management and the risk control unit that at least annually assesses the effectiveness of the controls supporting the covered swap entity's initial margin model measurement systems, including the activities of the business trading units and risk control unit, compliance with policies and procedures, and calculation of the covered swap entity's initial margin requirements under this part. At least annually, the internal audit function must report its findings to the covered swap entity's board of directors or a committee thereof.

(g) *Documentation.* The covered swap entity must adequately document all material aspects of its initial margin model, including the management and valuation of the non-cleared swaps and non-cleared security-based swaps to which it applies, the control, oversight, and validation of the initial margin model, any review processes and the results of such processes.

(h) *Escalation procedures.* The covered swap entity must adequately document internal authorization procedures, including escalation procedures, that require review and approval of any change to the initial margin calculation under the initial margin model, demonstrable analysis that any basis for any such change is consistent with the requirements of this section, and independent review of such demonstrable analysis and approval.

#### **§624.9 Cross-border application of margin requirements.**

(a) *Transactions to which this rule does not apply.* The requirements of §§624.3 through 624.8 and §§624.10 through 624.12 shall not apply to any foreign non-cleared swap or foreign non-cleared security-based swap of a foreign covered swap entity.

(b) For purposes of this section, a *foreign non-cleared swap* or *foreign non-cleared security-based swap* is any non-cleared swap or non-cleared security-based swap with respect to which neither the counterparty to the foreign covered swap entity nor any party that provides a guarantee of either party's obligations under the non-cleared swap or non-cleared security-based swap is:

(1) An entity organized under the laws of the United States or any State (including a U.S. branch, agency, or subsidiary of a foreign bank) or a natural person who is a resident of the United States;

(2) A branch or office of an entity organized under the laws of the United States or any State; or

(3) A swap entity that is a subsidiary of an entity that is organized under the laws of the United States or any State.

(c) For purposes of this section, a *foreign covered swap entity* is any covered swap entity that is not:

(1) An entity organized under the laws of the United States or any State, including a U.S. branch, agency, or subsidiary of a foreign bank;

(2) A branch or office of an entity organized under the laws of the United States or any State; or

(3) An entity that is a subsidiary of an entity that is organized under the laws of the United States or any State.

(d) *Transactions for which substituted compliance determination may apply—*

(1) *Determinations and reliance.* For non-cleared swaps and non-cleared security-based swaps entered into by covered swap entities described in paragraph (d)(3) of this section, a covered swap entity may satisfy the provisions of this part by complying with the foreign regulatory framework for non-cleared swaps and non-cleared security-based swaps that the prudential regulators jointly, conditionally or unconditionally, determine by public order satisfy the corresponding requirements of §§624.3 through 624.8 and §§624.10 through 624.12.

(2) *Standard.* In determining whether to make a determination under paragraph (d)(1) of this section, the prudential regulators will consider whether the requirements of such foreign regulatory framework for non-cleared swaps and non-cleared security-based swaps applicable to such covered swap entities are comparable to the otherwise applicable requirements of this part and appropriate for the safe and sound operation of the covered swap entity, taking into account the risks associated with non-cleared swaps and non-cleared security-based swaps.

(3) *Covered swap entities eligible for substituted compliance.* A covered swap entity may rely on a determination under paragraph (d)(1) of this section only if:

(i) The covered swap entity's obligations under the non-cleared swap or non-cleared security-based swap do not have a guarantee from:

(A) An entity organized under the laws of the United States or any State (other than a U.S. branch or agency of a foreign bank) or a natural person who is a resident of the United States; or

(B) A branch or office of an entity organized under the laws of the United States or any State; and

(ii) The covered swap entity is:

(A) A foreign covered swap entity;

(B) A U.S. branch or agency of a foreign bank; or

(C) An entity that is not organized under the laws of the United States or any State and is a subsidiary of a depository institution, Edge corporation, or agreement corporation.

(4) *Compliance with foreign margin collection requirement.* A covered swap entity satisfies its requirement to post initial margin under §624.3(b) by posting to its counterparty initial margin in the form and amount, and at such times, that its counterparty is required to collect pursuant to a foreign regulatory framework, provided that the counterparty is subject to the foreign regulatory framework and the prudential regulators have made a determination under paragraph (d)(1) of this section, unless otherwise stated in that determination, and the counterparty's obligations under the non-cleared swap or non-cleared security-based swap do not have a guarantee from:

(i) An entity organized under the laws of the United States or any State (including a U.S. branch, agency, or subsidiary of a foreign bank) or a natural person who is a resident of the United States; or

(ii) A branch or office of an entity organized under the laws of the United States or any State.

(e) *Requests for determinations.* (1) A covered swap entity described in paragraph (d)(3) of this section may request that the prudential regulators make a determination pursuant to this section. A request for a determination must include a description of:

(i) The scope and objectives of the foreign regulatory framework for non-cleared swaps and non-cleared security-based swaps;

(ii) The specific provisions of the foreign regulatory framework for non-cleared swaps and non-cleared security-based swaps that govern:

(A) The scope of transactions covered;

(B) The determination of the amount of initial margin and variation margin required and how that amount is calculated;

(C) The timing of margin requirements;

(D) Any documentation requirements;

(E) The forms of eligible collateral;

(F) Any segregation and rehypothecation requirements; and

(G) The approval process and standards for models used in calculating initial margin and variation margin;

(iii) The supervisory compliance program and enforcement authority exercised by a foreign financial regulatory authority or authorities in such system to support its oversight of the application of the non-cleared swap or non-cleared security-based swap regulatory framework and how that framework applies to the non-cleared swaps or non-cleared security-based swaps of the covered swap entity; and

(iv) Any other descriptions and documentation that the prudential regulators determine are appropriate.

(2) A covered swap entity described in paragraph (d)(3) of this section may make a request under this section only if the non-cleared swap or non-cleared security-based swap activities of the covered swap entity are directly supervised by the authorities administering the foreign regulatory framework for non-cleared swaps and non-cleared security-based swaps.

(f) *Segregation unavailable.* Sections 624.3(b) and 624.7 do not apply to a non-cleared swap or non-cleared security-based swap entered into by:

(1) A foreign branch of a covered swap entity that is a depository institution; or

(2) A covered swap entity that is not organized under the laws of the United States or any State and is a subsidiary of a depository institution, Edge corporation, or agreement corporation, if:

(i) Inherent limitations in the legal or operational infrastructure in the foreign jurisdiction make it impracticable for the covered swap entity and the counterparty to post any form of eligible initial margin collateral recognized pursuant to §624.6(b) in compliance with the segregation requirements of §624.7;

(ii) The covered swap entity is subject to foreign regulatory restrictions that require the covered swap entity to transact in the non-cleared swap or non-cleared security-based swap with the counterparty through an establishment within the foreign jurisdiction and do not accommodate the posting of collateral for the non-cleared swap or non-cleared security-based swap outside the jurisdiction;

(iii) The counterparty to the non-cleared swap or non-cleared security-based swap is not, and the counterparty's obligations under the non-cleared swap or non-cleared security-based swap do not have a guarantee from:

(A) An entity organized under the laws of the United States or any State (including a U.S. branch, agency, or subsidiary of a foreign bank) or a natural person who is a resident of the United States; or

(B) A branch or office of an entity organized under the laws of the United States or any State;

(iv) The covered swap entity collects initial margin for the non-cleared swap or non-cleared security-based swap in accordance with §624.3(a) in the form of cash pursuant to

§624.6(b)(1), and posts and collects variation margin in accordance with §624.4(a) in the form of cash pursuant to §624.6(b)(1); and

(v) The FCA provides the covered swap entity with prior written approval for the covered swap entity's reliance on this paragraph (f) for the foreign jurisdiction.

(g) *Guarantee* means an arrangement pursuant to which one party to a non-cleared swap or non-cleared security-based swap has rights of recourse against a third-party guarantor, with respect to its counterparty's obligations under the non-cleared swap or non-cleared security-based swap. For these purposes, a party to a non-cleared swap or non-cleared security-based swap has rights of recourse against a guarantor if the party has a conditional or unconditional legally enforceable right to receive or otherwise collect, in whole or in part, payments from the guarantor with respect to its counterparty's obligations under the non-cleared swap or non-cleared security-based swap. In addition, any arrangement pursuant to which the guarantor has a conditional or unconditional legally enforceable right to receive or otherwise collect, in whole or in part, payments from any other third party guarantor with respect to the counterparty's obligations under the non-cleared swap or non-cleared security-based swap, such arrangement will be deemed a guarantee of the counterparty's obligations under the non-cleared swap or non-cleared security-based swap by the other guarantor.

(h)(1) A covered swap entity described in paragraphs (d)(3)(i) and (ii) of this section is not subject to the requirements of §624.3(a) or §624.11(a) for any non-cleared swap or non-cleared security-based swap executed with an affiliate of the covered swap entity; and

(2) For purposes of paragraph (h)(1) of this section, "affiliate" has the same meaning provided in §624.11(d).

#### **§624.10 Documentation of margin matters.**

A covered swap entity shall execute trading documentation with each counterparty that is either a swap entity or financial end user regarding credit support arrangements that:

(a) Provides the covered swap entity and its counterparty with the contractual right to collect and post initial margin and variation margin in such amounts, in such form, and under such circumstances as are required by this subpart, and at such time as initial margin or variation margin is required to be collected or posted under §624.3 or §624.4, as applicable; and

(b) Specifies:

(1) The methods, procedures, rules, and inputs for determining the value of each non-cleared swap or non-cleared security-based swap for purposes of calculating variation margin requirements; and

(2) The procedures by which any disputes concerning the valuation of non-cleared swaps or non-cleared security-based swaps, or the valuation of assets collected or posted as initial margin or variation margin, may be resolved; and

(c) Describes the methods, procedures, rules, and inputs used to calculate initial margin for non-cleared swaps and non-cleared security based swaps entered into between the covered swap entity and the counterparty.

**§624.11 Special rules for affiliates.**

(a)(1) A covered swap entity shall calculate on each business day an initial margin collection amount for each counterparty that is a swap entity or financial end user with a material swaps exposure and an affiliate of the covered swap entity.

(2) If the aggregate of all initial margin collection amounts calculated under paragraph (a)(1) of this section does not exceed 15 percent of the covered swap entity's tier 1 capital, the requirements for a covered swap entity to collect initial margin under §624.3(a) do not apply with respect to any non-cleared swap or non-cleared security-based swap with a counterparty that is an affiliate.

(3) On each business day that the aggregate of all initial margin collection amounts calculated under paragraph (a)(1) of this section exceeds 15 percent of the covered swap entity's tier 1 capital:

(i) The covered swap entity shall collect initial margin under §624.3(a) for each additional non-cleared swap and non-cleared security-based swap executed that business day with a counterparty that is a swap entity or financial end user with a material swaps exposure and an affiliate of the covered swap entity, commencing on the day after execution and continuing on a daily basis as required under §624.3(c), until the earlier of;

(A) The termination date of such non-cleared swap or non-cleared security-based swap, or

(B) The business day on which the aggregate of all initial margin collection amounts calculated under paragraph (a)(1) of this section falls below 15 percent of the covered swap entity's tier 1 capital;

(ii) Notwithstanding §624.7(b), to the extent the covered swap entity collects initial margin pursuant to paragraph (a)(3)(i) of this section in the form of collateral other than cash collateral, the custodian for such collateral may be the covered swap entity or an affiliate of the covered swap entity; and

(4) For purposes of this paragraph (a), "tier 1 capital" means:

(i) For Farm Credit System banks and associations, the sum of common equity tier 1 capital as defined in 12 CFR 628.20(b) and additional tier 1 capital as defined in 12 CFR 628.20(c), and as reported in the institution's most recent Uniform Reports of Financial Condition and Performance (Call Report); or

(ii) For the Federal Agricultural Mortgage Corporation, as defined and required in 12 CFR 652.61, and as reported in the institution's most recent Call Report.

(5) If any subsidiary of the covered swap entity (including a subsidiary described in §624.9(h)) executes any non-cleared swap or non-cleared security-based swap with any counterparty that is a swap entity or financial end user with a material swaps exposure and an affiliate of the covered swap entity:

(i) The covered swap entity shall treat such non-cleared swap or security-based swap as its own for purposes of this paragraph (a); and

(ii) If the subsidiary is itself a covered swap entity, the compliance by its parent covered swap entity with this paragraph (a)(5) shall be deemed to establish the subsidiary's compliance with the requirements of §624.11(a) and to exempt the subsidiary from the requirements for a covered swap entity to collect initial margin under §624.3(a) from an affiliate.

(b) The requirement for a covered swap entity to post initial margin under §624.3(b) does not apply with respect to any non-cleared swap or non-cleared security-based swap with a counterparty that is an affiliate.

(c) Section 624.3(d) shall apply to a counterparty that is an affiliate in the same manner as it applies to any counterparty that is neither a financial end user without a material swap exposure nor a swap entity.

(d) For purposes of this section:

(1) An *affiliate* means:

(i) An affiliate as defined in §624.2; or

(ii) Any company that controls, is controlled by, or is under common control with the covered swap entity through the direct or indirect exercise of controlling influence over the management or policies of the controlled company.

(2) A *subsidiary* means:

(i) A subsidiary as defined in §624.2; or

(ii) Any company that is controlled by the covered swap entity through the direct or indirect exercise of controlling influence over the management or policies of the controlled company.

#### **§624.12 Capital.**

A covered swap entity shall comply with:

(a) In the case of the Federal Agricultural Mortgage Corporation, the capital adequacy regulations set forth in part 652 of this chapter; and

(b) In the case of any Farm Credit System institution other than the Federal Agricultural Mortgage Corporation, the capital regulations set forth in parts 615 and 628 of this chapter.

<sup>1</sup> The initial margin amount applicable to multiple non-cleared swaps or non-cleared security-based swaps subject to an eligible master netting agreement that is calculated according to Appendix A will be computed as follows:

$$\text{Initial Margin} = 0.4 \times \text{Gross Initial Margin} + 0.6 \times \text{NGR} \times \text{Gross Initial Margin}$$

where;

Gross Initial Margin = the sum of the product of each non-cleared swap's or non-cleared security-based swap's effective notional amount and the gross initial margin requirement for all non-cleared swaps and non-cleared security-based swaps subject to the eligible master netting agreement;

and

NGR = the net-to-gross ratio (that is, the ratio of the net current replacement cost to the gross current replacement cost). In calculating NGR, the gross current replacement cost equals the sum of the replacement cost for each non-cleared swap and non-cleared security-based swap subject to the eligible master netting agreement for which the cost is positive. The net current replacement cost equals the total replacement cost for all non-cleared swaps and non-cleared security-based swaps subject to the eligible master netting agreement. In cases where the gross replacement cost is zero, the NGR should be set to 1.0.

<sup>1</sup> The discount to be applied to an eligible investment fund is the weighted average discount on all assets within the eligible investment fund at the end of the prior month. The weights to be applied in the weighted average should be calculated as a fraction of the fund's total

market value that is invested in each asset with a given discount amount. As an example, an eligible investment fund that is comprised solely of \$100 of 91 day Treasury bills and \$100 of 3 year US Treasury bonds would receive a discount of  $(100/200)*0.5+(100/200)*2.0=(0.5)*0.5+(0.5)*2.0=1.25$  percent.

## **PART 625—APPLICATION FOR AWARD OF FEES AND OTHER EXPENSES UNDER THE EQUAL ACCESS TO JUSTICE ACT**

### **Subpart A—General Provisions**

#### **§625.1 Purpose.**

These rules implement the Equal Access to Justice Act, 5 U.S.C. 504 (EAJA). The EAJA provides for the award of attorney fees and other expenses to eligible individuals and entities who are parties to certain administrative proceedings (designated by the EAJA as “adversary adjudications”) before Federal agencies. An eligible party may receive an award when it prevails over an agency, unless the agency's position was substantially justified or special circumstances make an award unjust. The rules in this part explain how the EAJA applies to Farm Credit Administration (FCA) proceedings. The rules describe the parties eligible for awards, how such parties may apply for awards, and the procedures and standards that govern FCA consideration of applications.

#### **§625.2 Proceedings covered.**

(a) The EAJA applies to adversary adjudications conducted by the FCA either on its own behalf or in connection with any other agency of the United States that participates in or in any way is a part of the adversary adjudication. Adversary adjudications are:

(1) Adjudications under 5 U.S.C. 554 in which the position of the FCA or other agency is presented by an attorney or other representative who enters an appearance and participates in the proceeding; and

(2) Enforcement proceedings under 12 U.S.C. 2261-2273.

(b) The failure of the FCA to identify a type of proceeding as an adversary adjudication shall not preclude the filing of an application by a party who believes that the proceeding is covered by the EAJA; whether the proceeding is covered shall then be an issue for resolution in proceedings on the application.

(c) If a proceeding includes both matters covered and excluded from coverage by the EAJA, any award made will include only fees and expenses related to covered issues.

(d) Proceedings under this part may be conducted by the FCA Board (Board) or by the presiding officer (referred to as the “adjudicative officer” in the EAJA), as defined in §622.2(f) of this chapter. If the Board conducts proceedings, reference to the “presiding officer” in this part shall mean the Board, in applicable context. Where the Board presides, the recommended decision under §625.26 of this part will be omitted and the Board will make a final decision on the application in accordance with §625.27 of this part.

(e) If a court reviews the underlying decision of the adversary adjudication, an award for fees and other expenses may be made only pursuant to 28 U.S.C. 2412(d)(3).

### **§625.3 Eligibility of applicants.**

(a) To be eligible for an award under the EAJA, an applicant must be a prevailing party named or admitted to the adversary adjudication for which an award is sought. The applicant must show that it meets all conditions of eligibility set out in this subpart and in subpart B of this part.

(b) The types of eligible applicants are as follows:

(1) An individual with a net worth of \$2 million or less;

(2) The sole owner of an unincorporated business who has both a net worth of \$7 million or less (including personal and business interests), and 500 or fewer employees;

(3) A charitable or other tax-exempt organization described in section 501(c)(3) of the Internal Revenue Code (26 U.S.C. 501(c)(3)) with 500 or fewer employees;

(4) A cooperative association as defined in section 15(a) of the Agricultural Marketing Act (12 U.S.C. 1141j(a)) with 500 or fewer employees; and

(5) Any other partnership, corporation, association, unit of local government, or organization with a net worth of \$7 million or less and 500 or fewer employees.

(c) For eligibility purposes, the net worth and number of employees of an applicant shall be determined as of the date the adversary adjudication was initiated.

(d) An applicant who owns an unincorporated business will be considered as an "individual" rather than a "sole owner of an unincorporated business" if the issues on which the applicant prevails are related primarily to personal interests rather than to business interests.

(e) The employees of an applicant include all persons who regularly perform services for remuneration for that applicant, under the applicant's direction and control. Part-time employees shall be included on a proportional basis.

(f) The net worth and number of employees of the applicant and all of its affiliates shall be aggregated to determine eligibility unless the presiding officer determines that aggregation would be unjust and contrary to the purposes of the EAJA in light of the actual relationship between the affiliated entities.

(1) For purposes of this part, an affiliate is:

(i) Any individual, corporation, or other entity that directly or indirectly controls or owns a majority of the voting shares or other interests of the applicant; or

(ii) Any corporation or other entity of which the applicant directly or indirectly owns or controls a majority of the voting shares or other interests.

(2) The presiding officer may determine that financial relationships of the applicant other than those described in paragraph (f)(1) of this section constitute special circumstances that would make an award unjust.

(g) An applicant that participates in an adversary adjudication primarily on behalf of one or more other persons or entities that would be ineligible is not itself eligible for an award.

#### **§625.4 Standards for awards.**

(a) If an eligible applicant prevails over the FCA in an adversary adjudication, or in a significant and discrete substantive portion thereof, the applicant may receive an award for fees and expenses incurred in the adjudication, or portion thereof, unless the position of the FCA over which the applicant prevailed was substantially justified.

(b) The position of the FCA includes:

(1) The position taken by the FCA in the adversary adjudication; and

(2) The action or inaction of the FCA upon which the adversary adjudication is based.

(c) Except as provided in paragraph (d) of this section, the FCA must prove that its position was substantially justified before an award may be denied to an otherwise eligible applicant.

(d) An award will be reduced or denied if the applicant has unduly or unreasonably protracted the adversary adjudication or if special circumstances make the award sought unjust.

#### **§625.5 Allowable fees and expenses.**

(a) Awards will be based on rates customarily charged by persons engaged in the business of acting as attorneys, agents, and expert witnesses, even if the services were made available without charge or at a reduced rate to the applicant.

(b) No award for the fee of an attorney or agent under these rules may exceed \$75 per hour. No award to compensate an expert witness may exceed the highest rate at which the FCA pays expert witnesses. However, an award also may include the reasonable expenses of the attorney, agent, or expert witness as a separate item, if the attorney, agent, or expert witness ordinarily charges clients separately for such expenses.

(c) In determining the reasonableness of the fee sought for an attorney, agent, or expert witness, the presiding officer shall consider the following:

(1) If the attorney, agent, or expert witness is in private practice, his or her customary fees for similar services, or, if an employee of the applicant, the fully allocated costs of the services;

(2) The prevailing rate for similar services in the community in which the attorney, agent, or expert witness ordinarily performs services;

(3) The time actually spent in the representation of the applicant;

(4) The time reasonably spent in light of the difficulty or complexity of the issues in the adversary adjudication; and

(5) Such other factors as may bear on the value of the services provided.

(d) The reasonable cost of any study, analysis, audit, engineering report, test, project, or similar matter prepared on behalf of a party may be awarded, to the extent that the charge for the service does not exceed the prevailing rate for similar services, and the study or other matter was necessary for the preparation of the applicant's case.

#### **§625.6 Rulemaking on maximum rates for attorney fees.**

(a) If warranted by an increase in the cost of living or by special circumstances (such as limited availability of attorneys qualified to handle certain types of proceedings), the FCA may adopt regulations providing that attorney fees may be awarded at a rate higher than \$75 per hour in some or all of the types of proceedings covered by this part. The FCA will conduct any rulemaking proceedings for this purpose under the informal rulemaking procedures of the Administrative Procedure Act.

(b) Any person may file with the FCA a petition for rulemaking to increase the maximum rate for attorney fees. The petition should identify the rate the petitioner believes the FCA should establish and the types of proceedings in which the rate should be used. It should also explain fully the reasons why the higher rate is warranted. The FCA will respond to the petition within 90 days after it is filed, by initiating a rulemaking proceeding, denying the petition, or taking other appropriate action.

#### **§625.7 Awards against other agencies.**

If an applicant is entitled to an award because it prevails over another agency of the United States that participates in or in any way is a part of an adversary adjudication before the FCA and that agency's position is not substantially justified, the award or an appropriate portion of the award shall be made against that agency.

## **Subpart B—Applicant Information Required**

#### **§625.10 Contents of application.**

(a) An application for an award of fees and other expenses under the EAJA shall identify the applicant and the adversary adjudication for which an award is sought. The application shall show that the applicant has prevailed in the adversary adjudication. If the application is made on the basis of significant and discrete substantive issues on which the applicant prevailed, the issues must be specifically identified. The application also shall identify each position of the FCA or other agencies that the applicant alleges was not substantially justified. Unless the applicant is an individual, the application shall describe briefly the type and purpose of its organization or business and state the number of persons employed.

(b) The application shall include a statement that the applicant's net worth does not exceed \$2 million (if an individual) or \$7 million (for all other applicants, including their affiliates). However, an applicant may omit this statement if:

(1) It states that it has 500 employees or fewer and attaches a copy of a ruling by the Internal Revenue Service that it qualifies as an organization described in section 501(c)(3) of the Internal Revenue Code (26 U.S.C. 501(c)(3)) or, in the case of a tax-exempt organization not required to obtain a ruling from the Internal Revenue Service on its exempt status, a statement that describes the basis for the applicant's belief that it qualifies under such section; or

(2) It states that it is a cooperative association as defined in section 15(a) of the Agricultural Marketing Act (12 U.S.C. 1141j(a)) with 500 or fewer employees.

(c) The application shall state the total amount of fees and other expenses for which an award is sought.

(d) The application may include any other relevant matters that the applicant wishes the FCA to consider in determining whether and in what amount an award should be made.

(e) The application shall be signed by the applicant or an authorized officer or attorney of the applicant. The application must contain a written verification under oath or under penalty of perjury that the information provided in the application and any supporting documents is accurate.

#### **§625.11 Net worth exhibit.**

(a) Each applicant, except a qualified tax-exempt organization or cooperative association, must provide with its application a detailed exhibit showing the net worth of the applicant and any affiliates (as defined in §625.3(f)(1) of this part) as of the date when the adversary adjudication was initiated. The exhibit may be in any convenient form that provides full disclosure of the assets and liabilities of the applicant and its affiliates and is otherwise sufficient to demonstrate that the applicant qualifies under the standards in this part. The presiding officer may require an applicant to file additional information supporting its eligibility for an award.

(b) An applicant that objects to public disclosure of information in any portion of the net worth exhibit and believes there are legal grounds for withholding it from disclosure may submit that portion of the exhibit directly to the presiding officer in a sealed envelope labeled "Confidential Financial Information," accompanied by a motion under §622.11 of this chapter to withhold the information from public disclosure. The motion shall describe the information sought to be withheld and explain, in detail, why it falls within one or more of the specific exemptions from mandatory disclosure under the Freedom of Information Act, 5 U.S.C. 552(b) (1)-(9), why public disclosure of the information would adversely affect the applicant, and why disclosure is not required in the public interest. The material in question shall be served on counsel representing the FCA, but need not be served on any other party to the application proceeding. If the presiding officer, or the FCA Board pursuant to §622.11(e) of this chapter, finds that the information should not be withheld from disclosure, it shall be placed in the public record of the application proceeding. Otherwise, any request to inspect or copy the exhibit shall be treated in accordance with the FCA's procedures regarding release of information (12 CFR part 602).

#### **§625.12 Documentation of fees and expenses.**

The application shall be accompanied by full documentation of the fees and expenses, including the cost of any study, analysis, audit, engineering report, test, project, or similar matter, for which an award is sought. A separate itemized statement shall be submitted for each professional firm or individual whose services are covered by the application, showing the hours spent in connection with the proceeding by each individual, a description of the specific services performed, the rates at which each fee has been computed, any expenses for which reimbursement is sought, and the total amount paid or payable by the applicant or by any other person or entity for the services provided. Under §625.25 of this part, the presiding officer may require the applicant to provide vouchers, receipts, logs, or other substantiation for any fees or expenses claimed.

### **§625.13 When an application may be filed.**

(a) An application may be filed whenever the applicant has prevailed in the adversary adjudication, or in a significant and discrete substantive portion thereof, but in no case later than 30 days after the FCA's final disposition of the adversary adjudication.

(b) For purposes of this rule, final disposition means the date on which a decision or order disposing of the merits of the adversary adjudication is issued or any other complete resolution of the adversary adjudication, such as a settlement or voluntary dismissal, becomes final and is unreviewable by the FCA, any other administrative body, or the courts.

(c) If review, reconsideration, or appeal is sought or taken of an adversary adjudication decision as to which an applicant believes it has prevailed, application proceedings for any award of fees and other expenses shall be stayed pending final disposition of the underlying controversy.

## **Subpart C—Procedures for Considering Applications**

### **§625.20 Settlement.**

A prevailing party and the FCA through its counsel may agree on a proposed settlement of an award at any time, either in connection with a settlement of the underlying adversary adjudication or after the underlying adversary adjudication has been concluded. If a prevailing party and the FCA counsel agree on a proposed settlement of an award, the proposed settlement must be submitted to the presiding officer for a recommended decision pursuant to §625.26 of this part. If it has not been previously filed, the application must be submitted to the presiding officer along with the proposed settlement.

### **§625.21 Filing and service of documents.**

Any application for an award or other pleading or document related to an application shall be filed and served on all parties to the adversary adjudication in the same manner as other pleadings in the adversary adjudication (see §§622.18 and 622.19 of this chapter), except as provided in §625.11(b) of this part for confidential financial information.

### **§625.22 Answer to application.**

(a) Within 30 days after service, counsel for the FCA may file an answer to the application. Unless the FCA counsel requests an extension of time for filing or a statement of intent to negotiate under paragraph (c) of this section is filed, the presiding officer, upon a satisfactory showing of entitlement by the applicant, may make an award for the applicant's fees and other expenses under the EAJA.

(b) The answer shall set forth any objections to the requested award and identify the facts relied on in support of the FCA's position. If the answer is based on any alleged facts not already in the record of the adversary adjudication, the FCA counsel shall include with the answer either supporting affidavits or a request for further proceedings under §625.25 of this part.

(c) If the FCA counsel and the applicant believe that the issues in the fee application can be settled, they may jointly file a statement of their intent to negotiate a settlement. The filing of this statement shall extend the time for filing an answer for an additional 30 days, and

further extensions may be granted by the presiding officer upon request by the FCA counsel and the applicant.

#### **§625.23 Reply.**

Within 15 days after service of an answer, the applicant may file a reply. If the reply is based on any alleged facts not already in the record of the adversary adjudication, the applicant shall include with the reply either supporting affidavits or a request for further proceedings under §625.25 of this part.

#### **§625.24 Comments by other parties.**

Any party to a proceeding other than the applicant and FCA counsel may file comments on an application within 30 days after it is served or on an answer within 15 days after it is served. A commenting party may not participate further in proceedings on the application unless the presiding officer determines that the public interest requires such participation in order to permit full exploration of matters raised in the comments.

#### **§625.25 Further proceedings.**

(a) The determination of an award shall be made on the basis of the written record unless the presiding officer finds that further proceedings are necessary for full and fair resolution of the issues arising from the application. Such further proceedings may be at the request of either the applicant or the FCA counsel, or on the presiding officer's own initiative, and shall be conducted as promptly as possible. Further proceedings may include an informal conference, oral argument, additional written submissions, or other actions required by the presiding officer, but may not include discovery or an evidentiary hearing with respect to the issue of whether the agency's position was substantially justified.

(b) Whether or not the position of the agency was substantially justified shall be determined on the basis of the administrative record, as a whole, which is made in the adversary adjudication for which fees and other expenses are sought.

(c) A request that the presiding officer order further proceedings under this section shall specifically identify the information sought or the disputed issues and shall explain why the additional proceedings are necessary to resolve the issues.

#### **§625.26 Recommended decision.**

The presiding officer shall file a recommended decision within 30 days after completion of proceedings on the application, and, promptly upon filing, shall serve a copy of the recommended decision upon each party to the proceedings. The decision shall include written findings and conclusions on the applicant's eligibility, status as a prevailing party, the recommended amount of the award, if any, and an explanation of the reasons for any difference between the amount requested and the amount awarded. The decision shall also include, if at issue, findings on whether the FCA's position was substantially justified, whether the applicant unduly protracted the adversary adjudication, or whether special circumstances make an award unjust. If the applicant has sought an award against more than one agency, the decision shall allocate responsibility for payment of any award made among the agencies, and shall explain the reasons for the allocation made.

### **§625.27 Board decision.**

Following filing of the recommended decision with the Board, the Board shall render a final decision on the application. The Board maintains full discretion to uphold, reverse, remand, or alter the recommended decision. The Board may order further proceedings (including those set forth in §§622.11 and 622.13 through 622.16 of this chapter) upon request by any party to the application proceeding or on its own initiative, but such proceedings may not include discovery or an evidentiary hearing with respect to the issue of whether the agency's position was substantially justified.

### **§625.28 Judicial review.**

Judicial review of final FCA decisions on awards may be sought as provided in 5 U.S.C. 504(c)(2).

### **§625.29 Payment of award.**

(a) An applicant seeking payment of an award shall submit to the Secretary to the Board a copy of the final decision granting the award, accompanied by a certification that the applicant will not seek judicial review of the decision. The required submission and certification should be sent to: Secretary to the Board, Farm Credit Administration, 1501 Farm Credit Drive, McLean, Virginia 22102-5090.

(b) The FCA will pay the amount awarded to the applicant within 60 days of receipt of the applicant's submission and certification.

Source: 63 FR 5725, Feb. 4, 1998, unless otherwise noted.

#### **§627.2795 Voluntary liquidation.**

(a) A Farm Credit institution may voluntarily liquidate by a resolution of its board of directors, but only with the consent of, and in accordance with a plan of liquidation approved by, the Farm Credit Administration Board. Upon adoption of such resolution to liquidate, the Farm Credit institution shall submit the proposed voluntary liquidation plan to the Farm Credit Administration for preliminary approval. The Farm Credit Administration Board, in its discretion, may appoint a receiver as part of an approved liquidation plan. If a receiver is appointed for the Farm Credit institution as part of a voluntary liquidation, the receivership shall be conducted pursuant to subpart B of this part, except to the extent that an approved plan of liquidation provides otherwise.

(c) The resolution to liquidate and the liquidation plan shall be approved by the stockholders if agreed to by at least a majority of the voting stockholders of the institution voting, in person or by written proxy, at a duly authorized stockholders' meeting.

(d) The Farm Credit Administration Board will consider final approval of the liquidation plan after an affirmative stockholder vote on the resolution to liquidate.

(e) Any subsequent amendments, modifications, revisions, or adjustments to the liquidation plan shall require Farm Credit Administration Board approval.

(f) The Farm Credit Administration Board, in its discretion, reserves the right to terminate or modify the liquidation plan at any time.

### **§627.2797 Preservation of equity.**

(a) Immediately upon the adoption of a resolution by its board of directors to voluntarily liquidate a Farm Credit institution, the capital stock, participation certificates, equity reserves, and allocated equities of the Farm Credit institution shall not be issued, allocated, retired, sold, distributed, transferred, assigned, or applied against any indebtedness of the owners of such equities. Such activities could resume if the stockholders of the Farm Credit institution disapprove the resolution to liquidate or the Farm Credit Administration Board disapproves the liquidation plan. In the event the resolution to liquidate is approved by the stockholders of the Farm Credit institution and the liquidation plan is approved by the Farm Credit Administration Board, the liquidation plan shall govern disposition of the equities of the Farm Credit institution, except that if the Farm Credit institution is placed in receivership, the provisions of §627.2730(a) shall govern further disposition of the equities of the Farm Credit institution.

(b) Notwithstanding paragraph (a) of this section, eligible borrower stock shall be retired in accordance with section 4.9A of the Act.

## **PART 628—CAPITAL ADEQUACY OF SYSTEM INSTITUTIONS**

### **Subpart A—General Provisions**

#### **§628.1 Purpose, applicability, and reservations of authority.**

(a) *Purpose.* This part establishes minimum capital requirements and overall capital adequacy standards for System institutions. This part includes methodologies for calculating minimum capital requirements, public disclosure requirements related to the capital requirements, and transition provisions for the application of this part.

(b) *Limitation of authority.* Nothing in this part limits the authority of FCA to take action under other provisions of law, including action to address unsafe or unsound practices or conditions, deficient capital levels, or violations of law or regulation under part C of title V of the Farm Credit Act.

(c) *Applicability.* Subject to the requirements in paragraph (d) of this section:

(1) *Minimum capital requirements and overall capital adequacy standards.* Each System institution must calculate its minimum capital requirements and meet the overall capital adequacy standards in subpart B of this part.

(2) *Regulatory capital.* Each System institution must calculate its regulatory capital in accordance with subpart C of this part.

(3) *Risk-weighted assets.* (i) Each System institution must use the methodologies in subpart D of this part to calculate total risk-weighted assets.

(ii) [Reserved]

(4) *Disclosures.* (i) All System banks must make the public disclosures described in subpart D of this part.

(ii)-(iii) [Reserved]

(d) *Reservation of authority—(1) Additional capital in the aggregate.* FCA may require a System institution to hold an amount of regulatory capital greater than otherwise required under this part if FCA determines that the System institution's capital requirements under this part are not commensurate with the System institution's credit, market, operational, or other risks according to part 615, subparts L and M, of this chapter.

(2) *Regulatory capital elements.* (i) If FCA determines that a particular common equity tier 1 (CET1), additional tier 1 (AT1), or tier 2 capital element has characteristics or terms that diminish its permanence or its ability to absorb losses, or otherwise present safety and soundness concerns, FCA may require the System institution to exclude all or a portion of such element from CET1 capital, AT1 capital, or tier 2 capital, as appropriate.

(ii) Notwithstanding the criteria for regulatory capital instruments set forth in subpart C of this part, FCA may find that a capital element may be included in a System institution's CET1 capital, AT1 capital, or tier 2 capital on a permanent or temporary basis consistent with the loss absorption capacity of the element and in accordance with §628.20(e).

(3) *Risk-weighted asset amounts.* If FCA determines that the risk-weighted asset amount calculated under this part by the System institution for one or more exposures is not commensurate with the risks associated with those exposures, FCA may require the System institution to assign a different risk-weighted asset amount to the exposure(s) or to deduct the amount of the exposure(s) from its regulatory capital.

(4) *Total leverage.* If FCA determines that the leverage exposure amount, or the amount reflected in the System institution's reported average total consolidated assets, for a balance sheet exposure calculated by a System institution under §628.10 is inappropriate for the exposure(s) or the circumstances of the System institution, FCA may require the System institution to adjust this exposure amount in the numerator and the denominator for purposes of the leverage ratio calculations.

(5) [Reserved]

(6) *Other reservation of authority.* With respect to any deduction or limitation required under this part, FCA may require a different deduction or limitation, provided that such alternative deduction or limitation is commensurate with the System institution's risk and consistent with safety and soundness.

(e) *Notice and response procedures.* In making a determination under this section, FCA will apply notice and response procedures in the same manner as the notice and response procedures in §615.5352 of this chapter.

(f) [Reserved]

*Allocated equities* means stock or surplus representing a patronage payment to a member-borrower that a System institution has retained for the benefit of its membership.<sup>1</sup> *Allocated*

<sup>1</sup>System institutions as cooperatives are required to send borrowers a written notice of allocation specifying the amount of patronage payments retained as equity pursuant to the Internal Revenue Code section 1388.

*Allowances for loan losses (ALL)* means valuation allowances that have been established through a charge against earnings to cover estimated credit losses on loans, lease financing receivables, or other extensions of credit as determined in accordance with generally accepted accounting principles (GAAP). For purposes of this part, ALL includes allowances that have been established through a charge against earnings to cover estimated credit losses associated with off-balance sheet credit exposures as determined in accordance with GAAP.

*Bank holding company* means a bank holding company as defined in section 2 of the Bank Holding Company Act.

This security interest must provide the System institution with a right to close-out the financial positions and liquidate the collateral upon an event of default of, or failure to perform by, the counterparty under the collateral agreement. A contract would not satisfy this requirement if the System institution's exercise of rights under the agreement may be stayed or avoided under applicable law in the relevant jurisdictions, other than:

(1) In receivership, conservatorship, or resolution under the Federal Deposit Insurance Act, title II of the Dodd-Frank Act, or under any similar insolvency law applicable to GSEs, or laws of foreign jurisdictions that are substantially similar to the U.S. laws referenced in this paragraph (1) in order to facilitate the orderly resolution of the defaulting counterparty; or

*Commitment* means any legally binding arrangement that obligates a System institution to extend credit or to purchase assets.

### **§628.3 Operational requirements for certain exposures.**

For purposes of calculating risk-weighted assets under subpart D of this part:

(a) *Cleared transaction*. In order to recognize certain exposures as cleared transactions pursuant to paragraph (1)(ii), (iii), or (iv) of the definition of “cleared transaction” in §628.2, the exposures must meet all of the requirements set forth in this paragraph (a).

(1) The offsetting transaction must be identified by the CCP as a transaction for the clearing member client.

(2) The collateral supporting the transaction must be held in a manner that prevents the System institution from facing any loss due to an event of default, including from a liquidation, receivership, insolvency, or similar proceeding of either the clearing member or the clearing member's other clients. Omnibus accounts established under 17 CFR parts 190 and 300 satisfy the requirements of this paragraph (a).

(3) The System institution must conduct sufficient legal review to conclude with a well-founded basis (and maintain sufficient written documentation of that legal review) that in the event of a legal challenge (including one resulting from a default or receivership, insolvency, liquidation, or similar proceeding) the relevant court and administrative authorities would find the arrangements of paragraph (a)(2) of this section to be legal, valid, binding and enforceable under the law of the relevant jurisdictions.

(4) The offsetting transaction with a clearing member must be transferable under the transaction documents and applicable laws in the relevant jurisdiction(s) to another clearing member should the clearing member default, become insolvent, or enter receivership, insolvency, liquidation, or similar proceedings.

(b) *Eligible margin loan*. In order to recognize an exposure as an eligible margin loan as defined in §628.2, a System institution must conduct sufficient legal review to conclude with a well-founded basis (and maintain sufficient written documentation of that legal review) that the agreement underlying the exposure:

(1) Meets the requirements of paragraph (1)(iii) of the definition of “eligible margin loan” in §628.2; and

(2) Is legal, valid, binding, and enforceable under applicable law in the relevant jurisdictions.

(c) [Reserved]

(d) *Qualifying master netting agreement.* In order to recognize an agreement as a qualifying master netting agreement as defined in §628.2, a System institution must:

(1) Conduct sufficient legal review to conclude with a well-founded basis (and maintain sufficient written documentation of that legal review) that:

(i) The agreement meets the requirements of paragraph (2) of the definition of “qualifying master netting agreement” in §628.2; and

(ii) In the event of a legal challenge (including one resulting from default or from receivership, insolvency, liquidation, or similar proceeding) the relevant court and administrative authorities would find the agreement to be legal, valid, binding, and enforceable under the law of the relevant jurisdictions; and

(2) Establish and maintain written procedures to monitor possible changes in relevant law and to ensure that the agreement continues to satisfy the requirements of the definition of “qualifying master netting agreement” in §628.2.

(e) *Repo-style transaction.* In order to recognize an exposure as a repo-style transaction as defined in §628.2, a System institution must conduct sufficient legal review to conclude with a well-founded basis (and maintain sufficient written documentation of that legal review) that the agreement underlying the exposure:

(1) Meets the requirements of paragraph (3) of the definition of “repo-style transaction” in §628.2, and

(2) Is legal, valid, binding, and enforceable under applicable law in the relevant jurisdictions.

(f) *Failure of a QCCP to satisfy the rule's requirements.* If a System institution determines that a CCP ceases to be a QCCP due to the failure of the CCP to satisfy one or more of the requirements set forth in paragraph (2)(i) through (iii) of the definition of a “QCCP” in §628.2, the System institution may continue to treat the CCP as a QCCP for up to 3 months following the determination. If the CCP fails to remedy the relevant deficiency within 3 months after the initial determination, or the CCP fails to satisfy the requirements set forth in paragraph (2)(i) through (iii) of the definition of a QCCP continuously for a 3-month period after remedying the relevant deficiency, a System institution may not treat the CCP as a QCCP for the purposes of this part until after the System institution has determined that the CCP has satisfied the requirements in paragraph (2)(i) through (iii) of the definition of a QCCP for 3 continuous months.

#### **§§628.4-628.9 [Reserved]**

## **Subpart B—Capital Ratio Requirements and Buffers**

### **§628.10 Minimum capital requirements.**

(a) *Computation of regulatory capital ratios.* A System institution's regulatory capital ratios are determined on the basis of the financial statements of the institution prepared in accordance with GAAP using average daily balances for the most recent 3 months.

- (5) *Permanent capital ratio.* A System institution's permanent capital ratio is the ratio of the institution's permanent capital to its total risk-adjusted asset base as reported on the institution's Call Report, calculated in accordance with the regulations in part 615, subpart H, of this chapter.

(d) [Reserved]

(e) *Capital adequacy.* (1) Notwithstanding the minimum requirements in this part, a System institution must maintain capital commensurate with the level and nature of all risks to which the System institution is exposed. FCA may evaluate a System institution's capital adequacy and require the institution to maintain higher minimum regulatory capital ratios using the factors listed in §615.5350 of this chapter.

(2) A System institution must have a process for assessing its overall capital adequacy in relation to its risk profile and a comprehensive strategy for maintaining an appropriate level of capital under §615.5200 of this chapter.

#### **§628.11 Capital buffer amounts.**

(a) *Capital conservation buffer and leverage buffer—*(1) *Composition of the capital conservation buffer and leverage buffer.* (i) The capital conservation buffer for the CET1 capital ratio, tier 1 capital ratio, and total capital ratio is composed solely of CET1 capital.

(ii) The leverage buffer for the tier 1 leverage ratio is composed solely of tier 1 capital.

(2) *Definitions.* For purposes of this section, the following definitions apply:

(i) *Eligible retained income.* The eligible retained income of a System institution is the System institution's net income for the 4 calendar quarters preceding the current calendar quarter, based on the System institution's quarterly Call Reports, net of any capital distributions and associated tax effects not already reflected in net income.

(ii) *Maximum payout ratio.* The maximum payout ratio is the percentage of eligible retained income that a System institution can pay out in the form of capital distributions and discretionary bonus payments during the current calendar quarter. The maximum payout ratio is based on the System institution's capital conservation buffer, calculated as of the last day of the previous calendar quarter, as set forth in Table 1 to §628.11.

(iii) *Maximum payout amount.* A System institution's maximum payout amount for the current calendar quarter is equal to the System institution's eligible retained income, multiplied by the applicable maximum payout ratio, as set forth in Table 1 to §628.11.

(iv) [Reserved]

(v) *Maximum leverage payout ratio.* The maximum leverage payout ratio is the percentage of eligible retained income that a System institution can pay out in the form of capital distributions and discretionary bonus payments during the current quarter. The maximum leverage payout ratio is based on the System institution's leverage buffer, calculated as of the last day of the previous quarter, as set forth in Table 2 to §628.11.

(vi) *Maximum leverage payout amount.* A System institution's maximum leverage payout amount for the current calendar quarter is equal to the System institution's eligible retained income, multiplied by the applicable maximum leverage payout ratio, as set forth in Table 2 of §628.11.

(vii) *Capital distribution* means:

(A) A reduction of tier 1 capital through the repurchase, redemption, or revolvment of a tier 1 capital instrument or by other means, except when a System institution, within the same quarter when the repurchase is announced, fully replaces a tier 1 capital instrument it has repurchased, redeemed, or revolved by issuing a purchased capital instrument that meets the eligibility criteria for:

(1) A CET1 capital instrument if the instrument being repurchased, redeemed, or revolved was part of the System institution's CET1 capital; or

(2) A CET1 or AT1 capital instrument if the instrument being repurchased, redeemed, or revolved was part of the System institution's tier 1 capital;

(B) A reduction of tier 2 capital through the repurchase, redemption prior to maturity, or revolvment of a tier 2 capital instrument or by other means, except when a System institution, within the same quarter when the repurchase, redemption, or revolvment is announced, fully replaces a tier 2 capital instrument it has repurchased, redeemed, or revolved by issuing a purchased capital instrument that meets the eligibility criteria for a tier 1 or tier 2 capital instrument;

(C) A dividend declaration or payment on any tier 1 capital instrument;

(D) A dividend declaration or interest payment on any capital instrument other than a tier 1 capital instrument if the System institution has full discretion to permanently or temporarily suspend such payments without triggering an event of default;

(E) A cash patronage declaration or payment;

(F) A patronage declaration in the form of allocated equities that did not qualify as tier 1 or tier 2 capital; or

(G) Any similar transaction that the FCA determines to be in substance a distribution of capital.

(viii) *Discretionary bonus payment* means a payment made to a senior officer of a System institution, where:

(A) The System institution retains discretion as to whether to make, and the amount of, the payment until the payment is awarded to the senior officer;

(B) The amount paid is determined by the System institution without prior promise to, or agreement with, the senior officer; and

(C) The senior officer has no contractual right, whether express or implied, to the bonus payment.

(ix) *Senior officer* means the Chief Executive Officer, the Chief Operations Officer, the Chief Financial Officer, the Chief Credit Officer, and the General Counsel, or persons in similar positions; and any other person responsible for a major policy-making function.

(3) *Calculation of capital conservation buffer and leverage buffer.* (i) A System institution's capital conservation buffer is equal to the lowest of paragraphs (a)(3)(i)(A), (B), and (C) of this section, and the leverage buffer is equal to paragraph (a)(3)(i)(D) of this section, calculated as of the last day of the previous calendar quarter based on the System institution's most recent Call Report:

(A) The System institution's CET1 capital ratio minus the System institution's minimum CET1 capital ratio requirement under §628.10;

(B) The System institution's tier 1 capital ratio minus the System institution's minimum tier 1 capital ratio requirement under §628.10;

(C) The System institution's total capital ratio minus the System institution's minimum total capital ratio requirement under §628.10; and

(D) The System institution's tier 1 leverage ratio minus the System institution's minimum tier 1 leverage ratio requirement under §628.10.

(ii) Notwithstanding paragraphs (a)(3)(i)(A) through (D) of this section, if the System institution's CET1 capital ratio, tier 1 capital ratio, total capital ratio or tier 1 leverage ratio is less than or equal to the System institution's minimum CET1 capital ratio, tier 1 capital ratio, total capital ratio or tier 1 leverage ratio requirement under §628.10, respectively, the System institution's capital conservation buffer or leverage buffer is zero.

(4) *Limits on capital distributions and discretionary bonus payments.* (i) A System institution must not make capital distributions or discretionary bonus payments or create an obligation to make such capital distributions or payments during the current calendar quarter that, in the aggregate, exceed the maximum payout amount or, as applicable, the maximum leverage payout amount.

(ii) A System institution that has a capital conservation buffer that is greater than 2.5 percent and a leverage buffer that is greater than 1.0 percent is not subject to a maximum payout amount or maximum leverage payout amount under this section.

(iii) *Negative eligible retained income.* Except as provided in paragraph (a)(4)(iv) of this section, a System institution may not make capital distributions or discretionary bonus payments during the current calendar quarter if the System institution's:

(A) Eligible retained income is negative; and

(B) Capital conservation buffer was less than 2.5 percent, or the leverage buffer was less than 1.0 percent, as of the end of the previous calendar quarter.

(iv) *Prior approval.* Notwithstanding the limitations in paragraphs (a)(4)(i) through (iii) of this section, FCA may permit a System institution to make a capital distribution or discretionary bonus payment upon a request of the System institution, if FCA determines that the capital distribution or discretionary bonus payment would not be contrary to the purposes of this section, or to the safety and soundness of the System institution. In making such a determination, FCA will consider the nature and extent of the request and the particular circumstances giving rise to the request.

## Subpart C—Definition of Capital

### **§628.20 Capital components and eligibility criteria for tier 1 and tier 2 capital instruments.**

(a) *Regulatory capital components.* A System institution's regulatory capital components are:

- (1) CET1 capital;
- (2) AT1 capital; and
- (3) Tier 2 capital.

(b) *CET1 capital.* CET1 capital is the sum of the CET1 capital elements in paragraph (b) of this section, minus regulatory adjustments and deductions in §628.22. The CET1 capital elements are:

(1) Any common cooperative equity instrument issued by a System institution that meets all of the following criteria:

(i) The instrument is issued directly by the System institution and represents a claim subordinated to general creditors, subordinated debt holders, and preferred stock holders in a receivership, insolvency, liquidation, or similar proceeding of the System institution;

(ii) The holder of the instrument is entitled to a claim on the residual assets of the System institution, the claim will be paid only after all creditors, subordinated debt holders, and preferred stock claims have been satisfied in a receivership, insolvency, liquidation, or similar proceeding;

(iii) The instrument has no maturity date, can be redeemed only at the discretion of the System institution and with the prior approval of FCA, and does not contain any term or feature that creates an incentive to redeem;

(iv) The System institution did not create, through any action or communication, an expectation that it will buy back, cancel, redeem, or revolve the instrument, and the instrument does not include any term or feature that might give rise to such an expectation, except that the establishment of a revolving period of 7 years or more, or the practice of redeeming or revolving the instrument no less than 7 years after issuance or allocation, will not be considered to create such an expectation;

(v) Any cash dividend payments on the instrument are paid out of the System institution's net income or unallocated retained earnings, and are not subject to a limit imposed by the contractual terms governing the instrument;

(vi) The System institution has full discretion at all times to refrain from paying any dividends without triggering an event of default, a requirement to make a payment-in-kind, or an imposition of any other restrictions on the System institution;

(vii) Dividend payments and other distributions related to the instrument may be paid only after all legal and contractual obligations of the System institution have been satisfied, including payments due on more senior claims;

(viii) The holders of the instrument bear losses as they occur before any losses are borne by holders of preferred stock claims on the System institution and holders of any other claims with priority over common cooperative equity instruments in a receivership, insolvency, liquidation, or similar proceeding;

(ix) The instrument is classified as equity under GAAP;

(x) The System institution, or an entity that the System institution controls, did not purchase or directly or indirectly fund the purchase of the instrument, except that where there is an obligation for a member of the institution to hold an instrument in order to receive a loan or service from the System institution, an amount of that loan equal to the minimum borrower stock requirement under section 4.3A of the Act will not be considered as a direct or indirect funding where:

(A) The purpose of the loan is not the purchase of capital instruments of the System institution providing the loan; and

(B) The purchase or acquisition of one or more member equities of the institution is necessary in order for the beneficiary of the loan to become a member of the System institution;

(xi) The instrument is not secured, not covered by a guarantee of the System institution, and is not subject to any other arrangement that legally or economically enhances the seniority of the instrument;

(xii) The instrument is issued in accordance with applicable laws and regulations and with the institution's capitalization bylaws;

(xiii) The instrument is reported on the System institution's regulatory financial statements separately from other capital instruments; and

(xiv) The System institution's capitalization bylaws, or a resolution adopted by its board of directors under §615.5200(d) of this chapter and re-affirmed by the board on an annual basis, provides that the institution:

(A) Establishes a minimum redemption or revolvment period of 7 years for equities included in CET1; and

(B) Shall not redeem, revolve, cancel, or remove any equities included in CET1 without prior approval of the FCA under §628.20(f), except that the minimum statutory borrower stock described in paragraph (b)(1)(x) of this section may be redeemed without a minimum period outstanding after issuance and without the prior approval of the FCA.

(2) Unallocated retained earnings.

(3) Paid-in capital resulting from a merger of System institutions or repurchase of third-party capital.

(4)-(5) [Reserved]

(c) *AT1 capital*. AT1 capital is the sum of additional tier 1 capital elements and related surplus, minus the regulatory adjustments and deductions in §§628.22 and 628.23. AT1 capital elements are:

(1) Instruments and related surplus, other than common cooperative equities, that meet the following criteria:

(i) The instrument is issued and paid-in;

(ii) The instrument is subordinated to general creditors and subordinated debt holders of the System institution in a receivership, insolvency, liquidation, or similar proceeding;

(iii) The instrument is not secured, not covered by a guarantee of the System institution and not subject to any other arrangement that legally or economically enhances the seniority of the instrument;

(iv) The instrument has no maturity date and does not contain a dividend step-up or any other term or feature that creates an incentive to redeem;

(v) If callable by its terms, the instrument may be called by the System institution only after a minimum of 5 years following issuance, except that the terms of the instrument may allow it to be called earlier than 5 years upon the occurrence of a regulatory event that precludes the instrument from being included in AT1 capital, or a tax event. In addition:

(A) The System institution must receive prior approval from FCA to exercise a call option on the instrument.

(B) The System institution does not create at issuance of the instrument, through any action or communication, an expectation that the call option will be exercised.

(C) Prior to exercising the call option, or immediately thereafter, the System institution must either replace the instrument to be called with an equal amount of instruments that meet the criteria under paragraph (b) of this section or this paragraph (c),<sup>3</sup> or demonstrate to the satisfaction of FCA that following redemption, the System institution will continue to hold capital commensurate with its risk;

<sup>3</sup>Replacement can be concurrent with redemption of existing AT1 capital instruments.

(vi) Redemption or repurchase of the instrument requires prior approval from FCA;

(vii) The System institution has full discretion at all times to cancel dividends or other distributions on the instrument without triggering an event of default, a requirement to make a payment-in-kind, or an imposition of other restrictions on the System institution except in relation to any distributions to holders of common cooperative equity instruments or other instruments that are *pari passu* with the instrument;

(viii) Any distributions on the instrument are paid out of the System institution's net income, unallocated retained earnings, or surplus related to other AT1 capital instruments;

(ix) The instrument does not have a credit-sensitive feature, such as a dividend rate that is reset periodically based in whole or in part on the System institution's credit quality, but may have a dividend rate that is adjusted periodically independent of the System institution's credit quality, in relation to general market interest rates or similar adjustments;

(x) The paid-in amount is classified as equity under GAAP;

(xi) The System institution did not purchase or directly or indirectly fund the purchase of the instrument;

(xii) The instrument does not have any features that would limit or discourage additional issuance of capital by the System institution, such as provisions that require the System institution to compensate holders of the instrument if a new instrument is issued at a lower price during a specified timeframe; and

(xiii) [Reserved]

(xiv) The System institution's capitalization bylaws, or a resolution adopted by its board of directors under §615.5200(d) of this chapter and re-affirmed by the board on an annual basis, provides that the institution:

(A) Establishes a minimum redemption or no-call period of 5 years for equities included in additional tier 1; and

(B) Shall not redeem, revolve, cancel, or remove any equities included in additional tier 1 capital without prior approval of the FCA under §628.20(f).

(2)-(3) [Reserved]

(4) Notwithstanding the criteria for AT1 capital instruments referenced in paragraph (c)(1) of this section:

(i) [Reserved]

(ii) An instrument with terms that provide that the instrument may be called earlier than 5 years upon the occurrence of a rating agency event does not violate the criterion in paragraph (c)(1)(v) of this section provided that the instrument was issued and included in a System institution's core surplus capital prior to January 1, 2017, and that such instrument satisfies all other criteria under this §628.20(c).

(d) *Tier 2 Capital.* Tier 2 capital is the sum of tier 2 capital elements and any related surplus minus regulatory adjustments and deductions in §§628.22 and 628.23. Tier 2 capital elements are:

(1) Instruments (plus related surplus) that meet the following criteria:

(i) The instrument is issued and paid-in, is a common cooperative equity, or is member equity purchased in accordance with paragraph (d)(1)(viii) of this section;

(ii) The instrument is subordinated to general creditors of the System institution;

(iii) The instrument is not secured, not covered by a guarantee of the System institution and not subject to any other arrangement that legally or economically enhances the seniority of the instrument in relation to more senior claims;

(iv) The instrument has a minimum original maturity of at least 5 years. At the beginning of each of the last 5 years of the life of the instrument, the amount that is eligible to be included in tier 2 capital is reduced by 20 percent of the original amount of the instrument (net of redemptions) and is excluded from regulatory capital when the remaining maturity is less than 1 year. In addition, the instrument must not have any terms or features that

require, or create significant incentives for, the System institution to redeem the instrument prior to maturity;<sup>4</sup>

<sup>4</sup>An instrument that by its terms automatically converts into a tier 1 capital instrument prior to five years after issuance complies with the five-year maturity requirement of this criterion.

(v) The instrument, by its terms, may be called by the System institution only after a minimum of 5 years following issuance, except that the terms of the instrument may allow it to be called sooner upon the occurrence of an event that would preclude the instrument from being included in tier 2 capital, or a tax event. In addition:

(A) The System institution must receive the prior approval of FCA to exercise a call option on the instrument.

(B) The System institution does not create at issuance, through action or communication, an expectation the call option will be exercised.

(C) Prior to exercising the call option, or immediately thereafter, the System institution must either: replace any amount called with an equivalent amount of an instrument that meets the criteria for regulatory capital under this section;<sup>5</sup> or demonstrate to the satisfaction of FCA that following redemption, the System institution would continue to hold an amount of capital that is commensurate with its risk;

<sup>5</sup>A System institution may replace tier 2 capital instruments concurrent with the redemption of existing tier 2 capital instruments.

(vi) The holder of the instrument must have no contractual right to accelerate payment of principal, dividends, or interest on the instrument, except in the event of a receivership, insolvency, liquidation, or similar proceeding of the System institution;

(vii) The instrument has no credit-sensitive feature, such as a dividend or interest rate that is reset periodically based in whole or in part on the System institution's credit standing, but may have a dividend rate that is adjusted periodically independent of the System institution's credit standing, in relation to general market interest rates or similar adjustments;

(viii) The System institution has not purchased and has not directly or indirectly funded the purchase of the instrument, except that where common cooperative equity instruments are held by a member of the institution in connection with a loan, and the institution funds the acquisition of such instruments, that loan shall not be considered as a direct or indirect funding where:

(A) The purpose of the loan is not the purchase of capital instruments of the System institution providing the loan;

(B) The purchase or acquisition of one or more capital instruments of the institution is necessary in order for the beneficiary of the loan to become a member of the System institution; and

(C) The capital instruments are in excess of the statutory minimum stock purchase amount.

(ix) [Reserved]

(x) Redemption of the instrument prior to maturity or repurchase is at the discretion of the System institution and requires the prior approval of the FCA;

(xi) The System institution's capitalization bylaws, or a resolution adopted by its board of directors under §615.5200(d) of this chapter and re-affirmed by the board on an annual basis, provides that the institution:

(A) Establishes a minimum call, redemption or revolvment period of 5 years for equities included in tier 2 capital; and

(B) Shall not call, redeem, revolve, cancel, or remove any equities included in tier 2 capital without prior approval of the FCA under §628.20(f).

(2) [Reserved]

(3) ALL up to 1.25 percent of the System institution's total risk-weighted assets not including any amount of the ALL.

(4)-(6) [Reserved]

(e) *FCA approval of a capital element.* (1) A System institution must receive FCA prior approval to include a capital element (as listed in this section) in its CET1 capital, AT1 capital, or tier 2 capital unless the element is equivalent, in terms of capital quality and ability to absorb losses with respect to all material terms, to a regulatory capital element FCA determined may be included in regulatory capital pursuant to paragraph (e)(3) of this section.

(i)-(ii) [Reserved]

(2) [Reserved]

(3) After determining that a regulatory capital element may be included in a System institution's CET1 capital, AT1 capital, or tier 2 capital, FCA will make its decision publicly available.

(f) *FCA prior approval of capital redemptions and dividends included in tier 1 and tier 2 capital.* (1) Subject to the provisions of paragraphs (f)(5) and (6) of this section, a System institution must obtain the prior approval of the FCA before paying cash dividend payments, cash patronage payments, or redeeming equities included in tier 1 or tier 2 capital, other than term equities redeemed on their maturity date.

(2) At least 30 days prior to the intended action, the System institution must submit a request for approval to the FCA. The FCA's 30-day review period begins on the date on which the FCA receives the request.

(3) The request is deemed to be granted if the FCA does not notify the System institution to the contrary before the end of the 30-day review period.

(4)(i) A System institution may request advance approval to cover several anticipated cash dividend or patronage payments, or equity redemptions, provided that the institution projects sufficient current net income during those periods to support the amount of the cash dividend or patronage payments and equity redemptions. In determining whether to grant advance approval, the FCA will consider:

(A) The reasonableness of the institution's request, including its historical and projected cash dividend and patronage payments and equity redemptions;

(B) The institution's historical trends and current projections for capital growth through earnings retention;

(C) The overall condition of the institution, with particular emphasis on current and projected capital adequacy as described in §628.10(e); and

(D) Any other information that the FCA deems pertinent to reviewing the institution's request.

(ii) After considering these standards, the FCA may grant advance prior approval of an institution's request to pay cash dividends and patronage or to redeem or revolve equity. Notwithstanding any such approval, an institution may not declare a dividend or patronage payment or redeem or revolve equities if, after such declaration, redemption, or revolvment, the institution would not meet its regulatory capital requirements set forth in this part and part 615 of this chapter.

(5) Subject to any capital distribution restrictions specified in §628.11, a System institution is deemed to have FCA prior approval for revolvments and redemptions of common cooperative equities, for cash dividend payments on all equities, and for cash patronage payments on all cooperative equities, provided that:

(i) For redemptions or revolvments of common cooperative equities included in CET1 capital or tier 2 capital, other than as provided in paragraph (f)(6) of this section, the institution issued or allocated such equities at least 7 years ago for CET1 capital and at least 5 years ago for tier 2 capital;

(ii) After such cash payments, the dollar amount of the System institution's CET1 capital equals or exceeds the dollar amount of CET1 capital on the same date in the previous calendar year; and

(iii) The System institution continues to comply with all regulatory capital requirements and supervisory or enforcement actions.

(6) The following equities are eligible to be redeemed or revolved under paragraph (f)(5)(i) of this section in less than the applicable minimum required holding period (7 years for CET1 inclusion and 5 years for tier 2 inclusion), provided that the requirements of paragraphs (f)(5)(ii) and (iii) of this section are met:

(i) Equities mandated to be redeemed or retired by a final order of a court of competent jurisdiction;

(ii) Equities held by the estate of a deceased former borrower; and

(iii) Equities that the institution is required to cancel under §615.5290 of this chapter in connection with a restructuring under part 617 of this chapter.

## **§628.21 [Reserved]**

## **§628.22 Regulatory capital adjustments and deductions.**

(a) *Regulatory capital deductions from CET1 capital.* A System institution must deduct from the sum of its CET1 capital elements the items set forth in this paragraph (a):

(1) Goodwill, net of associated deferred tax liabilities (DTLs) in accordance with paragraph (e) of this section;

(2) Intangible assets, other than mortgage servicing assets (MSAs), net of associated DTLs in accordance with paragraph (e) of this section;

(3) Deferred tax assets (DTAs) that arise from net operating loss and tax credit carryforwards net of any related valuation allowances and net of DTLs in accordance with paragraph (e) of this section;

(4) Any gain-on-sale in connection with a securitization exposure;

(5) Any defined benefit pension fund net asset, net of any associated DTL in accordance with paragraph (e) of this section, except that, with FCA prior approval, this deduction is not required for any defined benefit pension fund net asset to the extent the institution has unrestricted and unfettered access to the assets in that fund;

(6) The System institution's allocated equity investment in another System institution; and

(7) [Reserved]

(8) If, without the required prior FCA approval, the System institution redeems or revolves purchased or allocated equities included in its CET1 capital that have been outstanding for less than 7 years, the FCA may take appropriate supervisory or enforcement actions against the institution, which may include requiring the institution to deduct a portion of its purchased and allocated equities from CET1 capital.

(b) [Reserved]

(c) *Deductions from regulatory capital.*<sup>6</sup> (1) [Reserved]

<sup>6</sup>The System institution must calculate amounts deducted under paragraphs (c) through (f) of this section and §628.23 after it calculates the amount of ALL includable in tier 2 capital under §628.20(d)(3).

(2) *Corresponding deduction approach.* For purposes of subpart C of this part, the corresponding deduction approach is the methodology used for the deductions from regulatory capital related to purchased equity investments in another System institution (as described in paragraph (c)(5) of this section). Under the corresponding deduction approach, a System institution must make deductions from the component of capital for which the underlying instrument would qualify if it were issued by the System institution itself. If the System institution does not have a sufficient amount of a specific component of capital to effect the required deduction, the shortfall must be deducted according to paragraph (f) of this section.

(i)-(iii) [Reserved]

(3)-(4) [Reserved]

(5) *Purchased equity investments in another System institution.* System institutions must deduct all purchased equity investments in another System institution, service corporation, or the Funding Corporation by applying the corresponding deduction approach. The deductions described in this section are net of associated DTLs in accordance with paragraph (e) of this section. With prior written approval of FCA, for the period stipulated by FCA, a System institution is not required to deduct an investment in the capital of another institution in distress if such investment is made to provide financial support to the System institution as determined by FCA.

(d) [Reserved]

(e) *Netting of DTLs against assets subject to deduction.* (1) The netting of DTLs against assets that are subject to deduction under this section is required, if the following conditions are met:

(i) The DTL is associated with the asset; and

(ii) The DTL would be extinguished if the associated asset becomes impaired or is derecognized under GAAP.

(2) A DTL may only be netted against a single asset.

(3)-(4) [Reserved]

(5) A System institution must net DTLs against assets subject to deduction under this section in a consistent manner from reporting period to reporting period.

(f) *Insufficient amounts of a specific regulatory capital component to effect deductions.* Under the corresponding deduction approach, if a System institution does not have a sufficient amount of a specific component of capital to effect the required deduction after completing the deductions required under paragraph (c) of this section, the System institution must deduct the shortfall from the next higher (that is, more subordinated) component of regulatory capital.

(g) *Treatment of assets that are deducted.* A System institution must exclude from total risk-weighted assets any item deducted from regulatory capital under paragraphs (a) and (c) of this section.

(h) [Reserved]

### **§628.23 Limit on inclusion of third-party capital in total (tier 1 and tier 2) capital.**

The combined amount of third-party capital instruments that a System institution may include in total (tier 1 and tier 2) capital is equal to the greater of the following:

(a) The then existing limit, if any; or

(b) The lesser of:

(1) Forty percent of total capital, calculated by taking two thirds of the average of the previous 4 quarters of total capital reported on the institution's Call Report filed with the FCA, less any amounts of third-party capital reported in total capital; or

(2) The average of the previous 4 quarters of CET1 capital reported on its Call Report filed with the FCA.

(c) *Treatment of assets that are deducted.* A System institution must exclude from total risk-weighted assets any item deducted from regulatory capital under this section.

#### **§§628.24-628.29 [Reserved]**

## **Subpart D—Risk-Weighted Assets—Standardized Approach**

### **§628.30 Applicability.**

(a) This subpart sets forth methodologies for determining risk-weighted assets for purposes of the generally applicable risk-based capital requirements for all System institutions.

(b) [Reserved]

### **Risk-Weighted Assets for General Credit Risk**

#### **§628.31 Mechanics for calculating risk-weighted assets for general credit risk.**

(a) *General risk-weighting requirements.* A System institution must apply risk weights to its exposures as follows:

(1) A System institution must determine the exposure amount of each on-balance sheet exposure, each OTC derivative contract, and each off-balance sheet commitment, trade and transaction-related contingency, guarantee, repo-style transaction, financial standby letter of credit, forward agreement, or other similar transaction that is not:

(i) An unsettled transaction subject to §628.38;

(ii) A cleared transaction subject to §628.35;

(iii) [Reserved]

(iv) A securitization exposure subject to §§628.41 through 628.45; or

(v) An equity exposure (other than an equity OTC derivative contract) subject to §§628.51 through 628.53.

(2) The System institution must multiply each exposure amount by the risk weight appropriate to the exposure based on the exposure type or counterparty, eligible guarantor, or financial collateral to determine the risk-weighted asset amount for each exposure.

(b) Total risk-weighted assets for general credit risk equals the sum of the risk-weighted asset amounts calculated under this section.

#### **§628.32 General risk weights.**

(a) *Sovereign exposures—(1) Exposures to the U.S. Government.* (i) Notwithstanding any other requirement in this subpart, a System institution must assign a 0-percent risk weight to:

(A) An exposure to the U.S. Government, its central bank, or a U.S. Government agency; and

(B) The portion of an exposure that is directly and unconditionally guaranteed by the U.S. Government, its central bank, or a U.S. Government agency. This includes a deposit or other exposure, or the portion of a deposit or other exposure that is insured or otherwise unconditionally guaranteed by the Federal Deposit Insurance Corporation or National Credit Union Administration.

(ii) A System institution must assign a 20-percent risk weight to the portion of an exposure that is conditionally guaranteed by the U.S. Government, its central bank, or a U.S. Government agency. This includes an exposure, or the portion of an exposure, that is conditionally guaranteed by the Federal Deposit Insurance Corporation or National Credit Union Administration.

(2) *Other sovereign exposures.* In accordance with Table 1 to §628.32, a System institution must assign a risk weight to a sovereign exposure based on the Country Risk Classification (CRC) applicable to the sovereign or the sovereign's Organization for Economic Cooperation and Development (OECD) membership status if there is no CRC applicable to the sovereign.

**Table 1 to §628.32—Risk Weights for Sovereign Exposures**

2	20
3	50
4-6	100
7	150
OECD Member with no CRC	0

Non-OECD Member with no CRC	100
Sovereign Default	150

(3) *Certain sovereign exposures.* Notwithstanding paragraph (a)(2) of this section, a System institution may assign to a sovereign exposure a risk weight that is lower than the applicable risk weight in table 1 to §628.32 if:

- (i) The exposure is denominated in the sovereign's currency;
- (ii) The System institution has at least an equivalent amount of liabilities in that currency; and
- (iii) The risk weight is not lower than the risk weight that the sovereign allows banking organizations under its jurisdiction to assign to the same exposures to the sovereign.

(4) *Exposures to a non-OECD member sovereign with no CRC.* Except as provided in paragraphs (a)(3), (5), and (6) of this section, a System institution must assign a 100-percent risk weight to a sovereign exposure if the sovereign does not have a CRC.

(5) *Exposures to an OECD member sovereign with no CRC.* Except as provided in paragraph (a)(6) of this section, a System institution must assign a 0-percent risk weight to an exposure to a sovereign that is a member of the OECD if the sovereign does not have a CRC.

(6) *Sovereign default.* A System institution must assign a 150-percent risk weight to a sovereign exposure immediately upon determining that an event of sovereign default has occurred, or if an event of sovereign default has occurred during the previous 5 years.

(b) *Certain supranational entities and multilateral development banks (MDBs).* A System institution must assign a 0-percent risk weight to an exposure to the Bank for International Settlements, the European Central Bank, the European Commission, the International Monetary Fund, or an MDB.

(c) *Exposures to Government-sponsored enterprises (GSEs).* (1) A System institution must assign a 20-percent risk weight to an exposure to a GSE other than an equity exposure or preferred stock.

(2) A System institution must assign a 100-percent risk weight to preferred stock issued by a non-System GSE.

(3) Purchased equity investments (including preferred stock investments) in other System institutions do not receive a risk weight, because they are deducted from capital in accordance with §628.22.

(d) *Exposures to depository institutions, foreign banks, and credit unions—*(1) *Exposures to U.S. depository institutions and credit unions.* A System institution must assign a 20-percent risk weight to an exposure to a depository institution or credit union that is organized under the laws of the United States or any state thereof, except as otherwise

provided in this paragraph (d). This risk weight applies to an exposure a System bank has to another financing institution (OFI) that is a depository institution or credit union organized under the laws of the United States or any state thereof or is owned and controlled by such an entity that guarantees the exposure. If the OFI exposure does not satisfy these requirements, it must be assigned a risk weight as a corporate exposure pursuant to paragraph (f)(1)(ii) or (f)(2) of this section.

(2) *Exposures to foreign banks.* (i) Except as otherwise provided under paragraph (d)(2)(iv) of this section, a System institution must assign a risk weight to an exposure to a foreign bank, in accordance with table 2 to §628.32, based on the CRC rating that corresponds to the foreign bank's home country or the OECD membership status of the foreign bank's home country if there is no CRC applicable to the foreign bank's home country.

(ii) A System institution must assign a 20-percent risk weight to an exposure to a foreign bank whose home country is a member of the OECD and does not have a CRC.

(iii) A System institution must assign a 100-percent risk weight to an exposure to a foreign bank whose home country is not a member of the OECD and does not have a CRC, with the exception of self-liquidating, trade-related contingent items that arise from the movement of goods, and that have a maturity of 3 months or less, which may be assigned a 20-percent risk weight.

(iv) A System institution must assign a 150-percent risk weight to an exposure to a foreign bank immediately upon determining that an event of sovereign default has occurred in the bank's home country, or if an event of sovereign default has occurred in the foreign bank's home country during the previous 5 years.

(3) [Reserved]

(e) *Exposures to public sector entities (PSEs)*—(1) *Exposures to U.S. PSEs.* (i) A System institution must assign a 20-percent risk weight to a general obligation exposure to a PSE that is organized under the laws of the United States or any state or political subdivision thereof.

(ii) A System institution must assign a 50-percent risk weight to a revenue obligation exposure to a PSE that is organized under the laws of the United States or any state or political subdivision thereof.

(2) *Exposures to foreign PSEs.* (i) Except as provided in paragraphs (e)(1) and (3) of this section, a System institution must assign a risk weight to a general obligation exposure to a foreign PSE, in accordance with Table 3 to §628.32, based on the CRC that corresponds to the PSE's home country or the OECD membership status of the PSE's home country if there is no CRC applicable to the PSE's home country.

(ii) Except as provided in paragraphs (e)(1) and (3) of this section, a System institution must assign a risk weight to a revenue obligation exposure to a foreign PSE, in accordance with Table 4 to §628.32, based on the CRC that corresponds to the PSE's home country; or the OECD membership status of the PSE's home country if there is no CRC applicable to the PSE's home country.

(3) A System institution may assign a lower risk weight than would otherwise apply under tables 3 and 4 to §628.32 to an exposure to a foreign PSE if:

(i) The PSE's home country supervisor allows banks under its jurisdiction to assign a lower risk weight to such exposures; and

(ii) The risk weight is not lower than the risk weight that corresponds to the PSE's home country in accordance with table 1 to §628.32.

(4) *Exposures to PSEs from an OECD member sovereign with no CRC.* (i) A System institution must assign a 20-percent risk weight to a general obligation exposure to a PSE whose home country is a OECD member sovereign with no CRC.

(ii) A System institution must assign a 50-percent risk weight to a revenue obligation exposure to a PSE whose country is an OECD member sovereign with no CRC.

(5) *Exposures to PSEs whose home country is not an OECD member sovereign with no CRC.* A System institution must assign a 100-percent risk weight to an exposure to a PSE whose home country is not a member of the OECD and does not have a CRC.

(6) A System institution must assign a 150-percent risk weight to a PSE exposure immediately upon determining that an event of sovereign default has occurred in a PSE's home country or if an event of sovereign default has occurred in the PSE's home country during the previous 5 years.

(f) *Corporate exposures—(1) 100-percent risk weight.* Except as provided in paragraph (f)(2) of this section, a System institution must assign a 100-percent risk weight to all its corporate exposures. Assets assigned a risk weight under this provision include:

(i) Borrower loans such as agricultural loans and consumer loans, regardless of the corporate form of the borrower, unless those loans qualify for different risk weights under other provisions of this subpart D;

(ii) System bank exposures to OFIs that do not satisfy the requirements for a 20-percent risk weight pursuant to paragraph (d)(1) of this section or a 50-percent risk weight pursuant to paragraph (f)(2) of this section; and

(iii) Premises, fixed assets, and other real estate owned.

(2) *50-percent risk weight.* Unless the OFI satisfies the requirements for a 20-percent risk weight pursuant to paragraph (d)(1) of this section, a System institution must assign a 50-percent risk weight to an exposure to an OFI that satisfies at least one of the following requirements:

(i) The OFI is investment grade or is owned and controlled by an investment grade entity that guarantees the exposure; or

(ii) The OFI meets capital, risk identification and control, and operational standards similar to the OFIs identified in paragraph (d)(1) of this section.

(g) *Residential mortgage exposures.* (1) A System institution must assign a 50-percent risk weight to a first-lien residential mortgage exposure that:

(i) Is secured by a property that is either owner-occupied or rented;

(ii) Is made in accordance with prudent underwriting standards suitable for residential property, including standards relating to the loan amount as a percent of the appraised value of the property;

(iii) Is not 90 days or more past due or carried in nonaccrual status; and

(iv) Is not restructured or modified.

(2) A System institution must assign a 100-percent risk weight to a first-lien residential mortgage exposure that does not meet the criteria in paragraph (g)(1) of this section, and to junior-lien residential mortgage exposures.

(3) For the purpose of this paragraph (g), if a System institution holds the first-lien and junior-lien(s) residential mortgage exposures, and no other party holds an intervening lien, the System institution must combine the exposures and treat them as a single first-lien residential mortgage exposure.

(4) A loan modified or restructured solely pursuant to the U.S. Treasury's Home Affordable Mortgage Program is not modified or restructured for purposes of this section.

(h)-(j) [Reserved]

(k) *Past due and nonaccrual exposures.* Except for a sovereign exposure or a residential mortgage exposure, a System institution must determine a risk weight for an exposure that is 90 days or more past due or in nonaccrual status according to the requirements set forth in this paragraph (k).

(1) A System institution must assign a 150-percent risk weight to the portion of the exposure that is not guaranteed or that is not secured by financial collateral.

(2) A System institution may assign a risk weight to the guaranteed portion of a past due or nonaccrual exposure based on the risk weight that applies under §628.36 if the guarantee or credit derivative meets the requirements of that section.

(3) A System institution may assign a risk weight to the portion of a past due or nonaccrual exposure that is collateralized by financial collateral based on the risk weight that applies under §628.37 if the financial collateral meets the requirements of that section.

(l) *Other assets.* (1) A System institution must assign a 0-percent risk weight to cash owned and held in all offices of the System institution, in transit, or in accounts at a depository institution or a Federal Reserve Bank; to gold bullion held in a depository institution's vaults on an allocated basis, to the extent the gold bullion assets are offset by gold bullion liabilities; and to exposures that arise from the settlement of cash transactions (such as equities, fixed income, spot foreign exchange (FX) and spot commodities) with a central counterparty where there is no assumption of ongoing counterparty credit risk by the central counterparty after settlement of the trade.

(2) A System institution must assign a 20-percent risk weight to cash items in the process of collection.

(3) A System institution must assign a 100-percent risk weight to deferred tax assets (DTAs) arising from temporary differences in relation to net operating loss carrybacks.

(4) A System institution must assign a 100-percent risk weight to all MSAs.

(5) A System institution must assign a 100-percent risk weight to all assets that are not specifically assigned a different risk weight under this subpart and that are not deducted from tier 1 or tier 2 capital pursuant to §628.22.

(6) [Reserved]

### **§628.33 Off-balance sheet exposures.**

(a) *General.* (1) A System institution must calculate the exposure amount of an off-balance sheet exposure using the credit conversion factors (CCFs) in paragraph (b) of this section.

(2) Where a System institution commits to provide a commitment, the System institution may apply the lower of the two applicable CCFs.

(3) Where a System institution provides a commitment structured as a syndication or participation, the System institution is only required to calculate the exposure amount for its pro rata share of the commitment.

(4) Where a System institution provides a commitment, enters into a repurchase agreement, or provides a credit enhancing representation and warranty, and such commitment, repurchase agreement, or credit-enhancing representation and warranty is not a securitization exposure, the exposure amount shall be no greater than the maximum contractual amount of the commitment, repurchase agreement, or credit-enhancing representation and warranty, as applicable.

(5) The exposure amount of a System bank's commitment to an association or OFI is the difference between the association's or OFI's maximum credit limit with the System bank (as established by the general financing agreement or promissory note, as required by §614.4125(d) of this chapter), and the amount the association or OFI has borrowed from the System bank.

(b) *Credit conversion factors—*(1) *Zero-percent (0%) CCF.* A System institution must apply a 0-percent CCF to a commitment that is unconditionally cancelable by the System institution.

(2) *Twenty-percent (20%) CCF.* A System institution must apply a 20-percent CCF to the amount of:

(i) Commitments, other than a System bank's commitment to an association or OFI, with an original maturity of 14 months or less that are not unconditionally cancelable by the System institution.

(ii) Self-liquidating, trade-related contingent items that arise from the movement of goods, with an original maturity of 14 months or less.

(iii) A System bank's commitment to an association or OFI that is not unconditionally cancelable by the System bank, regardless of maturity.

(3) *Fifty-percent (50%) CCF.* A System institution must apply a 50-percent CCF to the amount of:

(i) Commitments, other than a System bank's commitment to an association or OFI, with an original maturity of more than 14 months that are not unconditionally cancelable by the System institution.

(ii) Transaction-related contingent items, including performance bonds, bid bonds, warranties, and performance standby letters of credit.

(4) *One hundred-percent (100%) CCF.* A System institution must apply a 100-percent CCF to the following off-balance sheet items and other similar transactions:

(i) Guarantees;

(ii) Repurchase agreements (the off-balance sheet component of which equals the sum of the current fair values of all positions the System institution has sold subject to repurchase);

(iii) Credit-enhancing representations and warranties that are not securitization exposures;

(iv) Off-balance sheet securities lending transactions (the off-balance sheet component of which equals the sum of the current fair values of all positions the System institution has lent under the transaction);

(v) Off-balance sheet securities borrowing transactions (the off-balance sheet component of which equals the sum of the current fair values of all non-cash positions the System institution has posted as collateral under the transaction);

(vi) Financial standby letters of credit; and

(vii) Forward agreements.

#### **§628.34 OTC derivative contracts.**

(a) *Exposure amount*—(1) *Single OTC derivative contract.* Except as modified by paragraph (b) of this section, the exposure amount for a single OTC derivative contract that is not subject to a qualifying master netting agreement is equal to the sum of the System institution's current credit exposure and potential future credit exposure (PFE) on the OTC derivative contract.

(i) *Current credit exposure.* The current credit exposure for a single OTC derivative contract is the greater of the mark-to-fair value of the OTC derivative contract or 0.

(ii) *PFE.* (A) The PFE for a single OTC derivative contract, including an OTC derivative contract with a negative mark-to-fair value, is calculated by multiplying the notional principal amount of the OTC derivative contract by the appropriate conversion factor in Table 1 to §628.34.

(B) For purposes of calculating either the PFE under this paragraph or the gross PFE under paragraph (a)(2) of this section for exchange rate contracts and other similar contracts in which the notional principal amount is equivalent to the cash flows, notional principal amount is the net receipts to each party falling due on each value date in each currency.

(C) For an OTC derivative contract that does not fall within one of the specified categories in Table 1 to §628.34, the PFE must be calculated using the appropriate “other” conversion factor.

(D) A System institution must use an OTC derivative contract's effective notional principal amount (that is, the apparent or stated notional principal amount multiplied by any multiplier in the OTC derivative contract) rather than the apparent or stated notional principal amount in calculating PFE.

(E) The PFE of the protection provider of a credit derivative is capped at the net present value of the amount of unpaid premiums.

Greater than one (1) year and less than or equal to five (5) years	0.005	0.05	0.05	0.10	0.08	0.07	0.12
Greater than five (5) years	0.015	0.075	0.05	0.10	0.10	0.08	0.15

<sup>1</sup>For a derivative contract with multiple exchanges of principal, the conversion factor is multiplied by the number of remaining payments in the derivative contract.

<sup>2</sup>For an OTC derivative contract that is structured such that on specified dates any outstanding exposure is settled and the terms are reset so that the fair value of the contract is 0, the remaining maturity equals the time until the next reset date. For an interest rate derivative contract with a remaining maturity of greater than 1 year that meets these criteria, the minimum conversion factor is 0.005.

<sup>3</sup>A System institution must use the column labeled “Credit (investment-grade reference asset)” for a credit derivative whose reference asset is an outstanding unsecured long-term debt security without credit enhancement that is investment grade. A System institution must use the column labeled “Credit (non-investment-grade reference asset)” for all other credit derivatives.

(2) *Multiple OTC derivative contracts subject to a qualifying master netting agreement.* Except as modified by paragraph (b) of this section, the exposure amount for multiple OTC derivative contracts subject to a qualifying master netting agreement is equal to the sum of the net current credit exposure and the adjusted sum of the PFE amounts for all OTC derivative contracts subject to the qualifying master netting agreement.

(i) *Net current credit exposure.* The net current credit exposure is the greater of the net sum of all positive and negative mark-to-fair values of the individual OTC derivative contracts subject to the qualifying master netting agreement or 0.

(ii) *Adjusted sum of the PFE amounts.* The adjusted sum of the PFE amounts,  $A_{net}$ , is calculated as:

$$A_{net} = (0.4 \times A_{gross}) + (0.6 \times NGR \times A_{gross})$$

Where:

$A_{gross}$  = the gross PFE (that is, the sum of the PFE amounts (as determined under paragraph (a)(1)(ii) of this section for each individual derivative contract subject to the qualifying master netting agreement); and

Net-to-gross Ratio (NGR) = the ratio of the net current credit exposure to the gross current credit exposure. In calculating the NGR, the gross current credit exposure equals the sum of the positive current credit exposures (as determined under paragraph (a)(1)(i) of this section) of all individual derivative contracts subject to the qualifying master netting agreement.

(b) *Recognition of credit risk mitigation of collateralized OTC derivative contracts.* (1) A System institution may recognize the credit risk mitigation benefits of financial collateral that secures an OTC derivative contract or multiple OTC derivative contracts subject to a qualifying master netting agreement (netting set) by using the simple approach in §628.37(b).

(2) Alternatively, if the financial collateral securing a contract or netting set described in paragraph (b)(1) of this section is marked-to-fair value on a daily basis and subject to a daily margin maintenance requirement, a System institution may recognize the credit risk mitigation benefits of financial collateral that secures the contract or netting set by using the collateral haircut approach in §628.37(c).

(c) *Counterparty credit risk for OTC credit derivatives—(1) Protection purchasers.* A System institution that purchases an OTC credit derivative that is recognized under §628.36 as a credit risk mitigant is not required to compute a separate counterparty credit risk capital requirement under §628.32 provided that the System institution does so consistently for all such credit derivatives. The System institution must either include all or exclude all such credit derivatives that are subject to a qualifying master netting agreement from any measure used to determine counterparty credit risk exposure to all relevant counterparties for risk-based capital purposes.

(2) *Protection providers.* (i) A System institution that is the protection provider under an OTC credit derivative must treat the OTC credit derivative as an exposure to the underlying reference asset. The System institution is not required to compute a counterparty credit risk capital requirement for the OTC credit derivative under §628.32, provided that this treatment is applied consistently for all such OTC credit derivatives. The System institution

must either include all or exclude all such OTC credit derivatives that are subject to a qualifying master netting agreement from any measure used to determine counterparty credit risk exposure.

(ii) The provisions of paragraph (c)(2) of this section apply to all relevant counterparties for risk-based capital purposes.

(d) *Counterparty credit risk for OTC equity derivatives.* (1) A System institution must treat an OTC equity derivative contract as an equity exposure and compute a risk-weighted asset amount for the OTC equity derivative contract under §§628.51 through 628.53.

(2) [Reserved]

(3) If the System institution risk weights the contract under the Simple Risk-Weight Approach (SRWA) in §628.52, the System institution may choose not to hold risk-based capital against the counterparty credit risk of the OTC equity derivative contract, as long as it does so for all such contracts. Where the OTC equity derivative contracts are subject to a qualifying master netting agreement, a System institution using the SRWA must either include all or exclude all of the contracts from any measure used to determine counterparty credit risk exposure.

(e) [Reserved]

### **§628.35 Cleared transactions.**

(a) *General requirements—*(1) *Clearing member clients.* A System institution that is a clearing member client must use the methodologies described in paragraph (b) of this section to calculate risk-weighted assets for a cleared transaction.

(2) [Reserved]

(b) *Clearing member client System institutions—*(1) *Risk-weighted assets for cleared transactions.* (i) To determine the risk-weighted asset amount for a cleared transaction, a System institution that is a clearing member client must multiply the trade exposure amount for the cleared transaction, calculated in accordance with paragraph (b)(2) of this section, by the risk weight appropriate for the cleared transaction, determined in accordance with paragraph (b)(3) of this section.

(ii) A clearing member client System institution's total risk-weighted assets for cleared transactions is the sum of the risk-weighted asset amounts for all its cleared transactions.

(2) *Trade exposure amount.* (i) For a cleared transaction that is either a derivative contract or netting set of derivative contracts, the trade exposure amount equals:

(A) The exposure amount for the derivative contract or netting set of derivative contracts, calculated using the current exposure method (CEM) for OTC derivative contracts under §628.34; plus

(B) The fair value of the collateral posted by the clearing member client System institution and held by the central counterparty (CCP), clearing member, or custodian in a manner that is not bankruptcy remote.

(ii) For a cleared transaction that is a repo-style transaction, the trade exposure amount equals:

(A) The exposure amount for the repo-style transaction calculated using the collateral haircut methodology under §628.37(c); plus

(B) The fair value of the collateral posted by the clearing member client System institution and held by the CCP or a clearing member in a manner that is not bankruptcy remote.

(3) *Cleared transaction risk weights.* (i) For a cleared transaction with a qualifying CCP (QCCP), a clearing member client System institution must apply a risk weight of:

(A) Two (2) percent if the collateral posted by the System institution to the QCCP or clearing member is subject to an arrangement that prevents any losses to the clearing member client System institution due to the joint default or a concurrent insolvency, liquidation, or receivership proceeding of the clearing member and any other clearing member clients of the clearing member; and the clearing member client System institution has conducted sufficient legal review to conclude with a well-founded basis (and maintains sufficient written documentation of that legal review) that in the event of a legal challenge (including one resulting from default or from liquidation, insolvency, or receivership proceeding) the relevant court and administrative authorities would find the arrangements to be legal, valid, binding and enforceable under the law of the relevant jurisdictions; or

(B) Four (4) percent if the requirements of paragraph (b)(3)(i)(A) of this section are not met.

(ii) For a cleared transaction with a CCP that is not a QCCP, a clearing member client System institution must apply the risk weight appropriate for the CCP according to §628.32.

(4) *Collateral.* (i) Notwithstanding any other requirements in this section, collateral posted by a clearing member client System institution that is held by a custodian (in its capacity as custodian) in a manner that is bankruptcy remote from the CCP, the custodian, clearing member and other clearing member clients of the clearing member, is not subject to a capital requirement under this section.

(ii) A clearing member client System institution must calculate a risk-weighted asset amount for any collateral provided to a CCP, clearing member, or custodian in connection with a cleared transaction in accordance with the requirements under §628.32.

(c)-(d) [Reserved]

### **§628.36 Guarantees and credit derivatives: Substitution treatment.**

(a) *Scope—(1) General.* A System institution may recognize the credit risk mitigation benefits of an eligible guarantee or eligible credit derivative by substituting the risk weight associated with the protection provider for the risk weight assigned to an exposure, as provided under this section.

(2) This section applies to exposures for which:

(i) Credit risk is fully covered by an eligible guarantee or eligible credit derivative; or

(ii) Credit risk is covered on a pro rata basis (that is, on a basis in which the System institution and the protection provider share losses proportionately) by an eligible guarantee or eligible credit derivative.

(3) Exposures on which there is a tranching of credit risk (reflecting at least two different levels of seniority) generally are securitization exposures subject to §§628.41 through 628.45.

(4) If multiple eligible guarantees or eligible credit derivatives cover a single exposure described in this section, a System institution may treat the hedged exposure as multiple separate exposures each covered by a single eligible guarantee or eligible credit derivative and may calculate a separate risk-weighted asset amount for each separate exposure as described in paragraph (c) of this section.

(5) If a single eligible guarantee or eligible credit derivative covers multiple hedged exposures described in paragraph (a)(2) of this section, a System institution must treat each hedged exposure as covered by a separate eligible guarantee or eligible credit derivative and must calculate a separate risk-weighted asset amount for each exposure as described in paragraph (c) of this section.

(b) *Rules of recognition.* (1) A System institution may only recognize the credit risk mitigation benefits of eligible guarantees and eligible credit derivatives.

(2) A System institution may only recognize the credit risk mitigation benefits of an eligible credit derivative to hedge an exposure that is different from the credit derivative's reference exposure used for determining the derivative's cash settlement value, deliverable obligation, or occurrence of a credit event if:

(i) The reference exposure ranks *pari passu* with, or is subordinated to, the hedged exposure; and

(ii) The reference exposure and the hedged exposure are to the same legal entity, and legally enforceable cross-default or cross-acceleration clauses are in place to ensure payments under the credit derivative are triggered when the obligated party of the hedged exposure fails to pay under the terms of the hedged exposure.

(c) *Substitution approach*—(1) *Full coverage.* If an eligible guarantee or eligible credit derivative meets the conditions in paragraphs (a) and (b) of this section and the protection amount (P) of the guarantee or credit derivative is greater than or equal to the exposure amount of the hedged exposure, a System institution may recognize the guarantee or credit derivative in determining the risk-weighted asset amount for the hedged exposure by substituting the risk weight applicable to the guarantor or credit derivative protection provider under §628.32 for the risk weight assigned to the exposure.

(2) *Partial coverage.* If an eligible guarantee or eligible credit derivative meets the conditions in §§628.36(a) and 628.37(b) and the protection amount (P) of the guarantee or credit derivative is less than the exposure amount of the hedged exposure, the System institution must treat the hedged exposure as two separate exposures (protected and unprotected) in order to recognize the credit risk mitigation benefit of the guarantee or credit derivative.

(i) The System institution may calculate the risk-weighted asset amount for the protected exposure under §628.32, where the applicable risk weight is the risk weight applicable to the guarantor or credit derivative protection provider.

(ii) The System institution must calculate the risk-weighted asset amount for the unprotected exposure under §628.32, where the applicable risk weight is that of the unprotected portion of the hedged exposure.

(iii) The treatment provided in this section is applicable when the credit risk of an exposure is covered on a partial pro rata basis and may be applicable when an adjustment is made to the effective notional amount of the guarantee or credit derivative under paragraph (d), (e), or (f) of this section.

(d) *Maturity mismatch adjustment.* (1) A System institution that recognizes an eligible guarantee or eligible credit derivative in determining the risk-weighted asset amount for a hedged exposure must adjust the effective notional amount of the credit risk mitigant to reflect any maturity mismatch between the hedged exposure and the credit risk mitigant.

(2) A maturity mismatch occurs when the residual maturity of a credit risk mitigant is less than that of the hedged exposure(s).

(3) The residual maturity of a hedged exposure is the longest possible remaining time before the obligated party of the hedged exposure is scheduled to fulfill its obligation on the hedged exposure. If a credit risk mitigant has embedded options that may reduce its term, the System institution (protection purchaser) must use the shortest possible residual maturity for the credit risk mitigant. If a call is at the discretion of the protection provider, the residual maturity of the credit risk mitigant is at the first call date. If the call is at the discretion of the System institution (protection purchaser), but the terms of the arrangement at origination of the credit risk mitigant contain a positive incentive for the System institution to call the transaction before contractual maturity, the remaining time to the first call date is the residual maturity of the credit risk mitigant.

(4) A credit risk mitigant with a maturity mismatch may be recognized only if its original maturity is greater than or equal to 1 year and its residual maturity is greater than 3 months.

(5) When a maturity mismatch exists, the System institution must apply the following adjustment to reduce the effective notional amount of the credit risk mitigant:

$$P_m = E \times [(t-0.25)/(T-0.25)]$$

Where:

$P_m$  = effective notional amount of the credit risk mitigant, adjusted for maturity mismatch;

$E$  = effective notional amount of the credit risk mitigant;

$t$  = the lesser of  $T$  or the residual maturity of the credit risk mitigant, expressed in years;  
and

$T$  = the lesser of 5 or the residual maturity of the hedged exposure, expressed in years.

(e) *Adjustment for credit derivatives without restructuring as a credit event.* If a System institution recognizes an eligible credit derivative that does not include as a credit event a restructuring of the hedged exposure involving forgiveness or postponement of principal, interest, or fees that results in a credit loss event (that is, a charge-off, specific provision, or other similar debit to the profit and loss account), the System institution must apply the following adjustment to reduce the effective notional amount of the credit derivative:

$$P_r = P_m \times 0.60$$

Where:

$P_r$  = effective notional amount of the credit risk mitigant, adjusted for lack of restructuring event (and maturity mismatch, if applicable); and

$P_m$  = effective notional amount of the credit risk mitigant (adjusted for maturity mismatch, if applicable).

(f) *Currency mismatch adjustment.* (1) If a System institution recognizes an eligible guarantee or eligible credit derivative that is denominated in a currency different from that in which the hedged exposure is denominated, the System institution must apply the following formula to the effective notional amount of the guarantee or credit derivative:

$$P_c = P_r \times (1 - H_{fx})$$

Where:

$P_c$  = effective notional amount of the credit risk mitigant, adjusted for currency mismatch (and maturity mismatch and lack of restructuring event, if applicable);

$P_r$  = effective notional amount of the credit risk mitigant (adjusted for maturity mismatch and lack of restructuring event, if applicable); and

$H_{fx}$  = haircut appropriate for the currency mismatch between the credit risk mitigant and the hedged exposure.

(2) A System institution must set  $H_{fx}$  equal to 8 percent.

(3) A System institution must adjust  $H_{fx}$  calculated in paragraph (f)(2) of this section upward if the System institution revalues the guarantee or credit derivative less frequently than once every 10 business days using the following square root of time formula:

$$H_{FX} = 8\% \sqrt{\frac{T_M}{10}},$$

[View or download PDF](#)

Where  $T_M$  equals the greater of 10 or the number of days between revaluation.

## **§628.37 Collateralized transactions.**

(a) *General.* (1) To recognize the risk-mitigating effects of financial collateral, a System institution may use:

- (i) The simple approach in paragraph (b) of this section for any exposure.
  - (ii) The collateral haircut approach in paragraph (c) of this section for repo-style transactions, eligible margin loans, collateralized derivative contracts, and single-product netting sets of such transactions.
- (2) A System institution may use any approach described in this section that is valid for a particular type of exposure or transaction; however, it must use the same approach for similar exposures or transactions.
- (b) *The simple approach—(1) General requirements.* (i) A System institution may recognize the credit risk mitigation benefits of financial collateral that secures any exposure.
- (ii) To qualify for the simple approach, the financial collateral must meet the following requirements:
- (A) The collateral must be subject to a collateral agreement for at least the life of the exposure;
  - (B) The collateral must be revalued at least every 6 months; and
  - (C) The collateral (other than gold) and the exposure must be denominated in the same currency.
- (2) *Risk-weight substitution.* (i) A System institution may apply a risk weight to the portion of an exposure that is secured by the fair value of financial collateral (that meets the requirements of paragraph (b)(1) of this section) based on the risk weight assigned to the collateral under §628.32. For repurchase agreements, reverse repurchase agreements, and securities lending and borrowing transactions, the collateral is the instruments, gold, and cash the System institution has borrowed, purchased subject to resale, or taken as collateral from the counterparty under the transaction. Except as provided in paragraph (b)(3) of this section, the risk weight assigned to the collateralized portion of the exposure may not be less than 20 percent.
- (ii) A System institution must apply a risk weight to the unsecured portion of the exposure based on the risk weight assigned to the exposure under this subpart.
- (3) *Exceptions to the 20-percent risk-weight floor and other requirements.* Notwithstanding paragraph (b)(2)(i) of this section:
- (i) A System institution may assign a 0-percent risk weight to an exposure to an OTC derivative contract that is marked-to-fair on a daily basis and subject to a daily margin maintenance requirement, to the extent the contract is collateralized by cash on deposit.
  - (ii) A System institution may assign a 10-percent risk weight to an exposure to an OTC derivative contract that is marked-to-fair value daily and subject to a daily margin maintenance requirement, to the extent that the contract is collateralized by an exposure to a sovereign that qualifies for a 0-percent risk weight under §628.32.
  - (iii) A System institution may assign a 0-percent risk weight to the collateralized portion of an exposure where:
    - (A) The financial collateral is cash on deposit; or

(B) The financial collateral is an exposure to a sovereign that qualifies for a 0-percent risk weight under §628.32, and the System institution has discounted the fair value of the collateral by 20 percent.

(c) *Collateral haircut approach*—(1) *General*. A System institution may recognize the credit risk mitigation benefits of financial collateral that secures an eligible margin loan, repo-style transaction, collateralized derivative contract, or single-product netting set of such transactions by using the standard supervisory haircuts in paragraph (c)(3) of this section.

(2) *Exposure amount equation*. A System institution must determine the exposure amount for an eligible margin loan, repo-style transaction, collateralized derivative contract, or a single-product netting set of such transactions by setting the exposure amount equal to max:

$$\{0, [(\Sigma E - \Sigma C) + \Sigma(E_s \times H_s) + \Sigma(E_{fx} \times H_{fx})]\}$$

Where:

$\Sigma E$  = for eligible margin loans and repo-style transactions and netting sets thereof, the value of the exposure (the sum of the current fair values of all instruments, gold, and cash the System institution has lent, sold subject to repurchase, or posted as collateral to the counterparty under the transaction (or netting set)); and

$\Sigma E$  = for collateralized derivative contracts and netting sets thereof, the exposure amount of the OTC derivative contract (or netting set) calculated under §628.34(c) or (d).

$\Sigma C$  = the value of the collateral (the sum of the current fair values of all instruments, gold and cash the System institution has borrowed, purchased subject to resale, or taken as collateral from the counterparty under the transaction (or netting set));

$E_s$  = the absolute value of the net position in a given instrument or in gold (where the net position in the instrument or gold equals the sum of the current fair values of the instrument or gold the System institution has lent, sold subject to repurchase, or posted as collateral to the counterparty minus the sum of the current fair values of that same instrument or gold the System institution has borrowed, purchased subject to resale, or taken as collateral from the counterparty);

$H_s$  = the fair value price volatility haircut appropriate to the instrument or gold referenced in  $E_s$ ;

$E_{fx}$  = the absolute value of the net position of instruments and cash in a currency that is different from the settlement currency (where the net position in a given currency equals the sum of the current fair values of any instruments or cash in the currency the System institution has lent, sold subject to repurchase, or posted as collateral to the counterparty minus the sum of the current fair values of any instruments or cash in the currency the System institution has borrowed, purchased subject to resale, or taken as collateral from the counterparty); and

$H_{fx}$  = the haircut appropriate to the mismatch between the currency referenced in  $E_{fx}$  and the settlement currency.

(3) *Standard supervisory haircuts*. (i) A System institution must use the haircuts for fair value price volatility ( $H_s$ ) provided in Table 1 to §628.37, as adjusted in certain

circumstances in accordance with the requirements of paragraphs (c)(3)(iii) and (iv) of this section:

**Table 1 to §628.37—Standard Supervisory Market Price Volatility Haircut<sup>1</sup>**

Residual maturity	Haircut (in percent) assigned based on						Investment grade securitization exposures (in percent)
	Sovereign issuers risk weight under §628.322			Non-sovereign issuers risk weight under §628.32			
	Zero	20% or –50%	100%	20%	50%	100%	
Less than or equal to 1 year	0.5	1.0	15.0	1.0	2.0	25.0	4.0%
Great than 1 years and less than and equal to 5 years	2.0	3.0	15.0	4.0	6.0	25.0	12.0%
Greater than 5 years	4.0	6.0	15.0	8.0	12.0	25.0	24.0%
Main index equities (including convertible bonds) and gold				15.0%			
Other publically traded equities (including convertible bonds)				25.0%			
Mutual funds				Highest haircut applicable to any security in which the fund can invest			
Cash collateral				0%			

<sup>1</sup>The market price volatility haircut in Table 1 to §628.37 are based on 10-day holding period.

<sup>2</sup>Includes a foreign PSE that receives a 0-percent risk weight.

(ii) For currency mismatches, a System institution must use a haircut for foreign exchange rate volatility ( $H_{fx}$ ) of 8 percent, as adjusted in certain circumstances under paragraphs (c)(3)(iii) and (iv) of this section.

(iii) For repo-style transactions, a System institution may multiply the standard supervisory haircuts provided in paragraphs (c)(3)(i) and (ii) of this section by the square root of  $1/2$  (which equals 0.707107).

(iv) If the number of trades in a netting set exceeds 5,000 at any time during a quarter, a System institution must adjust the supervisory haircuts provided in paragraphs (c)(3)(i) and (ii) of this section upward on the basis of a holding period of 20 business days for the following quarter except in the calculation of the exposure amount for purposes of §628.35. If a netting set contains one or more trades involving illiquid collateral or an OTC derivative that cannot be easily replaced, a System institution must adjust the supervisory haircuts upward on the basis of a holding period of 20 business days. If over the 2 previous quarters more than two margin disputes on a netting set have occurred that lasted more than the holding period, then the System institution must adjust the supervisory haircuts upward for that netting set on the basis of a holding period that is at least two times the minimum holding period for that netting set. A System institution must adjust the standard supervisory haircuts upward using the following formula:

$$H_A = H_S \sqrt{\frac{T_M}{T_S}}$$

[View or download PDF](#)

Where:

$T_M$  = a holding period of longer than 10 business days for eligible margin loans and derivative contracts or longer than 5 business days for repo-style transactions;

$H_S$  = the standard supervisory haircut; and

$T_S$  = 10 business days for eligible margin loans and derivative contracts or 5 business days for repo-style transactions.

(v) If the instrument a System institution has lent, sold subject to repurchase, or posted as collateral does not meet the definition of financial collateral in §628.2, the System institution must use a 25-percent haircut for fair value price volatility ( $H_S$ ).

(4) [Reserved]

## **Risk-Weighted Assets for Unsettled Transactions**

### **§628.38 Unsettled transactions.**

(a) *Definitions.* For purposes of this section:

(1) Delivery-versus-payment (DvP) transaction means a securities or commodities transaction in which the buyer is obligated to make payment only if the seller has made delivery of the securities or commodities and the seller is obligated to deliver the securities or commodities only if the buyer has made payment.

(2) Payment-versus-payment (PvP) transaction means a foreign exchange transaction in which each counterparty is obligated to make a final transfer of one or more currencies only if the other counterparty has made a final transfer of one or more currencies.

(3) A transaction has a normal settlement period if the contractual settlement period for the transaction is equal to or less than the fair value standard for the instrument underlying the transaction and equal to or less than 5 business days.

(4) Positive current exposure of a System institution for a transaction is the difference between the transaction value at the agreed settlement price and the current fair value price of the transaction, if the difference results in a credit exposure of the System institution to the counterparty.

(b) *Scope.* This section applies to all transactions involving securities, foreign exchange instruments, and commodities that have a risk of delayed settlement or delivery. This section does not apply to:

(1) Cleared transactions that are marked-to-fair value daily and subject to daily receipt and payment of variation margin;

(2) Repo-style transactions, including unsettled repo-style transactions;

(3) One-way cash payments on OTC derivative contracts; or

(4) Transactions with a contractual settlement period that is longer than the normal settlement period (which are treated as OTC derivative contracts as provided in §628.34).

(c) *System-wide failures.* In the case of a system-wide failure of a settlement, clearing system or central counterparty, the FCA may waive risk-based capital requirements for unsettled and failed transactions until the situation is rectified.

(d) *Delivery-versus-payment (DvP) and payment-versus-payment (PvP) transactions.* A System institution must hold risk-based capital against any DvP or PvP transaction with a normal settlement period if the System institution's counterparty has not made delivery or payment within 5 business days after the settlement date. The System institution must determine its risk-weighted asset amount for such a transaction by multiplying the positive current exposure of the transaction for the System institution by the appropriate risk weight in Table 1 to §628.38.

**Table 1 to §628.38—Risk Weights for Unsettled DVP and PVP Transactions**

<b>Number of business days after contractual settlement date</b>	<b>Risk weight to be applied to positive current exposure (in percent)</b>
From 5 to 15	100.0
From 16 to 30	625.0
From 31 to 45	937.5
46 or more	1,250.0

(e) *Non-DvP/non-PvP (non-delivery-versus-payment/non-payment-versus-payment) transactions.* (1) A System institution must hold risk-based capital against any non-DvP/non-PvP transaction with a normal settlement period if the System institution has delivered cash, securities, commodities, or currencies to its counterparty but has not received its corresponding deliverables by the end of the same business day. The System institution must continue to hold risk-based capital against the transaction until the System institution has received its corresponding deliverables.

(2) From the business day after the System institution has made its delivery until 5 business days after the counterparty delivery is due, the System institution must calculate the risk-weighted asset amount for the transaction by treating the current fair value of the deliverables owed to the System institution as an exposure to the counterparty and using the applicable counterparty risk weight under §628.32.

(3) If the System institution has not received its deliverables by the 5th business day after counterparty delivery was due, the System institution must assign a 1,250-percent risk weight to the current fair value of the deliverables owed to the System institution.

(f) *Total risk-weighted assets for unsettled transactions.* Total risk-weighted assets for unsettled transactions is the sum of the risk-weighted asset amounts of all DvP, PvP, and non-DvP/non-PvP transactions.

### **§§628.39-628.40 [Reserved]**

### **Risk-Weighted Assets for Securitization Exposures**

#### **§628.41 Operational requirements for securitization exposures.**

(a) *Operational criteria for traditional securitizations.* A System institution that transfers exposures it has originated or purchased to a third party in connection with a traditional

securitization may exclude the exposures from the calculation of its risk-weighted assets only if each condition in this section is satisfied. A System institution that meets these conditions must hold risk-based capital against any credit risk it retains in connection with the securitization. A System institution that fails to meet these conditions must hold risk-based capital against the transferred exposures as if they had not been securitized and must deduct from CET1 capital, pursuant to §628.22, any after-tax gain-on-sale resulting from the transaction. The conditions are:

- (1) The exposures are not reported on the System institution's consolidated balance sheet under GAAP;
- (2) The System institution has transferred to one or more third parties credit risk associated with the underlying exposures;
- (3) Any clean-up calls relating to the securitization are eligible clean-up calls; and
- (4) The securitization does not:
  - (i) Include one or more underlying exposures in which the borrower is permitted to vary the drawn amount within an agreed limit under a line of credit; and
  - (ii) Contain an early amortization provision.

(b) *Operational criteria for synthetic securitizations.* For synthetic securitizations, a System institution may recognize for risk-based capital purposes the use of a credit risk mitigant to hedge underlying exposures only if each condition in this paragraph is satisfied. A System institution that meets these conditions must hold risk-based capital against any credit risk of the exposures it retains in connection with the synthetic securitization. A System institution that fails to meet these conditions or chooses not to recognize the credit risk mitigant for purposes of this section must instead hold risk-based capital against the underlying exposures as if they had not been synthetically securitized. The conditions are:

- (1) The credit risk mitigant is:
  - (i) Financial collateral;
  - (ii) A guarantee that meets all criteria set forth in the definition of "eligible guarantee" in §628.2, except for the criteria in paragraph (3) of that definition; or
  - (iii) A credit derivative that meets all criteria as set forth in the definition of "eligible credit derivative" in §628.2, except for the criteria in paragraph (3) of the definition of "eligible guarantee" in §628.2.
- (2) The System institution transfers credit risk associated with the underlying exposures to one or more third parties, and the terms and conditions in the credit risk mitigants employed do not include provisions that:
  - (i) Allow for the termination of the credit protection due to deterioration in the credit quality of the underlying exposures;
  - (ii) Require the System institution to alter or replace the underlying exposures to improve the credit quality of the pool of underlying exposures;

(iii) Increase the System institution's cost of credit protection in response to deterioration in the credit quality of the underlying exposures;

(iv) Increase the yield payable to parties other than the System institution in response to a deterioration in the credit quality of the underlying exposures; or

(v) Provide for increases in a retained first loss position or credit enhancement provided by the System institution after the inception of the securitization;

(3) The System institution obtains a well-reasoned opinion from legal counsel that confirms the enforceability of the credit risk mitigant in all relevant jurisdictions; and

(4) Any clean-up calls relating to the securitization are eligible clean-up calls.

(c) *Due diligence requirements.* (1) Except for exposures that are deducted from CET1 capital (pursuant to §628.22) and exposures subject to §628.42(h), if a System institution is unable to demonstrate to the satisfaction of the FCA a comprehensive understanding of the features of a securitization exposure that would materially affect the performance of the exposure, the System institution must assign the securitization exposure a risk weight of 1,250 percent. The System institution's analysis must be commensurate with the complexity of the securitization exposure and the materiality of the exposure in relation to its capital.

(2) A System institution must demonstrate its comprehensive understanding of a securitization exposure under paragraph (c)(1) of this section for each securitization exposure by:

(i) Conducting an analysis of the risk characteristics of a securitization exposure prior to acquiring the exposure, and documenting such analysis within 3 business days after acquiring the exposure, considering:

(A) Structural features of the securitization that would materially impact the performance of the exposure, for example, the contractual cash flow waterfall, waterfall-related triggers, credit enhancements, liquidity enhancements, fair value triggers, the performance of organizations that service the exposure, and deal-specific definitions of default;

(B) Relevant information regarding the performance of the underlying credit exposure(s), for example, the percentage of loans 30, 60, and 90 days past due; default rates; prepayment rates; loans in foreclosure; property types; occupancy; average credit score or other measures of creditworthiness; average loan-to-value (LTV) ratio; and industry and geographic diversification data on the underlying exposure(s);

(C) Relevant market data of the securitization, for example, bid-ask spread, most recent sales price and historic price volatility, trading volume, implied market rating, and size, depth and concentration level of the market for the securitization; and

(D) For resecuritization exposures, performance information on the underlying securitization exposures, for example, the issuer name and credit quality, and the characteristics and performance of the exposures; and

(ii) On an on-going basis (no less frequently than quarterly), evaluating, reviewing, and updating as appropriate the analysis required under paragraph (c)(1) of this section for each securitization exposure.

## **§628.42 Risk-weighted assets for securitization exposures.**

(a) *Securitization risk weight approaches.* Except as provided in this section or in §628.41:

(1) A System institution must deduct from CET1 capital any after-tax gain-on-sale resulting from a securitization (as provided in §628.22) and must apply a 1,250-percent risk weight to the portion of a credit-enhancing interest-only strip (CEIO) that does not constitute after-tax gain-on-sale.

(2) If a securitization exposure does not require deduction under paragraph (a)(1) of this section, a System institution may assign a risk weight to the securitization exposure using the simplified supervisory formula approach (SSFA) in accordance with §628.43(a) through (d) and subject to the limitation under paragraph (e) of this section. Alternatively, a System institution may assign a risk weight to the purchased securitization exposure using the gross-up approach in accordance with §628.43(e), provided however, that such System institution must apply either the SSFA or the gross-up approach consistently across all of its securitization exposures, except as provided in paragraphs (a)(1), (3), and (4) of this section.

(3) If a securitization exposure does not require deduction under paragraph (a)(1) of this section and the System institution cannot or chooses not to apply the SSFA or the gross-up approach to the exposure, the System institution must assign a risk weight to the exposure as described in §628.44.

(4) If a securitization exposure is a derivative contract (other than protection provided by a System institution in the form of a credit derivative) that has a first priority claim on the cash flows from the underlying exposures (notwithstanding amounts due under interest rate or currency derivative contracts, fees due, or other similar payments), a System institution may choose to set the risk-weighted asset amount of the exposure equal to the amount of the exposure as determined in paragraph (c) of this section.

(b) *Total risk-weighted assets for securitization exposures.* A System institution's total risk-weighted assets for securitization exposures equals the sum of the risk-weighted asset amount for securitization exposures that the System institution risk weights under paragraph (a)(1) of this section, §628.41(c), and §628.43, §628.44, or §628.45, except as provided in paragraphs (e) through (j) of this section, as applicable.

(c) *Exposure amount of a securitization exposure.* (1) [Reserved]

(2) *On-balance sheet securitization exposures (available-for-sale or held-to-maturity securities).* The exposure amount of an on-balance sheet securitization exposure that is an available-for-sale or held-to-maturity security is the System institution's carrying value (including net accrued but unpaid interest and fees), less any net unrealized gains on the exposure and plus any net unrealized losses on the exposure.

(3) *Off-balance sheet securitization exposures.* (i) Except as provided in paragraph (j) of this section, the exposure amount of an off-balance sheet securitization that is not a repo-style transaction, an eligible margin loan, a cleared transaction (other than a credit derivative), or an OTC derivative contract (other than a credit derivative) is the notional amount of the exposure.

(ii)-(iii) [Reserved]

(4) *Repo-style transactions, eligible margin loans, and derivative contracts.* The exposure amount of a securitization exposure that is a repo-style transaction, an eligible margin loan, or a derivative contract (other than a credit derivative) is the exposure amount of the transaction as calculated under §628.34 or §628.37 as applicable.

(d) *Overlapping exposures.* If a System institution has multiple securitization exposures that provide duplicative coverage to the underlying exposures of a securitization, the System institution is not required to hold duplicative risk-based capital against the overlapping position. Instead, the System institution may apply to the overlapping position the applicable risk-based capital treatment that results in the highest risk-based capital requirement.

(e) *Implicit support.* If a System institution provides support to a securitization in excess of the System institution's contractual obligation to provide credit support to the securitization (implicit support):

(1) The System institution must include in risk-weighted assets all of the underlying exposures associated with the securitization as if the exposures had not been securitized and must deduct from CET1 capital (pursuant to §628.22) any after-tax gain-on-sale resulting from the securitization; and

(2) The System institution must disclose publicly:

(i) That it has provided implicit support to the securitization; and

(ii) The risk-based capital impact to the System institution of providing such implicit support.

(f) *Undrawn portion of an eligible servicer cash advance facility.* (1) Notwithstanding any other provision of this subpart, a System institution that is a servicer under an eligible servicer cash advance facility is not required to hold risk-based capital against potential future cash advance payments that it may be required to provide under the contract governing the facility.

(2) For a System institution that acts as a servicer, the exposure amount for a servicer cash advance facility that is not an eligible cash advance facility is equal to the amount of all potential future cash payments that the System institution may be contractually required to provide during the subsequent 12-month period under the governing facility.

(g) *Interest-only mortgage-backed securities.* Regardless of any other provisions of this subpart, the risk weight for a non-credit-enhancing interest-only mortgage-backed security may not be less than 100 percent.

(h) *Small-business loans and leases on personal property transferred with retained contractual exposure.* (1) Regardless of any other provisions of this subpart, a System institution that has transferred small-business loans and leases on personal property (small-business obligations) must include in risk-weighted assets only its contractual exposure to the small-business obligations if all the following conditions are met:

(i) The transaction must be treated as a sale under GAAP.

(ii) The System institution establishes and maintains, pursuant to GAAP, a non-capital reserve sufficient to meet the System institution's reasonably estimated liability under the contractual obligation.

(iii) The small business obligations are to businesses that meet the criteria for a small-business concern established by the Small Business Administration under section 3(a) of the Small Business Act.

(iv) [Reserved]

(2) The total outstanding amount of contractual exposure retained by a System institution on transfers of small-business obligations receiving the capital treatment specified in paragraph (h)(1) of this section cannot exceed 15 percent of the System institution's total capital.

(3) If a System institution exceeds the 15-percent capital limitation provided in paragraph (h)(2) of this section, the capital treatment under paragraph (h)(1) of this section will continue to apply to any transfers of small-business obligations with retained contractual exposure that occurred during the time that the System institution did not exceed the capital limit.

(4) [Reserved]

(i)-(ii) [Reserved]

(i) *N<sup>th</sup>-to-default credit derivatives*—(1) *Protection provider*. A System institution must assign a risk weight to an nth-to-default credit derivative in accordance with FCA guidance.

(2)-(3) [Reserved]

(4) *Protection purchaser*—(i) *First-to-default credit derivatives*. A System institution that obtains credit protection on a group of underlying exposures through a first-to-default credit derivative that meets the rules of recognition of §628.36(b) must determine its risk-based capital requirement for the underlying exposures as if the System institution synthetically securitized the underlying exposure with the smallest risk-weighted asset amount and had obtained no credit risk mitigant on the other underlying exposures. A System institution must calculate a risk-based capital requirement for counterparty credit risk according to §628.34 for a first-to-default credit derivative that does not meet the rules of recognition of §628.36(b).

(ii) *Second-or-subsequent-to-default credit derivatives*. (A) A System institution that obtains credit protection on a group of underlying exposures through a nth-to-default credit derivative that meets the rules of recognition of §628.36(b) (other than a first-to-default credit derivative) may recognize the credit risk mitigation benefits of the derivative only if:

(1) The System institution also has obtained credit protection on the same underlying exposures in the form of first-through-(n-1)-to-default credit derivatives; or

(2) If n-1 of the underlying exposures have already defaulted.

(B) If a System institution satisfies the requirements of paragraph (i)(4)(ii)(A) of this section, the System institution must determine its risk-based capital requirement for the underlying exposures as if the System institution had only synthetically securitized the

underlying exposure with the nth smallest risk-weighted asset amount and had obtained no credit risk mitigant on the underlying exposures.

(C) A System institution must calculate a risk-based capital requirement for counterparty credit risk according to §628.34 for a nth-to-default credit derivative that does not meet the rules of recognition of §628.36(b).

(j) *Guarantees and credit derivatives other than nth-to-default credit derivatives—*

(1) *Protection provider.* For a guarantee or credit derivative (other than an nth-to-default credit derivative) provided by a System institution that covers the full amount or a pro rata share of a securitization exposure's principal and interest, the System institution must risk weight the guarantee or credit derivative in accordance with FCA guidance.

(2) *Protection purchaser.* (i) A System institution that purchases a guarantee or OTC credit derivative (other than an nth-to-default credit derivative) that is recognized under §628.45 as a credit risk mitigant (including via collateral recognized under §628.37) is not required to compute a separate credit risk capital requirement under §628.31, in accordance with §628.34(c).

(ii) If a System institution cannot, or chooses not to, recognize a purchased credit derivative as a credit risk mitigant under §628.45, the System institution must determine the exposure amount of the credit derivative under §628.34.

(A) If the System institution purchases credit protection from a counterparty that is not a securitization special purpose entity (SPE), the System institution must determine the risk weight for the exposure according to general risk weights under §628.32.

(B) If the System institution purchases the credit protection from a counterparty that is a securitization SPE, the System institution must determine the risk weight for the exposure according to this section, including paragraph (a)(4) of this section for a credit derivative that has a first priority claim on the cash flows from the underlying exposures of the securitization SPE (notwithstanding amounts due under interest rate or currency derivative contracts, fees due, or other similar payments).

#### **§628.43 Simplified supervisory formula approach (SSFA) and the gross-up approach.**

(a) *General requirements for the SSFA.* To use the SSFA to determine the risk weight for a securitization exposure, a System institution must have data that enables it to assign accurately the parameters described in paragraph (b) of this section. Data used to assign the parameters described in paragraph (b) of this section must be the most currently available data; if the contract governing the underlying exposures of the securitization require payment on a monthly or quarterly basis, the data used to assign the parameters described in paragraph (b) of this section must be no more than 91 calendar days old. A System institution that does not have the appropriate data to assign the parameters described in paragraph (b) of this section must assign a risk weight of 1,250 percent to the exposure.

(b) *SSFA parameters.* To calculate the risk weight for a securitization exposure using the SSFA, a System institution must have accurate information on the following five inputs to the SSFA calculation:

(1)  $K_G$  is the weighted-average (with unpaid principal used as the weight for each exposure) total capital requirement of the underlying exposures calculated using this subpart.  $K_G$  is expressed as a decimal value between 0 and 1 (that is, an average risk weight of 100 percent represents a value of  $K_G$  equal to .08).

(2) Parameter  $W$  is expressed as a decimal value between 0 and 1. Parameter  $W$  is the ratio of the sum of the dollar amounts of any underlying exposures within the securitized pool that meet any of the criteria as set forth in paragraphs (b)(2)(i) through (vi) of this section to the balance, measured in dollars, of underlying exposures:

(i) Ninety (90) days or more past due;

(ii) Subject to a bankruptcy or insolvency proceeding;

(iii) In the process of foreclosure;

(iv) Held as real estate owned;

(v) Has contractually deferred interest payments for 90 days or more, other than principal or interest payments deferred on:

(A) Federally guaranteed student loans, in accordance with the terms of those guarantee programs; or

(B) Consumer loans, including non-federally guaranteed student loans, provided that such payments are deferred pursuant to provisions included in the contract at the time funds are disbursed that provide for periods(s) of deferral that are not initiated based on changes in the creditworthiness of the borrower; or

(vi) Is in default.

(3) Parameter  $A$  is the attachment point for the exposure, which represents the threshold at which credit losses will first be allocated to the exposure. Except as provided in §628.42(i) for nth-to-default credit derivatives, parameter  $A$  equals the ratio of the current dollar amount of underlying exposures that are subordinated to the exposure of the System institution to the current dollar amount of underlying exposures. Any reserve account funded by the accumulated cash flows from the underlying exposures that is subordinated to the System institution's securitization exposure may be included in the calculation of parameter  $A$  to the extent that cash is present in the account. Parameter  $A$  is expressed as a decimal value between 0 and 1.

(4) Parameter  $D$  is the detachment point for the exposure, which represents the threshold at which credit losses of principal allocated to the exposure would result in a total loss of principal. Except as provided in §628.42(i) for nth-to-default credit derivatives, parameter  $D$  equals parameter  $A$  plus the ratio of the current dollar amount of the securitization exposures that are *pari passu* with the exposure (that is, have equal seniority with respect to credit risk) to the current dollar amount of the underlying exposures. Parameter  $D$  is expressed as a decimal value between 0 and 1.

(5) A supervisory calibration parameter,  $p$ , is equal to 0.5 for securitization exposures that are not resecuritization exposures and equal to 1.5 for resecuritization exposures.

(c) *Mechanics of the SSFA.*  $K_G$  and  $W$  are used to calculate  $K_A$ , the augmented value of  $K_G$ , which reflects the observed credit quality of the underlying pool of exposures.  $K_A$  is defined in paragraph (d) of this section. The values of parameters  $A$  and  $D$ , relative to  $K_A$  determine the risk weight assigned to a securitization exposure as described in paragraph (d) of this section. The risk weight assigned to a securitization exposure, or portion of a securitization exposure, as appropriate, is the larger of the risk weight determined in accordance with this paragraph (d) of this section and a risk weight of 20 percent.

(1) When the detachment point, parameter  $D$ , for a securitization exposure is less than or equal to  $K_A$ , the exposure must be assigned a risk weight of 1,250 percent.

(2) When the attachment point, parameter  $A$ , for a securitization exposure is greater than or equal to  $K_A$ , the System institution must calculate the risk weight in accordance with paragraph (d) of this section.

(3) When  $A$  is less than  $K_A$  and  $D$  is greater than  $K_A$ , the risk weight is a weighted average of 1,250 percent and 1,250 percent times  $K_{SSFA}$  calculated in accordance with paragraph (d) of this section. For the purpose of this weighted-average calculation:

(i) The weight assigned to 1,250 percent equals:

$$\frac{K_A - A}{D - A}$$

[View or download PDF](#)

(ii) The weight assigned to 1,250 percent times  $K_{SSFA}$  equals:

$$\frac{D - K_A}{D - A}$$

[View or download PDF](#)

(iii) The risk weight will be set equal to:

$$RW = \left[ \left( \frac{K_A - A}{D - A} \right) \times 1,250 \text{ percent} \right] + \left[ \left( \frac{D - K_A}{D - A} \right) \times 1,250 \text{ percent} \times K_{SSFA} \right]$$

[View or download PDF](#)

(d) *SSFA equation.* (1) The System institution must define the following parameters:

$$K_A = (1 - W) \times K_G \times (0.5 \times W)$$

(2) Then the System institution must calculate  $K_{SSFA}$  according to the following equation:

$$K_{SSFA} = \frac{e^{au} - e^{al}}{a(u \times l)}$$

Where:

$$a = \frac{1}{p \times K_A},$$

$$u = D - K_A,$$

$$l = \max(A - K_A, 0), \text{ and}$$

$e = 2.71828$ , the base of the natural logarithm

[View or download PDF](#)

(3) The risk weight for the exposure (expressed as a percent) is equal to  $K_{SSFA} \times 1,250$ .

(e) *Gross-up approach*—(1) *Applicability*. A System institution may apply the gross-up approach set forth in this section instead of the SSFA to determine the risk weight of its securitization exposures, provided that it applies the gross-up approach to all of its securitization exposures, except as otherwise provided for certain securitization exposures in §§628.44 and 628.45.

(2) To use the gross-up approach, a System institution must calculate the following four inputs:

(i) Pro rata share  $A$ , which is the par value of the System institution's securitization exposure  $X$  as a percent of the par value of the tranche in which the securitization exposure resides  $Y$ :

$$A = \frac{X}{Y} \text{ expressed as a percent}$$

[View or download PDF](#)

(ii) Enhanced amount  $B$ , which is the value of tranches that are more senior to the tranche in which the System institution's securitization resides;

(iii) Exposure amount (carrying value)  $C$  of the System institution's securitization exposure calculated under §628.42(c); and

(iv) Risk weight ( $RW$ ), which is the weighted-average risk weight of underlying exposures in the securitization pool as calculated under this subpart. For example,  $RW$  for an asset-backed security with underlying car loans would be 100 percent.

(3) *Credit equivalent amount (CEA)*. The CEA of a securitization exposure under this section equals the sum of:

(i) The exposure amount  $C$  of the System institution's securitization exposure; plus

(ii) The pro rata share  $A$  multiplied by the enhanced amount  $B$ , each calculated in accordance with paragraph (e)(2) of this section:

$$CEA = C + (A \times B)$$

(4) *Risk-weighted assets (RWA)*. To calculate *RWA* for a securitization exposure under the gross-up approach, a System institution must apply the *RW* calculated under paragraph (e)(2) of this section to the *CEA* calculated in paragraph (e)(3) of this section:

$$RWA = RW \times CEA$$

(f) *Limitations*. Notwithstanding any other provision of this section, a System institution must assign a risk weight of not less than 20 percent to a securitization exposure.

**§628.44 Securitization exposures to which the SSFA and gross-up approach do not apply.**

(a) *General requirement*. A System institution must assign a 1,250-percent risk weight to all securitization exposures to which the System institution does not apply the SSFA or the gross up approach under §628.43.

(b) [Reserved]

**§628.45 Recognition of credit risk mitigants for securitization exposures.**

(a) *General*. (1) An originating System institution that has obtained a credit risk mitigant to hedge its exposure to a synthetic or traditional securitization that satisfies the operational criteria provided in §628.41 may recognize the credit risk mitigant under §628.36 or §628.37, but only as provided in this section.

(2) An investing System institution that has obtained a credit risk mitigant to hedge a securitization exposure may recognize the credit risk mitigant under §628.36 or §628.37, but only as provided in this section.

(b) *Mismatches*. A System institution must make any applicable adjustment to the protection amount of an eligible guarantee or credit derivative as required in §628.36(d), (e), and (f) for any hedged securitization exposure. In the context of a synthetic securitization, when an eligible guarantee or eligible credit derivative covers multiple hedged exposures that have different residual maturities, the System institution must use the longest residual maturity of any of the hedged exposures as the residual maturity of all hedged exposures.

**§§628.46-628.50 [Reserved]**

**Risk-Weighted Assets for Equity Exposures**

**§628.51 Introduction and exposure measurement.**

(a) *General*. (1) To calculate its risk-weighted asset amounts for equity exposures that are not equity exposures to an investment fund, a System institution must use the Simple Risk-Weight Approach (SRWA) provided in §628.52. A System institution must use the look-through approaches provided in §628.53 to calculate its risk-weighted asset amounts for equity exposures to investment funds. Equity investments (including preferred stock investments) in other System institutions, service corporations, and the Funding Corporation do not receive a risk weight, because they are deducted from capital in accordance with §628.22.

(2)-(3) [Reserved]

(b) *Adjusted carrying value.* For purposes of §§628.51 through 628.53, the adjusted carrying value of an equity exposure is:

(1) For the on-balance sheet component of an equity exposure (other than an equity exposure that is classified as available-for-sale), the System institution's carrying value of the exposure;

(2) For the on-balance sheet component of an equity exposure that is classified as available-for-sale, the System institution's carrying value of the exposure less any net unrealized gains on the exposure that are reflected in such carrying value but excluded from the System institution's regulatory capital components;

(3) For the off-balance sheet component of an equity exposure that is not an equity commitment, the effective notional principal amount of the exposure, the size of which is equivalent to a hypothetical on-balance sheet position in the underlying equity instrument that would evidence the same change in fair value (measured in dollars) given a small change in the price of the underlying equity instrument, minus the adjusted carrying value of the on-balance sheet component of the exposure as calculated in paragraph (b)(1) of this section; and

(4) For a commitment to acquire an equity exposure (an equity commitment), the effective notional principal amount of the exposure is multiplied by the following conversion factors (CFs):

(i) Conditional equity commitments with an original maturity of 14 months or less receive a CF of 20 percent.

(ii) Conditional equity commitments with an original maturity of over 14 months receive a CF of 50 percent.

(iii) Unconditional equity commitments receive a CF of 100 percent.

#### **§628.52 Simple risk-weight approach (SRWA).**

(a) *General.* Under the SRWA, a System institution's total risk-weighted assets for equity exposures equals the sum of the risk-weighted asset amounts for each of the System institution's individual equity exposures (other than equity exposures to an investment fund) as determined under this section and the risk-weighted asset amounts for each of the System institution's individual equity exposures to an investment fund as determined under §628.53.

(b) *SRWA computation for individual equity exposures.* A System institution must determine the risk-weighted asset amount for an individual equity exposure (other than an equity exposure to an investment fund) by multiplying the adjusted carrying value of the equity exposure or the effective portion and ineffective portion of a hedge pair (as defined in paragraph (c) of this section) by the lowest applicable risk weight in this paragraph.

(1) *Zero-percent (0%) risk weight equity exposures.* An equity exposure to a sovereign, the Bank for International Settlements, the European Central Bank, the European Commission, the International Monetary Fund, an MDB, and any other entity whose credit exposures receive a 0-percent risk weight under §628.32 may be assigned a 0-percent risk weight.

(2) *Twenty-percent (20%) risk weight equity exposures.* An equity exposure to a PSE or the Federal Agricultural Mortgage Corporation (Farmer Mac) must be assigned a 20-percent risk weight.

(3) *One hundred-percent (100%) risk weight equity exposures.* The equity exposures set forth in this paragraph (b)(3) must be assigned a 100-percent risk weight:

(i) [Reserved]

(ii) *Effective portion of hedge pairs.* The effective portion of a hedge pair.

(iii) *Non-significant equity exposures.* Equity exposures, excluding exposures to an investment firm that would meet the definition of a traditional securitization in §628.2 were it not for the application of paragraph (8) of that definition and has greater than immaterial leverage, to the extent that aggregate adjusted carrying value of the exposures does not exceed 10 percent of the System institution's total capital.

(A) Equity exposures subject to paragraph (b)(3)(iii) of this section include:

(1) Equity exposures to unconsolidated unincorporated business entities and equity exposures held through consolidated unincorporated business entities, as authorized by subpart J of part 611 of this chapter; and

(2) [Reserved]

(3) Equity exposures to an unconsolidated rural business investment company and equity exposures held through a consolidated rural business investment company described in 7 U.S.C. 2009cc *et seq.*

(B) To compute the aggregate adjusted carrying value of a System institution's equity exposures for purposes of this section, the System institution may exclude equity exposures described in paragraphs (b)(1) and (2) and (b)(3)(ii) of this section, the equity exposure in a hedge pair with the smaller adjusted carrying value, and a proportion of each equity exposure to an investment fund equal to the proportion of the assets of the investment fund that are not equity exposures or that meet the criterion of paragraph (b)(3)(i) of this section. If a System institution does not know the actual holdings of the investment fund, the System institution may calculate the proportion of the assets of the fund that are not equity exposures based on the terms of the prospectus, partnership agreement, or similar contract that defines the fund's permissible investments. If the sum of the investment limits for all exposure classes within the fund exceeds 100 percent, the System institution must assume for purposes of this section that the investment fund invests to the maximum extent possible in equity exposures.

(C) When determining which of a System institution's equity exposures qualify for a 100-percent risk weight under this paragraph, a System institution first must include equity exposures to unconsolidated rural business investment companies or held through consolidated rural business investment companies described in 7 U.S.C. 2009cc *et seq.*; then must include equity exposures to unconsolidated unincorporated business entities and equity exposures held through consolidated unincorporated business entities, as authorized by subpart J of part 611 of this chapter; then must include publicly traded equity exposures (including those held indirectly through investment funds); and then must include non-publicly traded equity exposures (including those held indirectly through investment funds).

(4) *Other equity exposures.* The risk weight for any equity exposure that does not qualify for a risk weight under paragraph (b)(1), (2), (3), or (7) of this section will be determined by the FCA.

(5)-(6) [Reserved]

(7) *Six hundred-percent (600%) risk weight equity exposures.* An equity exposure to an investment firm must be assigned a 600-percent risk weight, provided that the investment firm:

(i) Would meet the definition of a traditional securitization in §628.2 were it not for the application of paragraph (8) of that definition; and

(ii) Has greater than immaterial leverage.

(c) *Hedge transactions*—(1) *Hedge pair.* A hedge pair is two equity exposures that form an effective hedge so long as each equity exposure is publicly traded or has a return that is primarily based on a publicly traded equity exposure.

(2) *Effective hedge.* Two equity exposures form an effective hedge if the exposures either have the same remaining maturity or each has a remaining maturity of at least 3 months; the hedge relationship is formally documented in a prospective manner (that is, before the System institution acquires at least one of the equity exposures); the documentation specifies the measure of effectiveness (E) the System institution will use for the hedge relationship throughout the life of the transaction; and the hedge relationship has an E greater than or equal to 0.8. A System institution must measure E at least quarterly and must use one of three alternative measures of E as set forth in this paragraph (c):

(i) Under the dollar-offset method of measuring effectiveness, the System institution must determine the ratio of value change (RVC). The RVC is the ratio of the cumulative sum of the changes in value of one equity exposure to the cumulative sum of the changes in the value of the other equity exposure. If RVC is positive, the hedge is not effective and E equals 0. If RVC is negative and greater than or equal to  $-1$  (that is, less than 0 and greater than or equal to  $-1$ ), then E equals the absolute value of RVC. If RVC is negative and less than  $-1$ , then E equals 2 plus RVC.

(ii) Under the variability-reduction method of measuring effectiveness:

$$E = 1 - \frac{\sum_{t=1}^T (X_t - X_{t-1})^2}{\sum_{t=1}^T (A_t - A_{t-1})^2}$$

Where:

$$X_t = A_t \times B_t;$$

$A_t$  = the value at time t of one exposure in a hedge pair; and

$B_t$  = the value at time t of the other exposure in a hedge pair.

(iii) Under the regression method of measuring effectiveness, E equals the coefficient of determination of a regression in which the change in value of one exposure in a hedge pair is the dependent variable and the change in value of the other exposure in a hedge pair is the independent variable. However, if the estimated regression coefficient is positive, then E equals 0.

(3) The effective portion of a hedge pair is E multiplied by the greater of the adjusted carrying values of the equity exposures forming a hedge pair.

(4) The ineffective portion of a hedge pair is (1-E) multiplied by the greater of the adjusted carrying values of the equity exposures forming a hedge pair.

### **§628.53 Equity exposures to investment funds.**

(a) *Available approaches.* (1) A System institution must determine the risk-weighted asset amount of an equity exposure to an investment fund under the full look-through approach described in paragraph (b) of this section, the simple modified look-through approach described in paragraph (c) of this section, or the alternative modified look-through approach described paragraph (d) of this section, provided, however, that the minimum risk weight that may be assigned to an equity exposure under this section is 20 percent.

(2) [Reserved]

(3) If an equity exposure to an investment fund is part of a hedge pair and the System institution does not use the full look-through approach, the System institution must use the ineffective portion of the hedge pair as determined under §628.52(c) as the adjusted carrying value for the equity exposure to the investment fund. The risk-weighted asset amount of the effective portion of the hedge pair is equal to its adjusted carrying value.

(b) *Full look-through approach.* A System institution that is able to calculate a risk-weighted asset amount for its proportional ownership share of each exposure held by the investment fund (as calculated under this subpart as if the proportional ownership share of the adjusted carrying value of each exposure were held directly by the System institution) may set the risk-weighted asset amount of the System institution's exposure to the fund equal to the product of:

(1) The aggregate risk-weighted asset amounts of the exposures held by the fund as if they were held directly by the System institution; and

(2) The System institution's proportional ownership share of the fund.

(c) *Simple modified look-through approach.* Under the simple modified look-through approach, the risk-weighted asset amount for a System institution's equity exposure to an investment fund equals the adjusted carrying value of the equity exposure multiplied by the highest risk weight that applies to any exposure the fund is permitted to hold under the prospectus, partnership agreement, or similar agreement that defines the fund's permissible investments (excluding derivative contracts that are used for hedging rather than speculative purposes and that do not constitute a material portion of the fund's exposures).

(d) *Alternative modified look-through approach.* Under the alternative modified look-through approach, a System institution may assign the adjusted carrying value of an equity exposure to an investment fund on a pro rata basis to different risk weight categories under this subpart based on the investment limits in the fund's prospectus, partnership

agreement, or similar contract that defines the fund's permissible investments. The risk-weighted asset amount for the System institution's equity exposure to the investment fund equals the sum of each portion of the adjusted carrying value assigned to an exposure type multiplied by the applicable risk weight under this subpart. If the sum of the investment limits for all exposure types within the fund exceeds 100 percent, the System institution must assume that the fund invests to the maximum extent permitted under its investment limits in the exposure type with the highest applicable risk weight under this subpart and continues to make investments in order of the exposure type with the next highest applicable risk weight under this subpart until the maximum total investment level is reached. If more than one exposure type applies to an exposure, the System institution must use the highest applicable risk weight. A System institution may exclude derivative contracts held by the fund that are used for hedging rather than for speculative purposes and do not constitute a material portion of the fund's exposures.

## **§§628.54-628.60 [Reserved]**

### **Disclosures**

#### **§628.61 Purpose and scope.**

Sections 628.62 and 628.63 establish public disclosure requirements for each System bank related to the capital requirements contained in this part.

#### **§628.62 Disclosure requirements.**

(a) A System bank must provide timely public disclosures each calendar quarter of the information in the applicable tables in §628.63. The System bank must make these disclosures in its quarterly and annual reports to shareholders required in part 620 of this chapter. The System bank need not make these disclosures in the format set out in the applicable tables or all in the same location in a report, as long as a summary table specifically indicating the location(s) of all such disclosures is provided. If a significant change occurs, such that the most recent reported amounts are no longer reflective of the System bank's capital adequacy and risk profile, then a brief discussion of this change and its likely impact must be disclosed as soon as practicable thereafter. This disclosure requirement may be satisfied by providing a notice under §620.15 of this chapter. Qualitative disclosures that typically do not change each quarter (for example, a general summary of the System bank's risk management objectives and policies, reporting system, and definitions) may be disclosed annually after the end of the 4th calendar quarter, provided that any significant changes are disclosed in the interim.

(b) A System bank must have a formal disclosure policy approved by the board of directors that addresses its approach for determining the disclosures it makes. The policy must address the associated internal controls and disclosure controls and procedures. The board of directors and senior management are responsible for establishing and maintaining an effective internal control structure over financial reporting, including the disclosures required by this subpart, and must ensure that appropriate review of the disclosures takes place. The chief executive officer, the chief financial officer, and a designated board member must attest that the disclosures meet the requirements of this subpart.

(c) If a System bank concludes that disclosure of specific proprietary or confidential commercial or financial information that it would otherwise be required to disclose under this section would compromise its position, then the System bank is not required to disclose that specific information pursuant to this section, but must disclose more general

information about the subject matter of the requirement, together with the fact that, and the reason why, the specific items of information have not been disclosed.

### **§628.63 Disclosures.**

(a) Except as provided in §628.62, a System bank must make the disclosures described in Tables 1 through 10 of this section. The System bank must make these disclosures publicly available for each of the last 3 years (that is, 12 quarters) or such shorter period beginning on January 1, 2017.

(b) A System bank must publicly disclose each quarter the following:

(1) CET1 capital, tier 1 capital, and total capital ratios, including all the regulatory capital elements and all the regulatory adjustments and deductions needed to calculate the numerator of such ratios;

(2) Total risk-weighted assets, including the different regulatory adjustments and deductions needed to calculate total risk-weighted assets;

(3) Regulatory capital ratios during the transition period, including a description of all the regulatory capital elements and all regulatory adjustments and deductions needed to calculate the numerator and denominator of each capital ratio during the transition period; and

(4) A reconciliation of regulatory capital elements as they relate to its balance sheet in any audited consolidated financial statements.

	(7) Discussion of the System bank's credit risk management policy.
Quantitative Disclosures	(b) Total credit risk exposures and average credit risk exposures, after accounting offsets in accordance with GAAP, without taking into account the effects of credit risk mitigation techniques (for example, collateral and netting not permitted under GAAP), over the period categorized by major types of credit exposure. For example, System banks could use categories similar to that used for financial statement purposes. Such categories might include, for instance:
	(1) Loans, off-balance sheet commitments, and other non-derivative off-balance sheet exposures;
	(2) Debt securities; and
	(3) OTC derivatives. <sup>2</sup>
	(c) Geographic distribution of exposures, categorized in significant areas by major types of credit exposure. <sup>3</sup>

	(2) Amount of impaired loans for which there was no related allowance under GAAP;
	(3) Amount of loans past due 90 days and in nonaccrual status;

	(4) Amount of loans past due 90 days and still accruing; <sup>4</sup>

	(f) Amount of impaired loans and, if available, the amount of past due loans categorized by significant geographic areas including, if practical, the amounts of allowances related to each geographical area, <sup>5</sup> further categorized as required by GAAP.
	(g) Reconciliation of changes in allowances for loan losses. <sup>6</sup>
	(h) Remaining contractual maturity delineation (for example, one year or less) of the whole portfolio, categorized by credit exposure.

<sup>1</sup>This Table 5 does not cover equity exposures, which should be reported in Table 9 of this section.

<sup>2</sup>See, for example, ASC Topic 815-10 and 210, as they may be amended from time to time.

<sup>3</sup>A System bank can satisfy this requirement by describing the geographic distribution of its loan portfolio by State or other significant geographic division, if any.

<sup>4</sup>A System bank is encouraged also to provide an analysis of the aging of past-due loans.

<sup>5</sup>The portion of the general allowance that is not allocated to a geographical area should be disclosed separately.

<sup>6</sup>The reconciliation should include the following: A description of the allowance; the opening balance of the allowance; charge-offs taken against the allowance during the period; amounts provided (or reversed) for estimated probable loan losses during the period; any other adjustments (for example, exchange rate differences, business combinations, acquisitions and disposals of subsidiaries), including transfers between allowances; and the closing balance of the allowance. Charge-offs and recoveries that have been recorded directly to the income statement should be disclosed separately.

**Table 6 to §628.63—General Disclosure for Counterparty Credit Risk-Related Exposures**

Qualitative Disclosures	(a) The general qualitative disclosure requirement with respect to OTC derivatives, eligible margin loans, and repo-style transactions, including a discussion of:

	(c) Notional amount of purchased credit derivatives used for the System bank's own credit portfolio.

<sup>1</sup>Net unsecured credit exposure is the credit exposure after considering both the benefits from legally enforceable netting agreements and collateral arrangements without taking into account haircuts for price volatility, liquidity, etc.

<sup>2</sup>This may include interest rate derivative contracts, foreign exchange derivative contracts, equity derivative contracts, credit derivatives, commodity or other derivative contracts, repo-style transactions, and eligible margin loans.

**Table 7 to §628.63—Credit Risk Mitigation<sup>1 2</sup>**

Qualitative Disclosures	(a) The general qualitative disclosure requirement with respect to credit risk mitigation, including:
	(1) Policies and processes for collateral valuation and management;

	(c) For each separately disclosed portfolio, the total exposure that is covered by guarantees/credit derivatives and the risk-weighted asset amount associated with that exposure.

<sup>1</sup>At a minimum, a System bank must provide the disclosures in this Table 7 in relation to credit risk mitigation that has been recognized for the purposes of reducing capital requirements under this subpart. Where relevant, System banks are encouraged to give further information about mitigants that have not been recognized for that purpose.

<sup>2</sup>Credit derivatives that are treated, for the purposes of this subpart, as synthetic securitization exposures should be excluded from the credit risk mitigation disclosures and included within those relating to securitization (Table 8 of this section).

**Table 8 to §628.63—Securitization<sup>1</sup>**

Qualitative Disclosures	(a) The general qualitative disclosure requirement with respect to a securitization (including synthetic securitizations), including a discussion of:
	(1) The System bank's objectives for securitizing assets, including the extent to which these activities transfer credit risk of the underlying exposures away from the System bank to other entities and including the type of risks assumed and retained with resecuritization activity; <sup>2</sup>
	(2) The nature of the risks ( <i>e.g.</i> liquidity risk) inherent in the securitized assets;
	(3) The roles played by the System bank in the securitization process <sup>3</sup> and an indication of the extent of the System bank's involvement in each of them;
	(4) The processes in place to monitor changes in the credit and market risk of securitization exposures including how those processes differ for resecuritization exposures;
	(5) The System bank's policy for mitigating the credit risk retained through securitization and resecuritization exposures; and

	(4) Changes in methods and key assumptions from the previous period for valuing retained interests and impact of the changes;
	(5) Treatment of synthetic securitizations;
	(6) How exposures intended to be securitized are valued and whether they are recorded under subpart D of this part; and
	(7) Policies for recognizing liabilities on the balance sheet for arrangements that could require the System bank to provide financial support for securitized assets.
	(d) An explanation of significant changes to any quantitative information since the last reporting period.
Quantitative Disclosures	(e) The total outstanding exposures securitized by the System bank in securitizations that meet the operational criteria provided in §628.41 (categorized into traditional and synthetic securitizations), by exposure type. <sup>4</sup>
	(f) For exposures securitized by the System bank in securitizations that meet the operational criteria in §628.41:
	(1) Amount of securitized assets that are impaired/past due categorized by exposure type; <sup>5</sup> and

	(2) Losses recognized by the System bank during the current period categorized by exposure type. <sup>6</sup>
	(g) The total amount of outstanding exposures intended to be securitized categorized by exposure type.

	(1) On-balance sheet securitization exposures retained or purchased categorized by exposure type; and
	(2) Off-balance sheet securitization exposures categorized by exposure type.
	(i) (1) Aggregate amount of securitization exposures retained or purchased and the associated capital requirements for these exposures, categorized between securitization and resecuritization exposures, further categorized into a meaningful number of risk weight bands and by risk-based capital approach (e.g., SSFA); and
	(2) Exposures that have been deducted entirely from tier 1 capital, CEIOs deducted from total capital (as described in §628.42(a)(1)), and other exposures deducted from total capital should be disclosed separately by exposure type.
	(j) Summary of current year's securitization activity, including the amount of exposures securitized (by exposure type), and recognized gain or loss on sale by exposure type.
	(k) Aggregate amount of resecuritization exposures retained or purchased categorized according to:
	(1) Exposures to which credit risk mitigation is applied and those not applied; and

	(2) Exposures to guarantors categorized according to guarantor creditworthiness categories or guarantor name.
--	---

<sup>1</sup>A System bank is not authorized to perform every role in a securitization, and nothing in these capital rules authorizes a System bank to engage in activities relating to securitizations that are not otherwise authorized.

<sup>2</sup>The System bank should describe the structure of resecuritizations in which it participates; this description should be provided for the main categories of resecuritization products in which the System bank is active.

<sup>3</sup>Roles in securitizations generally could include originator, investor, servicer, provider of credit enhancement, sponsor, liquidity provider, or swap provider. As noted in footnote 1 of this table, however, a System bank is not authorized to perform all of these roles.

<sup>4</sup>"Exposures securitized" include underlying exposures originated by the System bank, whether generated by them or purchased, and recognized in the balance sheet, from third parties, and third-party exposures included in sponsored transactions. Securitization transactions (including underlying exposures originally on the System bank's balance sheet and underlying exposures acquired by the System bank from third-party entities) in which the originating System bank (as an originating System institution) does not retain any securitization exposure should be shown separately but need only be reported for the year of inception. System banks are required to disclose exposures regardless of whether there is a capital charge under this part.

<sup>5</sup>Include credit-related other than temporary impairment (OTTI).

<sup>6</sup>For example, charge-offs/allowances (if the assets remain on the System bank's balance sheet) or credit-related OTTI of interest-only strips and other retained residual interests, as well as recognition of liabilities for probable future financial support required of the System bank with respect to securitized assets.

**§628.301 Initial compliance and reporting requirements.**

(a) A System institution that fails to satisfy one or more of its minimum applicable CET1, tier 1, or total risk-based capital ratios or its tier 1 leverage ratio at the end of the quarter in which these regulations become effective shall report its initial noncompliance to the FCA within 20 days following such quarterend and shall also submit a capital restoration plan for achieving and maintaining the standards, demonstrating appropriate annual progress toward meeting the goal, to the FCA within 60 days following such quarterend. If the capital restoration plan is not approved by the FCA, the FCA will inform the institution of the reasons for disapproval, and the institution shall submit a revised capital restoration plan within the time specified by the FCA.

(b) *Approval of compliance plans.* In determining whether to approve a capital restoration plan submitted under this section, the FCA shall consider the following factors, as applicable:

- (1) The conditions or circumstances leading to the institution's falling below minimum levels, the exigency of those circumstances, and whether or not they were caused by actions of the institution or were beyond the institution's control;
- (2) The overall condition, management strength, and future prospects of the institution and, if applicable, affiliated System institutions;
- (3) The institution's capital, adverse assets (including nonaccrual and nonperforming loans), ALL, and other ratios compared to the ratios of its peers or industry norms;
- (4) How far an institution's ratios are below the minimum requirements;
- (5) The estimated rate at which the institution can reasonably be expected to generate additional earnings;
- (6) The effect of the business changes required to increase capital;
- (7) The institution's previous compliance practices, as appropriate;
- (8) The views of the institution's directors and senior management regarding the plan; and
- (9) Any other facts or circumstances that the FCA deems relevant.

(c) An institution shall be deemed to be in compliance with the regulatory capital requirements of this subpart if it is in compliance with a capital restoration plan that is

approved by the FCA within 180 days following the end of the quarter in which these regulations become effective.

## **PART 630—DISCLOSURE TO INVESTORS IN SYSTEMWIDE AND CONSOLIDATED BANK DEBT OBLIGATIONS OF THE FARM CREDIT SYSTEM**

### **§630.3 Publishing and filing the report to investors.**

## Subpart C—Quarterly Reports to Investors

### **§630.40 Contents of the quarterly report to investors.**

- (a) *General.* The quarterly report to investors shall contain the information specified in this section along with any other material information necessary to make the required disclosures, in light of the circumstances under which they are made, not misleading. The quarterly report must be presented in a format that is easily understandable and not misleading.
- (b) *Rules for condensation.* For purposes of this subpart, major captions to be provided in interim financial statements are the same as those provided in the financial statements contained in the annual report to investors, except that the financial statements included in the quarterly report may be condensed into major captions in accordance with the rules prescribed under this paragraph.
- (1) *Interim balance sheets.* When any major balance sheet caption is less than 10 percent of total assets and the amount in the caption has not increased or decreased by more than 25 percent since the end of the preceding fiscal year, the caption may be combined with others.
- (2) *Interim statements of income.* When any major income statement caption is less than 15 percent of average net income for the 3 most recent fiscal years and the amount in the caption has not increased or decreased by more than 20 percent since the corresponding interim period of the preceding fiscal year, the caption may be combined with others. In calculating average net income, loss years should be excluded. If losses were incurred in each of the 3 most recent fiscal years, the average loss shall be used for purposes of this test.
- (3) The interim financial information shall include disclosure either on the face of the financial statements or in accompanying footnotes sufficient to make the interim information presented not misleading. It may be presumed that users of the interim financial

information have read or have access to the audited financial statements for the preceding fiscal year, and the adequacy of additional disclosure needed for a fair presentation may be determined in that context. Accordingly, footnote disclosure that would substantially duplicate the disclosure contained in the most recent audited financial statements (such as a statement of significant accounting policies and practices) and details of accounts that have not changed significantly in amount or composition since the end of the most recently completed fiscal year may be omitted.

(4) Interim reports shall disclose events that have occurred subsequent to the end of the most recently completed fiscal year that have a material impact on the System. Disclosures should encompass, for example, significant changes since the end of the most recently completed fiscal year in such items as accounting principles and practices, estimates used in the preparation of financial statements, status of long-term contracts, capitalization, significant new indebtedness or modification of existing financing agreements, financial assistance received, significant business combinations and liquidations of System institutions, and terminations of System institution status. Notwithstanding the provisions of this paragraph, where material contingencies exist, disclosure of such matters shall be provided even though a significant change since yearend may not have occurred.

(5) In addition to meeting the reporting requirements specified by existing accounting pronouncements for accounting changes, state the date of any material accounting change and the reasons for making it.

(6) Any material prior period adjustment made during any period covered by the interim financial statements shall be disclosed, together with its effect upon net income and upon the balance of surplus for any prior period included. If results of operations for any period presented have been adjusted retroactively by such an item subsequent to the initial reporting of such period, similar disclosure of the effect of the change shall be made.

(7) Interim financial statements furnished shall reflect all adjustments that are necessary to a fair statement of the results for the interim periods presented. A statement to that effect shall be included. Furnish any material information necessary to make the information called for not misleading, such as a statement that the results for interim periods are not necessarily indicative of results to be expected for the year.

(8) If any amount that would otherwise be required to be shown by this section with respect to any item is not material, it need not be separately shown. The combination of insignificant items is permitted.

(c) *Discussion and analysis of interim financial condition and results of operations.* Discuss any material changes to the information disclosed to investors pursuant to §630.20(g) that have occurred during the periods specified in paragraphs (d)(1) and (d)(2) of this section. Provide any additional information needed to enable the reader to assess material changes in financial condition and results of operations between the periods specified in paragraphs (d)(1) and (d)(2) of this section.

(1) *Material changes in financial condition.* Discuss any material changes in financial condition from the end of the preceding fiscal year to the date of the most recent interim balance sheet provided.

(2) *Material changes in results of operations.* Discuss any material changes in the combined results of operations of the System with respect to the most recent fiscal year-to-date period for which an income statement is provided and the corresponding year-to-date

period of the preceding fiscal year. Such discussion shall also cover material changes with respect to the most recent fiscal quarter and the corresponding fiscal quarter in the preceding fiscal year.

(d) *Financial statements.* Interim combined financial statements must be provided in the quarterly report to investors as set forth in paragraphs (d)(1) through (4). Indicate that the financial statements were prepared under the oversight of the System Audit Committee.

(1) An interim balance sheet as of the end of the most recent fiscal quarter and a balance sheet as of the end of the preceding fiscal year.

(2) Interim statements of income for the most recent fiscal quarter, for the period between the end of the preceding fiscal year and the end of the most recent fiscal quarter, and for the comparable periods for the previous fiscal year.

(3) Interim statements of changes in capital stock and surplus (or, if applicable, interim statements of changes in protected borrower capital and capital stock and surplus) for the period between the end of the preceding fiscal year and the end of the most recent fiscal quarter, and for the comparable period for the preceding fiscal year.

(4) Interim statements of cash flows for the period between the end of the preceding fiscal year and the end of the most recent fiscal quarter, and for the comparable period for the preceding fiscal year.

(e) *Supplemental information.* The interim report shall present supplemental information in accordance with the requirements of §630.20 (m)(2), (m)(3), and (m)(4), as well as other requirements and instructions of the FCA, and shall include, at a minimum, the following:

(1) Supplemental balance sheet information as of the end of the most recent quarter; and

(2) Supplemental income statement information for the period between the end of the preceding fiscal year and the end of the most recent fiscal quarter.

(f) *Review by independent public accountant.* Unless otherwise ordered by the FCA as a result of a supervisory action, the interim financial statements and supplemental information need not be audited or reviewed by an independent public accountant prior to filing. If, however, a review of the report is made in accordance with the established professional standards and procedures for such a review, a statement that the independent accountant has performed such a review may be included. If such a statement is made, the report of the independent accountant on such review shall accompany the interim financial information.

The Farm Credit Administration Board, in its discretion, may appoint a receiver as part of an approved liquidation plan. #### **§650.25 Report to Congress.**

On a determination by the receiver that there are insufficient assets of the receivership to pay all valid claims against the receivership, the receiver shall submit to the Secretary of the Treasury and Congress a report on the financial condition of the receivership.

#### **§650.30 Preservation of equity.**

(a) Except as provided for upon final distribution of the assets of the Corporation pursuant to §650.62 of this subpart, no capital stock, equity reserves, or other allocated equities of the Corporation in receivership shall be issued, allocated, retired, sold, distributed, transferred, or assigned.

(b) Immediately upon the adoption of a resolution by its board of directors to voluntarily liquidate the Corporation, the capital stock, equity reserves, and allocated equities of the Corporation shall not be issued, allocated, retired, sold, distributed, transferred, or assigned. Such activities could resume if the stockholders of the Corporation or the Farm

Credit Administration Board disapprove the resolution. In the event the resolution is approved by the stockholders of the Corporation and the Farm Credit Administration Board, the liquidation plan shall govern disposition of the equities of the Corporation as provided in §650.52 of this subpart.

#### **§650.35 Notice to stockholders.**

As soon as practicable after a receiver takes possession of the Corporation, the receiver shall notify, by first class mail, each holder of stock of the following matters:

- (a) The number of shares such holder owns;
- (b) That the stock and other equities of the Corporation may not be retired or transferred until the liquidation is completed, whereupon the receiver will distribute a liquidating dividend, if any, to the stockholders; and
- (c) Such other matters as the receiver or the Farm Credit Administration Board deems necessary.

#### **§650.40 Creditor claims.**

(a) Upon appointment, the receiver shall promptly publish a notice to creditors to present their claims against the Corporation, with proof thereof, to the receiver by a date specified in the notice, which shall be not less than 90 calendar days after the first publication. The notice shall be republished approximately 30 days and 60 days after the first publication. The receiver shall promptly send, by first class mail, a similar notice to any creditor shown on the Corporation's books at the creditor's last address appearing thereon. Claims filed after the specified date shall be disallowed except as the receiver may approve them for full or partial payment from the Corporation's assets remaining undistributed at the time of approval.

(b) The receiver shall allow any claim that is timely received and proved to the receiver's satisfaction. The receiver may disallow in whole or in part any creditor's claim or claim of security, preference, or priority that is not proved to the receiver's satisfaction or is not timely received and shall notify the claimant of the disallowance and reason therefor. Sending the notice of disallowance by first class mail to the claimant's address appearing on the proof of claim shall be sufficient notice. The disallowance shall be final unless, within 30 days after the notice of disallowance is mailed, the claimant files a written request for payment regardless of the disallowance. The receiver shall reconsider any claim upon the timely request of the claimant and may approve or disapprove such claim in whole or in part.

(c) Creditors' claims that are allowed shall be paid by the receiver from time to time, to the extent funds are available therefor and in accordance with the priorities established in this part and in such manner and amounts as the receiver deems appropriate. In the event the Corporation has a claim against a creditor of the Corporation, the receiver shall offset the amount of such claim against the claim asserted by such creditor.

#### **§650.45 Priority of claims.**

The following priority of claims shall apply to the distribution of the assets of the Corporation in liquidation:

(a) All costs, expenses, and debts incurred by the receiver in connection with the administration of the receivership, all Farm Credit Administration assessments for the costs of supervising and examining the Corporation, and any amounts borrowed pursuant to §650.56(b)(3).

(b) Administrative expenses of the Corporation, provided that such expenses were incurred within 60 days prior to the receiver's taking possession, and that such expenses shall be limited to reasonable expenses incurred for services actually provided by accountants, attorneys, appraisers, examiners, or management companies, or reasonable expenses incurred by employees that were authorized and reimbursable under a preexisting expense reimbursement policy and that, in the opinion of the receiver, are of benefit to the receivership, and shall not include wages or salaries of employees of the Corporation.

(c) If authorized by the receiver, claims for wages and salaries, including vacation pay, earned prior to the appointment of the receiver by an employee of the Corporation whom the receiver determines it is in the best interest of the receivership to engage or retain for a reasonable period of time.

(d) If authorized by the receiver, claims for wages and salaries, including vacation pay, earned prior to the appointment of the receiver, up to a maximum of three thousand dollars (\$3,000) per person as adjusted for inflation, by an employee of the Corporation not engaged or retained by the receiver. The adjustment for inflation shall be the percentage by which the Consumer Price Index (as prepared by the Department of Labor) for the calendar year preceding the appointment of the receiver exceeds the Consumer Price Index for the calendar year 1992.

(e) All claims for taxes.

(f) All claims of creditors which are secured by specific assets of the Corporation, with priority of conflicting claims of creditors within this same class to be determined in accordance with priorities of applicable Federal or State law.

(g) All claims of general creditors.

#### **§650.50 Payment of claims.**

(a) All claims of each class described in §650.61 of this subpart shall be paid in full or provisions shall be made for such payment prior to the payment of any claim of a lesser priority. If there are insufficient funds to pay all claims in a class in full, distribution to that class will be on a pro rata basis.

(b) Following the payment of all claims, the receiver shall distribute the remainder of the assets of the Corporation, if any, to the owners of stock and other equities in accordance with the priorities for impairment set forth in section 8.4(e)(3) of the Act and the bylaws of the Corporation.

#### **§650.55 Inventory, audit, and reports.**

(a) As soon as practicable after taking possession of the Corporation, the receiver shall take an inventory of the assets and liabilities as of the date possession was taken.

(b) The receivership shall be audited on an annual basis by a certified public accountant selected by the receiver.

(c) The receiver shall make an annual accounting or report, as appropriate, available for review upon request to any stockholder of the Corporation or any member of the public, with a copy provided to the Farm Credit Administration.

(d) As soon as practicable after final distribution, the receiver shall send to each stockholder of record a report summarizing the disposition of the assets of the receivership and claims against the receivership.

#### **§650.60 Final discharge and release of the receiver.**

After the receiver has made a final distribution of the assets of the receivership, the receivership shall be terminated, the charter shall be canceled by the Farm Credit Administration Board if such cancellation has not previously occurred, and the receiver shall be finally discharged and released.

#### **§650.65 Appointment of a conservator.**

(a) The Farm Credit Administration Board may in its discretion appoint, ex parte and without prior notice, a conservator for the Corporation provided that one or more of the grounds for appointment as set forth in §650.50 of this subpart exist;

(b) Upon the appointment of a conservator, the Chairman of the Farm Credit Administration shall immediately notify the Corporation and shall publish a notice of the appointment in the Federal Register.

(c) As soon as practicable after the conservator takes possession of the Corporation, the conservator shall notify, by first class mail, each holder of stock in the Corporation of the establishment of the conservatorship and shall describe the effect of the conservatorship on the Corporation's operations and equity holdings.

(d) Upon the issuance of the order placing the Corporation in conservatorship, all rights, privileges, and powers of the board of directors, officers, and employees of the Corporation are vested exclusively in the conservator.

(e) The Farm Credit Administration Board may, at any time, terminate the conservatorship and direct the conservator to turn over the Corporation's operations to such management as the Farm Credit Administration Board may designate, in which event the provisions of this subpart shall no longer apply.

#### **§650.70 Powers and duties of the conservator.**

(a) The conservator shall direct the Corporation's further operation until the Farm Credit Administration Board decides that the Corporation can operate without the conservatorship or places the Corporation into receivership. Upon correction or resolution of the problem or condition that provided the basis for the appointment, the Farm Credit Administration Board may turn the Corporation over to such management as the Farm Credit Administration Board may direct.

(b) The conservator shall exercise all powers necessary to continue the ongoing operations of the Corporation, to conserve and preserve the Corporation's assets and property, and otherwise protect the interests of the Corporation, its stockholders, and creditors as provided in this subpart.

(c) The conservator serves as the trustee of the Corporation and conducts its operations for the benefit of the creditors and stockholders of the Corporation.

(d) The conservator may exercise the powers that a receiver of the Corporation may exercise under any of the provisions of §650.56(b) of this subpart, except paragraphs (b)(2) and (b)(16). ## **§652.10 Investment management.**

(a) *Responsibilities of the board of directors.* Your board of directors must adopt written policies for managing your non-program investment activities. Your board must also ensure that management complies with these policies and that appropriate internal controls are in place to prevent loss. At least annually, your board, or a designated committee of the board, must review the sufficiency of these investment policies. Any changes to the policies must be adopted by the board. You must report any changes to these policies to the OSMO within 10 business days of adoption.

(b) *Investment policies—general requirements.* Your investment policies must address the purposes and objectives of investments, risk tolerance, delegations of authority, internal controls, due diligence, and reporting requirements. Moreover, your investment policies must fully address the extent of pre-purchase analysis that management must perform for various types, classes, and structure of investments. Furthermore, the policies must include reporting requirements and approvals needed for exceptions to the board's policies. Investment policies must be sufficiently detailed, consistent with, and appropriate for the amounts, types, and risk characteristics of your investments. You must document in the Corporation's records any analyses used in formulating your policies or amendments to the policies.

(c) *Investment policies—risk tolerance.* Your investment policies must establish risk limits for the various types, classes, and sectors of eligible investments. These policies must include concentration limits to ensure prudent diversification of credit, market, and liquidity risks in the investment portfolio. Risk limits must be based on all relevant factors, including the Corporation's objectives, capital position, earnings, and quality and reliability of risk management systems. Your policies must identify the types and quantity of investments that you will hold to achieve your objectives and control credit, market, liquidity, and operational risks. Your policies must establish risk limits for the following types of risk:

(1) *Credit risk.* Your investment policies must establish:

(i) Credit quality standards, limits on counterparty risk, and risk diversification standards that limit concentrations in a single or related counterparty(ies), industry sectors, and asset classes or obligations with similar characteristics.

(ii) Criteria for selecting brokers, dealers, and investment bankers (collectively, securities firms). You must buy and sell eligible investments with more than one securities firm. As part of your review of your investment policies required under paragraph (a) of this section, your board of directors, or a designated committee of the board, must review the criteria for selecting securities firms. Any changes to the criteria must be approved by the board.

(iii) Collateral margin requirements on repurchase agreements. You must regularly mark the collateral to market and ensure appropriate controls are maintained over collateral held.

(2) *Market risk.* Your investment policies must set market risk limits for specific types of investments and for the investment portfolio.

(3) *Liquidity risk.* Your investment policies must describe the liquidity characteristics of eligible investments that you will hold to meet your liquidity needs and the Corporation's other objectives.

(4) *Operational risk.* Investment policies must address operational risks, including delegations of authority and internal controls in accordance with paragraphs (d) and (e) of this section.

(5) *Concentration risk.* Your investment policies must set risk diversification standards. Diversification parameters must be based on the carrying value of investments. You may not invest more than 10 percent of your Regulatory Capital in allowable investments issued by any single entity, issuer, or obligor. Only investments in obligations backed by U.S. Government agencies or GSEs may exceed the 10-percent limit.

(d) *Delegation of authority.* All delegations of authority to specified personnel or committees must state the extent of management's authority and responsibilities for investments.

(e) *Internal controls.* You must:

(1) Establish appropriate internal controls to detect and prevent loss, fraud, embezzlement, conflicts of interest, and unauthorized investments.

(2) Establish and maintain a separation of duties between personnel who supervise or execute investment transactions and personnel who supervise or engage in all other investment-related functions.

(3) Maintain records and management information systems that are appropriate for the level and complexity of your investment activities.

(4) Implement an effective internal audit program to review, at least annually, your investment management functions, controls, processes, and compliance with FCA regulations. The scope of the annual review must be appropriate for the size, risk, and complexity of the investment portfolio.

(f) *Due diligence*—(1) *Pre-purchase analysis*—(i) *Objective, eligibility, and compliance with investment policies*. Before you purchase an investment, you must conduct sufficient due diligence to determine whether the investment is eligible under §652.20, is for an authorized purpose under §652.15(a), and complies with your board-approved investment policies. You must document its eligibility, purpose, and investment policy compliance and your investment objective. Your investment policies must fully address the extent of pre-purchase analysis that management must perform for various types, classes, and structure of investments. Your board must approve your decision to hold an investment that does not comply with your written investment policy requirements.

(ii) *Valuation*. Prior to purchase, you must verify the value of the investment (unless it is a new issue) with a source that is independent of the broker, dealer, counterparty or other intermediary to the transaction.

(iii) *Risk assessment*. Your risk assessment must be documented and, at a minimum, include an evaluation of credit risk, market risk, and liquidity risk and the underlying collateral of the investment. You must conduct stress testing before you purchase any investment that is structured or that has uncertain cash flows, including all mortgage-backed securities or asset-backed securities. The stress testing must be commensurate with the risk and complexity of the investments and must comply with the requirements of paragraph (f)(4) of this section.

(2) *Monthly fair value determination*. At least monthly, you must determine the fair market value of each investment in your portfolio and the fair market value of your whole investment portfolio.

(3) *Ongoing analysis of credit risk*. You must establish and maintain processes to monitor and evaluate changes in the credit quality of each security and the whole investment portfolio on an ongoing basis.

(4) *Quarterly stress testing*. (i) You must stress test your entire investment portfolio, including stress tests of all investments individually and stress tests of the portfolio as a whole, at the end of each quarter. The stress tests must enable you to determine that your investment securities, both individually and on a portfolio-wide basis, do not expose your capital, earnings, or liquidity to risks that exceed the risk tolerance specified in your investment policies. If your portfolio risk exceeds your investment policy limits, you must develop a plan to reduce risk and comply with your investment policy limits.

(ii) Your stress tests must be comprehensive and appropriate for the risk profile of your investment portfolio and the Corporation. At a minimum, the stress tests must be able to measure the price sensitivity of investments over a range of possible interest rate/yield curve scenarios. The methodology that you use to analyze investment securities must be appropriate for the complexity, structure, and cash flows of the investments in your portfolio. You must rely to the maximum extent practicable on verifiable information to support all your assumptions, including prepayment and interest rate volatility assumptions,

when you apply your stress tests. Your assumptions must be prudent and based on sound judgment, and you must document the basis for all assumptions that you use to evaluate the security and its underlying collateral. You must also document all subsequent changes in your assumptions.

(5) *Presale value verification.* Before you sell an investment, you must verify its value with a source that is independent of the broker, dealer, counterparty, or other intermediary to the transaction.

(g) *Reports to the board of directors.* At least quarterly, executive management must report on the following to the board of directors or a designated committee of the board:

- (1) Plans and strategies for achieving the board's objectives for the investment portfolio;
- (2) Whether the investment portfolio effectively achieves the board's objectives;
- (3) The current composition, quality, and liquidity profile of the investment portfolio;
- (4) The performance of each class of investments and the entire investment portfolio, including all gains and losses that you incurred during the quarter on individual securities that you sold before maturity and why they were liquidated;
- (5) Potential risk exposure to changes in market interest rates as identified through quarterly stress testing and any other factors that may affect the value of your investment holdings;
- (6) How investments affect your capital, earnings, and overall financial condition;
- (7) Any deviations from the board's policies. These deviations must be formally approved by the board of directors.

  - (5) The senior-most position of an ABS or MBS that is not fully guaranteed by a U.S. Government agency or fully and explicitly guaranteed as to the timely payment of principal and interest by a GSE, provided that the MBS satisfies the definition of "mortgage related security" in 15 U.S.C. 78c(a)(41).
  - (6) An obligation of an international or multilateral development bank in which the U.S. is a voting member.
  - (7) Shares of a diversified investment fund, if its portfolio consists solely of securities that satisfy investments listed in paragraphs (b)(1) through (b)(3) of this section.
- (b) Farmer Mac may only purchase those eligible investments satisfying all of the following:
- (1) At a minimum, at least one obligor of the investment has a very strong capacity to meet financial commitments for the life of the investment, even under severely adverse or stressful conditions, and generally presents a very low risk of default. Investments whose obligors are located outside the U.S., and whose obligor capacity to meet financial commitments is being relied upon to satisfy this requirement, must also be fully guaranteed by a U.S. Government agency.
  - (2) The investment must exhibit low credit risk and other risk characteristics consistent with the purpose or purposes for which it is held.
  - (3) The investment must be denominated in U.S. dollars.

[83 FR 55097, Nov. 2, 2018]

### **§652.23 Other non-program investments.**

(a) Farmer Mac may make a written request for our approval to purchase and hold other non-program investments that do not satisfy the requirements of §652.20. Your request for our approval to purchase and hold other non-program investments at a minimum must:

- (1) Describe the investment structure;
- (2) Explain the purpose and objectives for making the investment; and
- (3) Discuss the risk characteristics of the investment, including an analysis of the investment's impact to capital.

(b) We may impose written conditions in conjunction with our approval of your request to invest in other non-program investments.

(c) For purposes of applying the provisions of this subpart, except §652.20, investments approved under this section are treated the same as eligible non-program investments unless our conditions of approval state otherwise.

[83 FR 55098, Nov. 2, 2018]

**§652.25 Ineligible investments.**

(a) *Investments ineligible when purchased.* Non-program investments that do not satisfy the eligibility criteria set forth in §652.20(a) or have not been approved by the FCA pursuant to §652.23 at the time of purchase are ineligible. You must not purchase ineligible investments. If you determine that you have purchased an ineligible investment, you must notify us within 15 calendar days after such determination. You must divest of the investment no later than 60 calendar days after you determine that the investment is ineligible unless we approve, in writing, a plan that authorizes you to divest the investment over a longer period of time. Until you divest of the investment, it may not be used to satisfy your liquidity requirement(s) under §652.40, but must continue to be included in the §652.15(b) investment portfolio limit calculation.

(b) *Investments that no longer satisfy eligibility criteria.* If you determine that a non-program investment no longer satisfies the criteria set forth in §652.20 or no longer satisfies the conditions of approval issued under §652.23, you must notify us within 15 calendar days after such determination. If approved by the FCA in writing, you may continue to hold the investment, subject to the following and any other conditions we impose:

- (1) You may not use the investment to satisfy your §652.40 liquidity requirement(s);
- (2) The investment must continue to be included in your §652.15 investment portfolio limit calculation; and
- (3) You must develop a plan to reduce the investment's risk to you.

[83 FR 55098, Nov. 2, 2018]

**§652.27 Reservation of authority for investment activities.**

FCA retains the authority to require you to divest of any investment at any time for failure to comply with applicable regulations, for safety and soundness reasons, or failure to comply with written conditions of approval. The timeframe set by FCA for such required divestiture will consider the expected loss on the transaction (or transactions) and the effect on your financial condition and performance. FCA may also, on a case-by-case basis, determine that a particular non-program investment poses inappropriate risk, notwithstanding that it satisfies investment eligibility criteria or received prior approval from us. If so, we will notify you as to the proper treatment of the investment.

[83 FR 55098, Nov. 2, 2018]

**§652.30 Interest rate risk management.**

(b) The board of directors of Farmer Mac must adopt an interest rate risk management policy that establishes appropriate interest rate risk exposure limits based on the Corporation's risk-bearing capacity and reporting requirements in accordance with

paragraphs (c) and (d) of this section. At least annually, the board of directors, or a designated committee of the board, must review the policy. Any changes to the policy must be approved by the board of directors. You must report any changes to the policy to the OSMO within 10 business days of adoption.

Your stress tests must gauge how interest rate fluctuations affect the Corporation's capital, earnings, and liquidity position. The methodology that you use must be appropriate for the complexity of the structure and cash flows of your on- and off-balance sheet positions, including the nature and purpose of derivative contracts, and establish counterparty risk thresholds and limits for derivatives. It must also ensure an appropriate level of consistency with the stress-test scenarios considered under §652.10(f)(4). Assumptions applied in stress tests must, to the maximum extent practicable, rely on verifiable information. You must document the basis for all assumptions that you use.

(4) Describe and authorize management to implement actions needed to achieve Farmer Mac's desired risk management objectives;

(7) Describe delegations of authority; and,

(8) Describe reporting requirements, including exceptions to policy limits.

(d) At least quarterly, management must report to the Corporation's board of directors, or a designated committee of the board, describing the nature and level of interest rate risk exposure. Any deviations from the board's policy on interest rate risk must be specifically identified in the report and approved by the board, or a designated committee of the board.

### **§652.35 Liquidity management.**

(a) *Liquidity policy—board responsibilities.* Farmer Mac's board of directors must adopt a liquidity policy, which may be integrated into a comprehensive asset-liability management or enterprise-wide risk management policy. The risk tolerance embodied in the liquidity policy must be consistent with the investment management policies required by §652.10 of this subpart. The board must ensure that management uses adequate internal controls to ensure compliance with its liquidity policy. At least annually, the board of directors or a designated committee of the board must review the sufficiency of the liquidity policy. The

(c) *Reporting requirements—(1) Board reporting—(i) Periodic.* At least quarterly, Farmer Mac's management must report to Farmer Mac's board of directors or a designated committee of the board describing, at a minimum, the status of Farmer Mac's compliance with board policy and the performance of the liquidity reserve portfolio.

(ii) *Special.* Management must report any deviation from Farmer Mac's liquidity policy, or failure to meet the board's liquidity targets to the board before the end of the quarter if such deviation or failure has the potential to cause material loss.

(2) *OSMO reporting.* Farmer Mac must report, in writing, to the OSMO no later than the next business day following the discovery of any breach of the minimum liquidity reserve requirement in §652.40 of this subpart.

(d) *Liability maturity management plan.* Farmer Mac must have a liability maturity management plan (LMMP) that its board of directors reviews and approves at least once each year. The LMMP must establish a funding strategy that provides for effective diversification of the sources and tenors of funding, and considers Farmer Mac's risk profile and current market conditions. The LMMP must include targets of acceptable ranges of the proportion of debt maturing within specific time periods.

(e) *Contingency funding plan.* (1) *General.* Farmer Mac must have a CFP to ensure sources of liquidity are sufficient to fund normal operations under a variety of stress events. Such stress events include, but are not limited to market disruptions, rapid increase in contractually required loan purchases, unexpected requirements to fund commitments or revolving lines of credit or to fulfill guarantee obligations, difficulties in renewing or replacing funding with desired terms and structures, requirements to pledge collateral with counterparties, and reduced market access.

(2) *CFP requirements.* Farmer Mac must maintain an adequate level of unencumbered and marketable assets (as defined in §652.40(a) and (b) of this subpart) in its liquidity reserve

that can be converted into cash to meet its net liquidity needs for 30 days based on estimated cash inflows and outflows under an acute stress scenario. The board of directors must review and approve the CFP at least once each year and must make adjustments to reflect changes in the results of stress tests, Farmer Mac's risk profile, and market conditions.

(3) The CFP must:

- (i) Be customized to the financial condition and liquidity risk profile of Farmer Mac, the board's liquidity risk tolerance, and Farmer Mac's business model;
- (ii) Identify funding alternatives that can be implemented as access to funding is impeded;
- (iii) Establish a process for managing events that imperil Farmer Mac's liquidity. The process must assign appropriate personnel and executable action plans to implement the CFP;
- (iv) Require periodic stress testing that analyzes the possible impacts on Farmer Mac's cash flows, liquidity position, profitability, and solvency for a wide variety of stress scenarios.

#### **§652.40 Liquidity reserve requirement and supplemental liquidity.**

(a) *Unencumbered.* All investments that Farmer Mac holds in its liquidity reserve and as supplemental liquidity in accordance with this section must be unencumbered. For the purposes of this section, an investment is unencumbered if it is free of lien, and it is not explicitly or implicitly pledged to secure, collateralize, or enhance the credit of any transaction. Additionally, an unencumbered investment held in the liquidity reserve cannot be used as a hedge against interest rate risk if liquidation of that particular investment would expose Farmer Mac to a material risk of loss.

(b) *Marketable.* All investments that Farmer Mac holds in its liquidity reserve in accordance with this section must be readily marketable. For purposes of this section, an investment is readily marketable if it:

- (1) Can be easily and quickly converted into cash with little or no loss in value;
- (2) Exhibits low credit and market risk;
- (3) Has ease and certainty of valuation; and,
- (4) Except for money market instruments, can be easily sold or converted to cash through repurchase agreements in active and sizable markets without significantly affecting prices.

(c) *Liquidity reserve requirement, supplemental liquidity, and discounts.* Farmer Mac must maintain at all times a liquidity reserve sufficient to fund at least 90 days of the principal portion of maturing obligations and other borrowings. Farmer Mac must also hold supplemental liquid assets sufficient to fund obligations and other borrowings maturing after 90 calendar days to meet board liquidity policy in accordance with §652.35. At a minimum, Farmer Mac must hold instruments in the liquidity reserve, and as supplemental liquidity, that are listed and discounted in accordance with the following table, and are sufficient to cover:

- (1) Days 1 through 15 only with Level 1 instruments;
- (2) Days 16 through 30 only with Level 1 and Level 2 instruments; and,
- (3) Days 31 through 90 with Level 1, Level 2, and Level 3 instruments.

### **§652.45 Temporary regulatory waivers or modifications for extraordinary situations.**

Whenever the FCA determines that an extraordinary situation exists that necessitates a temporary regulatory waiver or modification, the FCA may, in its sole discretion:

- (a) Modify or waive the minimum liquidity reserve requirement in §652.40 of this subpart;

[78 FR 65149, Oct. 31, 2013]

**§652.61 Capital planning.**

(a) *Purpose.* This section establishes capital planning requirements for Farmer Mac.

(b) *Definitions.* For purposes of this section and §652.62, the following definitions apply:

*Basel III* means the Basel Committee on Banking Supervision's document "Basel III: A Global Regulatory Framework for More Resilient Banks and Banking Systems," June 2011 and as it may be updated from time to time.

*Capital action* means any issuance of an equity capital instrument, and any capital distribution, as well as any similar action that OSMO determines could impact Farmer Mac's consolidated capital.

*Capital distribution* means a redemption or repurchase of any equity capital instrument, a payment of common or preferred stock dividends, a payment that may be temporarily or permanently suspended by the issuer on any instrument that is eligible for inclusion in the numerator of any minimum capital ratio, and any similar transaction that OSMO determines to be in substance a distribution of capital.

*Capital plan* means a written presentation of Farmer Mac's capital planning strategies and capital adequacy process that includes the mandatory elements set forth in paragraph (c)(2) of this section.

*Capital policy* means Farmer Mac's written assessment of the principles and guidelines used for capital planning, capital issuance, usage and distributions, including internal capital goals; the quantitative or qualitative guidelines for dividend and stock repurchases; the strategies for addressing potential capital shortfalls; and the internal governance procedures around capital policy principles and guidelines.

*Planning horizon* means the period of at least 12 quarters, beginning with the quarter preceding the quarter in which Farmer Mac submits its capital plan, over which the relevant projections extend.

*Tier 1 Capital* means the components meeting the criteria of Common Equity Tier 1 Capital and Additional Tier 1 Capital and the regulatory adjustments as set forth in Basel III, or Tier 1 Capital as defined in regulations of the Office of the Comptroller of the Currency, the Board of Governors of the Federal Reserve, or the Federal Deposit Insurance Corporation, as revised from time to time; or another measure of high quality capital as approved for use under this regulation by the Director of OSMO.

*Tier 1 ratio* means the ratio of Farmer Mac's Tier 1 Capital to Total Risk-Weighted Assets.

*Total Risk-Weighted Assets* means a risk-weighting approach that is appropriate given Farmer Mac's business activities and consistent with broadly accepted banking practices and standards (e.g., one of the frameworks of the Basel Committee on Banking Supervision or similar U.S. regulations).

(c) *General requirements*—(1) *Annual capital planning*. (i) Farmer Mac must develop and maintain a capital plan each year.

(ii) Farmer Mac must submit its complete annual capital plan to OSMO by March 1 or such later date as directed by OSMO, after consultation with the FCA Board.

(iii) Prior to submission of the capital plan under paragraph (c)(1)(ii) of this section, Farmer Mac's board of directors must:

(A) Review the robustness of Farmer Mac's process for assessing capital adequacy,

(B) Ensure that any deficiencies in Farmer Mac's process for assessing capital adequacy are appropriately remedied; and

(C) Approve Farmer Mac's capital plan.

(2) *Mandatory elements of capital plan.* The capital plan must contain at least the following elements:

(i) An assessment of the expected uses and sources of capital over the planning horizon that reflects Farmer Mac's size, complexity, risk profile, and scope of operations, assuming both expected and stressful conditions, including:

(A) Projected revenues, losses, reserves, and pro forma capital levels, including the core capital and regulatory capital ratios required by sections 8.32 and 8.33 of the Act, the Tier 1 ratio as defined in this section, and any additional capital measures deemed relevant by Farmer Mac, over the planning horizon under expected conditions and under a range of at least two progressively severe stress scenarios developed by Farmer Mac appropriate to its business model and portfolios, as well as any scenarios provided by the Director of OSMO. At least 15 calendar days prior to this stress testing, Farmer Mac must provide to OSMO a description of the expected and stressed scenarios that Farmer Mac intends to use to conduct its annual stress test under this section.

(B) A description of all planned capital actions over the planning horizon.

(ii) A detailed description of Farmer Mac's process for assessing capital adequacy, including:

(A) A discussion of how Farmer Mac will, under expected and stressed conditions, maintain capital commensurate with its risks, maintain capital above the minimum core capital and regulatory capital ratios and above the Tier 1 ratio set in accordance with a well-articulated risk tolerance policy established by the board of directors;

(B) A discussion of how Farmer Mac will, under expected and stressed conditions, maintain sufficient capital to continue its operations by maintaining ready access to funding, meeting its obligations to creditors and other counterparties, and continuing to serve its statutory purposes; and

(C) A discussion of the results of the risk-based stress test required by section 8.32 of the Act and the stress tests required by this section, as well as any other stress test required by law or regulation, and an explanation of how the capital plan takes these results into account.

(iii) Farmer Mac's capital policy; and

(iv) A discussion of any expected changes to Farmer Mac's business plan that are likely to have a material impact on the Corporation's capital adequacy or liquidity.

(d) *Review of capital plan by OSMO.* (1) OSMO will consider the following factors in reviewing Farmer Mac's capital plan:

(i) The comprehensiveness of the capital plan, including the extent to which the analysis underlying the capital plan captures and addresses risks stemming from activities across Farmer Mac's business lines and operations;

(ii) The reasonableness of Farmer Mac's assumptions and analysis underlying the capital plan and its methodologies for reviewing the robustness of its capital adequacy process; and

(iii) Farmer Mac's ability to maintain capital above the minimum core capital and regulatory capital ratios and above a Tier 1 ratio set in accordance with a risk tolerance policy

established by the board of directors on a pro forma basis under expected and stressful conditions throughout the planning horizon, including but not limited to any stressed scenarios required under paragraphs (c)(2)(i)(A) and (c)(2)(ii) of this section.

(iv) All supervisory information about Farmer Mac and its subsidiaries;

(v) Farmer Mac's regulatory and financial reports, as well as supporting data that would allow for an analysis of its loss, revenue, and projections;

(vi) As applicable, OSMO's own pro forma estimates of Farmer Mac's potential losses, revenues, and resulting capital adequacy measurements under expected and stressful conditions, including but not limited to any stressed scenarios required under paragraphs (c)(2)(i)(A) and (c)(2)(ii) of this section, as well as the results of any other stress tests conducted by Farmer Mac or OSMO; and

(vii) Other information requested or required by OSMO, as well as any other information relevant to Farmer Mac's capital adequacy.

(e) *OSMO action on a capital plan.* (1) OSMO will review the capital plan and provide an assessment to Farmer Mac of the capital adequacy and planning process through its ongoing examination and oversight process.

(2) Upon a request by OSMO, Farmer Mac must provide OSMO with sufficient information regarding its planning assumptions, stress test strategies and results and any other relevant qualitative or quantitative information requested by OSMO to facilitate review of Farmer Mac's capital plan under this section.

(3) OSMO may require Farmer Mac to revise and re-submit its capital plan.

(f) *Farmer Mac response to OSMO's assessment.* Regardless of whether re-submission is required, Farmer Mac must take the results of the stress tests conducted under paragraphs (c)(2)(i)(A) and (c)(2)(ii) of this section (including any revisions required under paragraph (e)(3) of this section) as well as OSMO's assessment into account in making changes, as appropriate, to Farmer Mac's capital structure (including the level and composition of capital); its exposures, concentrations, and risk positions; any plans for recovery and resolution; and to improve overall risk management. Farmer Mac must document in writing its actions in response to the stress tests and assessment, as well as decisions not to take actions in response to any issues raised in the assessment.

[78 FR 65149, Oct. 31, 2013]

#### **§652.62 Notice to OSMO of capital distributions.**

(a) Farmer Mac must provide OSMO with notice 15 calendar days prior to a board consideration of a declaration of a capital distribution or any material changes in capital distributions policies.

(b) Except as provided in paragraph (c), notice under paragraph (a) of this section is not required with respect to capital distributions set forth (*i.e.*, specifically scheduled as to amount and timing along with a discussion of the planned distribution) in the capital plan or a regular periodic payment of dividends on common stock and preferred stock when there is no change in the amount of payment per share from the previous period.

(c) In the event that OSMO determines a capital plan has not adequately taken into account OSMO's assessment as required under §652.61(f), the exception described in paragraph (b) of this section shall not apply, and Farmer Mac must provide notification of any and all capital distributions as set forth in paragraph (a) of this section.

[78 FR 65149, Oct. 31, 2013]

### **§652.65 Risk-based capital stress test.**

You will perform the risk-based capital stress test as described in summary form below and as described in detail in appendix A to this subpart. The risk-based capital stress test spreadsheet is also available electronically at <http://www.fca.gov>. The risk-based capital stress test has five components:

(a) *Data requirements.* You will use the following data to implement the risk-based capital stress test.

(1) You will use Corporation loan-level data to implement the credit risk component of the risk-based capital stress test.

(2) You will use Call Report data as the basis for Corporation data over the 10-year stress period supplemented with your interest rate risk measurements and tax data.

(3) You will use other data, including the 10-year Constant Maturity Treasury (CMT) rate and the applicable Internal Revenue Service corporate income tax schedule, as further described in appendix A to this subpart.

(b) *Credit risk.* The credit risk part estimates loan losses during a period of sustained economic stress.

(1) For each loan in the Farmer Mac I portfolio, you will determine a default probability by using the logit functions specified in appendix A to this subpart with each of the following variables:

(i) Borrower's debt-to-asset ratio at loan origination;

(ii) Loan-to-value ratio at origination, which is the loan amount divided by the value of the property;

(iii) Debt-service-coverage ratio at origination, which is the borrower's net income (on- and off-farm) plus depreciation, capital lease payments, and interest, less living expenses and income taxes, divided by the total term debt payments;

(iv) The origination loan balance stated in 1997 dollars based on the consumer price index; and,

(v) The worst-case percentage change in farmland values (23.52 percent).

(2) You will then calculate the loss rate by multiplying the default probability for each loan by the estimated loss-severity rate, which is the average loss of the defaulted loans in the data set (20.9 percent).

(3) You will calculate losses by multiplying the loss rate by the origination loan balances stated in 1997 dollars.

(4) You will adjust the losses for loan seasoning, based on the number of years since loan origination, according to the functions in appendix A to this subpart.

(5) You will calculate loss rates on rural utility loans as further described in appendix A.

(6) You will further adjust losses for loans that collateralize the general obligation of AgVantage Plus volume, and for loans where the program loan counterparty retains a subordinated interest in accordance with appendix A to this subpart.

(7) The losses must be applied in the risk-based capital stress test as specified in appendix A to this subpart.

(c) *Interest rate risk.* (1) During the first year of the stress period, you will adjust interest rates for two scenarios, an increase in rates and a decrease in rates. You must determine your risk-based capital level based on whichever scenario would require more capital.

(2) You will calculate the interest rate stress based on changes to the quarterly average of the 10-year CMT. The starting rate is the 3-month average of the most recent CMT monthly rate series. To calculate the change in the starting rate, determine the average yield of the preceding 12 monthly 10-year CMT rates. Then increase and decrease the starting rate by:

(i) 50 percent of the 12-month average if the average rate is less than 12 percent; or

(ii) 600 basis points if the 12-month average rate is equal to or higher than 12 percent.

(3) Following the first year of the stress period, interest rates remain at the new level for the remainder of the stress period.

(4) You will apply the interest rate changes scenario as indicated in appendix A to this subpart.

(5) You may use other interest rate indices in addition to the 10-year CMT subject to our concurrence, but in no event can your risk-based capital level be less than that determined by using only the 10-year CMT.

(d) *Cashflow generator.* (1) You must adjust your financial statements based on the credit risk inputs and interest rate risk inputs described above to generate pro forma financial statements for each year of the 10-year stress test. The cashflow generator produces these financial statements. You may use the cashflow generator spreadsheet that is described in appendix A to this subpart and available electronically at <http://www.fca.gov>. You may also use any reliable cashflow program that can develop or produce pro forma financial statements using generally accepted accounting principles and widely recognized financial modeling methods, subject to our concurrence. You may disaggregate financial data to any greater degree than that specified in appendix A to this subpart, subject to our concurrence.

(2) You must use model assumptions to generate financial statements over the 10-year stress period. The major assumption is that cashflows generated by the risk-based capital stress test are based on a steady-state scenario. To implement a steady-state scenario, when on- and off-balance sheet assets and liabilities amortize or are paid down, you must replace them with similar assets and liabilities (AgVantage Plus volume is not replaced when

it matures). Replace amortized assets from discontinued loan programs with current loan programs. In general, keep assets with small balances in constant proportions to key program assets.

(3) You must simulate annual pro forma balance sheets and income statements in the risk-based capital stress test using Farmer Mac's starting position, the credit risk and interest rate risk components, resulting cashflow outputs, current operating strategies and policies, and other inputs as shown in appendix A to this subpart and the electronic spreadsheet available at <http://www.fca.gov>.

(e) *Calculation of capital requirement.* The calculations that you must use to solve for the starting regulatory capital amount are shown in appendix A to this subpart and in the electronic spreadsheet available at <http://www.fca.gov>.

[71 FR 77253, Dec. 26, 2006, as amended at 73 FR 31940, June 5, 2008; 76 FR 23467, Apr. 27, 2011]

#### **§652.70 Risk-based capital level.**

The risk-based capital level is the sum of the following amounts:

(a) *Credit and interest rate risk.* The amount of risk-based capital determined by the risk-based capital test under §652.65.

(b) *Management and operations risk.* Thirty (30) percent of the amount of risk-based capital determined by the risk-based capital test in §652.65.

#### **§652.75 Your responsibility for determining the risk-based capital level.**

(a) You must determine your risk-based capital level using the procedures in this subpart, appendix A to this subpart, and any other supplemental instructions provided by us. You will report your determination to us as prescribed in §652.90. At any time, however, we may determine your risk-based capital level using the procedures in §652.65 and appendix A to this subpart, and you must hold risk-based capital in the amount we determine is appropriate.

(b) You must at all times comply with the risk-based capital levels established by the risk-based capital stress test and must be able to determine your risk-based capital level at any time.

(c) If at any time the risk-based capital level you determine is less than the minimum capital requirements set forth in section 8.33 of the Act, you must maintain the statutory minimum capital level.

#### **§652.80 When you must determine the risk-based capital level.**

(a) You must determine your risk-based capital level at least quarterly, or whenever changing circumstances occur that have a significant effect on capital, such as exposure to a high volume of, or particularly severe, problem loans or a period of rapid growth.

(b) In addition to the requirements of paragraph (a) of this section, we may require you to determine your risk-based capital level at any time.

(c) If you anticipate entering into any new business activity that could have a significant effect on capital, you must determine a pro forma risk-based capital level, which must include the new business activity, and report this pro forma determination to the Director, Office of Secondary Market Oversight, at least 10-business days prior to implementation of the new business program.

#### **§652.85 When to report the risk-based capital level.**

(a) You must file a risk-based capital report with us each time you determine your risk-based capital level as required by §652.80.

(b) You must also report to us at once if you identify in the interim between quarterly or more frequent reports to us that you are not in compliance with the risk-based capital level required by §652.70.

(c) If you make any changes to the data used to calculate your risk-based capital requirement that cause a material adjustment to the risk-based capital level you reported to us, you must file an amended risk-based capital report with us within 5-business days after the date of such changes;

(d) You must submit your quarterly risk-based capital report for the last day of the preceding quarter by the earlier of the reporting deadlines for Securities and Exchange Commission Forms 10-K and 10-Q, or the 40th day after each of the quarters ending March 31st, June 30th, and September 30th, and the 75th day after the quarter ending on December 31st.

[71 FR 77253, Dec. 26, 2006, as amended at 73 FR 31940, June 5, 2008]

#### **§652.90 How to report your risk-based capital determination.**

(a) Your risk-based capital report must contain at least the following information:

(1) All data integral for determining the risk-based capital level, including any business policy decisions or other assumptions made in implementing the risk-based capital test;

(2) Other information necessary to determine compliance with the procedures for determining risk-based capital as specified in appendix A to this subpart; and

(3) Any other information we may require in written instructions to you.

(b) You must submit each risk-based capital report in such format or medium, as we require.

#### **§652.95 Failure to meet capital requirements.**

(a) *Determination and notice.* At any time, we may determine that you are not meeting your risk-based capital level calculated according to §652.65, your minimum capital requirements specified in section 8.33 of the Act, or your critical capital requirements specified in section 8.34 of the Act. We will notify you in writing of this fact and the date by which you should be in compliance (if applicable).

(b) *Submission of capital restoration plan.* Our determination that you are not meeting your required capital levels may require you to develop and submit to us, within a specified time period, an acceptable plan to reach the appropriate capital level(s) by the date required.

#### **§652.100 Audit of the risk-based capital stress test.**

You must have a qualified, independent external auditor review your implementation of the risk-based capital stress test every 3 years and submit a copy of the auditor's opinion to us.

## 5.0 Capital Calculations.

### 5.1 Method of Calculation.

#### 1.0 Introduction

a. Appendix A provides details about the risk-based capital stress test (stress test) for Farmer Mac. The stress test calculates the risk-based capital level required by statute under stipulated conditions of credit risk and interest rate risk. The stress test uses loan-level data from Farmer Mac's agricultural mortgage portfolio or proxy data as described in section 4.1 d.(3) below, as well as quarterly Call Report and related information to generate pro forma financial statements and calculate a risk-based capital requirement. The stress test also uses historic agricultural real estate mortgage performance data, rural utility guarantee fees, relevant economic variables, and other inputs in its calculations of Farmer Mac's capital needs over a 10-year period.

b. Appendix A establishes the requirements for all components of the stress test. The key components of the stress test are: Specifications of credit risk, interest rate risk, the cashflow generator, and the capital calculation. Linkages among the components ensure that the measures of credit and interest rate risk pass into the cashflow generator. The linkages also transfer cashflows through the financial statements to represent values of assets, liabilities, and equity capital. The 10-year projection is designed to reflect a steady state in the scope and composition of Farmer Mac's assets.

#### 2.0 Credit Risk

Loan loss rates are determined by applying the loss-frequency equation and the loss-severity factor to Farmer Mac loan-level data. Using this equation and severity factor, you must calculate loan losses under stressful economic conditions assuming Farmer Mac's portfolio remains at a "steady state." Steady state assumes the underlying characteristics and risks of Farmer Mac's portfolio remain constant over the 10 years of the stress test. Loss rates discussed in this section apply to all loans, unless otherwise indicated. Loss rates are computed from estimated dollar losses for use in the stress test. The loan volume subject to loss throughout the stress test is then multiplied by the loss rate. Lastly, the stress test allocates losses to each of the 10 years assuming a time pattern for loss occurrence as discussed in section 4.3, "Risk Measures."

#### *2.1 Loss-Frequency and Loss-Severity Models for All Types of Loans, Except Rural Utility Loans*

a. Credit risks are modeled in the stress test using historical time series loan-level data to measure the frequency and severity of losses on agricultural mortgage loans. The model relates loss frequency and severity to loan-level characteristics and economic conditions through appropriately specified regression equations to account explicitly for the effects of these characteristics on loan losses. Loan losses for Farmer Mac are estimated from the resulting loss-frequency equation combined with the loss-severity factor by substituting the respective values of Farmer Mac's loan-level data or proxy data as described in section 4.1 d.(3) below, and applying stressful economic inputs.

b. The loss-frequency equation and loss-severity factor were estimated from historical agricultural real estate mortgage loan data from the Farm Credit Bank of Texas (FCBT). Due to Farmer Mac's relatively short history, its own loan-level data are insufficiently developed for use in estimating the default frequency equation and loss-severity factor. In the future,

however, expansions in both the scope and historic length of Farmer Mac's lending operations may support the use of its data in estimating the relationships.

c. To estimate the equations, the data used included FCBT loans, which satisfied three of the four underwriting standards Farmer Mac currently uses (estimation data). The four standards specify: (1) The debt-to-assets ratio (D/A) must be less than 0.50, (2) the loan-to-value ratio (LTV) must be less than 0.70, (3) the debt-service-coverage ratio (DSCR) must exceed 1.25, (4) and the current ratio (current assets divided by current liabilities) must exceed 1.0. Furthermore, the D/A and LTV ratios were restricted to be less than or equal to 0.85.

d. Several limitations in the FCBT loan-level data affect construction of the loss-frequency equation. The data contained loans that were originated between 1979 and 1992, but there were virtually no losses during the early years of the sample period. As a result, losses attributable to specific loans are only available from 1986 through 1992. In addition, no prepayment information was available in the data.

e. The FCBT data used for estimation also included as performing loans, those loans that were re-amortized, paid in full, or merged with a new loan. Including these loans may lead to an understatement of loss-frequency probabilities if some of the re-amortized, paid, or merged loans experience default or incur losses. In contrast, when the loans that are re-amortized, paid in full, or merged are excluded from the analysis, the loss-frequency rates are overstated if a higher proportion of loans that are re-amortized, paid in full, or combined (merged) into a new loan are non-default loans compared to live loans.<sup>1</sup>

<sup>1</sup>Excluding loans with defaults, 11,527 loans were active and 7,515 loans were paid in full, re-amortized or merged as of 1992. A t-test<sup>2</sup> of the differences in the means for the group of defaulted loans and active loans indicated that active loans had significantly higher D/A and LTV ratios, and lower current ratios than defaulted loans where loss occurred. These results indicate that, on average, active loans have potentially higher risk than loans that were re-amortized, paid in full, or merged.

f. The structure of the historical FCBT data supports estimation of loss frequency based on origination information and economic conditions. Under an origination year approach, each observation is used only once in estimating loan default. The underwriting variables at origination and economic factors occurring over the life of the loan are then used to estimate loan-loss frequency.

g. The final loss-frequency equation is based on origination year data and represents a lifetime loss-frequency model. The final equation for loss frequency is:

$$p = 1/(1 + \exp(-(BX)))$$

Where:

$$BX = (-12.62738) + 1.91259 \cdot X_1 + (-0.33830) \cdot X_2 / (1 + 0.0413299)^{\text{Periods}} + (-0.19596) \cdot X_3 + 4.55390 \cdot (1 - \exp((-0.00538178) \cdot X_4) + 2.49482 \cdot X_5$$

Where:

- p is the probability that a loan defaults and has positive losses (Pr (Y = 1 | x));
- X<sub>1</sub> is the LTV ratio at loan origination raised to the power 5.3914596;<sup>2</sup>

<sup>2</sup>Loss probability is likely to be more sensitive to changes in LTV at higher values of LTV. The power function provides a continuous relationship between LTV and defaults.

- $X_2$  is the largest annual percentage decline in FCBT farmland values during the life of the loan dampened with a factor of 0.0413299 per year;<sup>3</sup>

<sup>3</sup>The dampening function reflects the declining effect that the maximum land value decline has on the probability of default when it occurs later in a loan's life.

- $X_3$  is the DSCR at loan origination;
- $X_4$  is 1 minus the exponential of the product of negative 0.00538178 and the original loan balance in 1997 dollars expressed in thousands; and
- $X_5$  is the D/A ratio at loan origination.

h. The estimated logit coefficients and p-values are:<sup>4</sup>

<sup>4</sup>The nonlinear parameters for the variable transformations were simultaneously estimated using SAS version 8e NLIN procedure. The NLIN procedure produces estimates of the parameters of a nonlinear transformation for LTV, dampening factor, and loan-size variables. To implement the NLIN procedure, the loss-frequency equation and its variables are declared and initial parameter values supplied. The NLIN procedure is an iterative process that uses the initial parameter values as the starting values for the first iteration and continues to iterate until acceptable parameters are solved. The initial values for the power function and dampening function are based on the proposed rule. The procedure for the initial values for the size variable parameter is provided in an Excel spreadsheet posted at <http://www.fca.gov>. The Gauss-Newton method is the selected iterative solving process. As described in the preamble, the loss-frequency function for the nonlinear model is the negative of the log-likelihood function, thus producing maximum likelihood estimates. In order to obtain statistical properties for the loss-frequency equation and verify the logistic coefficients, the estimates for the nonlinear transformations are applied to the FCBT data and the loss-frequency model is re-estimated using the SAS Logistic procedure. The SAS procedures, output reports and Excel spreadsheet used to estimate the parameters of the loss-frequency equation are located on the Web site <http://www.fca.gov>.

j. These variables have logical relationships to the incidence of loan default and loss, as evidenced by the findings of numerous credit-scoring studies in agricultural finance.<sup>5</sup> Each of the variable coefficients has directional relationships that appropriately capture credit risk from underwriting variables and, therefore, the incidence of loan-loss frequency. The frequency of loan loss was found to differ significantly across all of the loan characteristics and lending conditions. Farmland values represent an appropriate variable for capturing the effects of exogenous economic factors. It is commonly accepted that farmland values at any point in time reflect the discounted present value of expected returns to the land.<sup>6</sup> Thus, changes in land values, as expressed in the loss-frequency equation, represent the combined effects of the level and growth rates of farm income, interest rates, and inflationary expectations—each of which is accounted for in the discounted, present value process.

k. When applying the equation to Farmer Mac's portfolio, you must get the input values for  $X_1$ ,  $X_3$ ,  $X_4$ , and  $X_5$  for each loan in Farmer Mac's portfolio on the date at which the stress test is conducted, using either submitted data or proxy data as described in section 4.1 d.(3) below. For the variable  $X_2$ , the stressful input value from the benchmark loss experience is –23.52 percent. You must apply this input to all Farmer Mac loans subject to loss to calculate loss frequency under stressful economic conditions.<sup>7</sup> The maximum land value decline from the benchmark loss experience is the simple average of annual land value changes for Iowa, Illinois, and Minnesota for the years 1984 and 1985.<sup>8</sup>

<sup>7</sup>On- and off-balance sheet Farmer Mac I agricultural mortgage program assets booked after the 1996 Act amendments are subject to the loss calculation.

<sup>8</sup>While the worst-case losses, based on origination year, occurred during 1983 and 1984, this benchmark was determined using annual land value changes that occurred 2 years later.

l. Forecasting with data outside the range of the estimation data requires special treatment for implementation. While the estimation data embody Farmer Mac values for various loan characteristics, the maximum farmland price decline experienced in Texas was –16.69 percent, a value below the benchmark experience of –23.52 percent. To control for this effect, you must apply a procedure that restricts the slope of all the independent variables to that observed at the maximum land value decline observed in the estimation data. Essentially, you must approximate the slope of the loss-frequency equation at the point –16.69 percent in order to adjust the probability of loan default and loss occurrence for data beyond the range in the estimating data. The adjustment procedure is shown in step 4 of section 2.3 entitled, "Example Calculation of Dollar Loss on One Loan."

m. Loss severity was not found to vary systematically and was considered constant across the tested loan characteristics and lending conditions. Thus, the simple weighted average by loss volume of 20.9 percent is used in the stress test.<sup>9</sup> You must multiply loss severity with the probability estimate computed from the loss-frequency equation to determine the loss rate for a loan.

<sup>9</sup>We calculated the weighted-average loss severity from the estimation data.

n. Using original loan balance results in estimated probabilities of loss frequency over the entire life of a loan. To account for loan seasoning, you must reduce the loan-loss exposure by the cumulative probability of loss already experienced by each loan as discussed in section 2.2 entitled, "Loan-Seasoning Adjustment." This subtraction is based on loan age and reduces the loss estimated by the loss-frequency and loss-severity equations. The result is an age-adjusted lifetime dollar loss that can be used in subsequent calculations of loss rates as discussed in section 2.4, "Calculation of Loss Rates for Use in the Stress Test."

## *2.2 Loan-Seasoning Adjustment for All Types of Loans, Except Rural Utility Loans*

a. You must use the seasoning function supplied by FCA to adjust the calculated probability of loss for each Farmer Mac loan for the cumulative loss exposure already experienced based on the age of each loan. The seasoning function is based on the same data used to determine the loss-frequency equation and an assumed average life of 14 years for agricultural mortgages. If we determine that the relationship between the loss experience in Farmer Mac's portfolio over time and the seasoning function can be improved, we may augment or replace the seasoning function.

b. The seasoning function is parameterized as a beta distribution with parameters of  $p = 4.288$  and  $q = 5.3185$ .<sup>10</sup> How the loan-seasoning distribution is used is shown in Step 7 of section 2.3, "Example Calculation of Dollar Loss on One Loan."

<sup>10</sup>We estimated the loan-seasoning distribution from portfolio aggregate charge-off rates from the estimation data. To do so, we arrayed all defaulting loans where loss occurred according to the time from origination to default. Then, a beta distribution,  $\beta(p, q)$ , was fit to the estimation data scaled to the maximum time a loan survived (14 years).

### *2.3 Example Calculation of Dollar Loss on One Loan for All Types of Loans, Except Rural Utility Loans*

Here is an example of the calculation of the dollar losses for an individual loan with the following characteristics and input values:<sup>11</sup>

<sup>11</sup>In the examples presented we rounded the numbers, but the example calculation is based on a larger number of significant digits. The stress test uses additional digits carried at the default precision of the software.

Loan Origination Year	1996
Loan Origination Balance	\$1,250,000
LTV at Origination	0.5
D/A at Origination	0.5
DSCR at Origination	1.3984
Maximum Percentage Land Price Decline (MAX)	-23.52

*Step 1:* Convert 1996 Origination Value to 1997 dollar value (LOAN) based on the consumer price index and transform as follows:

$$\$1,278,500 = \$1,250,000 \cdot 1.0228$$

$$0.998972 = 1 - \exp((-0.00538178) \cdot \$1,278,500 / 1000)$$

*Step 2:* Calculate the default probabilities using -16.64 percent and -16.74 percent land value declines as follows:<sup>12</sup>

<sup>12</sup>This process facilitates the approximation of slope needed to adjust the loss probabilities for land value declines greater than observed in the estimation data.

Where:

$$Z_1 = (-12.62738) + 1.91259 \cdot LTV^{5.3914596} - 0.33830 \cdot (-16.6439443) - 0.19596 \cdot DSCR + 4.55390 \cdot 0.998972 + 2.49482 \cdot DA = (-1.428509)$$

Default Loss Frequency at (-16.64%) =

$$1 / 1 + \exp^{-(-1.428509)} = 0.19333111$$

And

$$Z_1 = (-12.62738) + 1.91259 \cdot LTV^{5.3914596} - 0.33830 \cdot (-16.7439443) - 0.19596 \cdot DSCR + 4.55390 \cdot 0.998972 + 2.49482 \cdot DA = (-1.394679)$$

Loss Frequency Probability at (-16.74%) =

$$1 / 1 + \exp^{-(-1.394679)} = 0.19866189$$

*Step 3:* Calculate the slope adjustment. You must calculate slope by subtracting the difference between "Loss-Frequency Probability at -16.64 percent" and "Loss-Frequency Probability at -16.74 percent" and dividing by -0.1 (the difference between -16.64 percent and -16.74 percent) as follows:

$$0.05330776 = (0.19333111 - 0.19866189) / -0.1$$

*Step 4:* Make the linear adjustment. You make the adjustment by increasing the loss-frequency probability where the dampened stressed farmland value input is less than -16.69 percent to reflect the stressed farmland value input, appropriately discounted. As discussed previously, the stressed land value input is discounted to reflect the declining effect that the maximum land value decline has on the probability of default when it occurs later in a loan's life.<sup>13</sup> The linear adjustment is the difference between -16.69 percent land value decline and the adjusted stressed maximum land value decline input of -23.52 multiplied by the slope estimated in Step 3 as follows:

<sup>13</sup>The dampened period is the number of years from the beginning of the origination year to the current year (i.e., January 1, 1996 to January 1, 2000 is 4 years).

Loss Frequency at -16.69 percent =

$$Z_1 = (-12.62738) + (1.91259)(LTV^{5.3914596}) - (0.33830)(-16.6939443) - (0.19596)(DSCR) + (4.55390)(0.998972) + (2.49482)(DA) = -1.411594$$

And

$$1 / 1 + \exp^{-(-1.411594)} = 0.19598279$$

$$\text{Dampened Maximum Land Price Decline} = (-20.00248544) = (-23.52)(1.0413299)^{-4}$$

$$\text{Slope Adjustment} = 0.17637092 = 0.053312247 \cdot (-16.6939443 - (-20.00248544))$$

Loan Default Probability =  $0.37235371 = 0.19598279 + 0.17637092$

Step 5: Multiply loan default probability times the average severity of 0.209 as follows:

$$0.077821926 = 0.37235371 \cdot 0.209$$

Step 6: Multiply the loss rate times the origination loan balance as follows:

$$\$97,277 = \$1,250,000 \cdot 0.077821926$$

Step 7: Adjust the origination based dollar losses for 4 years of loan seasoning as follows:

$$\$81,987 = \$97,277 - \$97,277 \cdot (0.157178762)^{14}$$

<sup>14</sup>The age of adjustment of 0.157178762 is determined from the beta distribution for a 4-year-old loan.

#### *2.4 Treatment of Loans Backed by an Obligation of the Counterparty and Loans for Which Pledged Loan Collateral Volume Exceeds Farmer Mac-Guaranteed Volume*

You must calculate the age-adjusted loss rates for these loans that include adjustments to scale losses according to the proportion of total submitted collateral to the guaranteed amount as provided for in the "Dollar Losses" column of the transformed worksheets in the Credit Loss Module based on new data inputs required in the "Coefficients" worksheet of the Credit Loss Module. Then, you must adjust the calculated loss rates as follows.

a. For loans in which the seller retains a subordinated interest, subtract from the total estimated age-adjusted dollar losses on the pool the amount equal to current unpaid principal times the subordinated interest percentage.

b. Some pools of loans underlying specific transactions could include loan collateral volume pledged to Farmer Mac in excess of Farmer Mac's guarantee amount ("overcollateral"). Overcollateral can be either: (i) Contractually required according to the terms of the transaction, or (ii) not contractually required, but pledged in addition to the contractually required amount at the discretion of the counterparty, often for purposes of administrative convenience regarding the collateral substitution process, or (iii) both (i) and (ii).

1. If a pool of loans includes collateral pledged in excess of the guaranteed amount, you must adjust the age-adjusted, loan-level dollar losses by a factor equal to the ratio of the guarantee amount to total submitted collateral. For example, consider a pool of two loans serving as security for a Farmer Mac guarantee on a note with a total issuance face value of \$2 million and on which the counterparty has submitted 10-percent overcollateral. The two loans in the example have the following characteristics and adjustments.

<b>Loan</b>	<b>Origination balance</b>	<b>Age-adjusted loss rate (percent)</b>	<b>Estimated age-adjusted losses</b>	<b>Guarantee amount scaling adjustment (2/2.2) (Percent)</b>	<b>Losses adjusted for overcollateral</b>
1	\$1,080,000	7.0	\$75,600	90.91	\$68,727
2	1,120,000	5.0	56,000	90.91	50,909

2. If a pool of loans includes collateral pledged in excess of the guaranteed amount that is required under the terms of the transaction, you must further adjust the dollar losses as follows. Calculate the total losses on the subject portfolio of loans after age adjustments and any adjustments related to total submitted overcollateral as described in "1." above. Calculate the total dollar amount of contractually required overcollateral in the subject pool. Subtract the total dollars of contractually required overcollateral from the adjusted total losses on the subject pool. If the result is less than or equal to zero, input a loss rate of zero for this transaction pool in the Data Inputs worksheet of the RBCST. A new category must be created for each such transaction in the RBCST. If the loss rate after subtracting contractually required overcollateral is greater than zero, proceed to additional adjustment for the risk-reducing effects of the counterparty's general obligation described in "3." below.

3. Loans with a positive loss estimate remaining after adjustments in "1." and "2." above are further adjusted for the security provided by the general obligation of the counterparty. To make this adjustment in our example, multiply the estimated dollar losses remaining after adjustments in "1." and "2." above by the appropriate general obligation adjustment (GOA) factor based on the counterparty's whole-letter issuer credit rating by a nationally recognized statistical rating organization (NRSRO) and the ratio of the counterparty's concentration of risk in the same industry sector as the loans backing the AgVantage Plus volume, as determined by the Director.

A. The Director will make final determinations of concentration ratios on a case-by-case basis by using publicly reported data on counterparty portfolios, non-public data submitted and certified by Farmer Mac as part of its RBCST submissions, and will generally recognize rural electric cooperatives and rural telephone cooperatives as separate rural utility sectors. The following table sets forth the GOA factors and their components by whole-letter credit rating (Adjustment Factor = Default Rate  $\times$  Severity Rate  $\times$  3), which may be further adjusted for industry sector concentration by the Director.<sup>15</sup>

<b>Whole-letter rating</b>	<b>Default rate (percent)</b>	<b>Severity rate (percent)</b>	<b>V3.0 GOA factor (percent)</b>	<b>V4.0 GOA factors (D × 3) (percent)</b>	<b>Concentration ratio (e.g., 25%) (percent)</b>	<b>Factor with concentration adjustment 1 – ((1 – E) × (1 – F)) (percent)</b>
AAA	0.897	54	0.48	1.41	25.00	26.06
AA	2.294	54	1.24	3.70	25.00	27.78
A	2.901	54	1.57	5.13	25.00	28.84
BBB	7.061	54	3.82	11.48	25.00	33.61
Below BBB and Unrated	26.827	54	14.50	44.52	25.00	58.39

B. The adjustment factors will be updated annually as Moody's annual report on Default and Recovery Rates of Corporate Bond Issuers becomes available, normally in January or February of each year. In the event that there is an interruption of Moody's publication of this annual report, or FCA determines that the format of the report has changed enough to prevent or call into question the identification of updated factors, the prior year's factors will remain in effect until FCA revises the process through rulemaking.

4. Continuing the previous example, the pool contains two loans on which Farmer Mac is guaranteeing a total of \$2 million and with total submitted collateral of 110 percent of the guaranteed amount. Of the 10-percent total overcollateral, 5 percent is contractually required under the terms of the transaction. The pool consists of two loans of slightly over \$1 million. Total overcollateral is \$200,000 of which \$100,000 is contractually required. The counterparty has a single "A" credit rating, a 25-percent concentration ratio, and after adjusting for contractually required overcollateral, estimated losses are greater than zero. The net loss rate is calculated as described in the steps in the table below.

	Loan A	Loan B
1 Guaranteed Volume	\$2,000,000	
2 Origination Balance of 2-Loan Portfolio	\$1,080,000	\$1,120,000
3 Age-Adjusted Loss Rate	7%	5%
4 Estimated Age-Adjusted Losses	\$75,600	\$56,000
5 Guarantee Volume Scaling Factor	90.91%	90.91%
6 Losses Adjusted for Total Overcollateral	\$68,727	\$50,909
7 Contractually Required Overcollateral on Pool (5%)	\$100,000	
8 Net Losses on Pool Adjusted for Contractually Required Overcollateral	\$19,636	
9 GOA Factor for "A" Issuer with 25% Concentration Ratio	28.84%	
10 Losses Adjusted for "A" General Obligation	\$5,664	
11 Loss Rate Input in the RBCST for this Pool	0.28%	

A. The net, fully adjusted losses are distributed over time on a straight-line basis. When a transaction reaches maturity within the 10-year modeling horizon, the losses are distributed on a straightline over a timepath that ends in the year of the transaction's maturity.

### *2.5 Calculation of Loss Rates for Use in the Stress Test for All Types of Loans, Except Rural Utility Loans*

a. You must compute the loss rates by state as the dollar weighted average seasoned loss rates from the Cash Window and Standby loan portfolios by state. The spreadsheet entitled, "Credit Loss Module.XLS" can be used for these calculations. This spreadsheet is available for download on our Web site, [www.fca.gov](http://www.fca.gov), or will be provided upon request. The blended loss rates for each state are copied from the "Credit Loss Module" to the stress test spreadsheet for determining Farmer Mac's regulatory capital requirement.

b. The stress test use of the blended loss rates is further discussed in section 4.3, "Risk Measures."

## *2.6 Calculation of Loss Rates on Rural Utility Volume for-Use in the Stress Test*

You must submit the outstanding principal, maturity date of the loan, maturity date of the AgVantage Plus contract (if applicable), and the rural utility guarantee fee percentage for each loan in Farmer Mac's rural utility loan portfolio on the date at which the stress test is conducted. You must multiply the rural utility guarantee fee by two to calculate the loss rate on rural utility loans under stressful economic conditions and then multiply the loss rate by the total outstanding principal. To arrive at the net rural utility loan losses, you must next apply the steps "5" through "11" of section 2.4.b.4 of this Appendix. For loans under an AgVantage Plus-type structure, the calculated losses are distributed over time on a straight-line basis. For loans that are not part of an AgVantage Plus-type structure, losses are distributed over the 10-year modeling horizon, consistent with other non-AgVantage Plus loan volume.

## **3.0 Interest Rate Risk**

The stress test explicitly accounts for Farmer Mac's vulnerability to interest rate risk from the movement in interest rates specified in the statute. The stress test considers Farmer Mac's interest rate risk position through the current structure of its balance sheet, reported interest rate risk shock-test results,<sup>16</sup> and other financial activities. The stress test calculates the effect of interest rate risk exposure through market value changes of interest-bearing assets, liabilities, and off-balance sheet transactions, and thereby the effects to equity capital. The stress test also captures this exposure through the cashflows on rate-sensitive assets and liabilities. We discuss how to calculate the dollar impact of interest rate risk in section 4.6, "Balance Sheets."

<sup>16</sup>See paragraph c. of section 4.1 entitled, "Data Inputs," for a description of the interest rate risk shock-reporting requirement.

### *3.1 Process for Calculating the Interest Rate Movement*

a. The stress test uses the 10-year Constant Maturity Treasury (10-year CMT) released by the Federal Reserve in HR. 15, "Selected Interest Rates." The stress test uses the 10-year CMT to generate earnings yields on assets, expense rates on liabilities, and changes in the market value of assets and liabilities. For stress test purposes, the starting rate for the 10-year CMT is the 3-month average of the most recent monthly rate series published by the Federal Reserve. The 3-month average is calculated by summing the latest monthly series of the 10-year CMT and dividing by three. For instance, you would calculate the initial rate on June 30, 1999, as:

<b>Month end</b>	<b>10-year CMT monthly series</b>
04/1999	5.18
05/1999	5.54
06/1999	5.90
Average	5.54

b. The amount by which the stress test shocks the initial rate up and down is determined by calculating the 12-month average of the 10-year CMT monthly series. If the resulting average is less than 12 percent, the stress test shocks the initial rate by an amount determined by multiplying the 12-month average rate by 50 percent. However, if the average is greater than or equal to 12 percent, the stress test shocks the initial rate by 600 basis points. For example, determine the amount by which to increase and decrease the initial rate for June 30, 1999, as follows:

<b>Month end</b>	<b>10-year CMT monthly series</b>
07/1998	5.46
08/1998	5.34
09/1998	4.81
10/1998	4.53
11/1998	4.83
12/1998	4.65

01/1999	4.72
02/1999	5.00

12-Month Average Less than 12%	Yes.
12-Month Average	5.10.
Multiply the 12-Month Average by	50%.

c. You must run the stress test for two separate changes in interest rates: (i) An immediate increase in the initial rate by the shock amount; and (ii) immediate decrease in the initial rate by the shock amount. The stress test then holds the changed interest rate constant for the remainder of the 10-year stress period. For example, at June 30, 1999, the stress test would be run for an immediate and sustained (for 10 years) upward movement in interest rates to 8.09 percent (5.54 percent plus 255 basis points) and also for an immediate and sustained (for 10 years) downward movement in interest rates to 2.99 percent (5.54 percent minus 255 basis points). The movement in interest rates that results in the greatest need for capital is then used to determine Farmer Mac's risk-based capital requirement.

#### 4.0 Elements Used in Generating Cashflows

a. This section describes the elements that are required for implementation of the stress test and assessment of Farmer Mac capital performance through time. An Excel spreadsheet named FAMC RBCST, available at <http://www.fca.gov>, contains the stress test, including the cashflow generator. The spreadsheet contains the following seven worksheets:

- (1) Data Input;
- (2) Assumptions and Relationships;
- (3) Risk Measures (credit risk and interest rate risk);
- (4) Loan and Cash Flow Accounts;
- (5) Income Statements;
- (6) Balance Sheets; and
- (7) Capital.

b. Each of the components is described in further detail below with references where appropriate to the specific worksheets within the Excel spreadsheet. The stress test may be generally described as a set of linked financial statements that evolve over a period of 10 years using generally accepted accounting conventions and specified sets of stressed inputs. The stress test uses the initial financial condition of Farmer Mac, including earnings and funding relationships, and the credit and interest rate stressed inputs to calculate Farmer Mac's capital performance through time. The stress test then subjects the initial financial conditions to the first period set of credit and interest rate risk stresses, generates cashflows by asset and liability category, performs necessary accounting postings into relevant accounts, and generates an income statement associated with the first interval of time. The stress test then uses the income statement to update the balance sheet for the end of period 1 (beginning of period 2). All necessary capital calculations for that point in time are then performed.

c. The beginning of the period 2 balance sheet then serves as the departure point for the second income cycle. The second period's cashflows and resulting income statement are generated in similar fashion as the first period's except all inputs (*i.e.*, the periodic loan losses, portfolio balance by category, and liability balances) are updated appropriately to reflect conditions at that point in time. The process evolves forward for a period of 10 years with each pair of balance sheets linked by an intervening set of cashflow and income statements. In this and the following sections, additional details are provided about the specification of the income-generating model to be used by Farmer Mac in calculating the risk-based capital requirement.

##### 4.1 Data Inputs

The stress test requires the initial financial statement conditions and income generating relationships for Farmer Mac. The worksheet named "Data Inputs" contains the complete data inputs and the data form used in the stress test. The stress test uses these data and various assumptions to calculate pro forma financial statements. For stress test purposes, Farmer Mac is required to supply:

a. *Call Report Schedules RC: Balance Sheet and RI: Income Statement.* These schedules form the starting financial position for the stress test. In addition, the stress test calculates basic financial relationships and assumptions used in generating pro forma annual financial statements over the 10-year stress period. Financial relationships and assumptions are in section 4.2, "Assumptions and Relationships."

b. *Cashflow Data for Asset and Liability Account Categories.* The necessary cashflow data for the spreadsheet-based stress test are book value, weighted average yield, weighted average maturity, conditional prepayment rate, weighted average amortization, and weighted average guarantee fees and rural utility guarantee fees. The spreadsheet uses this cashflow information to generate starting and ending account balances, interest earnings, guarantee fees, rural utility guarantee fees, and interest expense. Each asset and liability account category identified in this data requirement is discussed in section 4.2 "Assumptions and Relationships."

c. *Interest Rate Risk Measurement Results.* The stress test uses the results from Farmer Mac's interest rate risk model to represent changes in the market value of assets, liabilities, and off-balance sheet positions during upward and downward instantaneous shocks in interest rates of 300, 250, 200, 150, and 100 basis points. The stress test uses these data to calculate a schedule of estimated effective durations representing the market value effects from a change in interest rates. The stress test uses a linear interpolation of the duration schedule to relate a change in interest rates to a change in the market value of equity. This calculation is described in section 4.4 entitled, "Loan and Cashflow Accounts," and is illustrated in the referenced worksheet of the stress test.

d. *Loan-Level Data for all Farmer Mac I Program Assets.*

(1) The stress test requires loan-level data for all Farmer Mac I program assets to determine lifetime age-adjusted loss rates. The specific loan data fields required for running the credit risk component are:

(2) From the loan-level data, you must identify the geographic distribution by state of Farmer Mac's loan portfolio and enter the current loan balance for each state in the "Data Inputs" worksheet. The lifetime age-adjustment of origination year loss rates was discussed in section 2.0, "Credit Risk." The lifetime age-adjusted loss rates are entered in the "Risk Measures" worksheet of the stress test. The stress test application of the loss rates is discussed in section 4.3, "Risk Measures."

(3) Under certain circumstances, described below, you must substitute the following data proxies for the variables LTV, DSCR, and D/A: LTV = 0.70, DSCR = 1.25, and D/A = 0.50. The substitution must be done whenever any of these data are missing, i.e., cells are blank, or one or more of the conditions in the following table is true.

<b>Condition</b>	<b>Apply</b>
1. Total Assets = 0	Proxy D/A.
2. Total Liabilities = 0	Proxy D/A.
3. Total assets less total liabilities <0	Proxy D/A.
4. Total debt service = 0 or not calculable	Proxy DSCR.
5. Net farm income = 0	Proxy DSCR.
6. LTV ratio = 0	Proxy LTV.
7. Total assets less than original appraised value	Proxy LTV, D/A.
8. Total liabilities less than the original loan amount	Proxy D/A.
9. Total debt service is less than original scheduled principal and interest payment	Proxy DSCR.
10. Depreciation, interest on capital debt, capital lease payments, or living expenses are reported as less than zero	Proxy DSCR.
11. Original Scheduled Principal and Interest is greater than Total Debt Service	Proxy DSCR.
12. Calculated LTV (original loan amount divided by original appraised value) does not equal the submitted LTV ratio	The greater of the two LTV ratios.

13. Any of the fields referenced in "1." through "12." above are blank or contain spaces, periods, zeros, negative amounts, or fonts formatted to any setting other than numbers	Proxy all related ratios.
--	---------------------------

In addition, the following loan data adjustments must be made in response to the situations listed below:

<b>Situation</b>	<b>Data adjustment</b>
Original loan balance is less than scheduled loan balance	Substitute scheduled balance for origination.
Purchase (commitment) date (a.k.a. "cutoff" date) field and Origination date field are both blank	Insert the quarter end "as of" date of the RBCST submission.
Origination date field is blank	Model based on Cutoff date.
Seasoned Standby loans that include loan data	Proxy data applied.*

\*Application of proxy data recognizes that underwriting data on seasoned Standby loans are not reviewed by Farmer Mac in favor of other criteria and frequently not origination data.

Further, because it would not be possible to compile an exhaustive list of loan data anomalies, FCA reserves the authority to require an explanation on other data anomalies it identifies and to apply the loan data proxies on such cases until the anomaly is adequately addressed by the Corporation.

*e. Loan-Level Data for All Rural Utility Program Volume.* The stress test requires loan-level data for all rural utility program volume. The specific loan data fields required for calculating the credit risk are outstanding principal, maturity date of the loan, maturity date of the AgVantage Plus contract (if applicable), and the rural utility guarantee fee percentage for each loan in Farmer Mac's rural utility loan portfolio on the date at which the stress test is conducted.

*f. Weighted Haircuts for Non-Program Investments.* For non-program investments, the stress test adjusts the weighted average yield data referenced in section 4.1.b. to reflect counterparty risk. Non-program investments are defined in §652.5. The Corporation must calculate the haircut to be applied to each investment based on the lowest whole-letter credit rating the investment received from an NRSRO using the haircut levels in effect at the time. Haircut levels shall be the same amounts calculated for the GOA factor in section 2.4.b.3 above. The first table provides the mappings of NRSRO ratings to whole-letter

ratings for purposes of applying haircuts. Any “+” or “-” signs appended to NRSRO ratings that are not shown in the table should be ignored for purposes of mapping NRSRO ratings to FCA whole-letter ratings. The second table provides the haircut levels by whole-letter rating category.

1. Certain special cases will receive the following treatment. For an investment structured as a collateralized obligation backed by the issuer's general obligation and, in turn, a pool of collateral, reference the Issuer Rating or Financial Strength Rating of that issuer as the credit rating applicable to the security. Unrated securities that are fully guaranteed by Government-sponsored enterprises (GSE) such as the Federal National Mortgage Corporation (Fannie Mae) will receive the same treatment as AAA securities. Unrated securities backed by the full faith and credit of the U.S. Government will not receive a haircut. Unrated securities that are not fully guaranteed by a GSE will receive the haircut level in place at that time for "Below BBB and Unrated" investments unless the Director, at the Director's discretion, determines to apply a lesser haircut. In making this determination, the Director will consider the risk characteristics associated with the structure of individual instruments.

2. If portions of investments are later sold by Farmer Mac according to their specific risk characteristics, the Director will take reasonable measures to adjust the haircut level applied to the investment to recognize the change in the risk characteristics of the retained portion. The Director will consider relevant similar methods for dealing with capital requirements adopted by other Federal financial institution regulators in similar situations.

3. Individual investment haircuts must then be aggregated into weighted-average haircuts by investment category and submitted in the "Data Inputs" worksheet. The spreadsheet

uses these inputs to reduce the weighted-average yield on the investment category to account for counterparty insolvency according to a 10-year linear phase-in of the haircuts. Each asset account category identified in this data requirement is discussed in section 4.2, "Assumptions and Relationships."

#### *4.2 Assumptions and Relationships*

a. The stress test assumptions are summarized on the worksheet called "Assumptions and Relationships." Some of the entries on this page are direct user entries. Other entries are relationships generated from data supplied by Farmer Mac or other sources as discussed in section 4.1, "Data Inputs." After current financial data are entered, the user selects the date for running the stress test. This action causes the stress test to identify and select the appropriate data from the "Data Inputs" worksheet. The next section highlights the degree of disaggregation needed to maintain reasonably representative financial characterizations of Farmer Mac in the stress test. Several specific assumptions are established about the future relationships of account balances and how they evolve.

b. From the data and assumptions, the stress test computes pro forma financial statements for 10 years. The stress test must be run as a "steady state" with regard to program balances (with the exception of AgVantage Plus volume, in which case maturities are recognized by the model), and where possible, will use information gleaned from recent financial statements and other data supplied by Farmer Mac to establish earnings and cost relationships on major program assets that are applied forward in time. As documented in the stress test, entries of "1" imply no growth and/or no change in account balances or proportions relative to initial conditions with the exception of pre-1996 loan volume being transferred to post-1996 loan volume. The interest rate risk and credit loss components are applied to the stress test through time. The individual sections of that worksheet are:

##### *(1) Elements related to cashflows, earnings rates, and disposition of discontinued program assets.*

(A) The stress test accounts for earnings rates by asset class and cost rates on funding. The stress test aggregates investments into the categories of: Cash and money market securities; commercial paper; certificates of deposit; agency mortgage-backed securities and collateralized mortgage obligations; and other investments. With FCA's concurrence, Farmer Mac is permitted to further disaggregate these categories. Similarly, we may require new categories for future activities to be added to the stress test. Loan items requiring separate accounts include the following:

- (i) Farmer Mac I program assets post-1996 Act;
- (ii) Farmer Mac I program assets post-1996 Act Swap balances;
- (iii) Farmer Mac I program assets pre-1996 Act;
- (iv) Farmer Mac I AgVantage securities;
- (v) Loans held for securitization;
- (vi) Farmer Mac II program assets; and
- (vii) Rural Utility program volume on balance sheet.

(B) The stress test also uses data elements related to amortization and prepayment experience to calculate and process the implied rates at which asset and liability balances terminate or “roll off” through time. Further, for each category, the stress test has the capacity to track account balances that are expected to change through time for each of the above categories. For purposes of the stress test, all assets are assumed to maintain a “steady state” with the implication that any principal balances retired or prepaid are replaced with new balances. The exceptions are that expiring pre-1996 Act program assets are replaced with post-1996 Act program assets and AgVantage Plus volume maturities are recognized by the model.

(2) *Elements related to other balance sheet assumptions through time.* As well as interest earning assets, the other categories of the balance sheet that are modeled through time include interest receivable, guarantee fees receivable, rural utility guarantee fees receivable, prepaid expenses, accrued interest payable, accounts payable, accrued expenses, reserves for losses (loans held and guaranteed securities), and other off-balance sheet obligations. The stress test is consistent with Farmer Mac's existing reporting categories and practices. If reporting practices change substantially, the above list will be adjusted accordingly. The stress test has the capacity to have the balances in each of these accounts determined based upon existing relationships to other earning accounts, to keep their balances either in constant proportions of loan or security accounts, or to evolve according to a user-selected rule. For purposes of the stress test, these accounts are to remain constant relative to the proportions of their associated balance sheet accounts that generated the accrued balances.

(3) *Elements related to income and expense assumptions.* Several other parameters that are required to generate pro forma financial statements may not be easily captured from historic data or may have characteristics that suggest that they be individually supplied. These parameters are the gain on agricultural mortgage-backed securities (AMBS) sales, miscellaneous income, operating expenses, reserve requirement, guarantee fees, rural utility guarantee fees, and loan loss resolution timing.

(A) The stress test applies the actual weighted average gain rate on sales of AMBS over the most recent 3 years to the dollar amount of AMBS sold during the most recent four quarters in order to estimate gain on sale of AMBS over the stress period.

(B) The stress test assumes miscellaneous income at a level equal to the average of the most recent 3-year's actual miscellaneous income as a percent of the sum of; cash, investments, guaranteed securities, and loans held for investment.

(C) The stress test assumes that short-term cost of funds is incurred in relation to the amount of defaulting loans purchased from off-balance sheet pools. The remaining unpaid principal balance on this loan volume is the origination amount reduced by the proportion of the total portfolio that has amortized as of the end of the most recent quarter. This volume is assumed to be funded at the short-term cost of funds and this expense continues for a period equal to the loan loss resolution timing period (LLRT) period minus 1. We will calculate the LLRT period from Farmer Mac data. In addition, during the LLRT period, all guarantee income associated with the loan volume ceases.

(D) The stress test generates no interest income on the estimated volume of defaulted on-balance sheet loan volume required to be carried during the LLRT period, but continues to accrue funding costs during the remainder of the LLRT period.

(E) You must update the LLRT period in response to changes in the Corporation's actual experience with each quarterly submission.

(F) Operating costs are determined in the model using weighted moving average of operating expenses as a percentage of the sum of on-balance sheet assets and off-balance sheet program activities over the previous four quarters inclusive of the current submission date. The share will then be applied forward to the balances of the same categories throughout the 10-year period of the RBCST model. As additional data accumulate, the specification will be re-examined and modified if we deem changing the specification results in a more appropriate representation of operating expenses.

(G) The reserve requirement as a fraction of loan assets can also be specified. However, the stress test is run with the reserve requirement set to zero. Setting the parameter to zero causes the stress test to calculate a risk-based capital level that is comparable to regulatory capital, which includes reserves. Thus, the risk-based capital requirement contains the regulatory capital required, including reserves. The amount of total capital that is allocated to the reserve account is determined by GAAP. The stress test applies quarterly updates of the weighted average guarantee rates for post-1996 Farmer Mac I assets, pre-1996 Farmer Mac I assets, and Farmer Mac II assets.

*(4) Elements related to earnings rates and funding costs.*

(A) The stress test can accommodate numerous specifications of earnings and funding costs. In general, both relationships are tied to the 10-year CMT interest rate. Specifically, each investment account, each loan item, and each liability account can be specified as fixed rate, or fixed spread to the 10-year CMT with initial rates determined by actual data. The stress test calculates specific spreads (weighted average yield less initial 10-year CMT) by category from the weighted average yield data supplied by Farmer Mac as described earlier. For example, the fixed spread for Farmer Mac I program post-1996 Act mortgages is calculated as follows:

$$\text{Fixed Spread} = \text{Weighted Average Yield less 10-year CMT } 0.014 = 0.0694 - 0.0554$$

(B) The resulting fixed spread of 1.40 percent is then added to the 10-year CMT when it is shocked to determine the new yield. For instance, if the 10-year CMT is shocked upward by 300 basis points, the yield on Farmer Mac I program post-1996 Act loans would change as follows:

$$\text{Yield} = \text{Fixed Spread} + \text{10-year CMT } .0994 = .014 + .0854$$

(C) The adjusted yield is then used for income calculations when generating pro forma financial statements. All fixed-spread asset and liability classes are computed in an identical manner using starting yields provided as data inputs from Farmer Mac. The fixed-yield option holds the starting yield data constant for the entire 10-year stress test period. You must run the stress test using the fixed-spread option for all accounts except for discontinued program activities, such as Farmer Mac I program loans made before the 1996 Act. For discontinued loans, the fixed-rate specification must be used if the loans are primarily fixed-rate mortgages.

*(5) Elements related to interest rate shock test.* As described earlier, the interest rate shock test is implemented as a single set of forward interest rates. The stress test applies the up-rate scenario and down-rate scenario separately. The stress test also uses the results of Farmer Mac's shock test, as described in paragraph c. of section 4.1, "Data Inputs," to

calculate the impact on equity from a stressful change in interest rates as discussed in section 3.0 titled, "Interest Rate Risk." The stress test uses a schedule relating a change in interest rates to a change in the market value of equity. For instance, if interest rates are shocked upward so that the percentage change is 262 basis points, the linearly interpolated effective estimated duration of equity is -6.7405 years given Farmer Mac's interest rate measurement results at 250 and 300 basis points of -6.7316 and 76.7688 years, respectively found on the effective duration schedule. The stress test uses the linearly interpolated estimated effective duration for equity to calculate the market value change by multiplying duration by the base value of equity before any rate change from Farmer Mac's interest rate risk measurement results with the percentage change in interest rates.

#### *4.3 Risk Measures*

a. This section describes the elements of the stress test in the worksheet named "Risk Measures" that reflect the interest rate shock and credit loss requirements of the stress test.

b. As described in section 3.1, the stress test applies the statutory interest rate shock to the initial 10-year CMT rate. It then generates a series of fixed annual interest rates for the 10-year stress period that serve as indices for earnings yields and cost of funds rates used in the stress test. (See the "Risk Measures" worksheet for the resulting interest rate series used in the stress test.)

c. The Credit Loss Module's state-level loss rates, as described in section 2.4 entitled, "Calculation of Loss Rates for Use in the Stress Test," are entered into the "Risk Measures" worksheet and applied to the loan balances that exist in each state. The distribution of loan balances by state is used to allocate new loans that replace loan products that roll off the balance sheet through time. The loss rates are applied both to the initial volume and to new loan volume that replaces expiring loans. The total life of loan losses that are expected at origination are then allocated through time based on a set of user entries describing the time-path of losses.

d. The loss rates estimated in the credit risk component of the stress test are based on an origination year concept, adjusted for loan seasoning. All losses arising from loans originated in a particular year are expressed as lifetime age-adjusted losses irrespective of when the losses actually occur. The fraction of the origination year loss rates that must be used to allocate losses through time are 43 percent to year 1, 17 percent to year 2, 11.66 percent to year 3, and 4.03 percent for the remaining years. The total allocated losses in any year are expressed as a percent of loan volume in that year to reflect the conversion to exposure year.

e. The credit loss exposure on rural utility volume, described in section 2.6, "Calculation of Loss Rates on Rural Utility Volume for Use in the Stress Test," is entered into the "Risk Measures" worksheet applied to the volume balance. All losses arising from rural utility loans are expressed as annual loss rates and distributed over the weighted average maturity of the rural utility AgVantage Plus Volume, or as annual loss across the full 10-year modeling horizon in the case of rural utility Cash Window loans.

#### *4.4 Loan and Cashflow Accounts*

The worksheet labeled "Loan and Cashflow Data" contains the categorized loan data and cashflow accounting relationships that are used in the stress test to generate projections of Farmer Mac's performance and condition. The steady-state formulation results in account balances that remain constant except for the effects of discontinued programs, maturing

AgVantage Plus positions, and the LLRT adjustment. For assets with maturities under 1 year, the results are reported for convenience as though they matured only one time per year with the additional convention that the earnings/cost rates are annualized. For the pre-1996 Act assets, maturing balances are added back to post-1996 Act account balances. The liability accounts are used to satisfy the accounting identity, which requires assets to equal liabilities plus owner equity. In addition to the replacement of maturities under a steady state, liabilities are increased to reflect net losses or decreased to reflect resulting net gains. Adjustments must be made to the long- and short-term debt accounts to maintain the same relative proportions as existed at the beginning period from which the stress test is run with the exception of changes associated with the funding of defaulted loans during the LLRT period. The primary receivable and payable accounts are also maintained on this worksheet, as is a summary balance of the volume of loans subject to credit losses.

#### *4.5 Income Statements*

a. Information related to income performance through time is contained on the worksheet named "Income Statements." Information from the first period balance sheet is used in conjunction with the earnings and cost-spread relationships from Farmer Mac supplied data to generate the first period's income statement. The same set of accounts is maintained in this worksheet as "Loan and Cashflow Accounts" for consistency in reporting each annual period of the 10-year stress period of the test with the exception of the line item labeled "Interest reversals to carry loan losses" which incorporates the LLRT adjustment to earnings from the "Risk Measures" worksheet. Loans that defaulted do not earn interest or guarantee and commitment fees during LLRT period. The income from each interest-bearing account is calculated, as are costs of interest-bearing liabilities. In each case, these entries are the associated interest rate for that period multiplied by the account balances.

b. The credit losses described in section 2.0, "Credit Risk," are transmitted through the provision account, as is any change needed to re-establish the target reserve balance. For determining risk-based capital, the reserve target is set to zero as previously indicated in section 4.2. Under the income tax section, it must first be determined whether it is appropriate to carry forward tax losses or recapture tax credits. The tax section then establishes the appropriate income tax liability that permits the calculation of final net income (loss), which is credited (debited) to the retained earnings account.

#### *4.6 Balance Sheets*

a. The worksheet named "Balance Sheets" is used to construct pro forma balance sheets from which the capital calculations can be performed. As can be seen in the Excel spreadsheet, the worksheet is organized to correspond to Farmer Mac's normal reporting practices. Asset accounts are built from the initial financial statement conditions, and loan and cashflow accounts. Liability accounts including the reserve account are likewise built from the previous period's results to balance the asset and equity positions. The equity section uses initial conditions and standard accounts to monitor equity through time. The equity section maintains separate categories for increments to paid-in-capital and retained earnings and for mark-to-market effects of changes in account values. The process described below in the "Capital" worksheet uses the initial retained earnings and paid-in-capital account to test for the change in initial capital that permits conformance to the statutory requirements. Therefore, these accounts must be maintained separately for test solution purposes.

b. The market valuation changes due to interest rate movements must be computed utilizing the linearly interpolated schedule of estimated equity effects due to changes in

interest rates, contained in the "Assumptions & Relationships" worksheet. The stress test calculates the dollar change in the market value of equity by multiplying the base value of equity before any rate change from Farmer Mac's interest rate risk measurement results, the linearly interpolated estimated effective duration of equity, and the percentage change in interest rates. In addition, the earnings effect of the measured dollar change in the market value of equity is estimated by multiplying the dollar change by the blended cost of funds rate found on the "Assumptions & Relationships" worksheet. Next, divide by 2 the computed earnings effect to approximate the impact as a theoretical shock in the interest rates that occurs at the mid-point of the income cycle from period  $t_0$  to period  $t_1$ . The measured dollar change in the market value of equity and related earnings effect are then adjusted to reflect any tax-related benefits. Tax adjustments are determined by including the measured dollar change in the market value of equity and the earnings effect in the tax calculations found in the "Income Statements" worksheet. This approach ensures that the value of equity reflects the economic loss or gain in value of Farmer Mac's capital position from a change in interest rates and reflects any immediate tax benefits that Farmer Mac could realize. Any tax benefits in the module are posted through the income statement by adjusting the net taxes due before calculating final net income. Final net income is posted to accumulated unretained earnings in the shareholders' equity portion of the balance sheet. The tax section is also described in section 4.5 entitled, "Income Statements."

c. After one cycle of income has been calculated, the balance sheet as of the end of the income period is then generated. The "Balance Sheet" worksheet shows the periodic pro forma balance sheets in a format convenient to track capital shifts through time.

d. The stress test considers Farmer Mac's balance sheet as subject to interest rate risk and, therefore, the capital position reflects mark-to-market changes in the value of equity. This approach ensures that the stress test captures interest rate risk in a meaningful way by addressing explicitly the loss or gain in value resulting from the change in interest rates required by the statute.

#### *4.7 Capital*

The "Capital" worksheet contains the results of the required capital calculations as described below, and provides a method to calculate the level of initial capital that would permit Farmer Mac to maintain positive capital throughout the 10-year stress test period.

#### **5.0 Capital Calculation**

a. The stress test computes regulatory capital as the sum of the following:

- (1) The par value of outstanding common stock;
- (2) The par value of outstanding preferred stock;
- (3) Paid-in capital;
- (4) Retained earnings; and
- (5) Reserve for loan and guarantee losses.

b. Inclusion of the reserve account in regulatory capital is an important difference compared to minimum capital as defined by the statute. Therefore, the calculation of reserves in the stress test is also important because reserves are reduced by loan and guarantee losses.

The reserve account is linked to the income statement through the provision for loan-loss expense (provision). Provision expense reflects the amount of current income necessary to rebuild the reserve account to acceptable levels after loan losses reduce the account or as a result of increases in the level of risky mortgage positions, both on- and off-balance sheet. Provision reversals represent reductions in the reserve levels due to reduced risk of loan losses or loan volume of risky mortgage positions. The liabilities section of the "Balance Sheets" worksheet also includes separate line items to disaggregate the Guarantee and commitment obligation related to the Financial Accounting Standards Board Accounting Standards Codification Topic 460, Guarantees. This item is disaggregated to permit accurate calculation of regulatory capital post-adoption of FIN 45. When calculating the stress test, the reserve is maintained at zero to result in a risk-based capital requirement that includes reserves, thereby making the requirement comparable to the statutory definition of regulatory capital. By setting the reserve requirement to zero, the capital position includes all financial resources Farmer Mac has at its disposal to withstand risk.

### *5.1 Method of Calculation*

a. Risk-based capital is calculated in the stress test as the minimum initial capital that would permit Farmer Mac to remain solvent for the ensuing 10 years. To this amount, an additional 30 percent is added to account for managerial and operational risks not reflected in the specific components of the stress test.

b. The relationship between the solvency constraint (*i.e.*, future capital position not less than zero) and the risk-based capital requirement reflects the appropriate earnings and funding cost rates that may vary through time based on initial conditions. Therefore, the minimum capital at a future point in time cannot be directly used to determine the risk-based capital requirement. To calculate the risk-based capital requirement, the stress test includes a section to solve for the minimum initial capital value that results in a minimum capital level over the 10 years of zero at the point in time that it would actually occur. In solving for initial capital, it is assumed that reductions or additions to the initial capital accounts are made in the retained earnings accounts, and balanced in the debt accounts at terms proportionate to initial balances (same relative proportion of long- and short-term debt at existing initial rates). Because the initial capital position affects the earnings, and hence capital positions and appropriate discount rates through time, the initial and future capital are simultaneously determined and must be solved iteratively. The resulting minimum initial capital from the stress test is then reported on the "Capital" worksheet of the stress test. The "Capital" worksheet includes an element that uses Excel's "solver" or "goal seek" capability to calculate the minimum initial capital that, when added (subtracted) from initial capital and replaced with debt, results in a minimum capital balance over the following 10 years of zero.
