Report Regarding Financial Statement Audit for the Year Ended December 31, 2019

SPEAKERS

Brynn McNeil, Partner
bmcneil@cbh.com

Jeremy Burgess, Manager
jburgess@cbh.com
We have completed our audit procedures related to the FCS Building Association’s year ended December 31, 2019, financial statements.

Our procedures and scope were substantially consistent with our planned audit strategy, and we did not experience any significant problems during the audit process.

We issued an unmodified (clean) opinion on the Company’s financial statements.

We received excellent cooperation from the Company’s personnel.
General Financial Statement Comments

- Strong Balance Sheet as of December 31, 2019
  - Cash reserve balance of $695K
  - Current ratio of 2:1
  - Total liabilities-to-equity ratio 1:8
- Operating loss of $390k for the year ended December 31, 2019, in line with budgeted loss of $583K
- No new or unusual transactions noted for fiscal year 2019
- Significant new disclosures for fiscal year 2019 related to revenue recognition
Areas of Focus for the 2019 Audit

- Procedures with respect to internal control
- Leasing activities
- Capital expenditures and repairs and maintenance
- No significant deficiencies or material weaknesses identified
Required Communications

The auditor’s responsibility under generally accepted auditing standards – reasonable assurance that financial statements are materially correct.

Significant accounting policies are disclosed in Note 2 of the F/S’s.

We have considered management judgments and accounting estimates included in the financial statements and believe them to be reasonable.

There were no disagreements with management during the engagement.

There were no major issues discussed with management prior to our Firm being retained.

No irregularities or fraud identified as part of the audit.
On January 1, 2019, the Company adopted ASC Topic 606, *Revenue from Contracts with Customers*, using a modified retrospective method applied to those contracts that were not substantially complete as of January 1, 2019.

Results for reporting periods beginning after January 1, 2019 are presented under ASC 606. Rental income is not within the scope of the ASC 606.
Recent Accounting Pronouncements

This new standard did not lead to changes in the timing of revenue recognition related to member bank assessments or telecommunications income.

For member bank assessments, the Company continues to recognize revenue on a quarterly basis as the Company is contractually able to invoice the banks based on the control transferred and payment is for the amount of value transferred to the member banks at the invoice date.

For telecommunications income, the Company continues to recognize revenue on a monthly basis as the Company is contractually able to invoice the tenants based on the control transferred and payment is for the amount of value transferred to the tenants at the invoice date.
Recent Accounting Pronouncements

The Company also adopted Accounting Standards Update ("ASU") 2016-18, Statement of Cash Flows (Topic 230), for the year ending December 31, 2019. Therefore, restricted cash is included in the beginning and ending balances reported on the statements of cash flows.
In February 2016, the Financial Accounting Standards Board ("FASB") issued ASU 2016-02, "Leases (Topic 842)." ASU 2016-02 is intended to improve financial reporting about leasing transactions.

The ASU affects all companies and other organizations that lease assets such as real estate, airplanes and manufacturing equipment.

The ASU will require organizations that lease assets, referred to as "Lessees," to recognize on the balance sheet the assets and liabilities for the rights and obligations created by those leases.
Recent Accounting Pronouncements (cont’d)

An organization is to provide disclosures designed to enable users of financial statements to understand the amount, timing and uncertainty of cash flows arising from leases. These disclosures include qualitative and quantitative requirements concerning additional information about the amounts recorded in the financial statements.

Under the new guidance, a lessee will be required to recognize assets and liabilities for leases with lease terms of more than 12 months.
Recent Accounting Pronouncements (cont’d)

Consistent with current GAAP, the recognition, measurement and presentation of expenses and cash flows arising from a lease by a lessee primarily will depend on its classification as a finance or operating lease. However, unlike current GAAP, which requires only capital leases to be recognized on the balance sheet, the new ASU will require both types of leases (i.e., operating and capital) to be recognized on the balance sheet.

Non-public companies will be required to adopt the new leasing standard for fiscal years beginning after December 15, 2020.
